

2026 FISU WORLD UNIVERSITY CHAMPIONSHIPS

TEAM SELECTION CRITERIA

Updated 10.7.2025

1. Introduction

This 2026 FISU World University Championships Team Selection Criteria (the “Criteria”) will be used to determine the athletes that will represent the United States at the 2026 International University Sports Federation (FISU) World University Championships (the “Team”) in **Nyon, Switzerland**, on or about **August 7-8, 2026** (the “World Championship”). These selection criteria are designed to provide emerging college elite athletes who meet FISU age and academic eligibility requirements the opportunity to continue their development at the highest levels of international triathlon competition.

Under FISU World University Championships (the “Championships”) eligibility guidelines the United States may enter a maximum of six (6) men and six (6) women to compete in the Championship. USAT intends to nominate and support a Team of four (4) men and four (4) women to this event. Self-nominated participants above this would be subject to all travel and participation costs. While holding a USAT Elite License is not a requirement for selection, athletes are advised that elite international draft-legal racing experience is highly determinative of success at the World Championships.

USAT will make selections to the Mixed Relay event in accordance with the USAT Mixed Relay Event Selection Criteria.

Athletes are advised that entry into the Championship does not follow the traditional World Triathlon nomination timeline and that athletes seeking selection will be required to complete eligibility forms and obtain certification from their college or university in advance of the selection deadlines.

2. Minimum eligibility requirements for an athlete to be considered for nomination to the Team:

- e. Current with SafeSport Training by completing the SafeSport tutorial and updating the tutorial as required by the U.S. Center for SafeSport; and,

- c. **USAT Junior Draft-Legal Ranking:** USAT Junior Draft-Legal Ranking as of June 8, 2026.

4. Selection Procedure

- a. The maximum team size for the Team is expected to be six (6) athletes per gender, however, USAT intends to nominate a team of four (4) men and (4) women. Should athletes self-nominate to participate in the 5th and 6th team spot, USAT will prioritize their entries based on World Ranking Points earned in 2026 as of June 8, 2026. Self-nominations must be submitted to USAT by emailing no later than June 8, 2026.
- b. **Automatic Selection:**
 - i. Quota spots 1 through 4 will be allocated according to **World Triathlon Ranking** points: The first two (2) spots will then be awarded to the athletes possessing the highest **World Triathlon Ranking** current as of July 8, 2026, which spots rolling down to the next FISU-eligible athlete by order of ranking. Next, two (2) spots will be awarded to the athlete having earned the highest total number of **World Triathlon Ranking Points** between January 1, 2024, and June 8, 2026, which spots rolling down to the next FISU-eligible athlete by order of most points earned. Finally, if any spots remain open, they will be awarded to the highest-ranked FISU-eligible athletes in the **2026 USAT Junior Draft-Legal Rankings** as of June 8, 2026, until a team of four (4) men and four (4) women has been selected.
- c. **Discretionary Selection:** USAT may fill all spots not earned by achieving Automatic Selection per the Discretionary Selection process described below up to the full quota of six (6) men and six (6) women.

5. Discretionary Selection

- a. Rationale for utilizing discretionary selection: By meeting the automatic selection standards, athletes will have demonstrated their ability as the best USA athletes in this category. If the maximum number of USA athletes has not met the standards for automatic selection, then USA Triathlon may select athletes who, in the opinion of the International Competition Panel ("ICP"), can win a medal despite not performing to the standard at the Selection Events, or who can contribute to winning a Mixed Relay at the Championship.
- b. Discretionary Process: Any athlete who meets the minimum eligibility requirements in Section 2 may be considered for nomination. The Selection Committee shall rank athletes for nomination to FISU. USAT will submit all approved entries to FISU by its registration deadline. Athletes will be notified of their selection on or before that date.
- c. Discretionary criteria:
 - i. The following criteria shall be used for discretionary selection. The criteria are listed in no particular order:
 - 1. World Triathlon Points List ranking;
 - 2. USAT Junior Development Rankings; and/or,
 - 3. Performance measures at the ICP's discretion.
- d. The ICP will be responsible for discretionary selection and will be comprised of one (1) member of the High Performance Department staff and two (2) Elite Athlete representative.

6. Removal from the Team

- a. An athlete who is to be nominated to the Team by USA Triathlon may be removed as a nominee for any of the following reasons, as determined by USA Triathlon:
 - i. Voluntary withdrawal. Athlete must submit a written letter to the USA Triathlon Junior & U23 Program Contractor at juniors@usatriathlon.org.
 - ii. Injury or illness as certified by an USA Triathlon-approved physician (or medical staff). If an athlete refuses verification of his/her illness or injury by an USA Triathlon-approved physician (or medical staff), his/her injury will be assumed to be disabling and he/she may be removed.
 - iii. Violation of the USA Triathlon Code of Conduct. An athlete who is removed from the Team pursuant to this provision has the right to a hearing per the USA Triathlon Bylaws Article XV or the USOC's Bylaws, Section 9.

7. Replacements to the Team

- a. If for any reason a position on the Team shall become vacant, such vacancy shall be filled according to the discretionary criteria above, provided that the replacement athlete meets all applicable eligibility criteria, and a replacement is allowed by FISU. In the event that no athlete meets all of the eligibility and discretion selection criteria, or FISU does not allow replacement, the vacancy shall not be filled. At the discretion of the Selection Committee, a vacant funded quota spot may be filled by an athlete who self-nominated and was selected to fill the 5th or 6th position on the team, whereby the 5th or 6th position would then be filled based on the World Triathlon Ranking Points Ranking available at the time of the replacement.

8. Additional Requirements for Selection

For this to occur, an athlete must submit a written explanation of their situation with relevant supporting documentation to wtentries@usatriathlon.org. A discretionary panel, with at least 20% athlete representation, will be formed to review the materials and determine if the situation warrants a waiver of the penalty.
