

Gift Registry

With you every step of the way

Gift Registry

With the Baby Bunting Gift Registry, we've taken the fuss out of gift giving by making sure every gift you receive is the perfect choice.

Simply select your wish list of gifts from our huge range of quality products and trusted brands and share them with your loved ones instantly. It's never been easier for your friends and family to get you exactly what you need.

Our Gift Registry is easy to create and can be shared via your device, so you can spend less time planning and more time enjoying your celebrations with those who matter most.

Start your Gift Registry

Follow these simple steps, to create your own Gift Registry.

Shop online

Create your registry from the comfort of your own home using our website. Simply visit [babybunting.com.au](https://www.babybunting.com.au) on your computer, laptop, phone or tablet and shop online when it suits you. It's easy. Just follow these steps:

STEP 1: Set up a new account or sign in if you already have one.

STEP 2: Once you're on the 'My Account' page, find 'My Gift Registry' under the 'My Baby Bunting' menu. A 'New Gift Registry' button will appear along with any existing gift registries you have created.

STEP 3: Follow the steps to include required details to your new registry. Once this is created you can browse the website and add items directly from the product page using the 'Add to Gift Registry' button.

Shop via the app

We understand that your time is valuable. With the Baby Bunting Gift Registry app, you can create and share your registry using your mobile device. Follow these simple steps and get started today:

STEP 1: Download the Baby Bunting Gift Registry app from the App Store or Google Play. Set up a new account or sign in if you already have one.

STEP 2: Create a new registry by clicking the gift icon in the centre of the home screen and filling in the form. If you have already created a registry this will appear when you click on the gift icon.

STEP 3:
Now for the best part! Use the app in-store by scanning products you want included on your Gift Registry. You can also add items straight from the app.

See a product that you love? Add it to your favourites using the heart icon. Find your favourites on the home page at the bottom of the screen.

Your gift registry is saved to your Baby Bunting account, meaning you can use the app or the website as you please.

Share your Gift Registry

Once you've completed your Gift Registry, simply share it with your family and friends.

If you're using the app, click on the three white dots and select share. You can send your Gift Registry via Facebook, text message or email. To share from the website, use the share button on the 'Gift Registry' page.

Enter as many recipients as you wish and they will all receive a link to your registry. From the link they will be able to view the products that you love and purchase them online or in-store.

Once a gift has been purchased your registry will update instantly to ensure that you don't receive doubles ups (unless you're expecting twins of course!).
