

Rules for Fencing and Working at National Tournaments

If you are hired to work an event as an official armorer and wish to compete, the following restrictions and procedures must be adhered to:

- You may only fence one date of the tournament, and it may not be on the first or last day of competition.
- To ensure the integrity of control, you may not control your own equipment.
- During control if you identify questionable failure on a piece of equipment for the same weapon in which you are competing, you must request a second opinion.
- You will not receive honorarium or per-diem on the day that you fence.
 - o Hotel and travel are not affected.
- You must have the head-techs approval as early as possible but no later than the close of the regular entry fee deadline.
 - o The head-tech must communicate with the National Office regarding your 'day off'.
- If you choose to drop out of the event to work instead, you are still subject to the USA Fencing no-show policy, but you will receive honorarium and per-diem for the day.
