CREATIVE BREAKING COMPETITION INFORMATION

Overview & General Guidelines

1. In Creative Breaking competition, participants use powerful, correctly executed Taekwondo hand and foot techniques to break pine boards. Competitors are expected to display technical skill and proper Taekwondo manner, as well as showmanship and creativity. 1.1. Creative Breaking Competition Overview

1.2. Competitors may choose the kind of techniques and number of boards to break, up to a maximum of 15 boards. Any Taekwondo striking or kicking technique may be used, apart from head strikes, which are a 0.3 procedural deduction each.

1.3. Competitors must provide their own board holder assistants. (Please note that board holder credentials are not a pass into the event; persons receiving this credential will need to pick it up in the designated holding area and return it to the holding area after competition).

1.4. Competitors and helpers will have three minutes to set up, perform the breaking routine and clean up all boards, broken boards and wood fragments. Exceeding the time limit will result in 0.3 procedural deduction in the final score for each 10 seconds, or fraction thereof, over the time. (Example: 12 seconds over = 0.6 procedural deduction.) If computer scoring is not used, a timer will be provided for each ring.

1.5. In the interest of safety, competitors may not use props such as chairs, trampolines, tables, etc. for aerial techniques. However, board holders may be used as “human launch pads.” No glitter, confetti, explosives or sound makers may be used. Blindfolds are permitted.

1.6. Multiple attempts of a single break are allowed, but each unbroken board will result in a 0.3 technical deduction.

1.7. A “Broken Board” is defined as one that is a) completely separated; or b) held together only by wood strands, such that if one side is held horizontal, the other side naturally drops perpendicular to the floor.

1.8. Boards that are brought into the ring but not attempted will result in a 0.3 technical deduction for each board. Note that missed boards are considered attempted, and will not result in any additional penalty, other than the deduction on the failed attempt described in Section 1.6, if a competitor chooses not to re-attempt the break.

- Example 1: Competitor A brings two boards. Completed his first break but missed his second break and decided not to re-attempt. He should receive a 0.3 deduction for the missed break and no deduction for not attempting a board.
- Example 2: Competitor B brings two boards. In his first attempt, he completed the first board and missed the second board. In the second attempt, he completed the second board with a different technique.

2025 USATKD Florida State Championships
March 29th, 2025

He should receive a 0.3 deduction for the missed first attempt of his first break.

- Example 3: Competitor C brings 2 boards. In his first attempt, he completed the first board and missed the second board. In the second attempt, he missed the second board with a different technique. He should receive a 0.3 deduction for the missed first attempt + 0.3 deduction for the missed second attempt = total 0.6 deduction.
- Example 4: Competitor D brings 2 boards. In his first attempt, he misses both boards and does not attempt again. He should receive a 0.3 deduction for the first board + a 0.3 deduction for the second board = total 0.6 deduction.

1.9. The performance must be confined to the 8m x 8m competition area. A competitor who crosses the boundary line with two feet will receive a 0.3 procedural point deduction for each violation. Holders may cross the boundary line or stand outside the boundary line with no penalty.

1.10. Competitors will be cautioned to stage the performance so that flying boards do not endanger officials, spectators or other competitors.

1.11. Competitors may perform as many breaking techniques as they wish, as long as they do not exceed the three-minute time limit.

1.12. Boards must be purchased from FST or the FST-designated vendor at the competition venue. *Under no circumstance will competitors provide their own boards. Type and size of Boards will be set by the competition committee prior to the event.* Standard board sizes are:

- 6 - 9 years old: ¼ x 10 x 12-inch Pine Board
- 10 - 14 years old: ½ x 10 x 12-inch Pine Board
- 15 - 17 years old: 1 x 10 x 12-inch Pine Board
- 18 + years old: 1 x 10 x 12-inch Pine Board

1.13. No spacers may be used, including fingers. Boards may be taped together for ease of holding in multiple board breaks.

1.14. Holders may not attempt to “help” the competitor by bending, moving, or pushing the boards; any attempt to do so will result in a 0.3 technical point deduction for each instance.

1.15. Boards may not be treated, manipulated or altered to increase the likelihood of breaking; any attempt to physically alter the boards will result in disqualification of the competitor.

1.16. No bricks, cinder blocks, or tiles may be brought into the Contest Area. Any mechanical holders used for multiple board breaks must not have sharp edges and must be approved for safety by a designated official at the ring prior to competing.

1.17. Competitors are expected to display self-control and good competition manner. A display of poor sportsmanship (profanity, etc.) may be penalized by either 0.1 or 0.3 in the Technical Execution score, depending upon severity. When a competitor commits excessive misconduct and does not follow the referee’s command, he/she may be disqualified.
