# Fast Facts

Land	1,048 sq.mi.
Inland water	24 sq.mi.
Coastline	76 mi.
The total unincorporated area that encompasses Hillsborough County	84%
Total Population as of April 1, 2021	1,490,374
Population in unincorporated area	69%
People Visited Hillsborough County	21 million
Increase of Home Sales in 2021	5.9%
Agricultural product sales <i>- 2017 Census of Agriculture</i>	\$447.6 million
In new Corporate Investments	\$76.3 million

## Geography & Demographics

Located midway on the west coast of Florida, Hillsborough County's boundaries encompass 1,048 square miles of land and 24 square miles of inland water for a total of 1,072 square miles. With the largest bay in Florida opening to the Gulf of Mexico, its coast spans 76 miles.

The unincorporated area is 84% of the total county area. The municipalities of Tampa (the county seat), Temple Terrace, and Plant City account for the remainder. According to the latest population estimate from the University of Florida's Bureau of Economic and Business Research, the county's April 1, 2021 total population was 1,490,374 making it the fourth most populous county in the state. Of this population, 1,031,386 or 69% live in the unincorporated area.

# A Rich History

Hillsborough County takes its name from Wills Hill, the Earl of Hillsborough and British Colonial Secretary from 1768-1772. The Spanish first mapped and explored the area in the early 16th century. Between 1559 and 1819, the area now called Florida was under the rule of four nations: Spain, France, Great Britain and, finally, the United States. The United States purchased Florida from Spain in 1821 for \$5 million. In 1845, it was granted statehood. On January 25, 1834, the U.S. Legislative Council for the Territory of Florida approved an act organizing Hillsborough as Florida's 19th county. Its area then was 5.5 million acres and included the present counties of Hillsborough, Pinellas, Polk, Pasco, Manatee, Sarasota, Charlotte, DeSoto, Hardee and Highlands. The civilian non-native population in 1834 was less than 100.

The old courthouse from Franklin Street, circa 1908.

Hillsborough County's Board of County Commissioners held its first meeting on January 25, 1846. The county's first courthouse was a frontier cabin burned during the Second Seminole War in 1836. In 1847, Capt. James McKay built a two story courthouse at a cost of \$1,358. A third structure was erected in 1855 and was used until 1891, when a red brick, domed structure mimicking the architecture of the Tampa Bay Hotel was built, occupying a square block in downtown Tampa. This is the courthouse depicted on today's County seal. The current courthouse was built in 1952 and a new county government administration building, called Frederick B. Karl County Center, opened in 1994.

# The County's Economy

Hillsborough County has a diversified economic base including large professional and management services, health services and financial services sectors, as well as a thriving retail sector. In 2018 the four largest employers in the public sector are Hillsborough County School Board followed by MacDill Air Force Base, University of South Florida, and Hillsborough County government. Major private sector employers include Publix Super Markets, Sea World Parks & Entertainment, Amazon, Tampa Electric Company, Bank of America, and JPMorgan Chase.

Port Tampa Bay serves as the closest port in the United States to the Panama Canal. It is also the largest tonnage port in Florida and the twenty-first largest port in the United States with respect to 2017 annual tonnage. Ninety-seven percent of the cargo moving through the port is bulk phosphate, phosphate chemicals, rock, coal, and petroleum products. The Garrison Seaport Center is a \$300 million cruise terminal and entertainment complex. Along with the Florida Aquarium, it is helping spur redevelopment in the area known as the Channel District.

Agriculture remains a significant element of Hillsborough's economy. The 2017 US Census of Agriculture shows Hillsborough County's agricultural product sales were \$447.6 million. Berries accounted for 32% of those sales. Vegetables were the second largest commodity by sales at 25%.

Tourism is another major component of the economy. The number of tourists visiting Florida is expected to continue growing. Busch Gardens of Tampa is one of the leading tourist attractions in the nation. There are numerous other attractions in Hillsborough County such as The Florida Aquarium, the Museum of Science and Industry, Tampa Museum of Art, the Glazer Children's Museum, Zoo Tampa, the New York Yankees spring training facility, the Tampa Bay History Museum, and the Amalie Arena in downtown Tampa. The Florida State Fair is held in Hillsborough County annually. The county is also the home of the Tampa Bay Buccaneers, the 2021 and 2003 Super Bowl Champions, as well as the 2021, 2020, and 2004 National Hockey League Stanley Cup Champions, the Tampa Bay Lightning.

Hillsborough County Fire Rescue's fire engines celebrate "Champa Bay's" sports teams.

# Governing the County

A political subdivision of the State of Florida, the County is governed by an elected seven-member Board of County Commissioners.

Bonnie M. Wise, County Administrator

Through partisan elections, three are elected to represent the entire county as a district and four are elected to represent single-member districts. Under a Charter Ordinance effective May 1985, the Board is restricted to performing the legislative functions of government by developing policy for the management of Hillsborough County. The County Administrator, a professional appointed by the Board, and his staff are responsible for the implementation of those policies. The County Internal Auditor and the County Attorney also directly report to the Board.

## Board of County Commissioners

The Board of County Commissioners is responsible for functions and services delivered throughout the county, including municipalities, and for municipal services to residents and businesses in the unincorporated area. The countywide responsibilities include such services as local social services, health care for the medically indigent, animal services, mosquito control, consumer protection, and a regional park system. Its responsibilities to the residents and businesses in the unincorporated area include, for example, fire protection, parks, emergency medical services, planning, zoning, and code enforcement.

The Board of County Commissioners also serves as the Environmental Protection Commission. Individual Board members serve on various other boards, authorities, and commissions, such as the Hillsborough Area Regional Transit Authority, Tampa Bay Regional Planning Council, Tampa Bay Water, Aviation Authority, Expressway

Authority, Sports Authority, Arts Council, Drug Abuse Coordinating Council, Metropolitan Planning Organization, Council of Governments and the Economic Development Corporation.

## The County Administrator

The Board of County Commissioners appoints the County Administrator, who is responsible for carrying out all decisions, policies, ordinances, and motions of the Board.

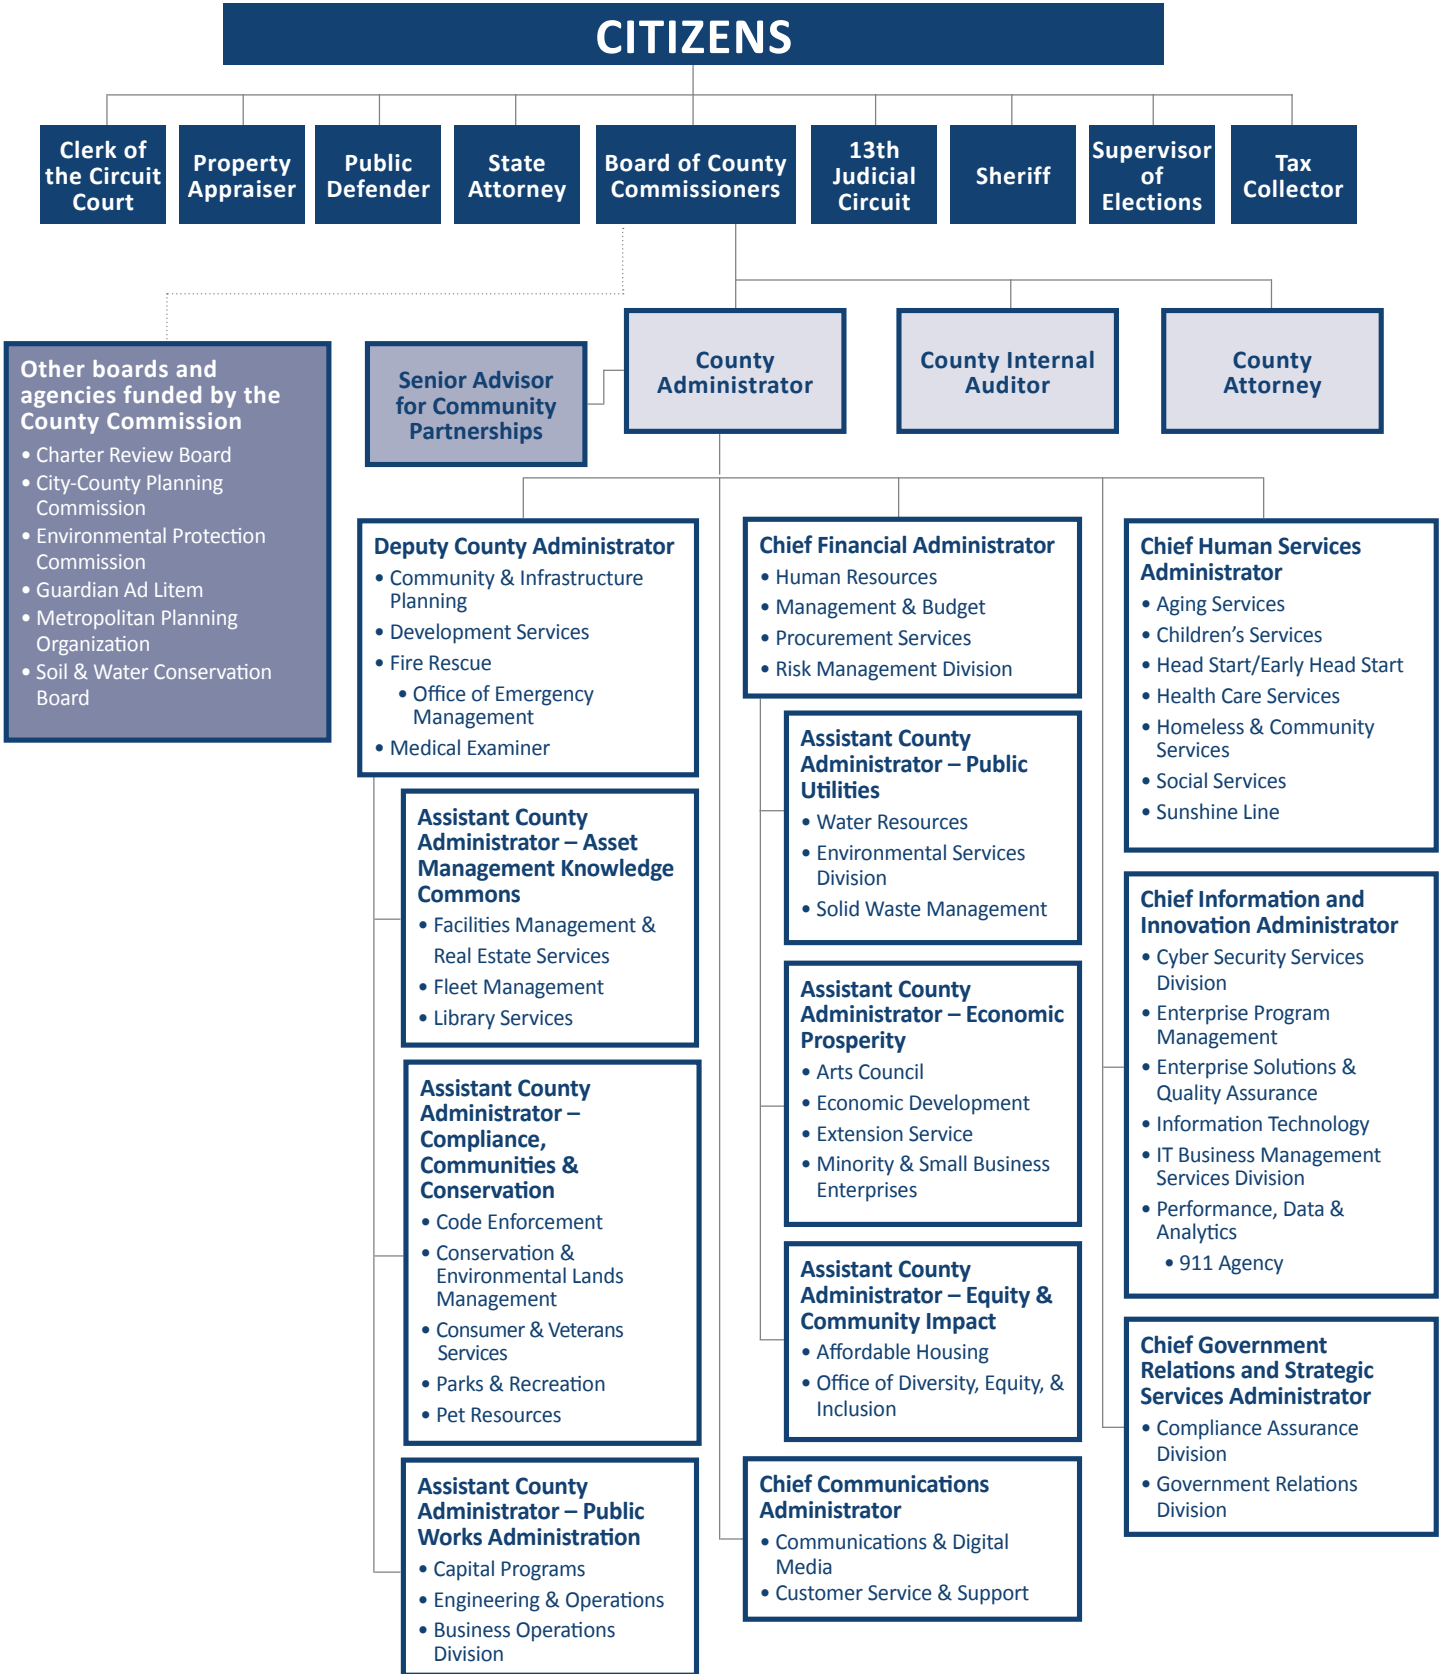

The departments under the County Administrator are responsible for providing services such as social services and public assistance to residents countywide. Departments are also responsible for providing municipal-type services to residents of the unincorporated areas of Hillsborough County such as road construction and maintenance, solid waste disposal, fire and emergency rescue services, parks and recreation, code enforcement and water and wastewater treatment.

## Other Government Agencies

Based on the extent of budgetary authority, taxing authority, the ability to obligate funds to finance any deficits and the ability to fund any significant operational subsidies, several other governmental entities also have their budgets reviewed and approved by the Board of County Commissioners. These are the Environmental Protection Commission, the Planning Commission, Soil and Water Conservation Board, Metropolitan Planning Organization and the Law Library Board. The budgets of these offices and the Constitutional Officers are included in the County's budget to the extent of funding by the BOCC.

# Hillsborough County Organization Chart

This chart shows the organization of County government entities and their accountability to the electorate. Those directly elected to office by voters are shown directly below the citizens' box. Boards and commissions funded through the Board of County Commissioners, but not otherwise accountable to the Board, are connected by the dotted line.

# Mission

The mission of Hillsborough County government is to provide effective, quality service at a reasonable cost with courtesy, integrity, and accountability in a manner which protects and enhances the quality of life of our diverse population.

– Adopted by the Board of County Commissioners, March 18, 1998

# Vision

All of Hillsborough County will take pride in the progress which has made our community remarkable. We will have embraced and be inclusive of our diverse population. Both the government and the local economy will be financially sound providing opportunity and success for our citizens. We will have balanced growth with protecting the environment while providing high quality services. All of this culminating in Hillsborough County being the leader for providing a quality of life second to none in the country.

## Hillsborough County, as a Community, values:

- A Spirit of Caring
- Individual Freedom
- Human Rights
- Private Property Rights
- Citizen Participation in Government
- Integration, Planning and Feasibility of Public Services
- Educational Opportunity
- Personal Responsibility
- Economic Self-sufficiency
- Sustainable Environment
- Racial and Cultural Harmony
- Health and Public Safety

## Hillsborough County, as an organization, values the following:

**Accountability** — Accepting individual responsibility to perform quality work that contributes to quality service at a reasonable cost.

**Diversity** — Organizational effectiveness can best be achieved by recruiting

and retaining a work force that represents the diversified population of Hillsborough County.

### **Efficiency and Cost Effectiveness**

— The timeliness of meeting our obligations and performing each task; the stewardship and best use of our resources.

**Empowerment** — The freedom and power to act, command, or decide on a course of action.

### **Open and Honest Communication**

— An expression of a professional work environment which facilitates the exchange of information, ideas, and divergent opinions among all levels of an organization in an atmosphere of respect and genuine concern for the best interest of the County, its employees, and citizens/customers.

**Quality** — Meeting citizens/customers requirements the first time and every time.

**Respect** — The quality of accepting and holding in high esteem all persons right to their beliefs, values, autonomy, and differences while treating them with dignity, worth, courtesy, civility, and politeness.

**Responsiveness** — The willingness and ability to provide information, reply to requests, answer questions, and complete tasks promptly.

**Teamwork** — The ability of a group of individuals to work together towards a common vision by each doing their part to achieve the efficiency of the whole.

---

*Adopted by the Board on April 21, 1999*

# Strategic Plan

This Strategic Plan was adopted by the Board of County Commissioners on May 15, 2013. It reflects a broad vision, five strategies, and a series of objectives.

## The Vision

Hillsborough County, as the economic core of the Tampa Bay region, has the potential for increased job and business growth in the emerging and dynamic sectors of the global economy. Community wealth is a result of having products and services to export, experiences for which people will pay to come to the County in and the local circulation of money through local service provision. The latter is based on the number of persons and the income of those persons. It is the first two which generate the wealth upon which local services can build.

The County has significant export industries, agriculture, defense and other specialized manufacturing, patents in health care and other fields, specialists who consult globally as well as the transit infrastructure for export (sea, air, rail, overland). It also has a strong experience sector ranging from traditional tourism to health care tourism, educational experiences which draw people and convention/business meetings, the possibility of new forms of specialized tourism and retirement communities.

The County clearly has the potential to become an innovation hub in various sectors that will serve to attract entrepreneurs, investors, skilled workers and existing businesses that see benefits by locating in the County or region. The attributes of those communities that will particularly prosper as the economy continues to change are becoming clearer. They offer a high quality of

life, an entrepreneurial culture, strong research institutions, civic leadership and a strong desire to compete for the industries of the future. In short, it can become the preferred community for even more people.

To become this preferred community, what must occur?

### **Quality of life must be enhanced.**

Neighborhoods must remain safe and stable, arts, culture and recreation opportunities must expand, educational opportunities must be available, health care and other “life” services must be accessible, the physical assets of the County optimized.

### **The infrastructure for economic growth must be in place.**

Adequate water, sewer, stormwater, accessible transportation locally and globally, communication technology are all features which can facilitate or inhibit economic growth.

### **A start-up, entrepreneurial culture must be fostered.**

While most start-ups fail, those that survive and succeed become the job creators of the industries of the future. Since who will succeed and who will fail is unknown at the start, a culture that encourages start-ups, views failure as part of the process, views diversity as a strength, and values entrepreneurship must be nurtured and supported.

### **Committed civic leadership.**

Hillsborough County is in competition regionally, nationally, and globally for the businesses and jobs of the future. To succeed competitively, an understanding of the emerging world, sustained effort

and wise investment are required. These require leadership on the part of both elected and civic leaders.

Hillsborough County can be a county that draws people to make great products and create distinctive experiences. As it does that, business and job growth in the primary sectors of export and experience will grow and with that will be the commensurate growth in the local service sector where most jobs will lie.

## The Strategies

**Innovative Products.** This strategy seeks to grow the export sector of the County by targeted infrastructure development, a comprehensive use of various economic development tools, development of competitive economic related infrastructure, and partnerships to develop the requisite workforce.

**Distinctive Experiences.** This strategy seeks to expand people visiting or retiring in the County through a broader set of visitor experiences and services that would attract new residents.

**Pro-Market Governance.** This strategy seeks to institute both policies and practices that encourage desired forms of economic growth.

**Great Places.** This strategy seeks to provide the safety, arts, culture, recreation and other community features that make it a desirable place to live, work and do business.

**Facilitative Leadership.** This strategy seeks to bring the community together to address its critical issues.

# Mission

## Strategy 1

### INNOVATIVE PRODUCTS

- Develop, adopt and execute comprehensive economic development strategy to expand product markets.

## Strategy 2

### DISTINCTIVE EXPERIENCES

- Develop strategy and action plan to expand specialized tourism markets.

## Strategy 3

### PRO-MARKET GOVERNANCE

- Review business development and growth policies and procedures to create more timely and efficient process.
- Adopt growth design principles that will facilitate desired economic growth.
- Implement strategy management system that promotes an internal culture focused on strategies

## Strategy 4

### GREAT PLACES

- Adopt comprehensive redevelopment strategy that integrates existing redevelopment efforts.
- Develop strategy and action plan for transportation including pedestrian & bike.
- Establish basic level of services for all areas of the County and then develop long term plan to provide that basic level.
- Maintain homeless service efforts.
- Monitor health care changes and adapt county efforts to maintain service levels

## Strategy 5

### FACILITATIVE LEADERSHIP

- Review and create public policies that recognize the diversity of its people while strengthening the social fabric of our society.
- Host discussion of strategic plan with other public entities.
- Facilitate development of a county-level human capital development plan with education and business stakeholders.
- Convene summit with Cities to identify business and entrepreneurial attractors and how a start-up community can be supported.

Budget Presentation  
Award*

PRESENTED TO

**Hillsborough County  
Florida**

For the Biennium Beginning

**October 01, 2021**

*Christopher P. Morill*

Executive Director

**Introduction**

This document provides the residents of Hillsborough County with the Adopted Capital Improvement Program (CIP) for a five-year period starting with the fiscal year beginning October 1, 2022 and continuing through the fiscal year ending September 30, 2027. The Adopted FY 23 – FY 27 CIP totals \$3.1 billion. This is the second year of the biennial budget cycle.

The CIP is the County's financial plan of proposed capital projects, their costs, and timing over a six-year period in the first year of the biennial budget, and over a five-year period in the second year of the biennial budget. The CIP is designed to meet County infrastructure needs in a strategic and efficient manner. Community sustainability, environmental considerations and changing conditions demand that the CIP be reviewed and updated annually.

The CIP is separate and distinct from the County's operating budget for several reasons. First, capital outlays reflect non-recurring capital improvements rather than ongoing expenses. Where possible, capital projects are funded from non-recurring funding sources such as debt proceeds and grants. These one-time revenue sources are not appropriate funding sources for recurring operating expenses. Second, capital projects tend to have higher costs requiring more stringent control and accountability. Finally, several revenue sources such as the Community Investment Tax, impact fees and certain gas taxes are limited to use on certain types of capital improvements by statute or other legal restrictions.

To provide direction for the capital program, the Hillsborough County Board of County Commissioners approved Policy 03.02.02.00 - Policy for Capital Budget and Capital Improvement Program. This policy defines requirements for projects included in the Capital Budget and Capital Improvement Program. Under the policy, a capital project is defined as a set of activities meeting one or more of the following criteria:

- Delivery of a distinct capital asset or improvement to an existing capital asset which will become an asset of Hillsborough County and be recorded on the financial records of the County as a capital asset under generally accepted accounting principles and applicable State statutes;
- Any contribution by Hillsborough County to other governmental or not-for-profit entities to deliver a capital improvement. In situations where the improvement is not or will not become an asset of the County, it will be included in the Capital Improvement Program as a contribution for tracking purposes;

- Any project or equipment funded from the Community Investment Tax (CIT);
- Any engineering study or master plan needed for the delivery of a capital project;
- Any major repair, renovation or replacement that extends the useful operational life by at least five years or expands capacity of an existing facility.

Hillsborough County categorizes capital improvements into eight programs: Fire Services, Government Facilities, Libraries, Parks Facilities, Solid Waste Enterprise, Stormwater, Transportation and Water Enterprise. The Adopted FY 23 – FY 27 CIP also includes the County's Environmental Land Acquisition and Protection Program (ELAPP). While not specifically meeting the criteria above, this program is tracked through the CIP to provide for better accountability and control.

As previously noted, capital projects only require one-time allocations for a given project unlike operating expenses which recur annually. This funding flexibility allows the County to use financing and one-time revenue sources to accelerate completion of critical projects. Significant projects within each program are discussed below. More comprehensive project information can be found in the individual program sections of this document. Interested parties can review this and other information at the County's website at [www.hillsboroughcounty.org](http://www.hillsboroughcounty.org).

**Financial Policies**

Among financial policies approved by the Board of County Commissioners since FY 98, there are several pertaining to the preparation, implementation, monitoring and financing of capital projects. While the County Administrator is responsible for the continued development, monitoring and update of these policies, specific functions are carried out by the Management and Budget Department and the Clerk of the Circuit Court. These and other policies are reviewed periodically by the County Administrator and the Board of County Commissioners and are detailed in the Financial Policies and Procedures section of the Adopted FY 23 Budget document.

Specific policies applying to the Capital Improvement Program and the Capital Budget are:

- BOCC Policy 03.02.01.00 - Bids for Capital Improvement Projects 10% or More in Excess of Estimated Construction Costs
- BOCC Policy 03.02.02.00 - Capital Budget and Capital Improvement Program
- BOCC Policy 03.02.02.05 - Pay-As-You-Go Funding of Capital Projects

- BOCC Policy 03.02.02.06 - Prioritization of Capital Projects
- BOCC Policy 03.02.02.07 - Minimizing the Expense of Financing Capital Projects
- BOCC Policy 03.02.02.08 - Operating Impact of Capital Projects
- BOCC Policy 03.02.02.20 – Budgetary Control
- BOCC Policy 03.02.02.26 - Use of Capital Project Appropriations
- BOCC Policy 03.02.02.28 - Method of Funding Citizen Initiated Localized Capital Projects or Services
- BOCC Policy 03.02.03.00 - Environmental Land Acquisition Program (ELAPP) Fund
- BOCC Policy 03.02.06.00 - Debt Management
- BOCC Policy 03.03.01.00 - Water and Wastewater Financial Policy
- BOCC Policy 03.03.05.00 - Community Investment Tax Financial Policies
- BOCC Policy 04.05.00.00 - Capital Funding for Outside Agencies

### Capital Planning

Capital planning refers to the process of identifying and prioritizing the County's capital needs to determine which capital projects should be funded in the CIP as resources become available.

In general, capital planning for projects within the unincorporated area of Hillsborough County is guided by the Hillsborough County Comprehensive Plan. In particular, capital planning for certain types of parks and recreation, solid waste, stormwater, transportation and water facilities are guided by the Capital Improvements Element (CIE) of the Comprehensive Plan. This plan, prepared by the Hillsborough County City-County Planning Commission and formally adopted by the Hillsborough County Board of County Commissioners, provides long-term direction for the growth and development of the county. Proposed capital projects are reviewed for compliance to the adopted comprehensive plan as part of the budget adoption process.

The public has many opportunities to be involved in capital planning both during the comprehensive plan development process and during the budget adoption process. Interested parties can view the Comprehensive Plan at the Planning Commission's website located at [www.planhillsborough.org](http://www.planhillsborough.org).

Hillsborough County's plan includes a specific growth management strategy called the Urban Service Area. This strategy is designed to direct growth into areas where public service needs can be more efficiently provided and where existing services are already in place.

In addition to the standards in the Comprehensive Plan and the Capital Improvements Element of the Plan, the planning for parks and recreation, solid waste, stormwater, transportation and water facilities also is guided by master and visioning plans developed by County staff. Planning for fire, government facilities, and library infrastructure in Hillsborough County's unincorporated area is performed primarily within County government. Each capital program has different criteria for assessing project needs and priorities; however, a common characteristic of the planning processes is the recognition of the importance of obtaining input from the public and other interested governmental and private agencies. The individual program planning processes provide the guidance necessary for allocating available resources during the capital budget process. A brief description of the various planning processes follows.

**Fire Services** – The Fire Rescue Department maintains a Capital Facilities Master Plan which details new fire station needs required to meet emergency and rescue service requirements within the unincorporated area. The plan is prepared based on national service response time standards established by the National Fire Protection Association, the Insurance Service Organization and on the relevant goals, objectives and policies incorporated in the County's Comprehensive Plan discussed above.

In developing this plan, which is updated every five years, the response time standards along with current response data are applied to an analysis of the needs of Hillsborough County's current and projected populations and population distribution to identify where and when new fire rescue facilities will be needed. This plan was recently updated and presented to the Board with additional analysis being performed to ensure that current facilities in need of a major remodel are presently in the best locations. This process may result in the relocation of some existing facilities.

**Libraries** – Library Services gauges the effectiveness of its facilities through a variety of metrics including current and potential use of a facility, state of existing buildings, grounds, and parking, total cost of operation for all facilities, existence and willingness of neighboring partner agencies, distance from population concentrations, and public demand and presents recommendations for potential capital projects to the Library Board. Annually the Library Board evaluates the data and sends a prioritized list of recommendations for funded and unfunded projects to the Board of County Commissioners.

**Parks** – The strategic vision of the Parks & Recreation and Conservation & Environmental Lands Management

## CAPITAL IMPROVEMENT PROGRAM OVERVIEW

Departments includes the development of goals and objectives to safeguard the inheritance of the County's future generations.

The planning process identifies future developments that may affect expected needs, wants and social environments. It identifies the most critical stakeholders and their major interests and expectations, such as safety and security, high quality experience, well maintained facilities and the preservation of our natural and cultural resources. The tool is evaluated against the current environment in order to develop a Capital Improvement Plan consistent with the vision of Hillsborough County and the values and expectations of our community.

In FY 17, Hillsborough County Parks & Recreation and Conservation & Environmental Lands Management Departments delivered their Master Plans to the BOCC. The Master Plans are long-range planning documents that are meant to help shape the direction, development, and delivery of the County's parks, recreation, and conservation sites. Based on a comprehensive planning approach, these plans take into consideration department goals, existing conditions, and community needs assessments that provide for the framework of recommendations and prioritization strategies. These Master Plans represent the collective vision for the Hillsborough County Parks & Recreation and Conservation & Environmental Lands departments. They serve as a guide for the Department's investments and strategies over the next ten years, shaping the delivery of services in a manner that is consistent with the County's sustainability goals and the community's level of service expectations. The cohesive vision for continually improving parks, recreation, and conservation opportunities in Hillsborough County represents the culmination of the public engagement process. The vision, along with guiding principles and mission statement will guide the implementation of the Master Plans and the future of parks, recreation, and conservation throughout the County.

**Solid Waste Enterprise** - The Solid Waste Enterprise has an established plan to determine the need to enhance and or change its Capital Improvement Program on an annual basis. This plan calls for information to be gathered from various sources such as staff, stakeholders, public meetings, etc. to identify needs that should be incorporated into the CIP. Management reviews the information and prioritizes each need according to a pre-established ranking system. The ranking system takes into account mandates by Federal and State agencies, health and safety concerns, capacity needs, efficiency, location requirements, population growth and aging infrastructure.

**Stormwater** – The County maintains a Watershed Master Plan that incorporates identified needs for each of its 17 watershed basins. The plan is periodically updated as new development and stormwater improvements are completed throughout the County. Under the plan, the entire County (1,072 sq. miles) is divided into 17 watersheds (basins) and further subdivided into 7,000 sub-basins. The master plan study looks at water quantity, water quality and the natural watershed system. The plan identifies areas with inadequate conveyance systems or poor water quality and recommends solutions.

Flood control project evaluations take into consideration the following factors: frequency of flooding, the category of the road subject to flooding (local/arterial/collector road), the number of structures flooded, stormwater asset conditions (groundwater table, erosion/siltation and structure) and the potential of available matching funds.

The County also maintains a separate list of non-watershed related neighborhood stormwater needs. Criteria for neighborhood stormwater projects is like the criteria for watershed master plan projects, with the exception that environmental issues and the availability of matching funds are not included in the evaluation.

Water quality or natural system projects are evaluated based on concerns identified by the Florida Department of Environmental Protection (DEP), or the County related to the sub-watershed segment of "impaired waters/water bodies," the concern of water quality parameters and the benefits of a natural system.

Both engineers and environmental scientists within the Stormwater Engineering Services Section of the Public Works Department contribute to this uniform matrix evaluation process.

**Transportation** – Efficient movement of people and goods is important to the public safety, economic viability, and overall quality of life in Hillsborough County. Planning occurs on several levels. The Hillsborough County Metropolitan Planning Organization (MPO), working with the County and its three incorporated municipalities (City of Tampa, Plant City and Temple Terrace), and with input from county residents, is responsible by State statute for adopting the Long Range Transportation Plan, a blueprint for comprehensive transportation planning throughout the County. The MPO also consolidates the transportation capital improvement programs of various political jurisdictions constructing transportation projects within the county into an annual Transportation Improvement Program (TIP). The Long Range Transportation Plan and the Transportation Improvement Program are used by the County in prioritiz-

## CAPITAL IMPROVEMENT PROGRAM OVERVIEW

ing major capacity projects for funding, determining project impact fee eligibility, and in allocating State and federal grant dollars. These plans can be viewed at the Metropolitan Planning Organization's website [www.planhillsborough.org](http://www.planhillsborough.org). Apart from these long-established processes, the Transportation for Economic Development initiative engaged in a community-wide effort to identify transportation needs and included the County, the Cities and relevant transportation entities.

As previously indicated, the Hillsborough County City-County Planning Commission is responsible for developing and monitoring compliance with the County's Comprehensive Plan. The Commission also reviews proposed developments of regional impact (DRI) proposals (those development proposals that will have significant impact on existing county roads).

Each municipality is responsible for its own transportation planning; however, major roads determined to have countywide significance may be designated as County roads, with the County primarily responsible for their maintenance and improvement. Capital needs associated with these roads, as well as all transportation needs in the unincorporated area of the County are evaluated for inclusion in the annual capital budget and Capital Improvement Program.

Planning for the transportation program is performed on a sub-program basis. The sub-programs within the transportation program are roads, intersections, sidewalks and bridges. With the exception of roads, where the County adopts the prioritized list from the Long Range Transportation Plan (LRTP) and adds local road improvements not subject to inclusion in the plan, the County has prepared a master plan for intersections, bridges and sidewalks. While specific criteria used for prioritizing the projects on the plans differ by project type, they encompass public safety, traffic volume, environmental mitigation and other key factors as well as incorporating input received during the public outreach part of the planning process.

**Water Enterprise** - The Water Enterprise is responsible for providing quality water, wastewater and reclaimed water services to Hillsborough County residents within its designated service area, unincorporated Hillsborough County. This includes the operation and maintenance of these facilities including treatment plants, pumping stations, metering devices and all related transmission piping and above ground appurtenances. The department is also responsible, when operating the above facilities, for complying with all federal, State and local regulatory and permit requirements.

The department uses a CIP Delivery Process. This process uses a systematic approach to develop and refine the scope, schedule and budget for existing and newly proposed expansion and renewal and replacement projects. It allows priorities to be determined and uses schedules to ultimately deliver quality projects from conception to project completion. The goal of the CIP Delivery Process is to deliver department projects in an efficient and economical manner.

The objectives of the process are to:

- Economically build and maintain existing system assets;
- Deliver projects on schedule and within budget;
- Allow for the annual update of the CIP;
- Allow for adjustments to the approved CIP due to changing priorities for those projects not yet in the implementation phase;
- Seamlessly coordinate with the County's CIP;
- Permit performance measurement; and
- Provide documentation for management and historical trending purposes.

The Board of County Commissioners policy 03.02.02.06 requires that capital projects be prioritized. The Department's Project Prioritization Model (PPM) is a formal method of documenting and tabulating the results of applying subjective criteria to prioritize the CIP each fiscal year. There are six categories to score a project against other projects within the Department's CIP:

- Compliance
- Health and Safety
- Expansion / Renewal and Replacement
- Long Range Planning
- Community and Environmental Impacts
- Economic / Financial Considerations

The resulting score for each existing or new "planning" project is used at the beginning of the budget process to rank all of the projects within the CIP.

Additionally, the Department's Payback Analysis Model (PAM) incorporates several economic factors to estimate the payback period of a given capital project. It determines the payback period by modeling the average monthly revenues generated by the Equivalent Residential Customers (ERC) to be served by the capital project. Generally, the information that is required to be input into the model includes:

- Project Name, CIP Number and Type
- Payback Analysis Period
- Discount Rate
- Debt Service or Pay-As-You-Go
- Expansion Percentage
- Operating, Maintenance and Fixed Overhead Cost

## CAPITAL IMPROVEMENT PROGRAM OVERVIEW

- Capital Cost by Year
- Outside Funding Sources
- ERCs served by the Project
- ERC Connection Schedule
- Rate and Debt Service Information

The information is used to assign a weighted economic criteria number for the project in the earlier referenced Project Prioritization Model (PPM) during each fiscal year budget process.

Finally, the CIP Master Program Schedule is used as a planning tool to lay out each of the project schedules, provide the cash flow requirements of the program as a whole, anticipate project resource needs and provide historical data for future trend analysis. In addition, the Master Program Schedule is also used at the beginning of each fiscal year to facilitate the efficient distribution of work throughout a six year period.

### Financial Planning Strategies

Hillsborough County uses a variety of tools to assist in developing long-term financial planning strategies. One tool is the preparation of an annual Pro Forma document. This document is used to put current budget and financial decisions into a longer-term context. Prepared in accordance with Board policy, the Pro-Forma provides a five year projection of revenues and expenditures for major operating funds, and is particularly useful in showing how capital projects, funded in the biennial budget or planned over the next several years, will impact future operating budgets in terms of maintenance, utility and staffing costs.

Another tool used in financial planning is the County's debt management strategy. Credit ratings assigned by the three international rating agencies, Moody's Investors Service, Standard and Poor's Ratings Services, and Fitch Ratings are key factors influencing interest rates paid on local governments' borrowings. Because of the significant impact interest rates have on our overall financial position, Hillsborough County places a great deal of emphasis on its credit worthiness. The County conducts credit updates each year, and notices of any material credit changes are provided to the rating agencies throughout the year.

The County's general credit ratings are Aaa / AAA / AAA on a scale where Aaa / AAA / AAA are the highest ratings. The County's high ratings are an objective indication of sound financial management, recognition that its overall debt profile is characterized by good debt service coverage from pledged revenues and by sound legal provisions ensuring full and timely payment of debt ser-

vice. These high credit ratings enable the County to meet its borrowing needs at the lowest cost of capital.

To address short-term capital project funding requirements, Hillsborough County uses a Commercial Paper Program. Under this program the Board authorizes short-term borrowings when needed to provide adequate cash flow for active projects. This approach ensures that long-term debt is issued only when needed in appropriate amounts. Furthermore, tax exempt short-term debt tends to be the lowest cost financing tool available to local governments resulting in substantial savings to the County. Upon completion of capital projects, the County either uses available cash or issues long-term debt at favorable interest rates to pay off outstanding short-term notes, unless there is an economic advantage in keeping short-term, variable rate notes outstanding. The County issues debt in accordance with its debt policy which governs the type and amount of borrowings that are best suited to achieving its financing objectives. The policy guides the County's borrowings by means of targets and ratios, such as direct debt per capita or general governmental debt as a percent of general fund revenue, that balance the need for flexibility to ensure the availability of capital with the need to ensure continued access to the capital markets.

When it is prudent and in the County's economic interest to do so, infrastructure improvements may be financed by means of public-private partnerships in which private corporations, such as real estate developers, agree to fund a portion of such improvements together with funding from the County, State, and/or federal government. Such partnerships enable the County to construct needed infrastructure, in particular transportation improvements, at a lower cost to taxpayers as a result of leveraging private funding sources.

Finally, the County actively and aggressively monitors market opportunities to refinance its debt to achieve lower debt service costs. When legally and economically feasible, lower interest debt will be issued to pay off outstanding debt thereby making revenues available to fund County services.

### Capital Improvement Program Process

The annual Capital Budget and Capital Improvement Program (CIP) update begins in January with a request to the Capital Program directors to review, update and re-prioritize the unfunded capital needs list.

The Capital Budget Team of the Management and Budget Department maintains a comprehensive list of prioritized unfunded capital needs which is used in

# CAPITAL IMPROVEMENT PROGRAM OVERVIEW

identifying new projects to be recommended for funding. The list identifies preliminary project information such as name, location, description or scope, the estimated cost and any operating cost impact. The updated Unfunded Capital Projects Request List is then used to determine which new projects will be added to the new Capital Improvement Program.

During the month of January (in the first year of the biennial budget cycle), the Capital Budget Team conducts training sessions to provide capital project management and staff specific direction relating to the capital budget process. As part of this training, those involved in the capital budget process are given a calendar of key budget cycle dates and written documentation including forms, instructions, and definitions to be used in preparing their capital projects budget including revising current project estimates and submitting requests to add new capital projects.

Another key step in the budget process is a review of capital project cost estimates in the current CIP or new projects added during the current fiscal year. This is to ensure that the next CIP will reflect these revised cost estimates. Departments are asked to review and update project information that will be presented in the Capital Improvement Program.

A specific form – the Capital Project Initiation Request Form - is used to document project changes or new project requests. This form is designed to guide the preparer in providing necessary information including the reason for the project, proposed location and scope, funding requirements by fiscal year, proposed project schedule and completion dates, anticipated operating cost impacts and management approvals.

Using updated information, the Capital Budget Team develops draft documents showing projects that have been completed or are anticipated to be completed by the end of the current fiscal year as well as specific detail project pages (see below for sample) for each project proposed to be included in the recommended budget.

### Components for Each Capital Project Page:

- Project Title** – This is the project's name.
- Project No.** – This is a unique identification number assigned to the project for accounting purposes.
- CIE Requirement** – This indicates whether this project addresses a Capital Improvement Element as defined under the Growth Management Act of 1985.

**Level of Service Impact** – If the project addresses a CIE element, this indicates what impact it has on the level of service:

- (M)** – This indicates a project relates to the repair, remodeling, renovation or replacement of an existing County facility in order to maintain levels of service in the Comprehensive Plan.
- (E)** – This indicates the construction of a new facility or expansion of an existing facility that will reduce or eliminate deficiencies in the levels of the service in the Comprehensive Plan.
- (F)** – This indicates the construction of a new facility or expansion of an existing facility is needed to meet levels of service for new development.
- (N/A)** – This indicates that the project is not covered by the Capital Improvements Element.

### Sample Capital Project Detail Page

**PROJECT TITLE:** WATERBET SPORTS COMPLEX  
**CIE REQUIREMENTS:** Y  
**LEVEL OF SERVICE IMPACT:** E

**PROJECT NUMBER:** C80324000  
**PROGRAM:** PARKS

---

**PROJECT DESCRIPTION:**  
 This project will provide planning, design and construction for Phase I of a proposed youth sports complex in the South County area. The complex will be within the Waterset development west of I-75. Land exchange with the developer has been achieved. Construction to be funded in phases as scope is developed.

**Neighborhood Community Area:**  
 Apollo Beach

---

**OPERATING COST IMPACT:**  
 Operating cost is estimated to be an additional \$250,000 per year.

**C80324000**

**PROJECT COMPLETION DATE:** Jun 2023

---

Sources of Funds (in \$000s)	Estimated Sources	Prior Funding	FY 23		FY 24	FY 25	FY 26	FY 27	Future

<sup>1</sup> Capital includes, but is not limited to, expenses related to capitalizable Development, Design, Land Acquisition, Equipment, Construction and Administration required to complete the project.  
<sup>2</sup> Contributions includes, but is not limited to, funding through an agreement to other Government Agencies, Youth Organizations, Cultural Service Organizations and other Non-Profit Organizations.  
<sup>3</sup> Non-Capital includes, but is not limited to, expenses related to Building Maintenance, Grounds & Landscaping Maintenance, Non-Capitalizable Equipment and other Professional Services.

**Program** – This indicates the capital program to which this project pertains.

**Project Description** – This describes the scope of work.

**Operating Cost Impact** – This is an estimate of the ongoing annual operating and maintenance funding this project will require once completed.

**Project Completion Date** – This is the estimated date the project will be ready for its intended use.

24

**Neighborhood Community Area** – This indicates the area of the county the project will occur. A copy of the Neighborhood Community Area map can be found in the Appendix section of this document.

**Sources of Funds** – This shows by year the sources of funding. Many projects have multiple sources of funding.

**Uses of Funds** – This shows by year the planned uses of funds summarized by capital, contributions and non-capital.

These draft documents are distributed to the departments for another review and the opportunity to correct information. Upon completing their review, the Capital Budget Team meets with the appropriate program directors and representatives to resolve outstanding issues and ensure that all are in agreement with the current information.

Budget preparation meetings held with Directors, Executive Team members and budget staff during February through April include discussions regarding capital projects. Decisions made at these meetings are incorporated into the documents and communicated to the appropriate departments.

Final revisions are incorporated into the Recommended Capital Budget and the Recommended Capital Improvement Program (CIP) in mid-May and delivered to the Board of County Commissioners in June or July. Throughout the budget development process, the County Administrator and Management and Budget staff conduct several budget workshops with the Board of County Commissioners to provide them with revenue projection updates and to obtain overall policy guidance.

Once the recommended budget and CIP are delivered to the Board, a series of budget workshops and public meetings are held. During this period, the Hillsborough County City - County Planning Commission also reviews the recommended CIP to ensure compliance with the County's Comprehensive Plan. Two statutorily required public hearings are held in September to gain public input. A separate public hearing is held following the budget adoption to also adopt the CIP.

Final budget documents reflecting the Adopted Budget and Adopted Capital Improvement Program are then prepared and distributed in both hardcopy and electronic formats. Once the Capital Budget and CIP are formally adopted, changes to the budget can only be made in accordance with the budget amendment process defined in BOCC Policy 03.02.02.00 - Capital Budget and Capital Improvement Program, which ensures compliance with budget amendment requirements per Florida State Statute 129.06. The BOCC policy also specifies that the

list of projects included in the adopted CIP may only be revised through formal Board resolution.

### Funding Sources

Funding for capital projects comes from a variety of sources, but generally falls into one of several categories: ad valorem taxes, the Communications Services Tax, the Community Investment Tax, gasoline taxes, enterprise fees, special assessments, impact fees, mobility fees, grants or financing.

- Ad Valorem (Property) Taxes are taxes levied by the Hillsborough County Board of County Commissioners on property within the County.

There are three ad valorem taxes imposed by Hillsborough County – the countywide property tax imposed on all properties within the county with use restricted to projects providing countywide benefit; the unincorporated area property tax imposed on all properties in the unincorporated area of the county with use limited to projects that benefit the unincorporated area; and the special library property tax, imposed on all properties within the City of Tampa and the unincorporated area of the County with use restricted to library projects. Both Temple Terrace and Plant City maintain their own library systems so properties within these two municipalities are not subject to the special library tax.

Additionally, two voter approved ad valorem taxes are used to pay debt service on the Jan K. Platt Environmental Lands Acquisition and Protection Program (ELAPP) bonds and on Parks and Recreation bonds.

- The Communications Services Tax is a 4% tax imposed on local and long distance telephone calls, cable, fax, pagers and beepers, cellular phone services and other related telecommunication services. The Board of County Commissioners originally designated 1% of this tax for the construction of new fire stations. Beginning in FY 06, the Board increased the allocation by an additional ½ %, for a total of 1½% for the construction of fire stations. However, due to the continuing ad valorem roll back requirements by the State Legislature and the effects of Amendment 1, approved by the voters on January 29, 2008, the amount and the percentage allocated to the construction of new fire stations in FY 09 was reduced to ½%. The remainder of the 1½% is used to offset a portion of the reduction in property tax revenues funding operating expenditures.

## CAPITAL IMPROVEMENT PROGRAM OVERVIEW

- The Community Investment Tax is a ½% sales tax on the price of taxable goods, as defined by State statute, sold within the County. Approved for a thirty year period by public referendum in 1996, use of this tax is restricted to acquiring, constructing, and improving infrastructure and purchasing equipment with a useful life of at least five years to promote the health, safety and welfare of Hillsborough County residents. This tax expires on November 30, 2026.
- Gasoline taxes used to fund capital projects are the Six Cent Local Option Gasoline Tax, the Voted (Ninth Cent) Gasoline Tax and the Constitutional Fuel Tax. Permitted uses for each of these taxes are defined by statute, and in the case of the Voted Ninth Cent Gasoline Tax, are further restricted by County ordinances.

The Six Cent Local Option Gasoline Tax is limited to transportation expenditures for public transportation operations and maintenance; roadway and right-of-way maintenance and equipment and structures used primarily for the storage and maintenance of this equipment; roadway and right-of-way drainage; street lighting; traffic signs, traffic engineering, signalization and pavement markings; bridge maintenance and operation; debt service and current expenditures for transportation capital projects including construction or reconstruction of roads.

Use of the Ninth Cent Gasoline Tax is restricted by County ordinance to the road resurfacing program.

The Constitutional Fuel Tax collected by the State on behalf of the County is first used to meet debt service, if any, of debt assumed by the State Board of Administration payable from this tax. Any remaining tax proceeds may be used by the County for the acquisition, construction, and maintenance of roads as defined by statute or as matching funds for grants specifically related to these purposes.

- Enterprise fees are charges for services imposed on users of facilities of the two programs funded through enterprise funds - Solid Waste and Water/Wastewater/Reclaimed Water. An annual fee schedule for each enterprise fund is set by the Board of County Commissioners. Use of these revenues is restricted to operating, maintaining or building new infrastructure for the respective service for which the fee is being collected.
- Special assessments are charges levied by statute or ordinance for a specific purpose. One example is the stormwater fee, a non-ad valorem special as-

essment levied on the annual property tax bill, used to help fund the stormwater capital program.

- Impact fees are fees imposed on new commercial and residential construction to help fund additional infrastructure needed to support the added load on County infrastructure resulting from the new construction. The unincorporated area of the County is divided into zones for each type of impact fee.

Use of impact fees collected within each zone is restricted to projects which add capacity to the respective infrastructure within that zone. There are four types of impact fees: transportation, parks, fire and schools. Impact fees are governed by the County's Consolidated Impact Fee Assessment Program Ordinance.

- Mobility Fees are a one-time charge on new development to pay for offsite transportation improvements that are necessitated by new development. On April 26, 2016 the Board of County Commissioners adopted the Mobility Fee Ordinance that would replace the current transportation impact fees and transportation concurrency. The Mobility Fee Program became effective January 1, 2017.
- Financing is the last source of funding. It includes both long-term and short-term financing. Short-term financing via a commercial paper borrowing program is used to borrow funds when needed in order to keep projects on schedule and to keep financing costs down.

Upon completion of capital projects, the County either uses available cash or issues long-term debt at favorable interest rates to pay off outstanding short-term notes, unless there is an economic advantage in keeping short-term, variable rate notes outstanding.

### Uses of Funds

Capital budget expenditures are related to one of the eight capital programs: Fire Services, Libraries, Government Facilities, Parks, Solid Waste Enterprise, Stormwater, Transportation, and Water Enterprise. It also includes the Environmental Land Acquisition and Protection Program (ELAPP) and the Major Repair, Renovation, Replacement and Maintenance (R3M) program. Planned capital project expenditures are summarized into the following categories:

**Capital** – These are costs incurred as part of delivering the project that will be capitalized with the asset when

the project is complete. Capitalizable development, design, land acquisition, equipment, construction and administration expenditures required to complete the project are examples of capital costs.

**Contributions** – Contributions represent funding through an agreement to other government agencies, youth organizations, cultural services organizations and other non-profit organizations and won't be capitalized when the project is complete.

**Non-Capital** – These are costs incurred as part of delivering the project but won't be capitalized with the asset when the project is complete. Building maintenance, grounds and landscape maintenance, non-capitalizable equipment and other professional services are examples of non-capital costs.

**Capital Projects Operating Impacts**

The Capital Budget and Capital Improvement Program (CIP) are integral elements of the County's biennial budgeting process. The cost of operating new or expanded facilities or infrastructure can be significant and is included in the operating budget in the fiscal year the asset becomes operational. However, in some cases, like the construction of a new jail, the operational impact may be phased-in gradually while the new jail is under construction. This is because as the jail population increases beyond its operational capacity so does the need for additional funds for overtime pay, add new staff, jail and food supplies, and operational equipment, thus spreading the increased operating impact over a number of years rather than impacting the budget all at once when the jail opens. Historically, operating costs of non-enterprise facilities have been funded from property taxes. Consideration of operating costs becomes particularly critical with the property tax restrictions now in effect and the past property tax reductions due to the recession. In some cases, it may be prudent to defer or cancel construction of a facility because there will be no funds to operate it.

Debt service payments on issued debt for capital projects are also included in the operating budget. The amount of required debt service relative to the size of the annual budget is an important indicator of fiscal obligations. Since debt service expenditures reduce the amount of funds available for other operating or capital uses, it is important that the ratio of debt service to the total operating budget remain at a prudent level.

Issuance of short-term commercial paper to provide adequate cash flow for approved projects does not have an impact on the operating budget. This is because these

costs are rolled to subsequent notes until the projects are completed, at which time available cash or long-term debt is used at favorable interest rates to pay off outstanding short-term notes, unless there is an economic advantage in keeping short-term debt.

Specific FY 23 incremental operating cost impacts of capital facilities are discussed below in each program's highlights section. The Adopted Budget for FY 23 includes these operating costs. A full listing of incremental operating cost impacts can be found in the appendix section of this document.

**Program Highlights**

The following program highlights focus on each program's portion of the FY 23 – FY 27 Adopted CIP. Under annual budgeting, both new funding and any carry-forward funding from the previous year appear in the CIP. As a result, many schedules in this document have separate "Carryforward" and "Additional" columns when presenting FY 23 budget data.

A number of projects that are shown in the program sections appear in the Capital Improvement Program as "Post Construction". These projects have finished their primary construction phases and may have been placed in use; nevertheless, some of these projects still have unspent balances that are earmarked for post-construction project costs.

**Fire Services**

The Adopted FY 23 – FY 27 Fire Services Program totals \$77.8 million. The program is funded with fire impact fees, Communications Services Tax, general revenues, financing and American Rescue Plan Act (ARP) funds.

Four new projects are being added to the program in this Adopted CIP. The Comprehensive Communications Plan/Alternate EOC project will implement a technology solution capable of providing top-down management and relief effort coordination tools that would help deliver the fastest and most effective emergency response when dealing with incidents such as hurricanes and the COVID-19 Pandemic. This implementation would also include installation of the communications equipment and tower required to make the alternate EOC site operational. The construction of a Fire Rescue/Emergency Management Warehouse will enable storage of essential supplies used in day-to-day operations and in responding to disasters. Restroom and shower repairs at various locations will be completed as part of the Fire Station Restroom and Showers Renovations project. The

## CAPITAL IMPROVEMENT PROGRAM OVERVIEW

Sun City North Fire Station will design and construct a new 3 bay station on previously acquired property to enhance service in that area.

As part of the federal response to the COVID-19 pandemic, the County received funding through the American Rescue Plan Act (ARP). Various agenda items were brought to the BOCC for approval during FY 22 to allocate these funds to projects. As part of that process, three fire station replacement projects were created and approved – Armdale Fire Station #10, Gunn Highway Fire Station #13 and Palm River Fire Station #15. These stations are at or near the end of their useful life and will be replaced to increase functionality and operational efficiency.

**Apollo Beach Fire Station #29 Under Construction**

Projects continuing into FY 23 include replacing Thonotosassa Fire Station #21 at a new location, addressing drainage issues at the Palm River Fire Station and renovating the interior of University Area Fire Station #5. The Fire Station Hardening project will provide upgrades to additional fire stations to enhance resilience. In order to fund the purchase of important fire and safety equipment, the Fire Rescue Equipment Replacement/Modernization project receives \$1.9 million each year from FY 23 through FY 27 from the Communications Services Tax allocated to Fire Rescue. Impact fees were added to this project in FY 19 to fund the purchase Self Contained Breathing Apparatus (SCBA) equipment.

On June 5, 2019, the Board of County Commissioners adopted an Ordinance amending the County's Consolidated Impact Assessment Program Ordinance to update the fire service impact fee schedule and to add an im-

pact assessment for emergency medical services that are currently provided by Hillsborough County Fire Rescue. The revised fees took effect on October 1, 2019 and incremental revenues have been programmed into the Land Acquisition for New Fire Stations project, the Sun City North Fire Station and reserves.

Two projects funded by a FY 19 bond issuance to help address capacity needs reached substantial completion during FY 22. One new station was constructed to help improve response times in the Brandon area (Central Brandon Fire Station #45). Apollo Beach Fire Station #29 was built in a new location to replace the prior station which will result in improved response times and a better functioning facility. Two other bond funded projects, Rhodine Fire Station #46 and the Fire Apparatus and Equipment for New Fire Stations project, which was established to equip these new stations, will be completed in FY 23.

**Operating Impact** – Three projects are scheduled for completion in FY 23. One is maintenance related (Fire Station # 5 University Area Interior Renovations) and one is purchasing new equipment (Fire Apparatus and Equipment for New Fire Stations) which won't result in any significant change in operating costs. The new Rhodine Fire Station will require additional staffing once it is operational. An ongoing project to harden fire stations will result in a minor increase in operating cost related to generator maintenance and testing.

Fire Services Projects	New Positions	Operating Impact (In thousands)
		FY 23
Fire Stations Hardening	0	\$10.0
Rhodine Fire Station #46	42	4,500.0

### **Government Facilities**

The Adopted FY 23 – FY 27 Government Facilities Program totals \$121.1 million. Funding sources for the program are Community Investment Tax, enterprise fees, financing, grants, general revenues, BP oil spill funds and American Rescue Plan Act (ARP) funds.

Twenty-one new projects are being added to the program in this Adopted CIP. The African American Arts & Cultural Center project will begin design of a new 45,000 to 58,000 square foot facility which will incorporate the existing social services, head start and medical services from the West Tampa Resource/Service Center. Construction funding is anticipated in the future. Various projects will enhance existing Court facilities. The Edgecomb Courthouse will receive technology and furni-

## CAPITAL IMPROVEMENT PROGRAM OVERVIEW

ture for the 4th floor buildout and lighting controls will be replaced. Access controls will be replaced at various courthouse locations and the State Attorney will get an additional conference room. Two judicial chambers and two courtrooms will be built out at the Pat Frank Court Building.

Five of the new projects will make contributions to outside agencies for capital improvements to their facilities. A contribution will be made to High 5 Inc. to refurbish a swimming pool at their facility in Brandon. Much needed repairs will be completed at the Historic 1914 School in Plant City. The Sweetwater Organic Community Farm will be acquiring land to expand their operations. Contributions will be made to the Tampa Museum of Art and the United Food Bank of Plant City for their capital building projects.

The Public Defender will have its 6th floor office expanded and 1st floor modified to enhance security. Work around the Falkenburg Warehouse will replace the Clerks emergency generator, repave a parking lot and replace window canopies. A project will begin to renovate the housing pods at the Falkenburg Road Jail. Two maintenance projects will replace hurricane curtains at the Roger Stewart Center and renovate buildings at the Human Development Center. Additional solar projects will be completed at various County facilities to increase energy efficiency. Finally, land located within the Falkenburg Complex on Columbus Drive will be acquired to accommodate future County facilities.

**Solar Panels – Ruskin Recreation Center**

As part of the federal response to the COVID-19 pandemic, the County received funding through the American Rescue Plan Act (ARP). Various agenda items were brought to the BOCC for approval during FY 22 to allocate these funds to projects. As part of that process, two new Government Facilities projects were created and approved. The Community Based Step-Down Facil-

ity - ARP Act 3 Funds project will renovate the former Sheriff's Work Release Center located at 1800 Orient Road to offer comprehensive services for participants exiting the local County jail who suffer from substance abuse and behavioral health related issues. The Outdoor Senior Fitness Zones - ARP Act 3 Funds project will provide funding for the installation of outdoor senior fitness equipment at various Senior Centers and Adult Day Care Centers to provide opportunities for the County's seniors to exercise safely and remain active when viral diseases transmission rates are high.

One other project was brought to the Board during FY 22 for approval. The Edgcomb 4th Floor Civil Court Expansion project will design and construct two additional Civil Courtrooms and associated spaces within the 4th floor shell space designated for future expansion.

**Consolidated and Hardened Maintenance Facility – South Service Unit**

Several projects continue in this Adopted Capital Budget with many being maintenance related. Four projects will tackle painting and parking lot renovations at various County facilities. Carpet will be replaced at the Edgcomb Courthouse, County Center and the Roger Stewart Complex. The University Community Resource Center will have its HVAC system replaced. The County Center will continue to have its air handlers replaced along with roof fans in conjunction with the re-roof project.

A project will provide for security enhancements at the County Center and other County buildings. Funds have been set aside to help establish a future film studio / film school in the county. Funding is also provided for a new Adult Day Health Services Center to be developed in South County.

## CAPITAL IMPROVEMENT PROGRAM OVERVIEW

One of the continuing projects will improve space utilization at the Edgecomb Courthouse by renovating the 5th floor to allow for one large courtroom with approximately 160 gallery seats and a full jury box (14-16 seats). One other courts project will enable the relocation of the Juvenile Diversion Program. The La Paloma Head Start Facility Replacement project will replace the existing modular building at 3419 N. Nebraska Avenue, Tampa with a new, expanded block building which will include Head Start as well as Early Head Start classrooms. The ERP System Enhancements project funds a full system upgrade to address improvement opportunities for the Oracle E-Business Suite software.

During FY 19, a bond was issued that supported various governmental, fire and parks facilities projects. Many of the projects are in the Government Facilities program. Two projects promote sustainability by upgrading lighting in existing facilities to LED and adding solar panels to various buildings. Land was acquired in downtown Tampa to accommodate a future planned expansion of the court complex. The Emergency Generators at Various Locations project includes engineering and installation of emergency generators and associated infrastructure upgrades at various emergency shelters (such as public schools) and other critical facilities to provide back-up power capability.

An important set of projects added during FY 18 and now in large part funded by the bond issue mentioned above are the Consolidated and Hardened Maintenance Facilities projects. These projects are designing and constructing four new consolidated and hardened maintenance facilities for the Public Works, Public Utilities and Fleet Services Departments to replace the following existing facilities: West Service Unit, East Service Unit, South Service Unit and Traffic Operations/Maintenance Facility at Sabal Park. The prior facilities were 40 – 50 years old and are near the end of their useful lives. The new facilities will provide efficient and secure shelter for pre and post disaster response.

Many other important projects are continuing into this Adopted CIP. The South County Cultural Arts Center project will develop options for locations, scope and cost for a cultural arts center in the Southshore area of Hillsborough County. The South County Workforce Center is not currently funded but represents a possible future County investment in that facility. The Hanna Facility Repurpose project will renovate portions of the former Fire Rescue headquarters to accommodate other County agencies.

The Historic Preservation Matching fund program continues in FY 23 to help preserve historic community as-

sets. The Northwest Area Head Start / Service Center project will develop a new Head Start facility and research opportunities for a new service center to provide enhanced customer service in the northwest area of Hillsborough County.

The Annual Public Art Plan, as recommended by the Public Art Committee, is included within the appendix section of this document. Current funding is adequate for projects that are in process at this time.

**Public Art – Balm Boyette Roundabout**

Five projects reached substantial completion prior to the end of FY 22. The Clerks Falkenburg Road Warehouse had its HVAC system replaced. The waterproofing of downtown buildings was completed. The Consolidated & Hardened Maintenance Facilities - Traffic Operations / Maintenance Center and Traffic Management Center combined work effort reached substantial completion. The installation of LED lighting at various County facilities has reduced energy consumption and made buildings more efficient.

There are eight projects that are scheduled to reach substantial completion in FY 23 and most are maintenance related. Carpet replacement projects will be completed at the Edgecomb Courthouse, County Center and Roger Stewart Complex. The Edgecomb Courthouse will also have its lighting controls replaced. Storm

## CAPITAL IMPROVEMENT PROGRAM OVERVIEW

protection will be enhanced at the Roger Stewart Complex after hurricane curtains are replaced. The Clerk’s Falkenburg Road facility will have its generator replaced and the University Community Resource Center will get a new HVAC system. The one remaining Consolidated and Hardened Maintenance Facilities (West Service Unit) will be ready for use.

**Operating Impact** – None of the projects that are scheduled to reach substantial completion in FY 23 will have an impact on operating costs. One ongoing master project to install new emergency generators will result in a small increase in maintenance costs.

Government Facilities Projects	New Positions	Operating Impact (In thousands)
		FY 23
Emergency Generators at Various Locations	0	\$68.0

### Libraries

The Adopted FY 23 – FY 27 Library Services Program totals \$43.4 million. The program is funded with ad valorem tax proceeds from the Special Library Taxing District and grant funding.

Four new projects are being added to the program this year. Two are maintenance related – the North Tampa Library will have its chiller replaced and the Ruskin Library will have its roof replaced. The Sentinel Bulletin Archiving project will preserve and digitize the Sentinel Bulletin historic archive of newspapers which includes 118 bound volumes (1945-2010) that have been housed at the C. Blythe Andrews, Jr. Public Library’s Special Collection since 2019. The collection contains approximately 400,000 pages. This is a one of kind collection of the only African American centered newspaper in the Tampa Bay area. Initial funding has been put in place to create a temporary library in Wimauma at the former Bethune Park senior congregate dining site. This project will renovate the existing building, improve the site, and provide furniture and fixtures. In the future, a site will be selected for construction of a permanent library in the Wimauma area.

There are several carry-over projects included in this program. Initial funding has been put in place to explore site options and project development for a future new library to be located in the Fishhawk area in southeast Hillsborough County. The Libraries Safety and Security Upgrades project will install access control systems, replace proprietary alarm systems and install/upgrade surveillance systems, etc., at various libraries to improve safety and security for library staff and customers. Re-

stroom facilities will be renovated at various libraries to update their functionality, fixtures, and finishes. Project development, design and construction will begin on an effort to replace the Thonotosassa Library with a larger and more functional facility at a newly acquired site.

**Lutz Library Renovations**

The John Germany (Main Library) Various Improvements and Planning Study project includes various renovations to the building and site to meet customer needs. The Burgert Brothers Photo Archive Preservation project will preserve and digitize the prints and negatives of the collection. Landscaping will be improved at various libraries with the Landscape Renovation project.

**C. Blythe Andrews, Jr. Library**

## CAPITAL IMPROVEMENT PROGRAM OVERVIEW

The Brandon Library Replacement – Phase 2 project provides funds to construct a new, expanded and relocated library in Brandon (funds may also be used for improvements to the existing facility). Five continuing projects will renovate existing libraries (Austin Davis, Fendig, Southshore, Town 'N Country and West Tampa). The C. Blythe Andrews, Jr. and Riverview Libraries have opened and are fully operational, but some post construction activities are wrapping up.

One project reached substantial completion during FY 22. Renovations on the Lutz Library were completed. There is one project that is scheduled to reach substantial completion in FY 23, the Ruskin Library Roof Replacement project.

**Operating Impact** – Since it is maintenance related, there is no incremental operating cost impact for the project that is scheduled to reach substantial completion in FY 23 listed above.

### **Parks**

The Adopted FY 23 – FY 27 Parks Facilities Program totals \$178.4 million. The program is funded through a combination of impact fees, Community Investment Tax, general revenues, financing, boat improvement funds, BP oil spill funds and American Rescue Plan Act (ARP) funds.

Sixteen new projects have been added to the Parks Capital Budget including the King Forest Park Improvements at \$1.5 million, the Lithia Springs ADA Playground Replacement at \$900,000, the Ruskin Commongood Boat Ramp Boardwalk Replacement at \$300,000, the Veterans Memorial Park Amphitheater Shade Sail at \$150,000, the Veterans Memorial Entrance and Park/Resource Center Improvement - Phase 2 at \$3.4 million and eight R3M projects to maintain existing Parks facilities totaling \$4.2 million. The Veterans Memorial Entrance and Park/Resource Center Improvement - Phase 2 will design and construct a 4,600 square foot expansion to the existing Veteran's Resource Center, park entrance improvement and associated site work.

Twelve projects are scheduled for completion in FY 23 including the Waterset Sports Complex. The Waterset Sports Complex project will provide planning, design and construction for Phase I of a proposed youth sports complex in the South County area. The complex will be within the Waterset development west of I-75.

Eight projects were completed in FY 22 including the Bloomingdale East Sanitary Upgrade, the Carrollwood Cultural Center HVAC Replacement, the LED Sports

Lighting Upgrade, the Lucy Dell Community Pond / Central County Area Park Improvements, the Park Maintenance Unit 1 Roof Replacement, the Providence Skate Park Sanitary Connection, the Seffner/Mango Park Playground Improvements and the Medard Park Observation Tower. The Medard Park Observation Tower provided funding to construct an observation tower on the main side of the park. Visitors are no longer able to access the old observation tower on the other side of the damaged boardwalk.

**Medard Park Observation Tower**

Several significant projects in the program are the Countywide Soccer Complex which will design and construct a regional tournament soccer complex to include restrooms, concession stands, parking, lighting, maintenance building, locker room, equipment and site improvements and the Lucy Dell Community Pond / Central County Area Park Improvements. This project developed County-owned surplus property located in the vicinity of Nuccio Park into a new Community Park that will encourage prosperity and citizen interaction, deter crime and increase community safety and well-being. The project scope also includes improvements at various other parks located within the Central County Area as budget permitted.

Another significant project in the Capital Budget is the All Peoples Park Expansion. This project will consist of master planning for the existing 28-acre All Peoples Life Center property located at 6105 E. Sligh Avenue, Tampa, to provide a phased development plan for the entire site. The intent is to enhance accessible recreational

## CAPITAL IMPROVEMENT PROGRAM OVERVIEW

opportunities for County citizens and design and construct several amenities.

### Park Playground Replacement

As part of the federal response to the COVID-19 pandemic, the County received funding through the American Rescue Plan Act (ARP). Various agenda items were brought to the BOCC for approval during FY 22 to allocate these funds to projects. As part of that process, one Park project was created and approved. The Pickleball Complexes - ARP Act Revenue Recovery Funds project will provide for the design and construction of pickleball courts at various locations throughout the County.

### **Jan K. Platt Environmental Lands Acquisition and Protection Program (ELAPP)**

The Jan K. Platt Environmental Lands Acquisition and Protection Program (ELAPP) is a voluntary land preservation program based in the Conservation and Environmental Lands Management Department. The ELAPP Program is dedicated to the protection and preservation of natural and environmentally significant resources, as well as restoration of natural habitat. Properties preserved through ELAPP are available for recreational uses compatible with the preservation objectives. Some of the criteria used when considering a property for protection are: contains unique or scarce natural habitat for endangered species, protection of water resources, or lands that buffer, link or provide access to existing environmentally sensitive lands.

Historically, funding was secured through an operating and debt service ad valorem millage not exceeding 0.25 mills in any one-year period. A four-year property tax

was originally approved by 71% of the voters in 1987 and in 1990 a referendum authorizing \$100 million in bonds was approved by 73% of the voters. In November 2008, nearly 79% of the voters approved the issuance of up to \$200 million in bonds to continue capital funding for the ELAPP Program. So far \$124.4 million has been issued of the \$200 million authorized by the voters.

As of October 1, 2022, the County has preserved approximately 63,343 acres at a cost of \$308.1 million, of which \$90.4 million (or 29%) has been funded by other agencies.

**Operating Impact** – The following table identifies the stand-alone projects that are scheduled for completion in FY 23 that have a separately identified operating impact. Ongoing master projects that have an identified operating impact are also listed in the table below.

Parks Projects	New Positions	Operating Impact
		(In thousands)
		FY 23
All Peoples Park Expansion	0	\$10.0
Parks Shade Covers	0	20.0
Riverview / Brandon / East Area Parks	0	15.0
Skyway Park Playground Shade	0	3.3
Waterset Sports Complex	0	83.3

### **Solid Waste Enterprise**

The Adopted FY 23 – FY 27 Solid Waste Enterprise Program totals \$834.9 million. The Solid Waste Enterprise Program is funded with long-term financing and revenues generated from fees and assessments paid by customers of the enterprise.

The program consists of ten active projects which concentrate on enhancing the Solid Waste services centers throughout the county. One of these projects is the Northwest Transfer Facility Improvements. This project will design, permit, construct and provide quality assurance for the Northwest Community Collection Center Improvements project. The improvements are necessary to provide a better site configuration thus improving safety, customer traffic flow, efficiency of the operation and improve the overall customer experience while using the facility.

One new project has been added to the Solid Waste Capital Budget. The Solid Waste Warehouse & Offices will design and construct a new consolidated administration and warehouse facility for Solid Waste Management

## CAPITAL IMPROVEMENT PROGRAM OVERVIEW

Department. The new facility will centralize the Solid Waste Management Department staff and stored materials and equipment.

### **Southeast County Landfill Facility Improvements**

Another project included in the program is the Southeast Alternative Waste Processing Facility at \$612.5 million. The project will provide waste processing technologies to handle the county's increasing solid waste volumes. A new waste-to-energy facility is a technology to be considered; however, multiple technologies will be reviewed, such as materials recovery, digestors, composting, or other technologies, that can adequately process the current and future waste processing needs of the County. The facility infrastructure will include planning, design, permitting, and construction of infrastructure to support technology(s).

One significant project in the program is the Resource Recovery Facility Improvements. The Resource Recovery Facility has four boilers that burn the waste and generate steam for turning two turbines that generate 35-40 Mega Watts of electricity for use by other County Departments and for retail sales that generate revenue for the Division. Three of the Boilers were built in 1989 and one in 2009. This project allows for the evaluation, identification and prioritization of recommended actions for equipment in need of upgrades to increase the performance and safety of the facility. The anticipated improvements include road improvements, auto combustion regulators on boiler to increase combustion efficiency, auto dialer notification, increased environmental protection with separation of stormwater and ash, boiler steam and tube replacement and other upgrades.

### **Resource Recovery Facility Improvements**

**Operating Impact** – No projects are scheduled to begin incurring operating costs in FY 23.

### **Stormwater**

The Adopted FY 23 – FY 27 Stormwater Program totals \$184.3 million. The program is funded with a combination of Stormwater fees, Community Investment Tax, enterprise fees, general revenue, grants, BP oil spill fund and American Rescue Plan Act (ARP) funds.

One new project, the Culvert Upgrade and Enhancement Project, is being added as part of this Adopted CIP. This project will upgrade, enhance and extend stormwater drainage culverts, including design, land acquisition, and construction for individual projects throughout the County. Five continuing projects were added during FY 22. As part of the federal response to the COVID-19 pandemic, the County received funding through the American Rescue Plan Act (ARP). Various agenda items were brought to the BOCC for approval during FY 22 to allocate these funds to projects. As part of that process, five Stormwater projects were created and approved. Three projects will address drainage issues in the Progress Village and 56th and Hanna areas. The Delaney Creek Water Quality Improvements project will address pollutant loading and stormwater management for that area. The Stormwater Drainage and Water Quality Improvements project will design and construct drainage improvements to alleviate neighborhood flooding at various locations.

## CAPITAL IMPROVEMENT PROGRAM OVERVIEW

The program includes eleven master projects that provide for the maintenance, rehabilitation, construction and improvement of the Hillsborough County Stormwater system.

The Culvert Renewal and Replacement Program replaces or repairs culverts at various locations throughout Hillsborough County. The Watershed Master Plan Updates and Watershed Drainage Improvements projects study the water quantity, and water quality if applicable in various watersheds within Hillsborough County and constructs various regional and intermediate stormwater improvements. The Neighborhood Drainage Improvements projects alleviate flooding on County-maintained roadways that do not meet the County's level of service for flood protection. These projects are initiated at the conclusion of a drainage investigation of actual flooding identifying the deficiencies. The Water Quality Improvements and Environmental Program projects implement water quality improvements and alleviate stormwater pollutant loading to surface waters.

### Neighborhood System Improvements

The Canal Dredging and Preventative Measures project continues into FY 23. This project will provide grant funding for coastal canal dredge projects that will improve and enhance navigation pursuant to the Board of County Commissioners' Policy #01.31.01.00.

No stand-alone projects were completed in FY 22, but two of the ARP funded projects should reach substantial completion during FY 23 (the Progress Village Local Drainage Improvements and Delaney Creek Water Quality Improvements projects).

### Neighborhood Drainage Improvements

**Operating Impact** – New stormwater infrastructure normally does not have explicit additional operating costs beyond additional materials and supplies for maintenance. Ongoing annual maintenance costs for stormwater improvements are estimated at \$2.50 per \$1,000 of project cost. Stormwater infrastructure maintenance requirements include keeping drainage areas free from silt, litter, leaves and debris, mowing and maintaining stormwater ditches, canals and conveyances as well as repairing cracked or broken stormwater pipes, culverts and other stormwater infrastructure. Unanticipated maintenance of new stormwater infrastructure can be absorbed within the operating budget of the various maintenance components of the Public Works Department. However, as more infrastructure becomes operational each year, additional staff and equipment will be needed at some future date to maintain infrastructure at desired levels.

Ongoing master projects with an annual operating cost impact in FY 23 are listed in the table below. Two of the stand-alone ARP funded projects that will reach substantial completion in FY 23 also have an operating cost impact.

Stormwater Projects	New Positions	Operating Impact (In thousands)
		FY 23
Culvert Renewal and Replacement Program	0	\$60.8
Culvert Upgrade and Enhancement	0	2.5

## CAPITAL IMPROVEMENT PROGRAM OVERVIEW

Delaney Creek Water Quality Improvements - ARP Act 3 Funds	0	0.3
Major Neighborhood Drainage Improvements	0	3.5
Neighborhood Drainage Capital Improvements	0	46.9
Neighborhood Drainage Improvements	0	0.6
Progress Village Local Drainage Improvements - ARP Act 3 Funds	0	0.3
Stormwater Drainage and Water Quality Improvements - ARP Act 3 Funds	0	5.5
Water Quality Improvement & Environmental Program	0	7.8
Water Quality Improvements and Environmental Program	0	4.7
Watershed Drainage Improvements	0	5.7

**Citrus Park Drive Corridor Improvements**

### **Transportation**

The Adopted FY 23 – FY 27 Transportation Program totals \$415.6 million. The program is funded with a combination of fuel taxes, Community Investment Tax, financing, general revenues, grants, impact fees, mobility fees, BP oil spill fund and American Rescue Plan Act (ARP) funds.

In November 2018, a citizen-initiated transportation ballot initiative was approved by the voters resulting in a new 1% Transportation Sales Surtax. The collection of this tax began in January 2019 but in a February 25, 2021 ruling, the Florida Supreme Court invalidated this tax and it is no longer being collected. Per a court order, all revenue distributions have been returned to the State.

No new projects are being added as part of this Adopted CIP, but two projects were added during FY 22. As part of the federal response to the COVID-19 pandemic, the County received funding through the American Rescue Plan Act (ARP). Various agenda items were brought to the BOCC for approval during FY 22 to allocate these funds to projects. As part of that process, two Transportation projects were created and approved. Both projects (the Sidewalk Improvements - ARP Act 3 Funds and Sidewalk Improvements - ARP Act Revenue Recovery Funds projects) will repair existing sidewalks and upgrade sidewalks to be ADA compliant across Hillsborough County.

Three of the projects that were added to the Transportation Capital Budget in FY 22 are continuing into FY 23. The Balm Boyette/Alafia Connector Trail and South Coast Greenway Trail 19th Avenue (US 41 to 30th) projects will evaluate alternatives for new trails. The Roadway Pavement Preservation – ARP Act Revenue Recovery Funds project was established after the BOCC directed that \$40 million of American Rescue Plan dollars received from the federal government be used for resurfacing projects. Roads will be improved at various locations throughout the county.

Key areas in the Transportation Program that continue include corridor improvement projects (19th Avenue NE, Bell Shoals Road, Big Bend Road, East 131st Avenue, Lithia Pinecrest Road, South 78th Street and Van Dyke Road), intersection / interchange improvements (Big Bend Road at I -75, various locations on Lumsden Road, safety enhancements at various locations) and roadway improvements (University Area improvements and Sun City Center pedestrian mobility improvements). The Corridor Safety Retrofit Improvements project will provide safety retrofit improvements in high injury crash and high safety risk locations. It includes safety enhancements with major road resurfacing projects.

## CAPITAL IMPROVEMENT PROGRAM OVERVIEW

### Sidewalk Repair Program

Many other previously funded projects continue in this Adopted CIP. The Safe Routes to School Program includes sidewalks near schools, school safety circulation enhancements, new sidewalks on county roads, new and enhanced pedestrian crossings, signs and pavement markings. Funds have also been allocated for three trails projects (Balm Boyette/Alafia Connector, South Coast Greenway and Upper Tampa Bay) and the new construction is being managed by Public Works and included in the Transportation program.

The program also includes funding for bridge replacements, bridge repairs, intersection improvements, sidewalks, pavement preservation, and safety improvements.

Five projects reached substantial completion during FY 22. The Calusa Trace Neighborhood Resurfacing and Osprey Ridge Drive Resurfacing projects addressed pavement improvement needs in those neighborhoods. Citrus Park Drive was extended to help alleviate congestion in the northwest area of the county. The Apollo Beach Boulevard I-75 Overpass project created an important new east-west connection in that area. Construction was completed on the Maydell Drive Bridge which restored an important connector in that area.

There are three projects that are scheduled to reach substantial completion in FY 23. Corridor improvements

will be completed on Bell Shoals Road to enhance traffic flow and increase pedestrian safety. Capacity will be increased once the Turkey Creek Road Improvements from MLK Boulevard to Sydney Road project is complete. Intersection improvements will be completed at Orient Road and Sligh Avenue to help traffic flow and increase safety.

**Operating Impact** – While new transportation infrastructure generally has no immediate direct operating costs associated with it, future and ongoing maintenance expenditures are needed to keep the roads, trails and sidewalks up to County standards. Ongoing maintenance costs include pothole patching, lane and crosswalk re-striping, sign and traffic signal replacement, ADA compliance and roadside right-of-way mowing and maintenance. Not including residential street lighting, the County expends approximately \$9,022 annually per lane mile on ongoing maintenance. The County is responsible for maintaining over 6,933 lane miles throughout the county. Note that major road resurfacing is budgeted separately under the capital program. Like stormwater, as more transportation infrastructure continues to become operational, additional staff and equipment will be needed to maintain infrastructure at operational levels. The annual cost to maintain traffic signals is approximately \$6,000 per signalized intersection; \$2,400 for utility cost and \$3,600 for maintenance costs.

The following table identifies the stand-alone project (Bell Shoals Road Widening) that is scheduled for completion in FY 23 that has a separately identified operating impact. Ongoing master projects that have an identified operating impact are also listed in the table below.

Transportation Projects	New Positions	Operating Impact (In thousands)
		FY 23
Advanced Traffic Management System Improvement Program	0	\$450.0
Bell Shoals Road Widening	0	9.7
Intersection Improvement Program	0	100.0
New & Improved Signalization Program	0	100.0
Sidewalk Retrofit Construction Funding	0	18.0

### Water Enterprise

The Adopted FY 23 – FY 27 Water Enterprise Program totals \$1.3 billion. The Water Enterprise Program includes potable water, wastewater and reclaimed water

## CAPITAL IMPROVEMENT PROGRAM OVERVIEW

projects and is funded with a combination of long-term financing, impact fees, revenue generated from fees, rates and charges paid by customers of the enterprise, BP oil spill funds and American Rescue Plan Act (ARP) funds.

Six projects were added to the Water Enterprise Capital Budget including the Balm Road Super Pump Station Phase II at \$30.0 million, the South County Drinking Water Facility Phase II - OWC at \$65 million, the Waters Ave Forcemain Replacement at \$12.0 million, the Williams Rd Forcemain Extension at \$11.0 million, the Ruskin Potable Water Transmission Main at \$6.3 million and the University Area Septic to Sewer Innovation Area at \$45 million. The University Area Septic to Sewer Innovation Area project funding will be used to pay for residential and commercial hook-up charges for water and sewer in the University Area.

Two projects were completed in FY 22 including the Potable Water In-Line Booster Pump Station which constructed a potable water booster pump station to convey an increase in potable water pressure to the existing water transmission main and the South County Potable Repump Station Expansion (includes tank and pumps) which expanded the existing pump station capacity by adding one 3 million gallon storage tank and two additional high service pumps.

### South Hillsborough Aquifer Recharge Program (SHARP)

An ongoing project of importance is the South Hillsborough Aquifer Recharge Program (SHARP) at \$26.1 million. In the future, surface water discharges will be limited and/or eliminated due to Total Maximum Daily

Loads and Numeric Nutrient Criteria restrictions. Aquifer Recharge is another area where reclaimed water can be used to reduce discharge, can act as a salinity barrier created to limit saltwater intrusion, create a path to the restoration of local water levels and support a long-term and sustainable solution to water management challenges in the Hillsborough County Public Utilities service area. In coordination with the Southwest Florida Water Management District and the Florida Department of Environmental Protection, Hillsborough County embarked on two reclaimed water direct aquifer recharge pilot projects along the coastal county in a non-drinking water portion of the aquifer.

As part of the federal response to the COVID-19 pandemic, the County received funding through the American Rescue Plan Act (ARP). Various agenda items were brought to the BOCC for approval during FY 22 to allocate these funds to projects. As part of that process, four Water projects were created and approved. All the projects will address the sewer system in the Gibsonton, Palm River, Ruskin, Wimauma and the University Area. The Gibsonton Area Septic to Sewer Conversion Program ARP funding project will build wastewater collection system for existing residents and future developments in the Gibsonton Area.

### Northwest Regional Water Reclamation Facility System Improvement & Expansion

Additionally, the program includes the Northwest Regional WRF System Improvements & Expansion at \$206.4 million. The Northwest Regional WRF System Improvements & Expansion project will design, permit and construct improvements to the Northwest Regional

## CAPITAL IMPROVEMENT PROGRAM OVERVIEW

Water Reclamation Facility. The current facility is permitted to treat 10.0 million gallons per day and the anticipated improvements will increase the permitted capacity to 30.0 million gallons per day. This permitted capacity allows for one full treatment train to be out of service for maintenance and operational flexibility.

**Operating Impact** – No stand-alone projects are scheduled to begin incurring operating costs in FY 23. Ongoing master projects that have an identified operating impact are also listed in the table below.

Water Enterprise Projects	New Positions	Operating Impact (In thousands)
		FY 23
Public Utilities Telemetry / Data Network and Support Program (MP)	0	50.0
Reclaimed Water Transmission Main Extensions to New and Existing Customers (MP)	0	1.2

### Major Repair, Replacement, Renovation, and Maintenance Program

During the FY 02 capital budget process, the Board of County Commissioners, concerned about maintaining the condition of County facilities, established the Major Repair, Replacement, Renovation and Maintenance Program (R3M). The program focuses on non-routine repairs, renovations, replacement or maintenance of existing facilities rather than construction of new facilities or infrastructure. Projects included in this program are typically under \$150,000, do not add square footage to an existing facility, and can be delivered within a twelve-month period. This program is more flexible than the

CIP process, allowing the County to react in a more timely manner to facility related emergencies or non-routine repairs and maintenance needs. The projects can be identified, budgeted and completed within a twelve-month period.

To ensure that funding is available to maintain existing facilities, the Board of County Commissioners sets aside a minimum of 1% of anticipated annual revenues in the Countywide General Fund, the Unincorporated Area General Fund and the Library District Fund. The Adopted FY 23 allocations will generate approximately \$8.3 million at 1.1% for Countywide General Fund, \$7.3 million at 2.1% for the Unincorporated Area General Fund and \$680,286 at 1% for the Library District Fund. A list of proposed FY 23 R3M projects can be found in the appendix section of this document.

### Monitoring

The Capital Budget Team conducts regular reviews of capital project status, allocations and expenditures along with related activities.

The purposes of these reviews are:

- To ensure compliance with applicable statutes, ordinances, County policies and procedures, and sound accounting and budgeting practices.
- To identify projects with excess appropriations that might be subject to reallocation.
- To track impact fee revenues and expenditures to ensure that impact fees are being spent in a timely manner as required by ordinance.

Results of these analyses are communicated to appropriate management and staff for follow-up and corrective action. To assist in the reviews, the Capital Budget Team generates numerous variances and tracking reports from the County's financial system.

\* - New Project      TBD - To be Determined

\*\* Added to the Capital Improvement Program as part of a Budget Amendment in Fiscal Year 2022

(MP) - Master Project - A listing of sub-projects under this master project will appear in the Appendix section of the CIP document.

Note: Some projects have "Post Construction" in the Project Completion Date column. These projects have finished their primary construction phases and may have been placed in use; nevertheless, these projects still have unspent balances that are earmarked for post-construction project costs.

PROJECT TITLE:  
**APOLLO BEACH FIRE STATION #29 REPLACEMENT**  
 CIE REQUIREMENTS: N  
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91204000  
 PROGRAM: FIRE SERVICES

**PROJECT DESCRIPTION:**  
 Design & construct a new 3-Bay Apollo Beach Fire Station Replacement on County-owned property on the West side of Hwy 41, approximately 1/2 mile North of Apollo Beach Blvd. This project is recommended by Fire Rescue Services Department to enhance services in South Hillsborough County. The project includes furniture, fixtures and equipment (FF&E) and a traffic signal.

**OPERATING COST IMPACT:**  
 No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE:  
**ARMDALE FIRE STATION #10 REPLACE - ARP ACT REVENUE RECOVERY FUNDS**  
 CIE REQUIREMENTS: N  
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91214000  
 PROGRAM: FIRE SERVICES

**PROJECT DESCRIPTION:**  
 Project includes acquisition of additional land and design and construction of a new 3-bay fire station to replace the existing Armdale (Station #10) fire station located at 8430 N. Grady Avenue, Tampa, FL 33614 in Northwest Hillsborough County. The station is at or near the end of its useful life and is dated in its design/features and requires increasing operating costs to maintain and keep functioning at the expected service level necessary to protect the citizens of Hillsborough County.

**OPERATING COST IMPACT:**  
 No significant change in operating cost is anticipated.

PROJECT TITLE:  
CENTRAL BRANDON FIRE STATION #45  
CIE REQUIREMENTS: N  
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91202000  
PROGRAM: FIRE SERVICES

**PROJECT DESCRIPTION:**

Design & construct a new 3-Bay Central Brandon Fire Station on County-owned property on the South side of Oakfield Drive approximately 200 feet East of Pauls Drive. This project is recommended per the Fire Rescue Master Plan to enhance services in the Central area of Hillsborough County. The project includes furniture, fixtures and equipment (FF&E). A temporary fire station is also included in the scope.

**Neighborhood Community Area:**

**OPERATING COST IMPACT:**

Annual operating cost impact is estimated at \$3.3 million. A total of 24 new FTEs are anticipated.

PROJECT TITLE:  
COMPREHENSIVE COMMUNICATIONS PLAN/ALTERNATE EOC  
CIE REQUIREMENTS: N  
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91220000  
PROGRAM: FIRE SERVICES

**PROJECT DESCRIPTION:**

This project will implement a technology solution capable of providing top-down management and relief effort coordination tools that would help deliver the fastest and most effective emergency response when dealing with incidents such as hurricanes and the COVID-19 Pandemic. This implementation would also include installation of the communications equipment and tower required to make the alternate EOC site operational.

**Neighborhood Community Area:**

**OPERATING COST IMPACT:**

No significant change in operating cost is anticipated.

**PROJECT TITLE:**  
**FIRE RESCUE/EMERGENCY MANAGEMENT WAREHOUSE**  
**CIE REQUIREMENTS:** N  
**LEVEL OF SERVICE IMPACT:** N/A

**PROJECT NUMBER:** C91219000  
**PROGRAM:** FIRE SERVICES

**PROJECT DESCRIPTION:**

This project includes design and construction of a 40,000 - 65,000 square foot warehouse facility (as budget will allow) for Hillsborough County Fire Rescue (HCFR) and Emergency Management (OEM) proposed to be located in the Falkenburg Rd/Columbus Drive area. As the County continues to grow, more and more services are required and thus materials and supplies will need to be in place to address increased demand. Executing HCFR and OEM mission in an efficient, effective, and safe manner requires a large warehouse space that can accommodate materials and supplies that are required both during normal day to day operations as well as during large scale disaster responses.

**Neighborhood Community Area:**

**OPERATING COST IMPACT:**

To be determined. There will be incremental facility maintenance and utility costs once complete.

**PROJECT COMPLETION DATE:** TBD

PROJECT TITLE:  
**FIRE STATION HARDENING (MP)**  
 CIE REQUIREMENTS: N  
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91207000  
 PROGRAM: FIRE SERVICES

**PROJECT DESCRIPTION:**

The scope of this project is to provide upgrades to all Fire Rescue Facilities to the extent possible and as prioritized, for the survival and the continued operational ability of the facilities in the aftermath of a major storm. This is to include: access to the facility by staff and the public; the protection of operational functions; the protection of all openings; the structural integrity of the building(s); power, water, sewer and communications support; security of personnel; and the strengthening or removal of potential hazardous elements such as auxiliary buildings, trees and towers.

**Neighborhood Community Area:**

Countywide

**OPERATING COST IMPACT:**

Additional annual operating cost impact is estimated at \$5,000 per station.

PROJECT TITLE: GUNN HIGHWAY FIRE STATION #13 REPLACE - ARP ACT REVENUE RECOVERY FUNDS  
 PROJECT NUMBER: C91215000  
 CIE REQUIREMENTS: N  
 LEVEL OF SERVICE IMPACT: N/A  
 PROGRAM: FIRE SERVICES

**PROJECT DESCRIPTION:**  
 The project includes the design and construction of a new 2-Bay Fire Station to replace the existing Gunn Highway Fire Station No. 13 located at 7502 Gunn Highway, Tampa, FL 33625 in Northwest Hillsborough County. Project includes land acquisition if necessary. The replacement station will be located either at its current location if feasible, or at another location to be determined. The station is at or near the end of its useful life and is dated in its design/features and requires increasing operating costs to maintain and keep functioning at the expected service level necessary to protect the citizens of Hillsborough County.

**OPERATING COST IMPACT:**  
 No significant change in operating cost is anticipated.

PROJECT TITLE:  
RHODINE FIRE STATION #46  
CIE REQUIREMENTS: N  
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91203000  
PROGRAM: FIRE SERVICES

**PROJECT DESCRIPTION:**

Design & construct a new 4-Bay Rhodine Fire Station on County-owned property on the South side of Rhodine Road approximately 600 feet East of Hwy 301. This project is recommended per the Fire Rescue Master Plan to enhance services in the South-Central area of Hillsborough County. The project includes furniture, fixtures and equipment (FF&E). A temporary fire station is also included in the project scope.

**Neighborhood Community Area:**

**OPERATING COST IMPACT:**

Annual operating cost impact is estimated at \$5.4 million. A total of 42 new FTEs are anticipated.

PROJECT COMPLETION DATE: Dec 2022

PROJECT TITLE:  
 THONOTOSASSA FIRE STATION #21 REPLACEMENT  
 CIE REQUIREMENTS: N  
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91210000  
 PROGRAM: FIRE SERVICES

**PROJECT DESCRIPTION:**

Design and construct a new 3-Bay Thonotosassa Fire Station Replacement on previously acquired County-owned property located on the North-East intersection of Main Street and C.R. 579. This project is recommended by the Fire Rescue Department to enhance services in North-East Hillsborough County, replacing the 50-year old existing fire station at 11641 Flint Avenue, which is nearing the end of its life cycle. The project includes furniture, fixtures and equipment (FF&E).

**Neighborhood Community Area:**

**OPERATING COST IMPACT:**

No significant change in operating cost is anticipated.

\* New Project TBD - To Be Determined

\*\* Added to the Capital Improvement Program as part of a Budget Amendment in Fiscal Year 2022

" Project includes undetermined funding in the Future column. Future funding to be determined based on project prioritization and available options at BOCC discretion.

(MP) - Master Project - A listing of sub-projects under this master project will appear in the Appendix section of the CIP document.

Note: Some projects have "Post Construction" in the Project Completion Date column. These projects have finished their primary construction phases and may have been placed in use; nevertheless, these projects still have unspent balances that are earmarked for post-construction project costs.

PROJECT TITLE: AFRICAN AMERICAN ARTS & CULTURAL CENTER  
 CIE REQUIREMENTS: N  
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C77886000  
 PROGRAM: GOVERNMENT FACILITIES

**PROJECT DESCRIPTION:**  
 Design of a new 45,000 to 58,000 sq ft African-American Arts and Cultural Center to be located on the BOCC-designated County-owned property at 2103 N. Rome Avenue, Tampa FL 33609 (known as the West Tampa Resource/Service Center). The existing buildings on the property are anticipated to be demolished and replaced by the new facility which will incorporate the existing social services, head start and medical services together with the Arts and Cultural Center. Construction funding is anticipated in the future.

**OPERATING COST IMPACT:**  
 To be determined.

PROJECT COMPLETION DATE: TBD

PROJECT TITLE: CHILDREN'S SERVICES - VARIOUS IMPROVEMENTS AND PLANNING  
 CIE REQUIREMENTS: N  
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C77855000  
 PROGRAM: GOVERNMENT FACILITIES

**PROJECT DESCRIPTION:**  
 The project will provide project development, planning and design for various improvements and options to support the Children's Services Department's current and future program needs. This includes options to surplus the existing campus at 3110 Clay Mangum Lane, acquiring property at other location(s), planning and design of improvements at the current location or at other locations.

**OPERATING COST IMPACT:**  
 To be determined.

PROJECT TITLE:  
 COMMUNITY BASED STEP-DOWN FACILITY - ARP ACT 3 FUNDS  
 CIE REQUIREMENTS: N  
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C77879000  
 PROGRAM: GOVERNMENT FACILITIES

**PROJECT DESCRIPTION:**

This project will renovate the former Sheriff's Work Release Center located at 1800 Orient Road to offer comprehensive services for participants exiting the local County jail who suffer from substance abuse and behavioral health related issues. The program would provide wrap-around services and ensure participants receive a warm hand off from exiting the jail to the step-down facility. A local community treatment provider will serve as the lead entity for the project along with support from other local nonprofit providers.

**Neighborhood Community Area:**

**OPERATING COST IMPACT:**

To be determined.

PROJECT TITLE:  
 CONSOLIDATED & HARDENED MAINTENANCE FACILITIES - EAST SERVICE UNIT  
 CIE REQUIREMENTS: N  
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C77832002  
 PROGRAM: GOVERNMENT FACILITIES

**PROJECT DESCRIPTION:**

This project forms one of four consolidated and hardened maintenance facilities for Public Works, Public Utilities and Fleet Services to replace the existing 40-50 year old facilities which are nearing the end of their useful lives. The new facilities will provide efficient and secure locations for pre and post disaster response.

**Neighborhood Community Area:**

The new East Service Unit will be located on County-owned property at the south-west intersection of Sydney Road and North Dover Road in Valrico, in eastern Hillsborough County. The project includes design/engineering, construction and furniture, fixtures and equipment (FF&E).

**OPERATING COST IMPACT:**

This project will replace existing facilities which are already being operated. Operating costs to be shared by the departments.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE: CONSOLIDATED & HARDENED MAINTENANCE FACILITIES - TRAFFIC OPERATIONS / MAINTENANCE CENTER  
 PROJECT NUMBER: C77832004  
 CIE REQUIREMENTS: N  
 LEVEL OF SERVICE IMPACT: N/A  
 PROGRAM: GOVERNMENT FACILITIES

**PROJECT DESCRIPTION:**  
 This project forms one of four consolidated and hardened maintenance facilities for Public Works Administration to replace the existing 40-50 year old facility which is nearing the end of its useful life. The new facility will provide an efficient and secure location for pre and post disaster response.

The new Traffic Operations/Maintenance Center will be located on County-owned property at the south side of Columbus Drive on Regional Water Lane, approximately 1/2 mile east of US Highway 301 in central Hillsborough County. The project scope includes traffic maintenance/operations, traffic management and additional space for Public Works operations. Design/engineering, construction and furniture, fixtures and equipment (FF&E) are included in the project.

**OPERATING COST IMPACT:**  
 This project will replace existing facilities which are already being operated. Operating costs to be shared by the departments.

PROJECT TITLE: CONSOLIDATED & HARDENED MAINTENANCE FACILITIES - WEST SERVICE UNIT  
 PROJECT NUMBER: C77832001  
 CIE REQUIREMENTS: N  
 LEVEL OF SERVICE IMPACT: N/A  
 PROGRAM: GOVERNMENT FACILITIES

**PROJECT DESCRIPTION:**

This project forms one of four consolidated and hardened maintenance facilities for Public Works, Public Utilities and Fleet Services to replace the existing 40-50 year old facilities which are nearing the end of their useful lives. The new facilities will provide efficient and secure locations for pre and post disaster response.

The new West Service Unit will be located at its current location on County-owned property on the west side of Sheldon Road approximately 500 feet south of Old Linebaugh Avenue in north-west Hillsborough County. Construction will be achieved in phases to facilitate continued occupancy and operations at the site. The project includes design/engineering, construction and furniture, fixtures and equipment (FF&E).

**OPERATING COST IMPACT:**

This project will replace existing facilities which are already being operated. Operating costs to be shared by the departments.

**PROJECT TITLE:**  
HISTORIC PRESERVATION MATCHING FUND PROGRAM (MP)  
**CIE REQUIREMENTS:** N  
**LEVEL OF SERVICE IMPACT:** N/A

**PROJECT NUMBER:** C77796000  
**PROGRAM:** GOVERNMENT FACILITIES

**PROJECT DESCRIPTION:**

This project was approved by the Board of County Commissioners as a "challenge fund" to support historic preservation at various locations throughout the county. There is a maximum amount of \$250,000 per grant and matching funds are required for any award. Program procedures have been established and adopted by the Board. A listing of funding awarded to organizations through September, 2022 is included in the appendix section of this document.

**Neighborhood Community Area:**

Various

**OPERATING COST IMPACT:**

There will be no operating cost impact to the County.

**PROJECT COMPLETION DATE:** Ongoing

PROJECT TITLE: LED LIGHTING VARIOUS BUILDINGS (MP)  
 CIE REQUIREMENTS: N  
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C77849000  
 PROGRAM: GOVERNMENT FACILITIES

**PROJECT DESCRIPTION:**  
 Project includes upgrade of existing lighting at approximately 200 County buildings to more efficient LED lighting. This is part of the County's sustainability initiative and estimated to result in energy savings of up to \$700,000 annually with a 10 year return on investment (ROI). Installation will be phased.

**OPERATING COST IMPACT:**  
 Estimated annual savings of up to \$700,000 anticipated after fully implemented.

PROJECT COMPLETION DATE: Post Construction

**PROJECT TITLE:**  
NEW ENTREPRENEUR COLLABORATIVE CENTER (E-FACTORY)  
**CIE REQUIREMENTS:** N  
**LEVEL OF SERVICE IMPACT:** N/A

**PROJECT NUMBER:** C77852000  
**PROGRAM:** GOVERNMENT FACILITIES

**PROJECT DESCRIPTION:**  
The purpose of the project is to create a new home for the County's successful Entrepreneur Collaborative Center (ECC) which is currently located in a leased facility in Ybor City. The History Genealogy Library is anticipated to be incorporated within the facility. The ECC will serve as the home to the region's entrepreneur ecosystem and epicenter for entrepreneurial resources and information collaboration and mentoring. Funding shown may be used for property acquisition, design and construction or to leverage a possible P3 partnership with a private entity or entities.

**Neighborhood Community Area:**  
TBD

**OPERATING COST IMPACT:**  
To be determined.

**PROJECT COMPLETION DATE:** TBD

PROJECT TITLE:  
PUBLIC ART PROGRAM (MP)  
CIE REQUIREMENTS: N  
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C70000000  
PROGRAM: GOVERNMENT FACILITIES

**PROJECT DESCRIPTION:**

The amended Public Art Ordinance, approved by the Board of County Commissioners on January 6, 2010, (effective date January 13, 2010), states that the Public Art Program will be included in the County's Capital Improvement Program (CIP) as a capital project. Funds for the program are to be allocated once annually and the assessments are subject to Board approval as part of the CIP. Use of the funds is subject to Board approval through the annual Public Art Plan. The annual Public Art Plan, as recommended by the Public Art Committee, is included within the appendix section of this document.

Neighborhood Community Area:  
Countywide

**OPERATING COST IMPACT:**

No significant change in operating cost is anticipated.

PROJECT TITLE:  
SOLAR PROJECTS VARIOUS BUILDINGS (MP)  
CIE REQUIREMENTS: N  
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C77848000  
PROGRAM: GOVERNMENT FACILITIES

**PROJECT DESCRIPTION:**

The project includes planning, design and construction for a phased implementation of the countywide solar energy project for County facilities as part of the County's sustainability initiative. The project will provide solar power at up to 20 - 25 locations as budget will allow and is anticipated to result in overall energy savings of 15% to 20% for these locations.

Neighborhood Community Area:  
Various

**OPERATING COST IMPACT:**

Net savings to be determined during design.

PROJECT TITLE: BURGERT BROTHERS PHOTO ARCHIVE PRESERVATION  
 CIE REQUIREMENTS: N  
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C76030000  
 PROGRAM: LIBRARIES

**PROJECT DESCRIPTION:**

Preserve, digitize, and display the prints and negatives of the Burgert Brothers Photograph Collection of the Library. The Burgert Brothers collection is a photographic archive of nearly 15,000 images that chronicle the history of the Tampa Bay area from the 1800's through the 1960s. This one of a kind collection is extremely unusual and important, and was recently appraised at over \$5 million. Preservation efforts have been ongoing and the advent of digital technology has provided an opportunity to ensure the future safety of the collection and expand access to it without compromising the physical items. This project will ensure the preservation of this very valuable and significant resource and provide display of the restored collection.

Neighborhood Community Area:  
 Countywide

**OPERATING COST IMPACT:**

No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Dec 2023

PROJECT TITLE: C. BLYTHE ANDREWS, JR. LIBRARY EXPANSION / REPLACEMENT  
 CIE REQUIREMENTS: N  
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C76017000  
 PROGRAM: LIBRARIES

**PROJECT DESCRIPTION:**

Design and construct a new approximately 25,000 square foot replacement library for the C Blythe Andrews, Jr Library on its former site located at 2607 E Dr. Martin Luther King, Jr Boulevard. The old library was demolished. The project includes furniture, fixtures and equipment (FF&E) as well as a collection enhancement.

Neighborhood Community Area:  
 City of Tampa

**OPERATING COST IMPACT:**

Annual operating cost impact is estimated at \$704,000. A total of 15 new FTE positions are anticipated.

PROJECT TITLE:  
RESTROOM RENOVATIONS AT VARIOUS LIBRARIES (MP)  
CIE REQUIREMENTS: N  
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C76046000  
PROGRAM: LIBRARIES

PROJECT DESCRIPTION:  
Restroom facilities at various libraries are in need of renovations to update functionality, fixtures, and finishes. Where possible, family restrooms will be created to meet a growing need for the public.

OPERATING COST IMPACT:  
No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE:  
RIVERVIEW LIBRARY EXPANSION / REPLACEMENT  
CIE REQUIREMENTS: N  
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C76016000  
PROGRAM: LIBRARIES

PROJECT DESCRIPTION:  
Design and construct a new approximately 35,000 square foot library to replace the existing Riverview Library located at 10509 Riverview Drive. With citizen input, a new site at Balm-Riverview Drive has been selected. The project program and services was developed with public input. This project includes furniture, fixtures, and equipment (FF&E) as well as a collection enhancement.

OPERATING COST IMPACT:  
Annual operating cost impact is estimated at \$620,000. A total of 13 new FTE positions are anticipated.

PROJECT COMPLETION DATE: Post Construction

TOTAL FY 23 - FY 27 = \$178,445

\* New Project TBD - To be Determined

\*\* Added to the Capital Improvement Program as part of a Budget Amendment in Fiscal Year 2022

(MP) - Master Project - A listing of sub-projects under this master project will appear in the Appendix section of the CIP document.

Note: Some projects have "Post Construction" in the Project Completion Date column. These projects have finished their primary construction phases and may have been placed in use; nevertheless, these projects still have unspent balances that are earmarked for post-construction project costs.

PROJECT TITLE:  
AL BARNES PARK – CULTURAL CENTER  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C83309000  
PROGRAM: PARKS

**PROJECT DESCRIPTION:**  
The BOCC has approved \$500,000 as a contribution to the City of Tampa for a new cultural center at Al Barnes Park.

**OPERATING COST IMPACT:**  
No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: TBD

PROJECT TITLE:  
ALL PEOPLES PARK EXPANSION  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C83323000  
PROGRAM: PARKS

**PROJECT DESCRIPTION:**

The Project consists of master planning for the existing 28-acre All Peoples Life Center property, to provide a phased development plan for the entire site. The intent is to enhance accessible recreational opportunities for County citizens. Design and construction of amenities such as splash pad, restroom/pumphouse, new lighting, interior and exterior renovations, and associated site improvements will be provided as funds allow.

**Neighborhood Community Area:**

**OPERATING COST IMPACT:**

Operating cost is estimated to be an additional \$10,000 per year.

PROJECT TITLE:  
 COUNTYWIDE SOCCER COMPLEX  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C80209000  
 PROGRAM: PARKS

**PROJECT DESCRIPTION:**  
 This project will design and construct a regional tournament soccer complex to include restrooms, concession stands, parking, lighting, and maintenance building. The selected location is a county owned property on Columbus Drive. Additional funding approved in FY 19 for locker room, equipment and site improvements (Phase 2). Phase 1 is completed. Additional funding has been approved in FY 21 for further site work/parking enhancements and a vendor pavilion (Phase 3). Phase 1 & 2 are complete.

**Neighborhood Community Area:**  
 Brandon

**OPERATING COST IMPACT:**  
 Operating cost included in an Interlocal Agreement with Tampa Sport Authority.

PROJECT COMPLETION DATE: Dec 2023

PROJECT TITLE:  
NEW TAMPA PERFORMING ARTS CENTER  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C83259000  
PROGRAM: PARKS

PROJECT DESCRIPTION:  
Design and construct a new 20,000 Sq Ft civic building (expandable to 30,000 sq ft in the future) to serve as a cultural/community center as part of the New Tampa Community. The County-owned property is located at the intersection of Bruce B. Downs Boulevard and Hunter's Green Drive and is being developed under a Public Private Partnership (P3) Development. The developer will provide a "pad ready" site with the requisite infrastructure for the Performing Arts Center.

OPERATING COST IMPACT:  
Operating cost pending agreement with third party.

PROJECT TITLE:  
**PARKS TREE RESTORATION PROJECT (MP)**  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C83300000  
 PROGRAM: PARKS

**PROJECT DESCRIPTION:**

The purpose of the Park Tree Restoration project is to provide an alternative to the onsite restoration of trees or other vegetation removed from a site. Funds received through the ERF fund shall be utilized for acquiring, planting, protecting, and maintaining trees and other vegetation for public purposes within Hillsborough County. Trees and other vegetation acquired shall be suitable to site conditions, freeze tolerant, and representative of the surrounding plant ecology. Funds received through the ERF fund will also be used to complete a mitigation plan in parks to reforest parks with native drought tolerant and diverse species that will benefit the public in the way of shade, aesthetics, heat island effect, and storm water mitigation.

Neighborhood Community Area:  
 Countywide

**OPERATING COST IMPACT:**

No significant change in annual operating costs is anticipated.

PROJECT TITLE:  
THONOTOSASSA PARK IMPROVEMENT/EXPANSION  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C83643000  
PROGRAM: PARKS

**PROJECT DESCRIPTION:**

The purpose of the project is to provide new/expanded sports and recreational amenities for the Thonotosassa Community. The project will be planned in conjunction with a new replacement library on a recently acquired 36-acre property located at 10217 Main Street, Thonotosassa, north of the existing park at 10132 Skewlee road. Additional land acquisition is planned for the Park together with redeveloping the existing sports complex at the adjacent elementary school. Various options for the improvements will be considered; a master plan will be developed for shared infrastructure and amenities with the library.

Neighborhood Community Area:  
Thonotosassa

**OPERATING COST IMPACT:**

Operating cost is estimated to be an additional \$55,000 per year.

PROJECT COMPLETION DATE: TBD

PROJECT TITLE:  
**HILLSBOROUGH COUNTY MATERIAL RECOVERY FACILITY (MRF)**  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C54079000  
 PROGRAM: SOLID WASTE ENTERPRISE

**PROJECT DESCRIPTION:**  
 The Hillsborough County Material Recovery Facility (MRF) is planned as a 35-ton per hour, single-stream recycling facility designed to process residential recyclables. The MRF will be owned by the County and operated by a contracted third-party private contractor. The facility will also process commercial recyclables, and the awarded vendor assisting the County to explore the processing and marketing for third party materials. Constructed at the existing yard waste site at 350 N Falkenburg Rd, Tampa, FL. The facility will increase landfill diversion of recyclables; processing a wide array of materials and help stabilize recycling processing costs for the County's program and interlocal agreement municipal partners. Included is an education center to inform the public of the benefits of recycling and how the process works within the County's integrated solid waste management system.

**OPERATING COST IMPACT:**  
 No significant change in operating cost is anticipated.

PROJECT TITLE:  
NORTHWEST TRANSFER FACILITY IMPROVEMENTS  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C54067000  
PROGRAM: SOLID WASTE ENTERPRISE

**PROJECT DESCRIPTION:**  
Design, permitting, construction, construction quality assurance and inspections for the Northwest Community Collection Center Improvements project. Major improvements are necessary to provide a better site configuration thus improving safety, customer traffic flow, efficiency of the operation and an expanded layout that will improve the overall customer experience while using the facility.

**OPERATING COST IMPACT:**  
No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Sep 2024

PROJECT TITLE:  
RESOURCE RECOVERY FACILITY IMPROVEMENTS (MP)  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C54075000  
PROGRAM: SOLID WASTE ENTERPRISE

**PROJECT DESCRIPTION:**  
The Facility has four (4) boilers that burn municipal solid waste to generate steam for two (2) turbines that generate 35-40 Megawatts (MW) of electricity for use by other County Departments and for retail sales that generate revenue for the Department. Three of the Boilers, Units 1 through 3, were built in 1989 and Unit 4 was built in 2009. This project allows for the evaluation, identification and prioritization of recommended actions for equipment in need of upgrades, to increase the performance and safety of the facility. Anticipated capital costs include - Road Improvements, Auto Combustion Regulators on Boiler Units 1 through Unit 3 (increases combustion efficiency for increase processing of waste); Auto Dialer Notification (automatic notification to power customers for loss of service); Ash/Runoff Diversion (increased environmental protection with separation of stormwater and ash); Boiler Steam and Tube Replacement and upgrade(replacement of tubes with different metal alloys for improved service life.); and facility system improvement to other waste combustion; electrical generating capacity and transmission; environmental and safety controls.

**OPERATING COST IMPACT:**  
No significant change in operating cost is anticipated.

PROJECT TITLE:  
SOUTHEAST ALTERNATIVE WASTE PROCESSING FACILITY  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C54082000  
PROGRAM: SOLID WASTE ENTERPRISE

**PROJECT DESCRIPTION:**  
This project will be for facility(s) that will provide waste processing technologies to handle the county's increasing solid waste volumes. A new waste-to-energy facility is a technology to be considered; however, multiple technologies will be reviewed, such as materials recovery, digestors, composting, or other technologies, that can adequately process the current and future waste processing needs of the County. The facility infrastructure will include planning, design, permitting, and construction of infrastructure to support technology(s).

**OPERATING COST IMPACT:**  
Operating cost will be contracted with the awarded vendor at completion of project.

PROJECT TITLE:  
SOUTHEAST COUNTY COMPOSTING FACILITY EXPANSION  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C54081000  
PROGRAM: SOLID WASTE ENTERPRISE

**PROJECT DESCRIPTION:**  
Design, permitting and construction of a concrete pad and metal roof structure; similar to the existing composting structure. This will allow additional space to increase capacity in the composting process, providing the ability to manage moisture and rotate compost on a solid platform out of inclement weather.

**OPERATING COST IMPACT:**  
No significant change in operating cost is anticipated.

PROJECT TITLE:  
SOUTHEAST COUNTY LANDFILL CLOSURE  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C54080000  
PROGRAM: SOLID WASTE ENTERPRISE

**PROJECT DESCRIPTION:**  
Due to the rapid expansion of growth in Hillsborough County, the amount of waste material being disposed at the Southeast County Landfill has increased and has reduced the future projected disposal air space. As a result, portions of Phases 2 and 3 at the Southeast County Landfill will reach final design elevation and they must be closed in accordance to FDEP Rules.

**OPERATING COST IMPACT:**  
No significant change in operating cost is anticipated.

PROJECT TITLE: 56TH AND HANNAH REGIONAL DRAINAGE IMPROVEMENTS - ARP ACT 3 FUNDS  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C46186000  
 PROGRAM: STORMWATER

**PROJECT DESCRIPTION:**  
 The 56th St and Hanna Ave. area experiences repetitive flooding issues during storm events. To alleviate the flooding problems, Hillsborough County proposes the 56th St. and Hanna Ave. Drainage Improvement Project. The first phase of this project is to evaluate alternative solutions, choose the best one, perform preliminary 30% design and develop more accurate cost estimates. Based on the initial evaluation, the following scope of work was proposed: 1) Driveway and cross-culvert improvements along 56th street. 2) New drainage system along East Dianna Street to Lucy Dell Community Pond. 3) Lucy Dell Community Pond outfall improvements including a new outfall providing a secondary outfall for the 56th Street drainage system.

**OPERATING COST IMPACT:**  
 There are no operating or maintenance costs associated with this project.

PROJECT TITLE: CANAL DREDGING AND PREVENTATIVE MEASURES (MP)  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C46143000  
 PROGRAM: STORMWATER

**PROJECT DESCRIPTION:**  
 The Canal Dredging Grant Program was put in place to provide grant funding for coastal canal dredge projects that will improve and enhance navigation pursuant to the Board of County Commissioners' Policy #01.31.01.00. Applicants may apply to the County to receive up to \$50,000 in funding for qualifying coastal canal dredging projects. Matching funds must be provided by the applicant on a 2 (applicant) to 1 (County) basis, and County funding, if awarded, will be provided on a reimbursable basis.

**OPERATING COST IMPACT:**  
 There are no operating or maintenance costs associated with this project.

PROJECT TITLE: DELANEY CREEK WATER QUALITY IMPROVEMENTS - ARP ACT 3 FUNDS  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C46187000  
 PROGRAM: STORMWATER

**PROJECT DESCRIPTION:**

Project goals and scope description include reduction in Delaney Creek pollutant loading and development of aesthetically pleasing stormwater best management practices such as construction of bio-swales, rain Garden, green gutters and exploration of a shared-use path. Exploring Grant funding for construction in design phase.

**Neighborhood Community Area:**  
 Greater Palm River

**OPERATING COST IMPACT:**

The estimated ongoing maintenance costs for stormwater improvements runs \$2.50 per \$1,000 of project cost.

PROJECT TITLE: MAJOR NEIGHBORHOOD DRAINAGE IMPROVEMENTS (MP)  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C46132000  
 PROGRAM: STORMWATER

**PROJECT DESCRIPTION:**

Design and construction activities associated with intermediate and regional scale stormwater improvement projects to alleviate street flooding and structure flooding. The intermediate scale projects impact or serve multiple local systems and generally require construction in waters of the state. Regional scale projects impact multiple intermediate systems and typically provide watershed or regional-scale benefit. These projects provide flood protection for road systems, either under local or state control. Project implementation will provide improved public safety through reduction of peak roadway flooding and/or reduction of the flooding duration. These projects typically result from the watershed studies. In general, the intermediate and regional projects also provide significant water quality benefits by routing the stormwater runoff to ponding areas, roadside swales, or ditches. Sometimes the design may include community recreation benefits.

**Neighborhood Community Area:**  
 Countywide

**OPERATING COST IMPACT:**

The estimated ongoing maintenance costs for stormwater improvements runs \$2.50 per \$1,000 of project cost.

**PROJECT TITLE:**  
**PROGRESS VILLAGE LOCAL DRAINAGE IMPROVEMENTS - ARP ACT 3 FUNDS**  
**CIE REQUIREMENTS:** Y  
**LEVEL OF SERVICE IMPACT:** E

**PROJECT NUMBER:** C46188000  
**PROGRAM:** STORMWATER

**PROJECT DESCRIPTION:**

Hillsborough County stormwater staff has identified multiple local scale projects that may improve stormwater conveyance within the Progress Village neighborhood. The identified projects range from modification and replacement of existing infrastructure to construction of additional stormwater conveyance infrastructure (storm sewer). The following local drainage improvements are included in this project:

- 1) Remove, regrade, replace broken, compromised or depressed curb and gutter.
- 2) Reduce nuisance flooding through construction of intersection gutters.
- 3) Modify speed humps to reduce impedance of stormwater runoff and reduce ponding.
- 4) Construct additional stormwater inlets along 79th Street, at Enddive Ave and Bahia Ave, to tie into existing stormwater system on 78th Street to reduce flooding.
- 5) Construct a cross drain underlying Flower Ave to reduce flooding on the sidewalk adjacent to 78th Street at Emmanuel P Johnson Recreation Center

**OPERATING COST IMPACT:**

The estimated ongoing maintenance costs for stormwater improvements runs \$2.50 per \$1,000 of project cost.

**Neighborhood Community Area:**  
 Greater Palm River

**PROJECT COMPLETION DATE:** Sep 2023

**PROJECT TITLE:**  
**PROGRESS VILLAGE REGIONAL DRAINAGE IMPROVEMENTS - ARP ACT 3 FUNDS**  
**CIE REQUIREMENTS:** Y  
**LEVEL OF SERVICE IMPACT:** E

**PROJECT NUMBER:** C46185000  
**PROGRAM:** STORMWATER

**PROJECT DESCRIPTION:**

Proposed stormwater storage and conveyance improvements within Progress Village Community will provide flood protection and water quality benefit. An existing 42" RCP crossing at Progress Blvd to be replaced with 60" RCP, the proposed 60" pipe will continue south adjacent to the existing concrete box culverts ultimately discharging into a proposed 2.7 acre stormwater pond south of Endive Ave. Additionally flood reduction shall be provided through the excavation of a proposed 9.7 acres flood storage area adjacent to North Archie Creek. All requisite lands are County owned. The project will provide flood protection and Water Quality benefit.

Significant water quality benefit will be achieved through detention of previously untreated stormwater runoff. The Preliminary Engineering study noted expected Total Nitrogen and Total Phosphorus reduction of 90.63lb/yr. and 39.72lb/yr. water quality for North Archie Creek.

**OPERATING COST IMPACT:**

The estimated ongoing maintenance costs for stormwater improvements runs \$2.50 per \$1,000 of project cost.

**Neighborhood Community Area:**  
 Greater Palm River

PROJECT TITLE:  
STORMWATER SYSTEM MAINTENANCE (MP)  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C46147000  
PROGRAM: STORMWATER

**PROJECT DESCRIPTION:**

The project provides a work plan and schedule of implementation for Countywide roadside drainage system restorations/improvements to maximize the flow function and safety within current Right-Of-Way limits. The project will include assessment of roadside swale/ditch/channel according roadway category, existing condition (sediment/erosion/side slope), flooding condition, and possible impacts of safety; prioritization according cost estimate, and benefit (from assessment); and work plan with schedule of implementation according available resources.

**Neighborhood Community Area:**  
Countywide

**OPERATING COST IMPACT:**

No significant change in operating cost is anticipated.

PROJECT TITLE: WATERSHED DRAINAGE IMPROVEMENTS (MP)  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C46137000  
 PROGRAM: STORMWATER

**PROJECT DESCRIPTION:**  
 Design and construction activities associated with intermediate and regional scale stormwater improvement projects to alleviate street flooding and structure flooding. The intermediate scale projects impact or serve multiple local systems and generally require construction in waters of the state. Regional scale projects impact multiple intermediate systems and typically provide watershed or regionalscale benefit. These projects provide flood protection for road systems, either under local or state control. Project implementation will provide improved public safety through reduction of peak roadway flooding and/or reduction of the flooding duration. These projects typically result from the watershed studies. In general, the intermediate and regional projects also provide significant water quality benefits by routing the stormwater runoff to ponding areas, roadside swales, or ditches. Sometimes the design may include community recreation benefits.

**Neighborhood Community Area:**  
 Countywide

**OPERATING COST IMPACT:**  
 The estimated ongoing maintenance costs for stormwater improvements runs \$2.50 per \$1,000 of project cost.

**PROJECT TITLE:**  
**WATERSHED MASTER PLAN UPDATES (MP)**  
**CIE REQUIREMENTS:** Y  
**LEVEL OF SERVICE IMPACT:** M

**PROJECT NUMBER:** C46140000  
**PROGRAM:** STORMWATER

**PROJECT DESCRIPTION:**

This ongoing County-wide master project consists of updating the Hillsborough County Watershed Management Plan with more current or accurate LIDAR and other information to reflect land use changes throughout the County resulting from continuously changing residential & commercial developments and new County infrastructure. The update includes data collection, basin re-delineation, input revision, model calibration, model verification, level of service, determination of deficit of conveyance system, alternate analysis, and final recommendation. GIS database updates, 100-year flood plain and 100-year floodway delineations, DFIRM revisions, and future integration of 17 watersheds are also included.

**Neighborhood Community Area:**  
 Countywide

**OPERATING COST IMPACT:**

No significant change in operating cost is anticipated.

**PROJECT COMPLETION DATE:** Ongoing

\* New Project TBD - To be Determined

\*\* Added to the Capital Improvement Program as part of a Budget Amendment in Fiscal Year 2022

" Project includes undetermined funding in the Future column. Future funding to be determined based on project prioritization and available options at BOCC discretion.

(MP) - Master Project - A listing of sub-projects under this master project will appear in the Appendix section of the CIP document.

Note: Some projects have "Post Construction" in the Project Completion Date column. These projects have finished their primary construction phases and may have been placed in use; nevertheless, these projects still have unspent balances that are earmarked for post-construction project costs.

**PROJECT TITLE:**  
19TH AVENUE NE CORRIDOR IMPROVEMENTS (US 41 TO US 301)  
**CIE REQUIREMENTS:** Y  
**LEVEL OF SERVICE IMPACT:** E

**PROJECT NUMBER:** C69640000  
**PROGRAM:** TRANSPORTATION

**PROJECT DESCRIPTION:**  
This project includes Project Development and Environmental Study (PDE) for the Enhancement of 19th Avenue NE, a 2-lane undivided road, from US 41 to US 301 including enhanced pedestrian, bicycle and bus facilities.

**OPERATING COST IMPACT:**  
Impact on annual operating and maintenance costs is to be determined.

**PROJECT COMPLETION DATE:** TBD

PROJECT TITLE: **ADVANCED TRAFFIC MANAGEMENT SYSTEM IMPROVEMENT PROGRAM (MP)** PROJECT NUMBER: C69602000  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: E PROGRAM: TRANSPORTATION

**PROJECT DESCRIPTION:**  
 Project funding for the design and implementation of expansions and enhancements to the County's Intelligent Transportation System (ITS) program, which is comprised of computerized traffic signal control, arterial monitoring and management, and related functions. This includes the Countywide integration of technology upgrades, including realtime communications to signalized intersections and detection to determine travel demands, to be able to provide improved traffic flow, improvements in safety, increased transportation efficiency, enhanced mobility, and reductions in fuel consumption and pollutant emissions. This system uses real-time traffic data from vehicle detectors, intersection controllers, and monitoring video cameras, all routed to one central control system at the County's Traffic Management Center (TMC).

**OPERATING COST IMPACT:**  
 Hillsborough County-Wide annual operating and maintenance costs are estimated to be \$450,000 per year once all project corridors are completed. This cost includes the daily diagnostic management utilizing the Traffic Management Center software packages to monitor the traffic signals, and operations support for communication repairs, traffic signal optimization with signal timing adjustments, and field maintenance and operations activities.

PROJECT TITLE:  
INTERSECTION OPERATION AND SAFETY PROGRAM (MP)  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C69645000  
PROGRAM: TRANSPORTATION

**PROJECT DESCRIPTION:**  
Countywide operation and safety improvements to the roadway system through intersection and access enhancements in high crash and high congestion locations. Projects include new, additional and lengthened turn lanes, new and enhanced medians, new and enhanced traffic signals and signal alternatives, and various other access and vehicle progression improvements.

**OPERATING COST IMPACT:**  
Impact on annual operating and maintenance costs is to be determined.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE:  
MAYDELL BRIDGE REPLACEMENT  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C69634000  
PROGRAM: TRANSPORTATION

**PROJECT DESCRIPTION:**

Replace the existing Maydell Bridge, which is currently a structurally deficient two-lane undivided facility with no shoulders and a 4 foot sidewalk. The new bridge will have 8 foot shoulders for vehicular safety and enhanced pedestrian safety features, including a barrier separated 5 foot sidewalk and a 10 foot trail.

**Neighborhood Community Area:**  
Greater Palm River

**OPERATING COST IMPACT:**

Impact on annual operating and maintenance costs is to be determined.

**PROJECT NUMBER:** C69660000  
**PROGRAM:** TRANSPORTATION

**PROJECT DESCRIPTION:**  
 A proposed 12 foot multi-use trail along the Tampa Bypass Canal from N. 34th St. (South of Adamo Dr.) to SR 581 (Bruce B. Downs Blvd.). If constructed would connect Flatwoods Trail, Trout Creek and Wilderness Parks, Harney Park, Temple Terrace Dog Park, Veteran's Park, City of Tampa's planned 50th to 34th St Trail, the South County Trail and the McKay Bay Trail.

**Neighborhood Community Area:**  
 East Lake Orient Park

**OPERATING COST IMPACT:**  
 Impact on annual operating and maintenance costs is to be determined.

**PROJECT COMPLETION DATE:** TBD

PROJECT TITLE:  
TURKEY CREEK ROAD IMPROVEMENTS FROM MLK BLVD TO SYDNEY ROAD  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C69625000  
PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:  
This project will widen Turkey Creek Road from Sydney Road to south of SR 574/ML King Blvd (1.4 mi) and provide capacity improvements at the Sydney intersection. Improvements include new, additional and lengthened turn lanes, new and enhanced medians.

OPERATING COST IMPACT:  
There will be no operating cost impact to the County.

PROJECT COMPLETION DATE: Sep 2023

**PROJECT TITLE:**  
UPPER TAMPA BAY TRAIL IV  
**CIE REQUIREMENTS:** Y  
**LEVEL OF SERVICE IMPACT:** E

**PROJECT NUMBER:** C69661000  
**PROGRAM:** TRANSPORTATION

**PROJECT DESCRIPTION:**

The Upper Tampa Bay Trail is located in residential northwest Hillsborough County. Currently, the trail runs along the west shore of Channel A from a trailhead off Memorial Highway/Montague Street, past Waters Avenue, Linebaugh, and then due north to Gunn Highway, Ehrlich Road and ending at Peterson Road Park. The trail continues north from Van Dyke Road north and then east to the trailhead on Lutz Lake Fern Road, connecting to the Suncoast Trail at the Veterans Expressway. This project includes design, land acquisition, and construction to complete the section of multi-use trail between Peterson Road Park and Van Dyke Road.

**Neighborhood Community Area:**  
East Rural

**OPERATING COST IMPACT:**

Impact on annual operating and maintenance costs is to be determined.

PROJECT TITLE: VAN DYKE ROAD CORRIDOR IMPROVEMENT - GUNN HWY. TO EAST OF WHIRLEY RD. PROJECT NUMBER: C69646000  
 CIE REQUIREMENTS: Y PROGRAM: TRANSPORTATION  
 LEVEL OF SERVICE IMPACT: E

**PROJECT DESCRIPTION:**  
 This project will widen Van Dyke Rd, from Whirley Rd to Suncoast Pkwy (approximately 2 miles) from a 2-lane undivided road, to a 4-lane divided facility. Includes enhanced pedestrian, bicycle and bus facilities, and improvements to the associated stormwater drainage. Additional items include: Intersection improvements, enhanced pedestrian safety features such as sidewalks, enhanced crosswalks and signals. A shared-use trail connection from the Upper Tampa Bay Trail to the Northdale Lake Park Trail will also be provided.

**OPERATING COST IMPACT:**  
 Impact on annual operating and maintenance costs is to be determined.

\* New Project TBD - To be Determined

\*\* Added to the Capital Improvement Program as part of a Budget Amendment in Fiscal Year 2022

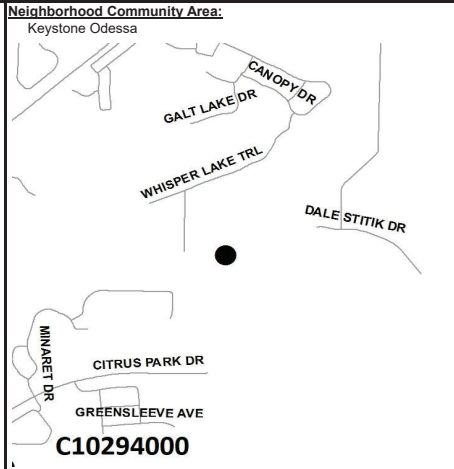

(MP) - Master Project - A listing of sub-projects under this master project will appear in the Appendix section of the CIP document.

Note: Some projects have "Post Construction" in the Project Completion Date column. These projects have finished their primary construction phases and may have been placed in use; nevertheless, these projects still have unspent balances that are earmarked for post-construction project costs.

PROJECT TITLE:  
**ADVANCED WATER TREATMENT DEMONSTRATION PROGRAM**  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C10294000  
 PROGRAM: WATER ENTERPRISE

**PROJECT DESCRIPTION:**  
 Investigate supplementing the County's potable water resources with advanced treated reclaimed water.

**OPERATING COST IMPACT:**  
 Operating cost is estimated to be \$232,000 per year.

PROJECT COMPLETION DATE: Dec 2026

PROJECT TITLE:  
**BALM RD SUPER PUMP STATION**  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C10314000  
 PROGRAM: WATER ENTERPRISE

**PROJECT DESCRIPTION:**  
 This project includes building a new wastewater pump station at the parcel: 0779155010 on Balm Road. This land parcel is owned by Hillsborough County.

**OPERATING COST IMPACT:**  
 No significant change in annual operating costs is anticipated.

PROJECT TITLE:  
BALM RIVERVIEW RD PARALLEL FORCEMAIN  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C10316000  
PROGRAM: WATER ENTERPRISE

**PROJECT DESCRIPTION:**

This project includes building a new wastewater force main along on Balm Riverview Road between Big Bend East Road and Balm Road. The force main is approximately 12,500 ft.

**Neighborhood Community Area:**

**OPERATING COST IMPACT:**

No significant change in annual operating costs is anticipated.

PROJECT TITLE:  
 COUNTYWIDE POTABLE WATER TRANSMISSION AND DISTRIBUTION SYSTEM (MP)  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C31977000  
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:  
 Design and construction of Countywide water transmission and distribution lines that require replacement or system upgrade. This project includes water distribution projects that improve level of service - pressure, quality, quantity and fire protection. This project will allow for limited line extensions to loop systems or provide fire protection. The County's existing water distribution system has small areas where improvements are required to meet our water quality and pressure goals.

Neighborhood Community Area:  
 Countywide

OPERATING COST IMPACT:  
 No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Ongoing

PROJECT NUMBER: C10171000  
 PROGRAM: WATER ENTERPRISE

**PROJECT DESCRIPTION:**

Design and construction of countywide wastewater force mains that require replacement or system upgrade. Portions of the existing wastewater collection and transmission system are reaching the end of their useful life. This aging infrastructure will take a significant investment to repair and replace.

**Neighborhood Community Area:**

Countywide

**OPERATING COST IMPACT:**

No significant change in annual operating costs is anticipated.

PROJECT TITLE:  
**COUNTYWIDE WASTEWATER PUMP STATIONS R&R (MP)**  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C10138000  
 PROGRAM: WATER ENTERPRISE

**PROJECT DESCRIPTION:**

This project provides for the annual major rehabilitation of 40-60 of the 699 pump stations owned, operated and maintained by the Water Enterprise. Failure to provide extensive maintenance will result in outages and increased O&M costs.

**Neighborhood Community Area:**

Countywide

**OPERATING COST IMPACT:**

No significant change in annual operating costs is anticipated.

PROJECT TITLE:  
FLOW DIVERSION FROM FALKENBURG (PUMP STATIONS & PIPELINES)  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C10280000  
PROGRAM: WATER ENTERPRISE

**PROJECT DESCRIPTION:**  
An initial evaluation of alternatives was completed for reducing wastewater flow to the Falkenburg AWTF and diverting that flow to the Valrico and/or South County AWTFs. The scope includes design, permitting and construction of a wastewater flow diversion system from the Falkenburg AWTF to the Valrico AWTF. This will free up additional capacity at the Falkenburg AWTF. It also includes approximately 4,500 LF of new 36" force main and a new master/super pump station to divert approximately 2 MGD, therefore creating 2 MGD of additional capacity available at the Falkenburg AWTF.

**OPERATING COST IMPACT:**  
Operating cost is estimated to be \$26,000 per year.

PROJECT TITLE: NORTHWEST HILLSBOROUGH AQUIFER RECHARGE PROGRAM (NHARP)  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C10238000  
 PROGRAM: WATER ENTERPRISE

**PROJECT DESCRIPTION:**  
 Design and construction of the Northwest Hillsborough Regional Aquifer Recharge system. The recharge system will be located at the Northwest Dechlorination Facility (NWDF) and will include an exploratory well and associated monitoring wells. The project includes preparation of bid documents, bidding the work to a qualified driller, oversight services, construction of wells, re-permitting the wells to allow commencement of recharge activities, and well completion reports.

**OPERATING COST IMPACT:**  
 No significant change in annual operating costs is anticipated.

PROJECT TITLE: NORTHWEST REGIONAL WRF SYSTEM IMPROVEMENTS & EXPANSION  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C10239000  
 PROGRAM: WATER ENTERPRISE

**PROJECT DESCRIPTION:**  
 Design, permit and construct improvements to the Northwest Regional Water Reclamation Facility. The current facility is permitted to treat 10.0 million gallons per day. The anticipated improvements will increase the permitted capacity to 30.0 million gallons per day. This permitted capacity allows for one full treatment train to be out of service for maintenance and operational flexibility. Improvements are essential to long-term environmental needs and the necessary decommissioning of the River Oaks and Dale Mabry Wastewater Treatment Plants.

**OPERATING COST IMPACT:**  
 No significant change in annual operating costs is anticipated.

PROJECT TITLE: PUBLIC UTILITIES TELEMETRY / DATA NETWORK AND SUPPORT PROGRAM (MP) PROJECT NUMBER: C31978000  
 CIE REQUIREMENTS: Y LEVEL OF SERVICE IMPACT: E PROGRAM: WATER ENTERPRISE

**PROJECT DESCRIPTION:**  
 Design and construct a facility to centralize command and control of the Public Utilities Department water and wastewater facilities. This facility will include all necessary support structure, communications, interconnectivity, and uplinks to all water and wastewater SCADA systems to allow remote 24 hour operation during normal and emergency operations. This project is required to provide Public Utilities a facility to utilize for centralized command and control of our water and wastewater treatment plants and pumping stations on a 24-hour basis as well as provide a command and control facility for recovery operations following an emergency situation.

**OPERATING COST IMPACT:**  
 Operating cost impact is estimated to be \$50,000 per year.

PROJECT TITLE: RECLAIMED WATER TRANSMISSION MAIN EXTENSIONS TO NEW AND EXISTING CUSTOMERS (MP)  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: E,F

PROJECT NUMBER: C19017000  
 PROGRAM: WATER ENTERPRISE

**PROJECT DESCRIPTION:**  
 Design and construction of RWTM's to serve new developments or major users, to serve existing developments with approved RWIU's, and to improve service to existing customers. This can include the construction of metering assemblies for major users.

**Neighborhood Community Area:**  
 Countywide

**OPERATING COST IMPACT:**  
 Operating cost is estimated to be \$1,200 per year.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE:  
RUSKIN AND WIMAUMA SEWER SYSTEM  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C10296000  
PROGRAM: WATER ENTERPRISE

**PROJECT DESCRIPTION:**

Existing LPSS system performs below PUD expectations. PUD will investigate 1) if the LPSS can work with better performance at lower maintenance effort and cost; and, 2) what techniques will be used for wastewater collection. This project will allow PUD to better serve the residents and business at these two locations.

**Neighborhood Community Area:**

**OPERATING COST IMPACT:**

No significant change in annual operating costs is anticipated.

<sup>3</sup> Non-Capital includes, but is not limited to, expenses related to Building Maintenance, Grounds & Landscaping Maintenance, Non-Capitalizable Equipment and other Professional Services.

**PROJECT TITLE:**  
SOUTH COUNTY DRINKING WATER TRANSMISSION MAIN - OWC  
**CIE REQUIREMENTS:** Y  
**LEVEL OF SERVICE IMPACT:** F

**PROJECT NUMBER:** C32013000  
**PROGRAM:** WATER ENTERPRISE

**PROJECT DESCRIPTION:**

Design and installation of a new 42-inch potable water transmission main along Balm-Riverview Rd, from approximately Big Bend Rd. south to Balm-Wimauma Rd, then south to approximately SR 674, and then west to US 301. The new transmission main will connect to existing water distribution infrastructure at each end, and will help provide increased potable water service pressures and additional flow.

**Neighborhood Community Area:**

**OPERATING COST IMPACT:**

Impact on annual operating and maintenance costs is to be determined.

**PROJECT COMPLETION DATE:** Dec 2026

PROJECT TITLE:  
SOUTH COUNTY ONE WATER CAMPUS AWWTF  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C10301000  
PROGRAM: WATER ENTERPRISE

**PROJECT DESCRIPTION:**  
Design and construction of a new Regional Water Reclamation Facility in the South County Service Area to provide additional wastewater treatment capacity. The new facility is needed to meet increasing wastewater demands due to continuing population growth in the South County Area, and will ensure the utility system continues to provide an acceptable level of service to customers. The project also includes installation of various wastewater collection system force mains, pump stations, and reclaimed water mains connecting the new facility to the existing utility infrastructure system.

**OPERATING COST IMPACT:**  
Impact on annual operating and maintenance costs is to be determined.

**PROJECT TITLE:**  
SOUTH HILLSBOROUGH AQUIFER RECHARGE PROGRAM (SHARP)  
**CIE REQUIREMENTS:** Y  
**LEVEL OF SERVICE IMPACT:** M

**PROJECT NUMBER:** C10259000  
**PROGRAM:** WATER ENTERPRISE

**PROJECT DESCRIPTION:**

In the future, surface water discharges will be limited and/or eliminated due to TMDLs and/or Numeric Nutrient Criteria restrictions. Aquifer Recharge (AR) is another area where reclaimed water can be used to reduce discharges. Added benefit of AR can be, no new customer required, a salinity barrier created to limit salt water intrusion, potential groundwater credits, and a wet weather sink for reclaimed water. An existing ASR well located near the Port Red Wing outfall has been proposed to be the test well for this project. SWFWMD is onboard with this project and cofunding is likely. This is a pilot project using one well and surrounding monitoring wells. The results from this project are to outline the feasibility of additional AR wells and the discovery of regulatory or environmental affects that would not allow AR to move forward, or under what circumstances/ costs that AR could work.

**Neighborhood Community Area:**

Apollo Beach, Ruskin

**OPERATING COST IMPACT:**

No significant change in annual operating costs is anticipated.

**PROJECT COMPLETION DATE:** Jun 2027

**PROJECT TITLE:**  
UTILITY RELOCATION (MP)  
**CIE REQUIREMENTS:** Y  
**LEVEL OF SERVICE IMPACT:** M

**PROJECT NUMBER:** C31945000  
**PROGRAM:** WATER ENTERPRISE

**PROJECT DESCRIPTION:**  
Public Utilities owns and operates miles of piping located in County, State and privately owned property. We are required to relocate our facilities for the convenience of the property owner by local, state and federal laws under certain circumstances. This CIP is the funding source for this required effort. Typical projects include relocating pipelines that are impacted by County and FDOT roadway and drainage improvements.

**OPERATING COST IMPACT:**  
No significant change in annual operating costs is anticipated.

**PROJECT COMPLETION DATE:** Ongoing

PROJECT TITLE:  
VALRICO AERATION IMPROVEMENTS  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C10311000  
PROGRAM: WATER ENTERPRISE

**PROJECT DESCRIPTION:**

This project will help increase the biological capacity of the plant by ensuring that the air requirements are being met. Current conditions indicate a biological loading capacity reduction due to low availability of air.

**Neighborhood Community Area:**

**OPERATING COST IMPACT:**

No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Jun 2024

PROJECT TITLE:  
VALRICO EQUALIZATION BASIN  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C10291000  
PROGRAM: WATER ENTERPRISE

**PROJECT DESCRIPTION:**

Design and installation of a closed equalization tank at the Valrico Advanced Wastewater Treatment Facility. The tank will function between the headworks and the annox basin and will be sized to keep an maintain a constant flow through the plant. It may include aeration for odor control and mixing. A biological facility will operate more efficiently with a steady flow. Currently, influent flows follow a diurnal pattern with two peaks per day. These are also the maximum points of power usage for aeration and UV disinfection. An equalization tank will store flow during high flow periods and feed it to the plant during lower flow periods, so that the plant is fed at a more constant rate. This will stabilize power usage, sludge production, and other processes saving money on power costs.

**Neighborhood Community Area:**

**OPERATING COST IMPACT:**

No significant change in annual operating costs is anticipated.

PROJECT TITLE:  
VALRICO SOLAR POWER INSTALLATION  
CIE REQUIREMENTS: Y  
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C10290000  
PROGRAM: WATER ENTERPRISE

**PROJECT DESCRIPTION:**

Design and construct a solar panel and battery system to provide supplemental power to the Valrico AWWTF. PUD is exploring alternative energy sources both to save money on power costs and reduce the carbon footprint of its facilities.

**Neighborhood Community Area:**

**OPERATING COST IMPACT:**

No significant change in annual operating costs is anticipated.

PROJECT TITLE:  
**WOODBERRY SUPER STATION REHABILITATION**  
 CIE REQUIREMENTS: Y  
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C10292000  
 PROGRAM: WATER ENTERPRISE

**PROJECT DESCRIPTION:**  
 The Woodberry Super Station is one of the largest in the County and pumps all of its flow to the Falkenburg AWTF. It is over 20 years old and requires rehabilitation including new variable frequency drives, wet well coatings, new or rehabilitated pumps, and other piping and appurtenances. Significant bypass pumping will also be required. The Woodberry Super Station is critical to transferring wastewater to the Falkenburg AWTF. Allowing the electrical infrastructure to continue to age presents significant financial and environmental risk to the County.

**OPERATING COST IMPACT:**  
 No significant change in annual operating costs is anticipated.

\* Note: To ensure that funding is available to maintain existing facilities, the Board of County Commissioners sets aside a minimum of 1% of anticipated annual revenues in the Countywide General Fund, the Unincorporated Area General Fund and the Library District Fund. The FY 23, 1% - 2.1% allocations will generate approximately \$8.3 million for Countywide General Fund, \$7.3 million for the Unincorporated Area General Fund and \$680,286 for the Library District Fund.

**PUBLIC ART PROGRAM  
ANNUAL PUBLIC ART PLAN - FY 23  
RECOMMENDED PROJECT LIST AS APPROVED BY THE PUBLIC ART COMMITTEE ON APRIL 22, 2022**

**TRANSPORTATION PROGRAM SUPPLEMENT  
DEVELOPMENTS OF REGIONAL IMPACT (DRI)  
CAPITAL PROJECTS MANAGED BY PRIVATE SECTOR**

---

<u>DRI #</u>	<u>Development Name</u>	<u>Project Name</u>	<u>Project Description</u>	<u>Estimated Completion Date (*)</u>
<b><u>Active Projects:</u></b>				
266	Wataset (fka Wolf Creek Branch)	24th St	Extend 2-lane road from 19th Ave to Big Bend Road	Mar-27
		30th St	Extend 2-lane road from 19th Ave to Wataset Blvd	Sep-23
		Covington Garden	Extend 2-lane road from Wataset Blvd to current terminus	Dec-22
		Avenue A (Covington Garden)	Extend 2-lane road from Wataset Blvd to W project boundary	Dec-23

(\*) The projects related to Developments of Regional Impact (DRI's) are subject to the timing of development within a project. Therefore, dates are estimates only.

---

## DEFINITIONS

---

**ADA** – Americans with Disabilities Act. There are projects in this document which specifically address ADA compliance. These projects enable handicapped access to County facilities.

**AD VALOREM TAX** - A tax levied in proportion (usually millage rates) to the assessed value of the property on which it is levied.

**ALL YEARS BUDGET** - Budgeting and reporting grant and capital project appropriations and expenditures from grant or project inception through the desired reporting period, as opposed to budgeting and reporting on a fiscal year basis. As a result, each year's budget only reflects that year's changes in funding, such as additional funds being added to a project budget or unneeded funds being subtracted from the budget.

**APPROPRIATION** - The legal authorization of funds granted by a legislative body, such as Hillsborough County's Board of County Commissioners, to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and time duration. It is the act of appropriation that funds a budget.

**BEGINNING FUND BALANCE** - The Ending Fund Balance of the previous period. (See Ending Fund Balance definition.)

**BOCC** - Hillsborough County Board of County Commissioners

**BOND** - Written evidence of the issuer's obligation to repay a specified principal amount on a certain date (maturity date), together with interest at a stated rate, or according to a formula for determining that rate.

**BUDGET FY 23** - Funds authorized by the BOCC for fiscal year 2023.

**CAPITAL BUDGET** - The financial plan of capital project expenditures for the fiscal year beginning October 1. It incorporates anticipated revenues and appropriations included in the first year of

the five or six-year Capital Improvement Program (CIP). The Capital Budget is adopted by the BOCC as a part of the annual County Budget.

**CAPITAL IMPROVEMENTS ELEMENT (CIE)** - An element of the Comprehensive Plan which identifies the revenues, costs, and location of the six public facility types required by concurrency: Parks, Solid Waste, Stormwater, Transportation, Water, and Wastewater based on service level standards and the land use plan adopted by the BOCC.

**CAPITAL IMPROVEMENT PROGRAM (CIP)** - The financial plan of approved capital projects, their timing, and cost over a six-year period in the first year of a biennial budget, and over a five-year period in the second year of a biennial budget. The CIP is designed to meet County infrastructure needs in a responsive and efficient manner. It includes projects which are, or will become the property of Hillsborough County, as well as, projects that although are not owned by the County, will be part of a joint project agreement.

**CAPITAL PROJECT** - Funds budgeted/expended for the acquisition, construction, reconstruction, initial fixtures and equipment, renovation, rehabilitation, and replacement of a facility or a major component of a facility, with a life expectancy of at least five years, and any land, design, feasibility studies, engineering studies, and engineering costs related thereto. To be included in the CIP, a project must have a definite scope of work, timeframe, and cost estimate.

**COMMUNITY INVESTMENT TAX (CIT)** - A discretionary half cent sales surtax approved by the voters to finance general government, public safety, educational and other facilities in Hillsborough County and the cities of Tampa, Plant City and Temple Terrace.

**DEBT SERVICE** – Dollars required to re-pay funds borrowed by means of issuance of bonds or through a bank loan. The components of debt service typically include an amount to repay a portion of the

---

## DEFINITIONS

---

principal amount borrowed as well as interest on the remaining outstanding (unpaid) principal balance.

**DEFEASANCE** - is a financing tool by which outstanding bonds may be retired without a bond redemption or implementing an open market buy-back. Cash is used to purchase government securities. The principal of and interest earned on the securities are sufficient to meet all payments of principal and interest on the outstanding bonds as they become due. If the defeasance is consistent with generally accepted accounting principles and complies with the outstanding bond document requirements, the bonds will no longer be treated as debt for accounting purposes nor for purposes of computing any statutory or constitutional debt limitation.

**DEVELOPMENT OF REGIONAL IMPACT (DRI)** - A property development of large size which, based on state mandated thresholds is likely to impact more than one county.

**ELAPP** – Environmental Lands Acquisition and Protection Program.

**ENCUMBRANCE** - Legal commitment of budgeted funds set aside for the payments of outstanding contractual obligations.

**ENDING FUND BALANCE** - Funds carried over at the end of the fiscal year. Within a fund, the revenue on hand at the beginning of the fiscal year plus revenues received during the year less expenses equals ending fund balance.

**ENTERPRISE FEES** – Enterprise fees are charges for services imposed on users of facilities of the two programs funded through enterprise funds - Solid Waste and Water/Wastewater/Reclaimed Water. Use of these revenues is restricted to operating, maintaining or building new infrastructure for the respective service for which the fee is being collected.

**ENTERPRISE FUND** - A fund used to account for operations that are financed and operated in a manner similar to private business enterprises wherein the stated intent is that the costs (including depreciation) of providing goods and services be financed from revenues recovered primarily through user fees.

**FISCAL YEAR 2023 (FY 23)** - The 12-month fiscal period beginning October 1, 2022 and ending September 30, 2023. It can also be referred to or shown as FY 23.

**FUND** - An accounting entity used to record cash and other financial resources as well as an offsetting amount of liabilities and other uses. The resources and uses are segregated from other resources and uses for the purpose of carrying on specific activities or attaining specific objectives in accordance with special regulations, restrictions, or limitations.

**FUTURE** - Capital funding requirement identified for a project beyond the CIP FY 23 – FY 27 planning horizon.

**GENERAL REVENUES** - This revenue category includes funding from ad valorem taxes, communication services tax, state revenue sharing and half-cent local government sales tax.

**IMPACT FEES** - A type of charge for services which is assessed on new construction in order to support specific new demands on a given type of infrastructure, e.g., transportation, schools, parks, and fire protection.

**INFRASTRUCTURE** - Infrastructure is a permanent installation such as a building, road, or water transmission system that provides public services.

**LEVEL OF SERVICE** - An indicator of the extent or degree of service provided by or proposed to be provided by a facility included in the Capital Improvements Element (CIE) of the Comprehensive Plan

---

## DEFINITIONS

---

based on and related to the operational characteristics of the facility. The six public facility types in the Capital Improvements Element of the Comprehensive Plan are: Parks, Solid Waste, Stormwater, Transportation, Water, and Wastewater. The Level of service shall indicate the capacity per unit of demand for each public facility. (FL Administrative Code, Rule 9J-5.003 (47), Vol. 4, Page 973).

**LEVEL OF SERVICE IMPACT** - Impact on adopted levels of service of the six types of facilities in the Capital Improvements Element (CIE) are coded as follows: (M) the repair, remodeling, renovation or replacement of an existing County facility that will maintain levels of service in the Comprehensive Plan; (E) construction of a new facility or expansion of an existing facility that will reduce deficiencies in the levels of service in the Comprehensive Plan; (F) construction of a new facility or expansion of an existing facility is needed to meet levels of service from new development; (N/A) indicates the project or facility type is not covered by the CIE.

**MASTER ACCOUNT** - A Master Account is an account that is funded to repair and or replace equipment at various locations within the Water, Wastewater and Reclaimed Water Programs. The anticipated dollars associated with the repair and replacement of equipment at various facilities are grouped according to types and placed in a master account to allow for a more efficient method of handling repair and replacement needs as they arise. Needs are identified at the beginning of the year and are then prioritized throughout out the year to insure that the system is in good working condition.

**MILL** - A mill is .001 of one dollar, or 1/10<sup>th</sup> of one cent per dollar.

**MILLAGE RATE** - A rate per one thousand dollars of taxable property value which, when multiplied by the taxable value, yields the property tax billing for a given parcel.

**MISCELLANEOUS (FUNDING SOURCE)** - Revenues other than those received from standard sources such as taxes, licenses and permits, grants, and user fees.

**MOBILITY FEES** - Mobility Fees are a one-time charge on new development to pay for offsite transportation improvements that are necessitated by new development. On April 26, 2016 the Board of County Commissioners adopted the Mobility Fee Ordinance that would replace the current transportation impact fees and transportation concurrency. The Mobility Fee Program became effective January 1, 2017.

**MUNICIPAL SERVICES TAXING UNIT (MSTU)** - The taxing district which is comprised of all of the unincorporated area of the County. It provides services typically provided by a municipality (e.g., Sheriff's patrol, paramedic services, fire protection, parks and recreation, code enforcement, and road network maintenance) to the residents and businesses in the unincorporated area. The services are financed primarily by an ad valorem tax levied on all taxable property located in the unincorporated area.

**NEW PROJECT** - A capital project that has not been previously approved by the Board of County Commissioners.

**OPERATING COST IMPACT** - Unless otherwise stated the operating cost impact reflected on the project's detail page represents the estimated additional annual recurring cost of maintaining the new facility / infrastructure, including any additional personnel required to operate the new facility.

**PD&E** - The Preliminary Design and Engineering (PD&E) phase of a project consist of studies that provide a project scope and schedule together with its estimated costs, benefits and alternative analysis. The study includes safety considerations, cost benefit analysis and environmental studies consistent with the County's Strategic Plan and

---

## DEFINITIONS

---

Capital Improvement Element. This project phase includes required public meetings to determine the impact to the community.

**PRE-PD&E PROJECTS** – Capital projects that have not completed Preliminary Design and Engineering. It is after PD&E that the general scope and land requirements have been identified in sufficient detail to develop sound cost and project duration estimates. As a result, the cost and date estimates associated with projects classified as pre-PD&E are still tentative and subject to change.

**PRIOR FUNDING / PRIOR EXPENSES** – As of the FY 16 – FY 21 CIP, all programs have been converted to annual budgeting vs. all-years budgeting that has been used in the past. Since all programs have converted to annual budgeting, this column contains an estimate of total sources or total expenditures from project inception through September 30, 2022.

**POST-PD&E PROJECTS** – Capital projects that have completed Preliminary Design and Engineering (PD&E). It is after PD&E that the general scope and land requirements have been identified in sufficient detail to develop sound cost and project duration estimates. As a result, the cost and date estimates associated with projects classified as post-PD&E are more definitive and represent the information against which project progress is measured.

**PROJECT COMPLETION DATE** - This is the date the project will be available to the user for its intended purpose but there may be some outstanding financial issues pending such as outstanding invoices, contractual or legal disputes.

**PROJECT DESCRIPTION** - Brief explanation of each project's purpose and work scope.

**RESERVES AND REFUNDS** - Included in this category are funds required to meet both anticipated and unanticipated needs: the balance of anticipated earmarked revenues not required for operation in the budget year; estimated reimbursements to organizations, state, or federal governments for revenues received and not spent, and those required to be set aside by bond covenants.

**SWFWMD** - Southwest Florida Water Management District

**TEA-21** - Transportation Equity Act for the 21<sup>st</sup> Century. Federal program which provides federal funds to assist local jurisdictions with their transportation improvements. Formerly known as ISTEA.

**TRANSFERS** - Due to legal or other restrictions, monies collected in one fund may need to be expended in other funds. A transfer is accomplished through Transfers-In (a source of funds) for the recipient fund and an equal Transfer-Out (a use of funds) for the donor fund. When a transfer occurs between different funds, it is known as an Interfund Transfer. When it occurs between the restricted and unrestricted portions of the same fund, it is known as an Intrafund Transfer.

**USER FEES** - Charges for a specific governmental service that cover the cost of providing that service to the user, such as building permits, animal license fees and park fees.
