FIT Tour Sponsorship

Exhibit Hall Tours for Fellows-in-Training at ACR Convergence - \$25,000

Join us as we educate fellows-in-training on ethical interactions with industry. During this session, FIT will participate in a discussion lead by Rheumatology Training Program Directors on ethical interactions. Following the introductory session, fellows will visit participating companies' booths and program directors will model interactions with either a sales representative or a medical liaison. Visits will be for 10-15 minutes. Fellows will then participate in a debrief session to discuss the interactions.

This session will take place on Sunday, November 17th 8:15-9:40 AM in the exhibit hall.

Sponsorship benefits include:

- 2 invitations to the morning breakfast
- Direct engagement with fellows
- Recognition in signage at the breakfast
