Athlete must hold a valid U.S. passport that will not expire for six months after the conclusion of the 2024 UCI Para-cycling Road World Championships.

1.1.2. Minimum International Paralympic Committee (IPC) standards for participation:

Any competitor in the 2024 UCI Para-Cycling Road World Championships must be a national of the country of the National Paralympic Committee (NPC) which is entering such competitor. For additional information regarding an athlete who is a national of two or more countries, has changed his or her nationality or acquired a new nationality, refer to the UCI Rules for World Championships (<https://www.uci.org/inside-uci/constitutions-regulations/regulations>).

1.1.3. Minimum International Federation (IF) standards for participation (if any):

Athlete must hold a USA Cycling International Racing License at the time of selection ([www.usacycling.org](http://www.usacycling.org)).

At the time of selection an athlete must have a UCI International Classification with an international sport class status of R-Review, FRD-Fixed Review Date or C-Confirmed, or if there has been no opportunity for the athlete to undergo international classification evaluation, the athlete must be evaluated by USOPC medical and/or Paralympic staff and determined likely to classify in the sport class in which he/she would be qualified for the Team; provided that athletes without an international sport class status are allowable for submission on the official team entry into this competition. U.S. Paralympics Cycling Selection Time Trial  
Loma Linda, CA  
July 7, 2024

1.2.2. Describe how athletes qualify for the events and listed above in 1.2.1. (if any).

No preliminary or qualifying events are required.

1.3. Step-by-step description of the selection process for these Games (include maximum Team size):

The maximum team size will be thirteen (13) athletes, not including tandem pilots (if applicable).

A. Cycling Athletes: Three processes will be utilized to select cycling athletes to the Team.

- First, outgoing Individual Road World Champions will be selected to the Team per UCI Rule 9.2.065 (<https://www.uci.org/regulations/3MyLDDrwJCJ0BGGOFzOat>)
  - i. An athlete selected to the Team pursuant to this process will be awarded a start right in the event(s) in which he/she qualified and may have the opportunity to compete in additional events where open start positions are available.
  - ii. Second, up to five (5) male and five (5) female athletes will be selected to the Team based on the results of the U.S. Paralympics Selection Time Trial in Loma Linda, CA on July 7, 2024.
    - a. Only athletes who qualify in an event/sport class for which there is an open start right (per the UCI "World Championships Qualifying Places" document, published by the UCI on their website) will be eligible for selection.
    - b. Each athlete's result from the selection time trial will be converted to a "TT

rank” (separate ranking lists for men and for women) by expressing it as a percentage vs. the National Road Time Trial standard (Attachment B). Each result and ranking will be rounded to the nearest one hundredth of a second.

Athletes selected under step 1.3.A will be notified no later than 5:00 pm Mountain Daylight Time on Monday, July 15, 2024.

Athletes selected to the Team must accept or refuse their participation electronically within 48 hours of notification that they have been selected.

All athletes selected to the Team, and who have accepted their participation as part of the Team USA roster for the event must sign and complete the National Team Agreement, or the non-National Team agreement for the 2024 UCI Para-cycling Road World Championships, on or before July 31, 2024.

The complete Team USA roster for the 2024 UCI Para-cycling Road World Championships will be published on or before September 1, 2024 at [www.usparacycling.org](http://www.usparacycling.org).

Athlete selections to the Team will be finalized by U.S. Paralympics and submitted to the UCI and the World Championships Organizing Committee by the published entry deadline date.

Each athlete selected to the Team pursuant to section 1.3.A.i will receive start rights in the time trial and the road race at the 2024 UCI Para-cycling Road World Championships, up to the maximum start rights published in the UCI World Championships Qualifying Places document, per sport class and event.

- B. Pilot Athletes: Pilot athletes, if applicable, will be selected to the Team utilizing the discretionary criteria for pilot athletes as set forth in Section 2.2.B.
- C. Handcycle Relay: The Discretionary Selection Committee (Section 2.3), in consultation with the Associate Director, Para-cycling High Performance, shall select the athletes on the long list for the handcycle relay to be conducted at the 2024 UCI Para-cycling Road World Championships per the process outlined in Attachment E. The final, three-rider roster will be selected and entered by the Director, U.S. Paralympics Cycling, in consultation with coaching and high-performance staff at the World Championships, by the entry deadline.

## 2. DISCRETIONARY SELECTION (if applicable)

### 2.1. Rationale for utilizing discretionary selection (if any):

The rationale for utilizing discretionary selection is to allow U.S. Paralympics Cycling the ability to select athletes based on their overall capabilities, performance, and projected development, rather than on a single competition result. ***Discretionary selections for cycling athletes will only be made for the 2024 UCI Para-cycling Road World Championships roster in the event that an athlete is removed from the team as outlined in section 3, and needs to be replaced. Pilots (if applicable) will be selected utilizing the criteria outlined in section 2.2.B.***

### 2.2. Define the discretionary criteria to be used (if any):

#### A. Cycling athletes:

The U.S. Paralympics Cycling Discretionary Selection Committee will consider the following performance-related factors (which are not in priority order):

- i. The athlete's performance at the selection event.
- ii. The athlete's performance in an individual event at UCI Para-cycling Road World Cup or Road World Championships from the 2023 or 2024 season.
- iii. The athlete's proven ability to help Team USA meet performance goals at the World Championships: to earn high finishes.
- iv. The athlete met a 2024 U.S. Paralympics Cycling National Team Standard (Attachment B).
- v. The athlete is eligible and is likely to fill a position in a medal capable Handcycle Relay roster.
- vi. The athlete demonstrates a trend of improving performance in domestic or international competition, that when extended a reasonable distance into the future, intersects the current international performance standards for a top three (podium) finish.
- vii. The athlete experienced an injury or illness that prohibited them from competing in the selection event.
- viii. The athlete can positively impact team performance.
- ix. The availability of an open start right for the athlete's event/sport class.

#### B. Pilot Athletes:

- Pilot athletes are used for the B classifications (visually impaired). A pilot athlete will typically work with one (1) athlete during practice, competition and day-to-day activities; therefore, accreditation allocation is typically provided for 1 (one) pilot athlete per qualified athlete as outlined in UCI Rule 16.3.006 in the UCI Para-cycling rulebook (<https://www.uci.org/regulations/3MyLDDrwJCJ0BGGOFzOat>)

The U.S. Paralympics Cycling Discretionary Selection Committee will consider the following performance-related factors (which are not in priority order) in selecting pilot athletes to the Team:

- i. Preference of the qualified visually impaired athlete.
- ii. Ability to positively affect the performance of the visually impaired athlete.
- iii. Demonstrated expertise of the pilot athlete—must have expertise and experience in the assigned athlete’s specific event(s).
- iv. Knowledge and understanding of the UCI Rules pertaining to pilot athletes.

Pilot athletes will be held to the same standards and code of conduct as outlined in these Procedures.

The pilot athlete position is contingent on the selection of the visually impaired athlete to be piloted. If the visually impaired athlete declines his/her selection or is subsequently removed from the Team after selection, the pilot athlete also loses his/her place on the Team.

- 2.3. Name of the committee that will be responsible for making discretionary selections, or other decisions/recommendations directly impacting athletes in the selection process, along with a complete list of the members’ titles:

U.S. Paralympics Cycling Discretionary Selection Committee

Director, U.S. Paralympics Cycling

Associate Director, High Performance, U.S. Paralympics Cycling

Athlete Representative

- 2.3.1. Process that will be used to identify and handle any potential conflicts of interest involving a member of the committee:

All members of the selection committee must comply with the USOPC Conflict of Interest Policy, to include completing and submitting a disclosure form consistent with the USOPC’s Conflict of Interest Policy before convening the committee.

Any member of the selection committee who has an actual, potential, or perceived conflict of interest must disclose it consistent with the USOPC’s Conflict of Interest Policy prior to the start of the selection process. A conflict of interest exists when a personal, family, financial, professional, club, team or business interest of the committee member poses a direct or indirect relationship, connection, or affiliation, past or present, with an athlete in contention for the applicable team selection that could compromise or could be perceived to compromise the committee member’s ability to participate in the selection process in a fair and impartial manner. If an actual, potential, or perceived conflict exists, the internally managed sport team should send the disclosure to the Chief Ethics & Compliance Officer and the Sr. Director, Compliance Investigations and Ethics (collectively, the Ethics team) to share with the Ethics & Compliance Committee for review and disposition. For example, if a Selection Committee member may be required to recuse him/herself from voting, but that individual may still be able to provide relevant or necessary information concerning athlete performance in a fair and impartial manner. The Selection Committee member

must not otherwise influence other members of the committee during the selection process.

Additionally, any person (including any potentially impacted athlete or coach of a potentially impacted athlete) with a good faith belief that a committee member has a conflict of interest may report the alleged conflict of interest to the USOPC's Ethics team. Reports may also be made anonymously through the [USOPC's Integrity Portal](#). No committee member shall retaliate in any way against a person who, in good faith, reports an alleged conflict of interest.

Any recused individual shall be replaced in accordance with the USOPC's internally managed sport selection committee appointment process.

### **3. REMOVAL OF ATHLETES**

3.1. Prior to submission by U.S. Paralympics to the UCI and the World Championships Organizing Committee, an athlete who is to be selected to the Team by U.S. Paralympics Cycling may be removed for any reasons, as determined by U.S. Paralympics Cycling:

3.1.1. Voluntary withdrawal. Athlete must submit a written letter to the Director, U.S. Paralympics Cycling.

3.1.2. Injury or illness as certified by a physician (or medical staff) approved by U.S. Paralympics Cycling. If an athlete refuses verification of his/her illness or injury by a physician (or medical staff) approved by U.S. Paralympics Cycling, his/her injury will be assumed to be debilitating and he/she may be removed.

3.1.3. Failure to participate in Mandatory Training and/or Competition as defined in Section 9 of these procedures.

3.1.4. Violation of the USOPC Code of Conduct for Internally Managed Sports (Attachment A).

3.1.5. Non-compliance with the eligibility requirements listed in Section 1.1. of these selection procedures.

3.1.6. Removal by the UCI of the event in which the athlete qualified for the team from the medal event program of the 2024 UCI Para-cycling Road World Championships.

3.1.7. Change in the athlete's sport class(es) following team selection, such that:

3.1.7.1. the athlete's qualifying performance would not have qualified him/her for the team; and/or

3.1.7.2. the athlete is deemed Not Eligible (NE) by the UCI.

An athlete who is removed from the Team pursuant to this provision has the right to a hearing per the USOPC Dispute Resolution Hearing Procedures or the USOPC's Bylaws, Section 9.

3.2. An athlete may be removed as a nominee to the Team for an adjudicated violation of CADF, UCI, IPC, WADA, USADA and/or USOPC anti-doping protocol, policies and procedures, as well as the U.S. Center for SafeSport Code and the USOPC Athlete Safety Policy, as applicable.

#### **4. REPLACEMENT OF ATHLETES**

4.1. Describe the selection and approval process for determining replacement athlete(s) should a vacancy occur:

4.1.1. Prior to submission of Entries by Name to the UCI and World Championships Organizing Committee:

Replacement athletes will be selected pursuant to discretionary selection set forth in Section 2.2.

4.1.2. After submission of Entries by Name to the UCI and World Championships Organizing Committee:

No replacement of athletes will occur.

#### **5. SERVICE FEE**

All athletes selected to the roster for the 2024 UCI Para-cycling Road World Championships will be required to pay a \$1,600 service fee to U.S. Paralympics Cycling, due on or before September 30, 2024.
