

THE FIRST LIGHT

"THE FIRST LIGHT" symbolizes the hope and new beginnings of Taekwondo, like the first light of dawn that opens a new day. Born from Kukkiwon, the spirit of Taekwondo connects generations and reaches the world, uniting passion and dreams into a single light. The 2026 World Taekwondo Hanmadang is more than a competition - It is a festival where people shine together, inspire one another, and move toward a new future.
