Health Care Services Department

Hillsborough
County Florida

Purpose

- ✓ Identify & continue the various partnerships;
- ✓ Discuss the actions that have been undertaken by Hillsborough County to address the opioid crisis;
- ✓ Discuss the various projects that are ongoing; and
- ✓ Ascertain next steps in addressing the crisis.

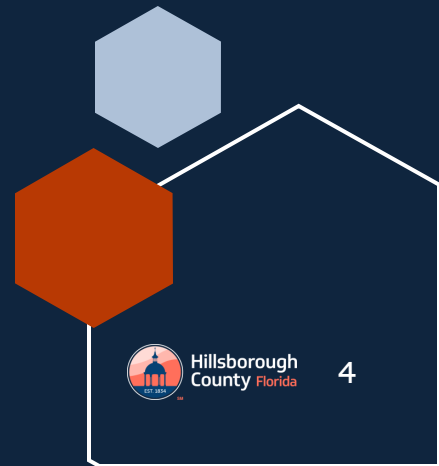

Hillsborough County Partnerships

Actions Taken

Administrative actions that have occurred to address the opioid crisis

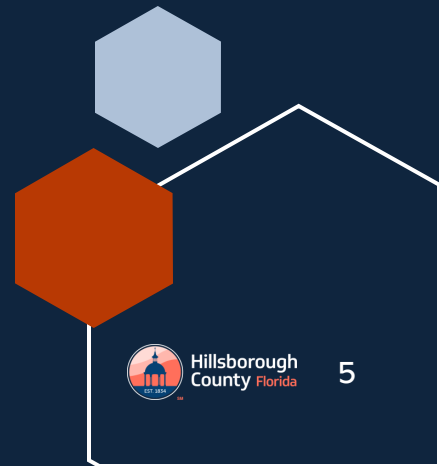

- In 2010, Hillsborough Board of County Commission (BOCC) enacted an ordinance to eliminate pill mills;
- Eliminated Coverage of Chronic Pain Management at the primary care level for Hillsborough County Health Care Plan in coordination with the PCP's;
- Funding for 12 Initial Secured Treatment Beds and Behavioral Health Jail Diversion Program;
- Co-located Behavioral and Primary Care Pilot Program for Hillsborough County Health Care Plan Participants;

Actions Taken

Administrative actions that have occurred to address the opioid crisis

- Criminal Justice Liaison and enhancements through Mental Health Court;
- Integration of Social Determinants such as Housing, Food, Transportation for Behavioral Health;
- Establishment of Intermediary Beds (60-120 Days);
- In September 2017, Hillsborough County held the first Opioid Summit;
- In 2018, Hillsborough County announced a lawsuit against opioid manufacturers, distributors, and other viable parties; and
- In September 2018, the BOCC approved Phase I of the County's Opioid Action Plan;
- \$1.4M (Hillsborough County's allocation) received thus far in opioid settlement funds. Additional funds anticipated in the future.

Projects

Current projects underway to assist which serve to create a continuum of care services for residents requiring substance abuse and behavioral health treatment include:

- Additional twenty (20) Intermediary Beds to local treatment providers;
- Pending legislative funding allocation for the continuance of twelve (12) Short Term Residential Treatment Beds;
- Funding approved for Orient Rd Step Down facility from American Rescue Act Funds;
 - Additional funding to support Orient Rd project from CFBHN for case managers to coordinate warm handoff for wraparound services;

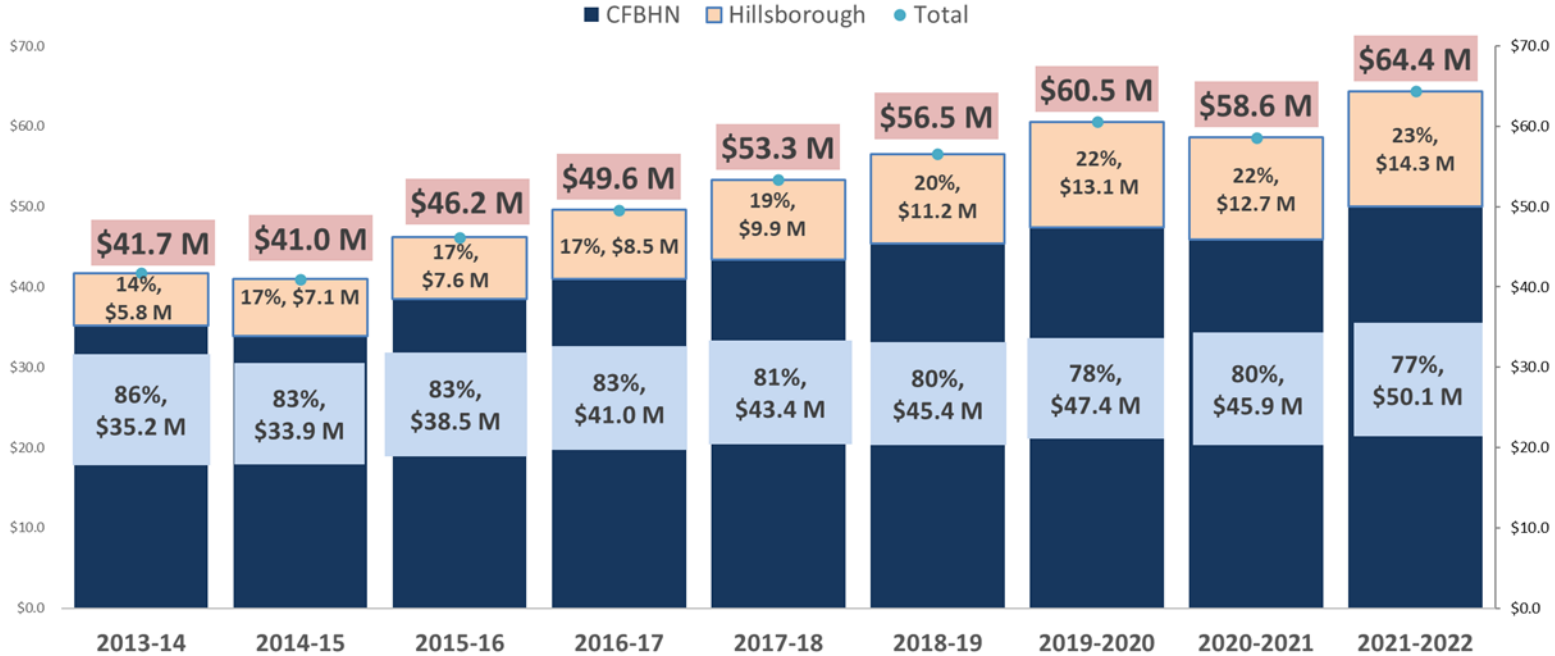

Projects

Current projects underway to assist which serve to create a continuum of care services for residents requiring substance abuse and behavioral health treatment include:

- Development of Psychosocial Rehabilitation/ Clubhouse by ACTS with funding support from BayCare, Central Florida Behavioral Health (CFBHN), Hillsborough County, and other partners;
- Planned increases in substance abuse funding utilizing opioid settlement dollars as identified by the HCAB Behavioral Health Task Force (BHTF);
- Health care services funding for in-house Jail Case Managers for HCHCP members; and
- Implementation of Social Determinants of Health for HCHCP members.

Funding over the last 9 years

FUNDING BY YEAR BY HILLSBOROUGH COUNTY AND CENTRAL FLORIDA BEHAVIORAL HEALTH NETWORK 2014- 2022

*Note: Fiscal Years are different for each entity. CFBHN fiscal year is June to July. Hillsborough County is Oct-Sep. Hillsborough County is YTD as of May 2020 and will increase as expenses are incurred. Projection based upon avg per month expenditures.

Funding from Hillsborough County and from DCF/CFBHN has typically increased each year over the past 9 years.

These actions help to indicate a continued level of support for citizens with issues related behavioral health and/or substance abuse.

In Millions

- Cumulative Total 471M*
- Hillsborough Yearly Avg: \$10M
- CFBHN Yearly Avg: \$43M

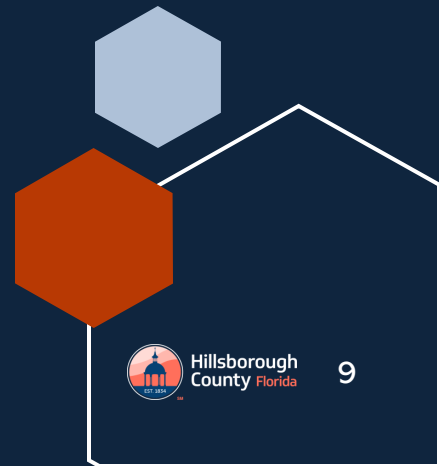

Not Shown:

- Criminal Justice Unit Fed/State Behavioral Health Grant 2012-2020- \$4.1M Total
- Yearly Avg: \$457K

Next Steps

These steps represent opportunities for the community to further address the opioid crisis
