USA BOXING HISTORY

Amateur Boxing origin began in 1888 and was officially recognized as a sport in the United States. In 1904, the US had its first inaugural Olympic boxing team step into the ring on a global stage.

Olympic-style boxing is a crafty, fast paced, and one of the fiercest sports within the Olympic Pantheon. The sport of boxing brings bright lights, fearless but patient boxers, and riveting action that has the fans out of their seats. The adrenaline rush and pure passion these boxers show for the sport creates a sport like no other in the Olympics and draws attention to the public eye. Boxing provides vivid imagery and intense thrill of competition that the fans can watch in any other Olympic sport. Many boxing legends began their hall of fame careers in amateur boxing such as George Foreman, Muhammad Ali and Roy Jones Jr.

USA Boxing training center and headquarters are located in Colorado Springs, Colorado. USA Boxing looks over many boxing tournaments around the country at all levels of boxing, from local, regional, and national levels to the sponsorship of national and international dual competitions. The organization is also responsible for selecting teams to represent the United States in prestigious international events, including the Olympic Games, World Championships and Pan American Games.

Amateur boxing has given opportunities to thousands of men and women to compete. Olympic-style boxing puts boxers on a global stage all over the World and carves a unique identity and regulation which is distinct from the professional boxing scene. USA Boxing oversees all amateur boxing in the United States. Women's boxing made its boxing debut in October 1993. Ever since, Women have made a significant presence in USA Boxing and the sport globally, participating in officially recognized amateur boxing both in the United States and on the international stage. Now, in 2023, approximately 3,000 female boxers register annually with USA Boxing, USA Boxing officially uplifted its ban on women's boxing due to the lawsuit filed by Dallas Malloy. Malloy was 16 at the time, and after winning the lawsuit she shortly became victorious over Heather Poyner. Finally, in 2012 the Olympic games welcomed Women's boxing following a decision made by the International Olympic Committee (IOC). Claressa Shields would go on and etch her name in the history books as she captured the first gold medal in USA Boxing history. Shields went even further to cement her legacy in the sport by becoming the first American boxer, male or female, to win consecutive gold medals.

Furthermore, USA Boxing not only supports national and international competitions but also conducts clinics and training camps aimed at equipping athletes and coaches with international-level techniques. USA Boxing and Olympic-style boxing in the United States is built upon its 56 Local Boxing Committees (LBCs). These LBCs, in collaboration with coaches, athletes, and officials, constitute the backbone of the sport in the United States.

EVENT INFORMATION

THE BOUT

Bouts fluctuate due to the age groups of the boxers competing. The elite division bouts feature three rounds, each with a duration of three minutes with a one-minute rest in between the rounds.

WINNING THE BOUT

WINNING ON POINTS (WP)

This is the most common way to win. The points are determined by reviewing the final scores on the electronic scoring system after the bout. The winner will be decided based on the judges' scoring. The bouts are won in either a unanimous or split decision. In case the bout is halted, even if it's mid-round, due to an unintentional foul causing injury and prompting the referee to stop the contest, this regulation applies. Similarly, if both boxers sustain injuries simultaneously, resulting in the referee stopping the contest, this rule comes into effect and will be declared the winner of the bout on points by either unanimous or split decision. The bout may be ended by the referee due to an event that is out of the boxer's or referee's control, such as the destruction of the ring, failure of the lighting supply, forces of nature and other similar unforeseen conditions. Under such circumstances, the judges will evaluate the round and will judge the two boxers' performance up to the stoppage. The boxer who has more points is announced the winner of the bout. In the event of a boxer suffering an open cut because of an accidental foul, the referee is allowed to pause the bout and escort the boxer to a medical assessment. If such a stoppage occurs, the bout's outcome will be determined by the scorecards. No tied bouts are allowed. If the total scores given by

each judge, accounting for any deductions, are equal when the bout concludes, the judges will be tasked with selecting a bout winner under the following circumstances: a. One (1) judge has a draw the other judges are evenly split, or b. Two (2) judges have even scores and the other judges do not score unanimously; or c. Three (3) or more judges have even scores i. In manual (paper) scoring after the judge scores the round, the judge is requested to select an overall bout winner in case a tiebreaker is necessary ii. In the electronic scoring system if a tiebreaker is necessary the judge's keypad will blink. The judge will then nominate an overall bout winner.

WINNING BY ABANDONMENT (ABD)

Winning by abandonment occurs when either the boxers or their coach concedes or decides to "throw in the towel," resulting in the match to stop.

WINNING VIA REFEREE STOPPED CONTEST (RSC)

1. If a boxer is unable to resume boxing in the ring immediately following the break in between rounds, the opponent will be declared winner of the bout by RSC.
2. If the referee feels a boxer is being outboxed or is receiving excessive hard blows, the bout will be stopped, and the opponent will be declared the winner of the bout by RSC.
3. If a boxer is unable to continue boxing after a knockdown, the opponent will be declared the winner of the bout by RSC.
4. If a bout is stopped by the referee in charge following the advice of a ringside doctor, the opponent will be declared the winner of the bout by RSC.

EVENT INFORMATION

WINNING BY KNOCKOUT (KO)

1. If a boxer is knocked down and fails to resume boxing before the referee counts to ten (10), the opponent will be declared the winner of the bout by KO.
2. If an emergency arises and the referee calls the ringside doctor into the ring before reaching a ten-count for the injured boxer, the opponent will be declared the victor of the bout via KO.
3. In the event a double KO occurs, the round must be scored up to the end of the bout. The boxer ahead in points will be considered the winner.

COMMON FOULS

Listed below are some of the frequent fouls that could result in cautions issued to boxer: hitting below the belt; holding, kicking or striking the opponent with anything other than the gloved knuckles; lying against the ropes or using them unfairly; using offensive language; not breaking on command; and behaving aggressively towards the referee. Even no defense (passive defense) is unfair and foul. When a boxer commits a foul, the referee typically issues a caution to the boxer and signifies the infraction through specific hand gestures. After three cautions for the same foul, the referee will warn the boxer, which results in the boxer losing a point. Upon the third warning for the same foul, the boxer is disqualified. Here are more common fouls:

- Hits or blows with head, shoulder, forearm, elbow, throttling of the opponent, and pressing with arm or elbow in opponent's face, pressing the head of the opponent back over the ropes.
- Hitting with open glove, the inside of the glove, wrist or side of the hand
- Hits landing on the back of the opponent, and especially any blow on the back of the neck or head and kidney punch.
- Pivot blows i.e., backhand.
- Lying on, wrestling, and throwing in the clinch
- An attack on an opponent who is down or who is in the act of rising
- Holding and hitting or pulling and hitting
- Holding or locking, on the opponent's arm or head, or pushing an arm underneath the arm of the opponent.
- Ducking below the belt of the opponent
- Completely passive defense by means of double cover and intentionally falling, running, or turning the back to avoid a blow.
- Speaking
- Not stepping back when ordered to break.
- Attempting to strike opponent immediately after the referee has ordered "break" and before taking a step back.
- Assaulting or behaving in an aggressive manner towards a referee at any time
- Spitting out the mouthpiece (mouthguard or gumshield) intentionally without receiving a correct punch will cause the boxer to receive a mandatory warning.
- If the mouthpiece falls out after the boxer has received a correct punch, and if this happens for the third time, the boxer will receive a mandatory warning.
- Keeping the advanced hand straight to obstruct the opponent's vision.
- Biting an opponent
- Faking/simulating such as an injury
