# Specific Submittal Requirements for Vested Rights/Vested Rights Extension

#### **Vested Rights Under the Comprehensive Plan**

Due to changes in land use regulations, certain land development rights of property owners may be vested with respect to the Future of Hillsborough Comprehensive Plan, the land development regulations adopted to implement the plan, and the requirements for the determination of capacity of public facilities and availability of public facilities (concurrency). These regulations set forth a procedure for the determination of vested rights. Any person claiming vested rights to develop property shall make application for a Vested Rights Order pursuant to these regulations.

This section provides information on items that must be addressed/submitted for Vested Rights/Vested Rights Extension and will be subsequently reviewed when the application is assigned to a planner. Where certain information does not apply to a project, a notation shall appear on the plan stating the reason, for example, "No existing water bodies within project." Additionally, the explanations and justifications for when certain information does not apply to the project shall be included in the Narrative. If Hillsborough County determines the submitted plan lacks required information, the application shall not proceed to hearing as provided for in DRPM Section 6.2.1.1.A. Additionally, the required information is only the minimum necessary to schedule an application for hearing and Hillsborough County reserves the right to request additional information during review of the application.

If you are viewing this form electronically, you may click on each underlined item for additional information.

For any items marked N/A, justification must be provided as to why the item is not included.
