A PATHWAY TO PROSPERITY

Hope Florida – A Pathway to Prosperity, a new initiative spearheaded by First Lady Casey DeSantis and implemented by the Florida Department of Children and Families, utilizes ‘Care Navigators’ to guide Floridians on an individualized path to prosperity by focusing on community collaboration between the private sector, faith-based community, nonprofits and government entities to break down traditional community silos, in an effort to maximize resources and uncover opportunities.

These ‘Care Navigators’ are essential in helping individuals identify their unique and immediate barriers to prosperity, develop long-term goals, map out a strategic plan, and work to ensure all sectors of the community have a ‘seat at the table’ and are part of the solution.
