

2023 Annual Meeting Review Committee Disclosures

The AMPC provides oversight and guidance on all educational activities related to the ACR Annual Meeting. Because it is not always clear what content or topic will be discussed, committee members are asked to disclose all financial relationships. Recusal is the primary mechanism for resolution. However, by the nature of committee work, the peer process also plays a role in ensuring balance.

In accordance with the ACCME Standards for Integrity and Independence in Accredited Continuing Education, ACR has implemented mechanisms prior to the planning and implementation of this CME activity to identify and mitigate all relevant financial relationships for all individuals in a position to control the content of this CME activity.

The following types of relationships may be deemed relevant include:

- 1. Advisor or Review Panel Member**
- 2. Consultant**
- 3. Employee**
