*Empowering Rheumatology Professionals*

# ACR Pediatric Rheumatology Committee Membership 1986-2026

With deep appreciation, we extend our heartfelt thanks to the many individuals who have shaped, strengthened, and elevated the field of Pediatric Rheumatology. Your dedication has built a foundation of excellence that continues to guide our work and inspire future generations.

To those who came before us: thank you for your vision, your persistence, and your commitment to advancing care for children living with rheumatic diseases. Your leadership established the standards, structures, and spirit of collaboration that continue to define our community today.

To those who represent the field now: thank you for carrying this mission forward with passion, innovation, and unwavering advocacy. Your service ensures that our patients and their families benefit from cutting-edge research, compassionate care, and a stronger, more connected professional community.

Together, you form a continuum of leadership; one that honors the past while building a brighter future. We are grateful for your contributions, your mentorship, and your enduring dedication to improving the lives of children everywhere.

Thank you for leading with purpose. Thank you for inspiring progress. And thank you for strengthening the future of Pediatric Rheumatology.
