### Coaches Space:

#### USA BOXING COACHES' WORKOUT SPACE RULES FOR SPARRING

USA Boxing is providing this space FOR THE COACHES to get experience for your boxers who have finished their tournament.

Sparring WILL NOT be monitored by USA Boxing Officials nor Staff. It will be the responsibility of the COACHES that utilize the ring to enforce the following rules.

These rules are intended to avoid problems which will lead to this courtesy not being available at future competitions. Please help make this concept a success!

1. All Boxers & Coaches/Seconds must be currently registered & certified members of USA Boxing. Every boxer MUST have a Coach in his/her corner during sparring.

2. Use of the sparring ring is on a first come, first serve basis. Please Share. If it gets busy, coaches must take responsibility to set the matchups & schedule so that all get an opportunity in the ring. If there are others waiting to spar, limit your boxers to 3 rounds of sparring.

3. COACHES ARE IN CONTROL OF THE SPARRING. The coaches of the boxers who are sparring will agree BEFORE the sparring begins:

- The matchup with full disclosure of each boxer's AGE/WEIGHT/EXPERIENCE
- Number of rounds and time length of the rounds
- Glove sizes
- Coaches will regulate the sparring, keeping the time and calling: STOP, BREAK & BOX

4. Boxers will wear proper protective equipment during all sessions, including head gear, mouthpiece, training gloves, shoes, groin protector (optional for females).

5. Clean up after you and your boxer.

6. Use the cleaning supplies provided to clean up any blood.

Remember that sparring is a training tool for practice and improvement of your boxer, and it is NOT a place for settling grudges.

#### USA BOXING COACHES' WORKOUT SPACE RULES (Cont.)

1. All boxers aged 16 and younger must be accompanied by a USA Boxing current registered & certified coach. NO EXCEPTIONS.

2. Show respect for the facility, the equipment, and towards other members.

3. Always act in a dignified manner relating to your emotions, language, attitude & actions. Set an example for your boxers to follow.

4. Usage of equipment is on a first-come, first-served basis. Please share.

5. Clean up after yourself. Leave the room better than you found it.

6. Please keep your bags and personal equipment out of the way.

7. USA Boxing will not be responsible for forgotten, lost or stolen property.

8. Keep the floors clean, DO NOT SPIT on the floors. Dispose of gum properly.

9. Absolutely NO filming/recording in the coach's area

10. Treat the space and any issues/conflicts that arise as if you're at your gym. Do not allow boxers or other coaches to violate these rules.

Remember that this is YOUR space. Please give feedback to the staff with your suggestions about these rules & how to make this space an asset for you during future events.

Failure to abide by these rules and regulations could result in confiscation of Event Credentials

#### **USADA:**

##### **United States Anti-Doping Agency (USADA) Information**

The U.S. Anti-Doping Agency (USADA) manages the anti-doping program for U.S. Olympic, Paralympic, Pan American, and Parapan American sport. To protect clean competition and the integrity of sport, USADA provides education, leads scientific initiatives, conducts testing, and oversees the results management process for all United States Olympic & Paralympic Committee (USOPC) sport national governing bodies, their athletes, and events.

USADA makes available a number of drug reference resources for athletes, beyond general education, that can assist athletes and their support personnel with substance-related questions. USADA's team of scientists, pharmacists, and supplement advisers have the experience and expertise to assist with questions on prohibited medications, Therapeutics Use Exemptions, and dietary supplements.

**Global DRO®:** The Global Drug Reference Online, or Global DRO, allows athletes, parents, coaches, support personnel, or any member of the public to search for the "prohibited" or "not prohibited" status of medications, including specific and generic brand names or individual ingredients. Global DRO is also sport specific, meaning that it indicates which substances are prohibited only in certain sports. To visit Global DRO, please [click here](#).

**Drug Reference Phone Line:** USADA's drug reference service allows athletes and support personnel to speak with an expert about topics related to medications and prohibited substances. USADA's drug reference phone line is staffed during business hours, Monday-Friday, 8 a.m.-5 p.m. MST. For more information about USADA's drug reference phone line, please [click here](#).

**Supplement Connect** is among the most comprehensive educational resources for athletes, their support staff, and general consumers regarding the safety of dietary supplement products. The use of dietary supplements can pose both a health risk and an anti-doping risk, as there have been positive anti-doping tests linked to the use of dietary supplement products around the world. Supplement Connect helps athletes understand the risks associated with dietary supplement products and educates athletes on what they can do to reduce that risk as much as possible. Additionally, the Supplement Connect High Risk List provides a list of dietary supplement products that have a high risk of containing prohibited substances, including many products that USADA has tested and found to contain prohibited substances. To visit Supplement Connect, please [click here](#). Please visit USADA's official website to read, [click here](#).

Red/Blue Uniforms
