Fast Facts

Geography & Demographics

Located midway on the west coast of Florida, Hillsborough County's boundaries embrace 1,048 square miles of land and 24 square miles of inland water for a total of 1,072 square miles. With the largest bay in Florida opening to the Gulf of Mexico, its coast spans 76 miles.

The unincorporated area encompasses 84% of the total county area. The municipalities of Tampa (the county seat), Temple Terrace and Plant City account for the remainder. According to the latest population estimate from the University of Florida's Bureau of Economic and Business Research, the county's April 1, 2015 total population was 1,325,563 making it the fourth most populous county in the state. Of this population, 905,007 or 68% live in the unincorporated area.

A Rich History

Hillsborough County takes its name from Wills Hill, the Earl of Hillsborough and British Colonial Secretary from 1768-1772. The Spanish first mapped and explored the area in the early 16th century. Between 1559 and 1819, the area now called Florida was under the rule of four nations: Spain, France, Great Britain and, finally, the United States. The United States purchased Florida from Spain in 1821 for \$5 million. In 1845, it was granted statehood. On January 25, 1834, the U.S. Legislative Council for the Territory of Florida approved an act organizing Hillsborough as Florida's 19th county. Its area then was 5.5 million acres and included the present counties of Hillsborough, Pinellas, Polk, Pasco, Manatee, Sarasota, Charlotte, DeSoto, Hardee and Highlands. The civilian non-native population in 1834 was less than 100.

Hillsborough County's Board of County Commissioners held its first meeting on January 25, 1846. The county's first courthouse was a frontier cabin burned during the Second Seminole War in 1836. In 1847, Capt. James McKay built a two story courthouse at a cost of \$1,358. A third structure was erected in 1855 and was used until 1891, when a red brick, domed structure mimicking the architecture of the Tampa Bay Hotel was built, occupying a square block in downtown Tampa. This is the courthouse depicted on today's County seal. The current courthouse was built in 1952 and a new county government administration building, called Frederick B. Karl County Center, opened in 1994.

The County's Economy

Hillsborough County has a diversified economic base including large professional and management services, health services and financial services sectors, as well as a thriving retail sector. In 2014 the four largest employers in the public sector are Hillsborough County School Board followed by University of South Florida, MacDill Air Force Base, and Hillsborough County government. Major private sector employers include Verizon Communications Corporation, Publix Super Markets, Busch Entertainment Corporation, Amazon, Tampa Electric Company, Bank of America, and JPMorgan Chase.

Port Tampa Bay serves as the closest port in the United States to the Panama Canal. It is also the largest tonnage port in Florida and the twenty-second largest port in the United States with respect to 2013 annual tonnage. Ninety-seven percent of the cargo moving through the port is bulk phosphate, phosphate chemicals, rock, coal and petroleum products. The Garrison Seaport Center is a \$300 million cruise terminal and entertainment complex. Along with the Florida Aquarium, it is helping spur redevelopment in the area known as the Channel District.

Agriculture remains a significant element of Hillsborough's economy. The 2012 US Census of Agriculture shows Hillsborough County's agricultural product sales were \$378.1 million. Berries accounted for 32% of those sales. Vegetables were the second largest commodity by sales at 25%.

Tourism is another major component of the economy. The number of tourists visiting Florida is expected to continue growing. Busch Gardens of Tampa is one of the leading tourist attractions in the nation. There are numerous other attractions in Hillsborough County such as The Florida Aquarium, the Museum of Science and Industry, Tampa Museum of Art, the Glazer Children's Museum, the Lowry Park Zoo, the New York Yankees spring training facility, the Tampa Bay History Museum and the Amalie Arena in downtown Tampa. The Florida State Fair is held in Hillsborough County annually. The county is also the home of the 2003 Super Bowl Champions, the Tampa Bay Buccaneers as well as the 2004 National Hockey League Stanley Cup Champions, the Tampa Bay Lightning. In July 2012, downtown Tampa was the site of the Republican National Convention. Also, in April 2014, Raymond James Stadium hosted the International Indian Film Academy Awards, and in 2017 hosted the College Football Playoff National Championship game.

Mike Merrill
County Administrator

Governing the County

A political subdivision of the State of Florida, the County is governed by an elected seven-member Board of County Commissioners.

Through partisan elections, three are elected to represent the entire county as a district and four are elected to represent single-member districts. Under a Charter Ordinance effective May 1985, the Board is restricted to performing the legislative functions of government by developing policy for the management of Hillsborough County. The County Administrator, a professional appointed by the Board, and his staff are responsible for the implementation of those policies. The County Internal Auditor and the County Attorney also directly report to the Board.

The Board of County Commissioners is responsible for functions and services delivered throughout the county including municipalities and for municipal services to residents and businesses in the unincorporated area. The countywide responsibilities include such services as local social services, health care for the medically indigent, animal services, mosquito control, consumer protection, and a regional park system. Its responsibilities to the residents and businesses in the unincorporated area include, for example, fire protection, local parks, emergency medical services, planning, zoning, and code enforcement.

The Board of County Commissioners also serves as the Environmental Protection Commission. Individual Board members serve on various other boards, authorities, and commissions, such as the Hillsborough Area Regional Transit Authority, Tampa Bay Regional Planning Council, Tampa Bay Water, Aviation Authority, Expressway Authority, Sports Authority, Arts Council, Drug Abuse Coordinating Council, Metropolitan Planning Organization, Council of Governments and the Economic Development Corporation.

The County Administrator

The Board of County Commissioners appoints the County Administrator who is responsible for carrying out all decisions, policies, ordinances and motions of the Board. The current County Administrator, Michael S. Merrill, was appointed to the position in June 2010.

The departments under the County Administrator are responsible for providing services such as social services and public assistance to residents countywide. Departments are also responsible for providing municipal-type services to residents of the unincorporated areas of Hillsborough County such as road construction and maintenance, solid waste disposal, fire and emergency rescue services, parks and recreation, code enforcement and water and wastewater treatment.

Other Government Agencies

Based on the extent of budgetary authority, taxing authority, the ability to obligate funds to finance any deficits and the ability to fund any significant operational subsidies, several other governmental entities also have their budgets reviewed and approved by the Board of County Commissioners. These are the Environmental Protection Commission, the Civil Service Board, the Planning Commission, Soil and Water Conservation Board, Metropolitan Planning Organization and the Law Library Board. The budgets of these offices and the Constitutional Officers are included in the County's budget to the extent of funding by the Board of County Commissioners.

Hillsborough County Organization Chart

This chart shows the organization of County government entities and their accountability to the electorate. Those directly elected to office by voters are shown directly below the citizens' box. Boards and commissions funded through the Board of County Commissioners, but not otherwise accountable to the Board, are connected by the dotted line.

Mission

The mission of Hillsborough County government is to provide effective, quality service at a reasonable cost with courtesy, integrity, and accountability in a manner which protects and enhances the quality of life of our diverse population. – Adopted by the Board of County Commissioners, March 18, 1998

Vision

In the year 2020, all of Hillsborough County will take pride in the progress which has made our community remarkable. We will have embraced and be inclusive of our diverse population. Both the government and the local economy will be financially sound providing opportunity and success for our citizens. We will have balanced growth with protecting the environment while providing high quality services. All of this culminating in Hillsborough County being the leader for providing a quality of life second to none in the country.

Hillsborough County, as a Community, values:

- A Spirit of Caring
- Individual Freedom
- Human Rights
- Private Property Rights
- Citizen Participation in Government
- Integration, Planning and Feasibility of Public Services
- Educational Opportunity
- Personal Responsibility
- Economic Self-sufficiency
- Sustainable Environment
- Racial and Cultural Harmony
- Health and Public Safety

Hillsborough County, as an organization, values the following:

- **Accountability** — Accepting individual responsibility to perform quality work that contributes to quality service at a reasonable cost.

- **Diversity** — Organizational effectiveness can best be achieved by recruiting and retaining a work force that represents the diversified population of Hillsborough County.
- **Efficiency and Cost Effectiveness** — The timeliness of meeting our obligations and performing each task; the stewardship and best use of our resources.
- **Empowerment** — The freedom and power to act, command, or decide on a course of action.
- **Open and Honest Communication** — An expression of a professional work environment which facilitates the exchange of information, ideas, and divergent opinions among all levels of an organization in an atmosphere of respect and genuine concern for the best interest of the County, its employees, and citizens/customers.
- **Quality** — Meeting citizens/customers requirements the first time and every time.
- **Respect** — The quality of accepting and holding in high esteem all persons right to their beliefs, values, autonomy, and differences while treating them with dignity, worth, courtesy, civility, and politeness.
- **Responsiveness** — The willingness and ability to provide information, reply to requests, answer questions, and complete tasks promptly.
- **Teamwork** — The ability of a group of individuals to work together towards a common vision by each doing their part to achieve the efficiency of the whole.

Adopted by the Board on April 21, 1999

Strategic Plan

This Strategic Plan was adopted by the Board of County Commissioners on May 15, 2013. It reflects a broad vision, five strategies, and a series of objectives.

The Vision

Hillsborough County, as the economic core of the Tampa Bay region, has the potential for increased job and business growth in the emerging and dynamic sectors of the global economy. Community wealth is a result of having products and services to export, experiences for which people will pay to come to the County in and the local circulation of money through local service provision. The latter is based on the number of persons and the income of those persons. It is the first two which generate the wealth upon which local services can build.

The County has significant export industries, agriculture, defense and other specialized manufacturing, patents in health care and other fields, specialists who consult globally as well as the transit infrastructure for export (sea, air, rail, overland). It also has a strong experience sector ranging from traditional tourism to health care tourism, educational experiences which draw people and convention/business meetings, the possibility of new forms of specialized tourism and retirement communities.

The County clearly has the potential to become an innovation hub in various sectors that will serve to attract entrepreneurs, investors, skilled workers and existing businesses that see benefits by locating in the County or region. The attributes of those communities that will particularly prosper as the economy continues to change are becoming clearer. They offer a high quality of life, an entrepreneurial culture, strong research institutions, civic leadership and a strong desire to compete for the industries of the future. In short, it can become the preferred community for even more people.

To become this preferred community, what must occur?

Quality of life must be enhanced. Neighborhoods must remain safe and stable, arts, culture and recreation opportunities must expand, educational opportunities must be available, health care and other “life” services must be accessible, the physical assets of the County optimized.

The infrastructure for economic growth must be in place. Adequate water, sewer, stormwater, accessible

transportation locally and globally, communication technology are all features which can facilitate or inhibit economic growth.

A start-up, entrepreneurial culture must be fostered.

While most start-ups fail, those that survive and succeed become the job creators of the industries of the future. Since who will succeed and who will fail is unknown at the start, a culture that encourages start-ups, views failure as part of the process, views diversity as a strength, and values entrepreneurship must be nurtured and supported.

Committed civic leadership. Hillsborough County is in competition regionally, nationally, and globally for the businesses and jobs of the future. To succeed competitively, an understanding of the emerging world, sustained effort and wise investment are required. These require leadership on the part of both elected and civic leaders.

Hillsborough County can be a county that draws people to make great products and create distinctive experiences. As it does that, business and job growth in the primary sectors of export and experience will grow and with that will be the commensurate growth in the local service sector where most jobs will lie.

The Strategies

Innovative Products. This strategy seeks to grow the export sector of the County by targeted infrastructure development, a comprehensive use of various economic development tools, development of competitive economic related infrastructure, and partnerships to develop the requisite workforce.

Distinctive Experiences. This strategy seeks to expand people visiting or retiring in the County through a broader set of visitor experiences and services that would attract new residents.

Pro-Market Governance. This strategy seeks to institute both policies and practices that encourage desired forms of economic growth.

Great Places. This strategy seeks to provide the safety, arts, culture, recreation and other community features that make it a desirable place to live, work and do business.

Facilitative Leadership. This strategy seeks to bring the community together to address its critical issues.

Mission

Strategy 1 INNOVATIVE PRODUCTS

- Develop, adopt and execute comprehensive economic development strategy to expand product markets.

Strategy 2 DISTINCTIVE EXPERIENCES

- Develop strategy and action plan to expand specialized tourism markets.

Strategy 3 DISTINCTIVE EXPERIENCES

- Review business development and growth policies and procedures to create more timely and efficient process.
- Adopt growth design principles that will facilitate desired economic growth.
- Implement strategy management system that promotes an internal culture focused on strategies

Strategy 4 GREAT PLACES

- Adopt comprehensive redevelopment strategy that integrates existing redevelopment efforts.
- Develop strategy and action plan for transportation including pedestrian & bike.
- Establish basic level of services for all areas of the County and then develop long term plan to provide that basic level.
- Maintain homeless service efforts.
- Monitor health care changes and adapt county efforts to maintain service levels

Strategy 5 FACILITATIVE LEADERSHIP

- Review and create public policies that recognize the diversity of its people while strengthening the social fabric of our society.
- Host discussion of strategic plan with other public entities.
- Facilitate development of a county-level human capital development plan with education and business stakeholders.
- Convene summit with Cities to identify business and entrepreneurial attractors and how a start-up community can be supported.

How the strategic plan interacts with the budget and other processes

For the Biennium Beginning

October 1, 2015

Executive Director

Introduction

This document provides the residents of Hillsborough County with the Recommended Capital Improvement Program (CIP) for a six-year period starting with the fiscal year beginning October 1, 2017 and continuing through the fiscal year ending September 30, 2023. The Recommended FY 18 – FY 23 CIP totals \$1.6 billion. This is the first year of the biennial budget cycle.

The CIP is the County's financial plan of proposed capital projects, their costs, and timing over a six-year period in the first year of the biennial budget, and over a five-year period in the second year of the biennial budget. The CIP is designed to meet County infrastructure needs in a strategic and efficient manner. Community sustainability, environmental considerations and changing conditions demand that the CIP be reviewed and updated annually.

The CIP is separate and distinct from the County's operating budget for several reasons. First, capital outlays reflect non-recurring capital improvements rather than ongoing expenses. Where possible, capital projects are funded from non-recurring funding sources such as debt proceeds and grants. These one-time revenue sources are not appropriate funding sources for recurring operating expenses. Second, capital projects tend to have higher costs requiring more stringent control and accountability. Finally, several revenue sources such as the Community Investment Tax, impact fees and certain gas taxes are limited to use on certain types of capital improvements by statute or other legal restrictions.

To provide direction for the capital program, the Hillsborough County Board of County Commissioners approved Policy 03.02.02.00 - Policy for Capital Budget and Capital Improvement Program. This policy defines requirements for projects included in the Capital Budget and Capital Improvement Program. Under the policy, a capital project is defined as a set of activities meeting one or more of the following criteria:

- Delivery of a distinct capital asset or improvement to an existing capital asset which will become an asset of Hillsborough County and be recorded on the financial records of the County as a capital asset under generally accepted accounting principles and applicable State statutes;
- Any contribution by Hillsborough County to other governmental or not-for-profit entities to deliver a capital improvement. In situations where the improvement is not or will not become an asset of the County, it will be included in the Capital Improvement Program as a contribution for tracking purposes;

- Any project or equipment funded from the Community Investment Tax (CIT);
- Any engineering study or master plan needed for the delivery of a capital project;
- Any major repair, renovation or replacement that extends the useful operational life by at least five years or expands capacity of an existing facility.

Hillsborough County categorizes capital improvements into eight programs: Fire Services, Government Facilities, Libraries, Parks Facilities, Solid Waste Enterprise, Stormwater, Transportation and Water Enterprise. The Recommended FY 18 – FY 23 CIP also includes the County's Environmental Land Acquisition and Protection Program (ELAPP) and payments to the Fishhawk developer for improvements to roads previously constructed for which they are being reimbursed from transportation impact fees. These activities, while not specifically meeting the criteria above, are tracked through the CIP to provide for better accountability and control.

As previously noted, capital projects only require one-time allocations for a given project unlike operating expenses which recur annually. This funding flexibility allows the County to use financing and one-time revenue sources to accelerate completion of critical projects. Significant projects within each program are discussed below. More comprehensive project information can be found in the individual program sections of this document. Interested parties can review this and other information at the County's website at www.hillsboroughcounty.org.

Financial Policies

Among financial policies approved by the Board of County Commissioners since FY 98, there are several pertaining to the preparation, implementation, monitoring and financing of capital projects. While the County Administrator is responsible for the continued development, monitoring and update of these policies, specific functions are carried out by the Management and Budget Department and the Clerk of the Circuit Court. These and other policies are reviewed periodically by the County Administrator and the Board of County Commissioners and are detailed in the Financial Policies and Procedures section of the Recommended FY 18 – FY 19 Budget document.

Specific policies applying to the Capital Improvement Program and the Capital Budget are:

- BOCC Policy 03.02.01.00 - Bids for Capital Improvement Projects 10% or More in Excess of Estimated Construction Costs
- BOCC Policy 03.02.02.00 - Capital Budget and Capital Improvement Program

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

- BOCC Policy 03.02.02.05 - Pay-As-You-Go Funding of Capital Projects
- BOCC Policy 03.02.02.06 - Prioritization of Capital Projects
- BOCC Policy 03.02.02.07 - Minimizing the Expense of Financing Capital Projects
- BOCC Policy 03.02.02.08 - Operating Impact of Capital Projects
- BOCC Policy 03.02.02.20 – Budgetary Control
- BOCC Policy 03.02.02.26 - Use of Capital Project Appropriations
- BOCC Policy 03.02.02.28 - Method of Funding Citizen Initiated Localized Capital Projects or Services
- BOCC Policy 03.02.03.00 - Environmental Land Acquisition Program (ELAPP) Fund
- BOCC Policy 03.02.06.00 - Debt Management
- BOCC Policy 03.03.01.00 - Water and Wastewater Financial Policy
- BOCC Policy 03.03.05.00 - Community Investment Tax Financial Policies
- BOCC Policy 03.05.09.00 - Ten Year Commitment to Increase Funding for Transportation - Budget Preparation
- BOCC Policy 04.05.00.00 - Capital Funding for Outside Agencies

Capital Planning

Capital planning refers to the process of identifying and prioritizing the County's capital needs to determine which capital projects should be funded in the CIP as resources become available.

In general, capital planning for projects within the unincorporated area of Hillsborough County is guided by the Hillsborough County Comprehensive Plan. In particular, capital planning for certain types of parks and recreation, solid waste, stormwater, transportation and water facilities are guided by the Capital Improvements Element (CIE) of the Comprehensive Plan. This plan, prepared by the Hillsborough County City-County Planning Commission and formally adopted by the Hillsborough County Board of County Commissioners, provides long-term direction for the growth and development of the county. Proposed capital projects are reviewed for compliance to the adopted comprehensive plan as part of the budget adoption process.

The public has many opportunities to be involved in capital planning both during the comprehensive plan development process and during the budget adoption process. Interested parties can view the Comprehensive Plan at the Planning Commission's website located at www.theplanningcommission.org.

Hillsborough County's plan includes a specific growth management strategy called the Urban Service Area. This strategy is designed to direct growth into areas where public service needs can be more efficiently provided and where existing services are already in place.

In addition to the standards in the Comprehensive Plan and the Capital Improvements Element of the Plan, the planning for parks and recreation, solid waste, stormwater, transportation and water facilities also is guided by master and visioning plans developed by County staff. Planning for fire, government facilities, and library infrastructure in Hillsborough County's unincorporated area is performed primarily within County government. Each capital program has different criteria for assessing project needs and priorities; however, a common characteristic of the planning processes is the recognition of the importance of obtaining input from the public and other interested governmental and private agencies. The individual program planning processes provide the guidance necessary for allocating available resources during the capital budget process. A brief description of the various planning processes follows.

Fire Services – The Fire Rescue Department maintains a Capital Facilities Master Plan which details new fire station needs required to meet emergency and rescue service requirements within the unincorporated area. The plan is prepared based on national service response time standards established by the National Fire Protection Association, the Insurance Service Organization and on the relevant goals, objectives and policies incorporated in the County's Comprehensive Plan discussed above.

In developing this plan, which is updated every five years, the response time standards along with current response data are applied to an analysis of the needs of Hillsborough County's current and projected populations and population distribution to identify where and when new fire rescue facilities will be needed. This plan was recently updated and presented to the Board with additional analysis being performed to ensure that current facilities in need of a major remodel are presently in the best locations. This process may result in the relocation of some existing facilities.

Libraries – The Library's Capital Facilities Master Plan guides the Library Board in making its annual recommendations to the BOCC of funded and unfunded capital projects. This plan outlines a method for analyzing census and other demographic data and comparing them to standards of library services. It considers the total cost of ownership for new construction versus renovating current buildings or leasing space.

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

The Capital Facilities Master Plan is currently under revision, but preliminary analyses point to an increased need for library square footage in addition to the expansion and new library projects currently funded in the Capital Improvement Program.

Parks – The strategic vision of the Parks & Recreation and Conservation & Environmental Lands Management Departments includes the development of goals and objectives to safeguard the inheritance of the County's future generations.

The planning process identifies future developments that may affect expected needs, wants and social environments. It identifies the most critical stakeholders and their major interests and expectations, such as safety and security, high quality experience, well maintained facilities and the preservation of our natural and cultural resources. The tool is evaluated against the current environment in order to develop a Capital Improvement Plan consistent with the vision of Hillsborough County and the values and expectations of our community.

In FY17, Hillsborough County Parks & Recreation and Conservation & Environmental Lands Management Departments delivered their Master Plans to the BOCC. The Master Plans are a long-range planning documents that are meant to help shape the direction, development, and delivery of the County's parks, recreation, and conservation sites. Based on a comprehensive planning approach, these plans take into consideration department goals, existing conditions, and community needs assessments that provide for the framework of recommendations and prioritization strategies. These Master Plans represent the collective vision for the Hillsborough County Parks & Recreation and Conservation & Environmental Lands departments. They serve as a guide for the Department's investments and strategies over the next ten years, shaping the delivery of services in a manner that is consistent with the County's sustainability goals and the community's level of service expectations. The cohesive vision for continually improving parks, recreation, and conservation opportunities in Hillsborough County represents the culmination of the public engagement process. The vision, along with guiding principles and mission statement will guide the implementation of the Master Plans and the future of parks, recreation, and conservation throughout the County.

Solid Waste Enterprise - The Solid Waste Enterprise has an established plan to determine the need to enhance and or change its Capital Improvement Program on an annual basis. This plan calls for information to be gathered from various sources such as staff, stakeholders, public meetings, etc. to identify needs that should be

incorporated into the CIP. Management reviews the information and prioritizes each need according to a pre-established ranking system.

The ranking system takes into account mandates by Federal and State agencies, health and safety concerns, capacity needs, efficiency, location requirements, population growth and aging infrastructure.

Stormwater – The County maintains a Watershed Master Plan that incorporates identified needs for each of its seventeen watershed basins. The plan is periodically updated as new development and stormwater improvements are completed throughout the County. Under the plan, the entire County (1,072 sq. miles) is divided into 17 watersheds (basins) and further subdivided into 7,000 sub-basins. The master plan study looks at water quantity, water quality and the natural watershed system. The plan identifies areas with inadequate conveyance systems or poor water quality and recommends solutions.

Flood control project evaluations take into consideration the following factors: frequency of flooding, the category of the road subject to flooding (local/arterial/collector road), the number of structures flooded, stormwater asset conditions (groundwater table, erosion/siltation and structure) and the potential of available matching funds.

The County also maintains a separate list of non-watershed related neighborhood stormwater needs. Criteria for neighborhood stormwater projects is similar to criteria for watershed master plan projects, with the exception that environmental issues and the availability of matching funds are not included in the evaluation.

Water quality or natural system projects are evaluated based on concerns identified by the Florida Department of Environmental Protection, or the County related to the sub-watershed segment of "impaired waters/water bodies," the concern of water quality parameters and the benefits of a natural system.

Both engineers and environmental scientists within the Stormwater Services Section of the Public Works Department contribute to this uniform matrix evaluation process.

Transportation – Efficient movement of people and goods is important to the public safety, economic viability, and overall quality of life in Hillsborough County. Planning occurs on several levels. The Hillsborough County Metropolitan Planning Organization (MPO), working with the County and its three incorporated municipalities (City of Tampa, Plant City and Temple Ter-

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

race), and with input from county residents, is responsible by State statute for adopting the Long Range Transportation Plan, a blueprint for comprehensive transportation planning throughout the County. The MPO also consolidates the transportation capital improvement programs of various political jurisdictions constructing transportation projects within the county into an annual Transportation Improvement Program (TIP). The Long Range Transportation Plan and the Transportation Improvement Program are used by the County in prioritizing major capacity projects for funding, determining project impact fee eligibility, and in allocating State and federal grant dollars. These plans can be viewed at the Metropolitan Planning Organization's website www.hillsboroughmpo.org. Apart from these long-established processes, the Transportation for Economic Development initiative engaged in a community-wide effort to identify transportation needs and included the County, the Cities and relevant transportation entities.

As previously indicated, the Hillsborough County City-County Planning Commission is responsible for developing and monitoring compliance with the County's Comprehensive Plan. The Commission also reviews proposed developments of regional impact (DRI) proposals (those development proposals that will have significant impact on existing county roads).

Each municipality is responsible for its own transportation planning; however, major roads determined to have countywide significance may be designated as County roads, with the County primarily responsible for their maintenance and improvement. Capital needs associated with these roads, as well as all transportation needs in the unincorporated area of the County are evaluated for inclusion in the annual capital budget and Capital Improvement Program.

Planning for the transportation program is performed on a sub-program basis. The sub-programs within the transportation program are roads, intersections, sidewalks and bridges. With the exception of roads, where the County adopts the prioritized list from the Long Range Transportation Plan (LRTP) and adds local road improvements not subject to inclusion in the plan, the County has prepared a master plan for intersections, bridges and sidewalks. While specific criteria used for prioritizing the projects on the plans differ by project type, they encompass public safety, traffic volume, environmental mitigation and other key factors as well as incorporating input received during the public outreach part of the planning process.

Water Enterprise - The Water Enterprise is responsible for providing quality water, wastewater and reclaimed

water services to Hillsborough County residents within its designated service area, unincorporated Hillsborough County. This includes the operation and maintenance of these facilities including treatment plants, pumping stations, metering devices and all related transmission piping and above ground appurtenances. The department is also responsible, when operating the above facilities, for complying with all federal, State and local regulatory and permit requirements.

The department uses a CIP Delivery Process. This process uses a systematic approach to develop and refine the scope, schedule and budget for existing and newly proposed expansion and renewal and replacement projects. It allows priorities to be determined and uses schedules to ultimately deliver quality projects from conception to project completion. The goal of the CIP Delivery Process is to deliver department projects in an efficient and economical manner.

The objectives of the process are to:

- Economically build and maintain existing system assets;
- Deliver projects on schedule and within budget;
- Allow for the annual update of the CIP;
- Allow for adjustments to the approved CIP due to changing priorities for those projects not yet in the implementation phase;
- Seamlessly coordinate with the County's CIP;
- Permit performance measurement; and
- Provide documentation for management and historical trending purposes.

The Board of County Commissioners policy 03.02.02.06 requires that capital projects be prioritized. The Department's Project Prioritization Model (PPM) is a formal method of documenting and tabulating the results of applying subjective criteria to prioritize the CIP each fiscal year. There are six categories to score a project against other projects within the Department's CIP:

- Compliance
- Health and Safety
- Expansion / Renewal and Replacement
- Long Range Planning
- Community and Environmental Impacts
- Economic / Financial Considerations

The resulting score for each existing or new "planning" project is used at the beginning of the budget process to rank all of the projects within the CIP.

Additionally, the Department's Payback Analysis Model (PAM) incorporates several economic factors to estimate the payback period of a given capital project. It deter-

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

mines the payback period by modeling the average monthly revenues generated by the Equivalent Residential Customers (ERC) to be served by the capital project. Generally, the information that is required to be input into the model includes:

- Project Name, CIP Number and Type
- Payback Analysis Period
- Discount Rate
- Debt Service or Pay-As-You-Go
- Expansion Percentage
- Operating, Maintenance and Fixed Overhead Cost
- Capital Cost by Year
- Outside Funding Sources
- ERCs served by the Project
- ERC Connection Schedule
- Rate and Debt Service Information

The information is used to assign a weighted economic criteria number for the project in the earlier referenced Project Prioritization Model (PPM) during each fiscal year budget process.

Finally, the CIP Master Program Schedule is used as a planning tool to lay out each of the project schedules, provide the cash flow requirements of the program as a whole, anticipate project resource needs and provide historical data for future trend analysis. In addition, the Master Program Schedule is also used at the beginning of each fiscal year to facilitate the efficient distribution of work throughout a six year period.

Financial Planning Strategies

Hillsborough County uses a variety of tools to assist in developing long-term financial planning strategies. One tool is the preparation of an annual Pro Forma document. This document is used to put current budget and financial decisions into a longer-term context. Prepared in accordance with Board policy, the Pro-Forma provides a five year projection of revenues and expenditures for major operating funds, and is particularly useful in showing how capital projects, funded in the biennial budget or planned over the next several years, will impact future operating budgets in terms of maintenance, utility and staffing costs.

Another tool used in financial planning is the County's debt management strategy. Credit ratings assigned by the three international rating agencies, Moody's Investors Service, Standard and Poor's Ratings Services, and Fitch Ratings are key factors influencing interest rates paid on local governments' borrowings. Because of the significant impact interest rates have on our overall financial position, Hillsborough County places a great deal of emphasis on its credit worthiness. The County conducts credit updates each year, and notices of any mate-

rial credit changes are provided to the rating agencies throughout the year.

The County's general credit ratings are Aaa / AAA / AAA on a scale where Aaa / AAA / AAA are the highest ratings. The County's high ratings are an objective indication of sound financial management, recognition that its overall debt profile is characterized by good debt service coverage from pledged revenues and by sound legal provisions ensuring full and timely payment of debt service. These high credit ratings enable the County to meet its borrowing needs at the lowest cost of capital.

To address short-term capital project funding requirements, Hillsborough County uses a Commercial Paper Program. Under this program the Board authorizes short-term borrowings when needed to provide adequate cash flow for active projects. This approach ensures that long-term debt is issued only when needed in appropriate amounts. Furthermore, tax exempt short-term debt tends to be the lowest cost financing tool available to local governments resulting in substantial savings to the County. Upon completion of capital projects, the County either uses available cash or issues long-term debt at favorable interest rates to pay off outstanding short-term notes, unless there is an economic advantage in keeping short-term, variable rate notes outstanding. The County issues debt in accordance with its debt policy which governs the type and amount of borrowings that are best suited to achieving its financing objectives. The policy guides the County's borrowings by means of targets and ratios, such as direct debt per capita or general governmental debt as a percent of general fund revenue, that balance the need for flexibility to ensure the availability of capital with the need to ensure continued access to the capital markets.

When it is prudent and in the County's economic interest to do so, infrastructure improvements may be financed by means of public-private partnerships in which private corporations, such as real estate developers, agree to fund a portion of such improvements together with funding from the County, State, and/or federal government. Such partnerships enable the County to construct needed infrastructure, in particular transportation improvements, at a lower cost to taxpayers as a result of leveraging private funding sources.

Finally, the County actively and aggressively monitors market opportunities to refinance its debt to achieve lower debt service costs. When legally and economically feasible, lower interest debt will be issued to pay off outstanding debt thereby making revenues available to fund County services.

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

Capital Improvement Program Process

The annual Capital Budget and Capital Improvement Program (CIP) update begins in January with a request to the Capital Program directors to review, update and re-prioritize the unfunded capital needs list.

The Capital Budget Team of the Management and Budget Department maintains a comprehensive list of prioritized unfunded capital needs which is used in identifying new projects to be recommended for funding. The list identifies preliminary project information such as name, location, description or scope, the estimated cost and any operating cost impact. The updated Unfunded Capital Projects Request List is then used to determine which new projects will be added to the new Capital Improvement Program.

During the month of January (in the first year of the biennial budget cycle), the Capital Budget Team conducts training sessions to provide capital project management and staff specific direction relating to the capital budget process. As part of this training, those involved in the capital budget process are given a calendar of key budget cycle dates and written documentation including forms, instructions, and definitions to be used in preparing their capital projects budget including revising current project estimates and submitting requests to add new capital projects.

Another key step in the budget process is a review of capital project cost estimates in the current CIP or new projects added during the current fiscal year. This is to ensure that the next CIP will reflect these revised cost estimates. Departments are asked to review and update project information that will be presented in the Capital Improvement Program.

A specific form – the Capital Project Initiation Request Form - is used to document project changes or new project requests. This form is designed to guide the preparer in providing necessary information including the reason for the project, proposed location and scope, funding requirements by fiscal year, proposed project schedule and completion dates, anticipated operating cost impacts and management approvals.

Using updated information, the Capital Budget Team develops draft documents showing projects that have been completed or are anticipated to be completed by the end of the current fiscal year as well as specific detail project pages (see below for sample) for each project proposed to be included in the recommended budget.

Sample Capital Project Detail Page

PROJECT TITLE: FISHHAWK FIRE STATION		PROJECT NUMBER: C91189000	
CIE REQUIREMENTS: N		PROGRAM: FIRE SERVICES	
LEVEL OF SERVICE IMPACT: N/A			

PROJECT DESCRIPTION:
Design and construct a new 3-Bay Fire Station on a 2-acre property to be acquired on the South side of FishHawk Boulevard between Bell Shoals Road and Mosaic Drive.

Neighborhood Community Area:
Boyette

OPERATING COST IMPACT:
Annual operating cost impact is estimated at \$2.6 million. A total of 21 new positions are anticipated.

PROJECT COMPLETION DATE: Apr 2018

Sources of Funds (in \$000s)	Total Estimated	Prior Revenues	FY 18		FY 19	FY 20	FY 21	FY 22	FY 23	Future
	Cost		Committed	Additional						
Financing	\$3,751	\$200	\$3,551	\$0	\$0	\$0	\$0	\$0	\$0	\$0

Components for Each Capital Project Page:

Project Title – This is the project's name.

Project No. – This is a unique identification number assigned to the project for accounting purposes.

CIE Requirement – This indicates whether this project addresses a Capital Improvement Element as defined under the Growth Management Act of 1985.

Level of Service Impact – If the project addresses a CIE element, this indicates what impact it has on the level of service:

(M) – This indicates a project relates to the repair, remodeling, renovation or replacement of an existing County facility in order to maintain levels of service in the Comprehensive Plan.

(E) – This indicates the construction of a new facility or expansion of an existing facility that will reduce or eliminate deficiencies in the levels of the service in the Comprehensive Plan.

(F) – This indicates the construction of a new facility or expansion of an existing facility is needed to meet levels of service for new development.

(N/A) – This indicates that the project is not covered by the Capital Improvements Element.

Program – This indicates the capital program to which this project pertains.

Project Description – This describes the scope of work.

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

Operating Cost Impact – This is an estimate of the ongoing annual operating and maintenance funding this project will require once completed.

Project Completion Date – This is the estimated date the project will be ready for its intended use.

Neighborhood Community Area – This indicates the area of the county the project will occur. A copy of the Neighborhood Community Area map can be found in the Appendix section of this document.

Sources of Funds – This shows by year the sources of funding. Many projects have multiple sources of funding.

Uses of Funds – This shows by year the planned uses of funds summarized by project phase.

These draft documents are distributed to the departments for another review and the opportunity to correct information. Upon completing their review, the Capital Budget Team meets with the appropriate program directors and representatives to resolve outstanding issues and ensure that all are in agreement with the current information.

Budget preparation meetings held with Directors, Executive Team members and budget staff during February through April include discussions regarding capital projects. Decisions made at these meetings are incorporated into the documents and communicated to the appropriate departments.

Final revisions are incorporated into the Recommended Capital Budget and the Recommended Capital Improvement Program (CIP) in mid-May and delivered to the Board of County Commissioners in June. Throughout the budget development process, the County Administrator and Management and Budget staff conduct several budget workshops with the Board of County Commissioners to provide them with revenue projection updates and to obtain overall policy guidance.

Once the recommended budget and CIP are delivered to the Board, a series of budget workshops and public meetings are held. During this period, the Hillsborough County City - County Planning Commission also reviews the recommended CIP to ensure compliance with the County's Comprehensive Plan. Two statutorily required public hearings are held in September to gain public input. A separate public hearing is held following the budget adoption to also adopt the CIP.

Final budget documents reflecting the adopted budget and Adopted Capital Improvement Program are then prepared and distributed in both hardcopy and electronic formats. Once the Capital Budget and CIP are formally adopted, changes to the budget can only be made in

accordance with the budget amendment process defined in BOCC Policy 03.02.02.00 - Capital Budget and Capital Improvement Program, which ensures compliance with budget amendment requirements per Florida State Statute 129.06. The BOCC policy also specifies that the list of projects included in the adopted CIP may only be revised through formal Board resolution.

Funding Sources

Funding for capital projects comes from a variety of sources, but generally falls into one of several categories: ad valorem taxes, the Communications Services Tax, the Community Investment Tax, gasoline taxes, enterprise fees, special assessments, impact fees, mobility fees, grants or financing.

- Ad Valorem (Property) Taxes are taxes levied by the Hillsborough County Board of County Commissioners on property within the County.

There are three ad valorem taxes imposed by Hillsborough County – the countywide property tax imposed on all properties within the county with use restricted to projects providing countywide benefit; the unincorporated area property tax imposed on all properties in the unincorporated area of the county with use limited to projects that benefit the unincorporated area; and the special library property tax, imposed on all properties within the City of Tampa and the unincorporated area of the County with use restricted to library projects. Both Temple Terrace and Plant City maintain their own library systems so properties within these two municipalities are not subject to the special library tax.

Additionally, two voter approved ad valorem taxes are used to pay debt service on the Jan K. Platt Environmental Lands Acquisition and Protection Program (ELAPP) bonds and on Parks and Recreation bonds.

- The Communications Services Tax is a 4% tax imposed on local and long distance telephone calls, cable, fax, pagers and beepers, cellular phone services and other related telecommunication services. The Board of County Commissioners originally designated 1% of this tax for the construction of new fire stations. Beginning in FY 06, the Board increased the allocation by an additional ½ %, for a total of 1½% for the construction of fire stations. However, due to the continuing ad valorem roll back requirements by the State Legislature and the effects of Amendment 1, approved by the voters on January 29, 2008, the amount and the percentage allocated to the construction of new fire stations in FY 09 was

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

reduced to ½%. The remainder of the 1½% is used to offset a portion of the reduction in property tax revenues funding operating expenditures.

- The Community Investment Tax is a ½% sales tax on the price of taxable goods, as defined by State statute, sold within the County. Approved for a thirty year period by public referendum in 1996, use of this tax is restricted to acquiring, constructing, and improving infrastructure and purchasing equipment with a useful life of at least five years to promote the health, safety and welfare of Hillsborough County residents. This tax expires on November 30, 2026.
- Gasoline taxes used to fund capital projects are the Six Cent Local Option Gasoline Tax, the Voted (Ninth Cent) Gasoline Tax and the Constitutional Fuel Tax. Permitted uses for each of these taxes are defined by statute, and in the case of the Voted Ninth Cent Gasoline Tax, are further restricted by County ordinances.

The Six Cent Local Option Gasoline Tax is limited to transportation expenditures for public transportation operations and maintenance; roadway and right-of-way maintenance and equipment and structures used primarily for the storage and maintenance of this equipment; roadway and right-of-way drainage; street lighting; traffic signs, traffic engineering, signalization and pavement markings; bridge maintenance and operation; debt service and current expenditures for transportation capital projects including construction or reconstruction of roads.

Use of the Ninth Cent Gasoline Tax is restricted by County ordinance to the road resurfacing program.

The Constitutional Fuel Tax collected by the State on behalf of the County is first used to meet debt service, if any, of debt assumed by the State Board of Administration payable from this tax. Any remaining tax proceeds may be used by the County for the acquisition, construction, and maintenance of roads as defined by statute or as matching funds for grants specifically related to these purposes.

- Enterprise fees are charges for services imposed on users of facilities of the two programs funded through enterprise funds - Solid Waste and Water/Wastewater/Reclaimed Water. An annual fee schedule for each enterprise fund is set by the Board of County Commissioners. Use of these revenues is restricted to operating, maintaining or building new infrastructure for the respective service for which the fee is being collected.

- Special assessments are charges levied by statute or ordinance for a specific purpose. One example is the stormwater fee, a non-ad valorem special assessment levied on the annual property tax bill, used to help fund the stormwater capital program.

- Impact fees are fees imposed on new commercial and residential construction to help fund additional infrastructure needed to support the added load on County infrastructure resulting from the new construction. The unincorporated area of the County is divided into zones for each type of impact fee.

Use of impact fees collected within each zone is restricted to projects which add capacity to the respective infrastructure within that zone. There are four types of impact fees: transportation, parks, fire and schools. Impact fees are governed by the County's Consolidated Impact Fee Assessment Program Ordinance.

- Mobility Fees are a one-time charge on new development to pay for offsite transportation improvements that are necessitated by new development. On April 26, 2016 the Board of County Commissioners adopted the Mobility Fee Ordinance that would replace the current transportation impact fees and transportation concurrency. The Mobility Fee Program became effective January 1, 2017.
- Financing is the last source of funding. It includes both long-term and short-term financing. Short-term financing via a commercial paper borrowing program is used to borrow funds when needed in order to keep projects on schedule and to keep financing costs down.

Upon completion of capital projects, the County either uses available cash or issues long-term debt at favorable interest rates to pay off outstanding short-term notes, unless there is an economic advantage in keeping short-term, variable rate notes outstanding.

Uses of Funds

Capital budget expenditures are related to one of the eight capital programs: Fire Services, Libraries, Government Facilities, Parks, Solid Waste Enterprise, Stormwater, Transportation, and Water Enterprise. It also includes the Environmental Land Acquisition and Protection Program (ELAPP) and the Major Repair, Renovation, Replacement and Maintenance (R3M) program. Planned capital project expenditures are summarized into the following categories:

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

Project Development - These are costs incurred by the County to identify project requirements and to define a project's work scope including preliminary design studies, permitting requirements, data collection, public involvement, legal and technical documentation, cost estimates and assessment of alternatives.

Design - These are costs incurred by the County to design a project in accordance with the scope of work set forth in the development phase. This includes professional consultant fees, legal and technical documentation, constructability review, data collection, advertising, assessment of alternatives related to project design, construction management services and bid reviews.

Land / ROW - Costs incurred by the County for the purchase of land, easements and right-of-way. This also includes purchase price, surveys, appraisals, environmental audit, permitting, legal costs, maps, charts, aerial photography and other costs such as wetlands restoration.

Equipment – These are costs incurred by the County for the purchase of equipment required to complete the project.

Construction - Costs incurred by the County for all construction related tasks required to place a project in service. Includes project construction contracts, professional and technical assistance, advertising, legal and technical documentation, costs, inspection, testing and permitting.

Administration - Costs incurred by the County for in-house project management, supervision and administration of capital projects. Administration costs include project design, technical reviews, construction management, construction inspection, technical specifications, surveying and mapping, cost of preparing reports and maintaining the capital projects management information system, eminent domain, contract management, monitoring and processing the related financial transactions.

Non-Capital – These are costs incurred as part of delivering the project but won't be capitalized with the asset when the project is complete. Maintenance / replacement costs, minor equipment and contributions to other entities are examples of non-capital costs.

Capital Projects Operating Impacts

The Capital Budget and Capital Improvement Program (CIP) are integral elements of the County's biennial budgeting process. The cost of operating new or expanded facilities or infrastructure can be significant and

is included in the operating budget in the fiscal year the asset becomes operational. However, in some cases, like the construction of a new jail, the operational impact may be phased-in gradually while the new jail is under construction. This is because as the jail population increases beyond its operational capacity so does the need for additional funds for overtime pay, add new staff, jail and food supplies, and operational equipment, thus spreading the increased operating impact over a number of years rather than impacting the budget all at once when the jail opens. Historically, operating costs of non-enterprise facilities have been funded from property taxes. Consideration of operating costs becomes particularly critical with the property tax restrictions now in effect and the past property tax reductions due to the recession. In some cases, it may be prudent to defer or cancel construction of a facility because there will be no funds to operate it.

Debt service payments on issued debt for capital projects are also included in the operating budget. The amount of required debt service relative to the size of the annual budget is an important indicator of fiscal obligations. Since debt service expenditures reduce the amount of funds available for other operating or capital uses, it is important that the ratio of debt service to the total operating budget remain at a prudent level.

Issuance of short-term commercial paper to provide adequate cash flow for approved projects does not have an impact on the operating budget. This is because these costs are rolled to subsequent notes until the projects are completed, at which time available cash or long-term debt is used at favorable interest rates to pay off outstanding short-term notes, unless there is an economic advantage in keeping short-term debt.

Specific FY 18 – FY 19 incremental operating cost impacts of capital facilities are discussed below in each program's highlights section. The recommended budget for FY 18 – FY 19 includes these operating costs. A full listing of incremental operating cost impacts can be found in the appendix section of this document.

Program Highlights

The following program highlights focus on each program's portion of the FY 18 – FY 23 Recommended CIP. Under annual budgeting, both new funding and any carry-forward funding from the previous year appear in the CIP. As a result, many schedules in this document have separate "Carryforward" and "Additional" columns when presenting FY 18 budget data.

A number of projects that are shown in the program sections appear in the Capital Improvement Program as

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

“Post Construction”. These projects have finished their primary construction phases and may have been placed in use; nevertheless, some of these projects still have unspent balances that are earmarked for post-construction project costs.

Fire Services

The Recommended FY 18 – FY 23 Fire Services Program totals \$29.7 million. The program is funded with fire impact fees, Communications Services Tax, general revenues, financing and 911 service fees.

Wimauma Fire Station #22

Four new maintenance related projects are being added in FY 18 to address HVAC issues at four fire stations; Sun City, Providence, River Oaks and Tampa Shores. Three projects that help address the top priorities from the prior CIP are continuing to move forward. Communications Services Tax revenue and a recent bond issue fund the following ongoing replacement / expansion / renovation projects: Apollo Beach Fire Station # 29 Enhancements / Land Acquisition for Future Expansion, East Lake Fire Station #32 Replacement/Relocation, and the new Fishhawk Fire Station project.

In order to fund the purchase of important fire and safety equipment, the Fire Rescue Equipment Replacement/Modernization project receives \$1.9 million each year from FY 18 through FY 23. The Next Generation 911 project will continue into FY 18 and is an initiative aimed at updating the 911 service infrastructure to improve public emergency communications services in a wireless mobile society. This project is funded with 911 service reserves.

One project was completed in FY 17 - the Wimauma Fire Station #22 Replacement project was ready for service in November, 2016.

Operating Impact –There are eight projects that are scheduled for completion in FY 18. Four of them are replacing existing HVAC systems so there will be no significant change in operating cost at those locations. Two projects are renovation / replacement projects (Apollo Beach and East Lake) which will result in a small increase in operating costs related to maintaining the new facilities. Fishhawk is a new fire station requiring the addition of 21 new positions resulting in annual incremental operating costs of \$2.6 million. The Next Generation 911 Equipment project has an estimated completion date of December, 2017, but the impact on operating costs has not been determined yet. An ongoing project to harden fire stations will result in a minor increase in operating cost related to generator maintenance and testing.

Fire Services Projects	New Positions	Operating Impact (In thousands)	
		FY 18	FY 19
Apollo Beach Fire Station #29 Enhancements	0	\$12.5	\$15.0
East Lake Fire Station #32 Replacement	0	3.8	45.0
Fire Stations Hardening	0	10.0	10.0
Fishhawk Fire Station	21	1,300.0	2,600.0

Government Facilities

The Recommended FY 18 – FY 23 Government Facilities Program totals \$81.4 million. Funding sources for the program are Community Investment Tax, financing, grants and general revenues.

Six new projects are being added to the program in this recommended CIP with most being maintenance related. Three projects will address HVAC issues (Children’s Services Building 53 HVAC Replacement, County Center Air Handler Replacements and South Shore Service Center Chiller) and one will repair elevators (North Courthouse Annex Elevator Renovations). The Courts Downtown Training Facility will remodel the former jury auditorium in the old courthouse to accommodate training functions and public meetings. The South County Workforce Center is not currently funded, but represents a possible future County investment in that facility.

Many important projects are continuing into this recommended CIP. The Falkenburg Road Jail Expansion Phase VIIA project continues the expansion, renovation and enhancement work that is underway at the jail. Construction work is almost complete the East County Regional Service Center. Most of the court related projects are being constructed under a common contract

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

and nearing completion. Two projects are under construction at the Pet Resources facility which will replace the roof and improve functionality.

The Hanna Facility Repurpose project will renovate portions of the existing Fire Rescue headquarters to accommodate other County agencies. The ERP System Enhancements, will provide funding to address improvement opportunities related to the recently implemented Oracle E-Business Suite software.

Public Safety Operations Complex (PSOC)

The Historical Preservation Matching fund program continues with an additional \$1.25 million being added in FY 18 to help preserve historic community assets. The Capital Asset Preservation Program will receive additional funding in FY 18 and supports the preservation of community capital assets that enhance tourism, arts and culture, entertainment and community education. Other continuing projects include the Redevelopment Project which will focus on investments that will spur economic development in the County and the Town 'N Country Service Center which will provide enhanced customer service in the northwest area of Hillsborough County.

Due to ongoing capital funding limitations, the Public Art assessments for FY 18 and FY 19 are set at 0%. Work on the Public Art Plan can continue by using funds from previous assessments. The Annual Public Art Plan, as recommended by the Public Art Committee, is included within the appendix section of this document.

Operating Impact – There are seven projects that were completed in FY 17. Most of these projects are improvements to existing facilities and do not create incremental operating costs. One of the seven projects is the Sheriff's Pinebrooke Facility Acquisition project. Operat-

ing and maintenance costs for this facility are the responsibility of the Sheriff's Office. The operating costs for the PSOC project have been incorporated into various departmental budgets.

There are eight projects scheduled for completion in FY 18. Most of these projects are improvements to existing facilities and do not create incremental operating costs. The East County Court Redevelopment / Regional Service Center project will be completed at the beginning of FY 18 and have incremental operating and maintenance costs compared to the current facility. Two projects are scheduled for completion in FY 19 (700 Twiggs Carpet Replacement and Pet Resources Facility Improvements), but they will not have any operating cost impact.

Government Facilities Projects	New Positions	Operating Impact (In thousands)	
		FY 18	FY 19
East County Court Redevelopment / Regional Service Center	0	\$121.0	\$121.0

Libraries

The Recommended FY 18 – FY 23 Library Services Program totals \$28.2 million. The program is funded with ad valorem tax proceeds from the Special Library Taxing District and grant funding.

Three new projects are being added to the program this year. The Jan Platt Library Interior Renovations project will modify interior spaces to create an enclosed children's library, various multi-purpose rooms, and replace carpeting and a moveable partition wall in the Witt Community Room. The additional new projects are maintenance-related and involve replacing HVAC components at the SouthShore and West Tampa libraries.

Three library construction projects continue into FY 18. The University Area Community Library project is currently under construction and is expected to be complete in the fall of 2017. Replacement/expansion projects at the C. Blythe Andrews, Jr. Library and the Riverview Libraries are underway which will increase library square footage by 2.5 times and will give library customers increased access to public computers, meeting space, enclosed children's areas, and maker spaces.

There are other carry-over projects included in this program. The self-checkout, RFID System Replacement project continues. The New Tampa Regional Library Improvements project includes re-roofing and interior renovations to create an enclosed developmentally appropriate play and learning space for children. The John

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

Germany (Main Library) Various Improvements and Planning Study project includes various renovations to the building and site to meet customer needs.

John F. Germany Public Library

Operating Impact – Five projects are scheduled for completion in FY 18, but only the University Area Partnership Library project will have incremental operating costs in FY 18. It is estimated that this new library will increase annual operating costs by \$775,000 to cover maintenance, utilities and new personnel. The C. Blythe Andrews project is scheduled for completion in FY 19 and will have incremental annual operating costs of \$704,000.

Library Services Projects	New Positions	Operating Impact (In thousands)	
		FY 18	FY 19
C. Blythe Andrews, Jr. Library Expansion / Replacement	15	\$0.0	\$586.7
University Area Community Library	10	645.8	775.0

Parks

The Recommended FY 18 – FY 23 Parks Facilities Program totals \$91.4 million. The program is funded through a combination of impact fees, Community Investment Tax proceeds, ad valorem tax proceeds, long-term financing and Boat Improvement Fees.

Five new projects have been added to the Parks Capital Improvement Program including the Alderman’s Ford Park Boardwalk Repairs at \$400,000, the Apollo Beach Site Improvement at \$225,000, the Kenly Recreation Center HVAC Replacement at \$250,000, the Northdale

Recreation Center HVAC Replacement at \$250,000 and the Shimberg Soccer Complex Improvement at \$550,000. The Shimberg park project includes construction of a multi-purpose synthetic grass field and miscellaneous site work.

Ten projects are scheduled for completion in FY 18 including the Alafia River Boat Ramp, the Alderman’s Ford Park Boardwalk Repairs, the Baker Creek Boat Ramp, the Brandon Aquatic Center, the Cockroach Bay Boat Ramp, the Courtney Campbell Scenic Highway Trail, the Flatwoods Park Trail Repairs, the Kenly Recreation Center HVAC Replacement, the Northdale Recreation Center HVAC Replacement and the Seffner Mango Park. The Seffner Park will develop land designated for the park into a passive park to include community gardens, shade shelters, walking/jogging trails, landscaping, fencing and various site improvements.

Two projects were completed in FY 17 including the Cypress Creek ELAPP Site Access Improvement and the Town N Country Area Recreation Center. The Town N Country Area Recreation Center constructed and expanded the existing building together with associated site improvements.

Veterans Memorial Park Expansion Phase I/II/III

Another significant project in the CIP is the Veterans Memorial Park Expansion project. This project will redesign and expand the existing Veteran’s Memorial Park and Museum located on Highway 301 North. Phase I will include installation of an entry feature, signage and icon, site work, roads, parking and a caretaker area. Phase II

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

will include construction of a "Freedom Trail" and observation decks. Phase III will include County funding for design and construction of individual memorials. The recommended memorial projects are as follow: Seminole Indian Wars, Mexican War, Civil War, Spanish American War, World War I, World War II, Korean War, Vietnam War, Gulf War, Iraq, Afghanistan, Field of Honor, Committed Forces, Purple Heart, Medal of Honor, and POW/MIA.

Some projects are shown in the Recommended CIP with undetermined funding in "Future" years. Future funding may be determined based on project prioritization and available options at the Board of County Commissioners' discretion.

Jan K. Platt Environmental Lands Acquisition and Protection Program (ELAPP)

The Jan K. Platt Environmental Lands Acquisition and Protection Program (ELAPP) is a voluntary land preservation program based in the Conservation and Environmental Lands Management Department. The ELAP Program is dedicated to the protection and preservation of natural and environmentally significant resources, as well as restoration of natural habitat. Properties preserved through ELAPP are available for recreational uses compatible with the preservation objectives. Some of the criteria used when considering a property for protection are: contains unique or scarce natural habitat for endangered species, protection of water resources, or lands that buffer, link or provide access to existing environmentally sensitive lands.

Historically, funding was secured through an operating and debt service ad valorem millage not exceeding 0.25 mills in any one year period. A four year property tax was originally approved by the 71% of the voters in 1987 and in 1990 a referendum authorizing \$100 million in bonds was approved by 73% of the voters. In November 2008, nearly 79% of the voters approved the issuance of up to \$200 million in bonds to continue capital funding for the ELAP Program. So far \$59.4 million has been issued of the \$200 million authorized by the voters.

As of October 1, 2015, the County has preserved approximately 61,500 acres at a cost of \$258.6 million, of which \$83.6 million (or 32.3%) has been funded by other agencies.

Operating Impact – There is one project that will begin incurring operating costs in FY 18 and two projects in FY 19.

Parks Projects	New Positions	Operating Impact (In thousands)	
		FY 18	FY 19
Seffner Mango Park	0	\$20.0	\$20.0
Brandon Area Dog Park	0	0.0	22.5
Veterans Memorial Park Expansion Phase I/II/III	0	0.0	16.6

Solid Waste Enterprise

The Recommended FY 18 – FY 23 Solid Waste Enterprise Program totals \$20.5 million. The Solid Waste Enterprise Program is funded with financing and revenues generated from fees and assessments paid by customers of the enterprise.

The program has eight active projects in the Capital Improvement Program. Most of these projects are concentrated on enhancing some of the service centers throughout the county. One of these projects is the Northwest Community Collection Center and Household Hazardous Waste Improvements. This project will design, permit, construct and provide quality assurance for the Northwest Community Collection Center Improvements project. The improvements are necessary to provide a better site configuration thus improving safety, customer traffic flow, efficiency of the operation and improve the overall customer experience while using the facility.

Another project in the CIP is the Southeast County Landfill Leachate Line Connection to Sewer Main. This project will install a six inch HDPE line, two new booster pumps and improvements to the existing leachate pump station to connect the leachate collection and treatment system to the sewer main line. Connection is necessary to eliminate the need to haul the leachate off site and improve operations.

Operating Impact – No new projects are scheduled to begin incurring operating costs in FY 18 or FY 19.

Stormwater

The Recommended FY 18 – FY 23 Stormwater Program totals \$114.5 million. The program is funded with a combination of Stormwater Fees, Community Investment Tax, Enterprise Fees and grants. There is the potential for additional funding starting in FY 18 and subsequent years if the BOCC approves an increase in Stormwater fees.

The program includes ongoing funding for the following Master Programs: Countywide Culvert Renewal and Replacement; Neighborhood Drainage Improvements;

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

Stormwater Pumping Station Renewal and Replacement; Watershed Master Plan Implementation; Water Quality Improvement and Environmental; Watershed Drainage Improvements; and Watershed Master Plan Updates.

The Countywide Culvert Renewal and Replacement Program replaces or repairs culverts at various locations throughout Hillsborough County. The Watershed Master Plan Implementation Program studies the water quantity, and water quality if applicable in various watersheds within Hillsborough County. The Neighborhood Drainage Improvements Program is intended to alleviate flooding on County-maintained roadways that do not meet the County's level of service for flood protection. These projects are initiated at the conclusion of a drainage investigation of actual flooding identifying the deficiencies.

Neighborhood System Improvements

Four projects are scheduled for completion in FY 17 including the Delaney Creek Stormwater Plan Implementation project and the Sun City Inlet Covers project. Two existing master projects are concluding (Countywide Watershed Management Masterplan Update and Culvert Replacement Program) with their work continuing under other master projects. No new stormwater stand-alone projects are being added in FY 18.

Operating Impact – New stormwater infrastructure normally does not have explicit additional operating costs beyond additional materials and supplies for maintenance. It is estimated that ongoing annual

maintenance costs for stormwater improvements are \$2.50 per \$1,000 of project cost. Stormwater infrastructure maintenance requirements include keeping drainage areas free from silt, litter, leaves and debris as well as repairing cracked or broken stormwater pipes, culverts and other stormwater infrastructure. It is anticipated that maintenance of new stormwater infrastructure can be absorbed within the operating budget of the various maintenance components of the Public Works Department. However, as more infrastructure becomes operational each year, additional staff and equipment will be needed at some future date to maintain infrastructure at desired levels.

Transportation

The Recommended FY 18 – FY 23 Transportation Program totals \$779.6 million. The program is funded with a combination of Fuel Tax, Community Investment Tax, financing, General Revenues, Grants and Impact Fees.

Bruce B. Downs (Bearss to Palm Springs) Widening

The Board of County Commissioners has committed to direct more resources towards transportation. On September 8, 2016, the Board approved Policy number 03.05.09.00, Ten Year Commitment to Increase Funding for Transportation - Budget Preparation which targets / prioritizes increased funding for transportation over a ten year period. After the Board adopted the FY 17 - FY 21 CIP, a resolution to amend the CIP was approved by the Board on October 19, 2016 to add transportation projects that will be funded through the new policy. At the February 1, 2017 BOCC meeting, staff was directed to

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

set up a Transportation Work Plan workshop in February and schedule a public hearing for March 1, 2017 to amend the Adopted FY 17 - FY 21 CIP. Three more projects were added to the transportation program during this public hearing. All projects that were added through the two CIP amendment resolutions are identified by having "****" after the project number in the projects summary schedule.

Key areas in the Transportation Work Plan include widening projects (Big Bend Road, Lithia Pinecrest Road, Van Dyke Road), intersection / interchange improvements (Big Bend Road at I -75, various locations on State Road 60, safety enhancements at various locations) and roadway improvements (East 131st Avenue improvements, Northwest University Area improvements, Progress Boulevard and South 78th Street improvements, Sun City Center pedestrian mobility improvements and Westshore Boulevard complete street improvements).

One new project is being added to the program as part of the recommended budget. The Ferry Station – South County to MacDill Air Force Base project will help establish new ferry service from a south county location to MacDill Air Force Base. This project has been discussed extensively by the Board at previous meetings and workshops.

Many other previously funded projects continue in this CIP. The program includes funding for important bridge replacements (2nd Street and Maydell bridges), Bell Shoals Road Widening, the last two phases of Bruce B. Downs Boulevard widening, bridge repairs, intersection improvements, sidewalks, pavement preservation and paved shoulders / bicycle lanes for County rural roads. More information about specific transportation projects can be found in the Transportation Program section of this document.

Seven projects are scheduled for completion in FY 17 including the Bruce B. Downs (Bearss Avenue to Palm Springs) Road Widening, CR 579 (Mango Road) I-4 to Sligh Avenue, Gunn Highway and Linebaugh Avenue Intersection Improvements projects. Four existing master projects are concluding (Consolidated Bridge and Guardrail Rehabilitation and Repair, New Traffic Signals, Pavement Treatment Program and Sidewalk ADA Retrofit Program projects) with their work continuing under new master projects.

Operating Impact – While new transportation infrastructure generally has no immediate direct operating costs associated with it, future and ongoing maintenance expenditures are needed to keep the roads up to County

standards. Ongoing maintenance costs include pothole patching, lane and crosswalk re-striping, sign and traffic signal replacement, and roadside right-of-way mowing and maintenance. It costs approximately \$12,500 a year to maintain each lane mile of roadway. The County is responsible for maintaining over 6,933 lane miles throughout the county. Note that major road resurfacing is budgeted separately under the capital program. It is anticipated that additional transportation infrastructure scheduled for FY 18 completion can be maintained within the budget. Like stormwater, as more transportation infrastructure continues to become operational, additional staff and equipment will be needed at some point to maintain infrastructure at desired levels. The annual cost to maintain traffic signals is approximately \$6,000 per signalized intersection; \$2,400 for utility cost and \$3,600 for maintenance costs.

The following table identifies the anticipated projects that will be completed in FY 18 and FY 19 and their operating impacts.

Transportation Projects	New Positions	Operating Impact (In thousands)	
		FY 18	FY 19
Bruce B. Downs (Pebble Creek to Pasco County Line) Road Widening	15	\$0.5	\$6.0
East Keyssville over West Branch Bridge	10	0.0	0.1

Water Enterprise

The Recommended FY 18 – FY 23 Water Enterprise Program totals \$442.9 million. The Water Enterprise Program includes potable water, wastewater and reclaimed water projects and is funded with a combination of long-term financing, revenue generated from fees, rates and charges paid by customers of the enterprise.

Five projects are scheduled for completion in FY 18 including the Bloomingdale Avenue Reclaimed Water Transmission Main Extension, the BSOC Pump Shop Test Panel, the Supervisory Control & Data Acquisition For Pump Stations Phase II, the Valrico AWTP Clarifier Launder Covers and the Environmental Laboratory Replacement. The Environmental Laboratory Replacement project will design and construct an approximately 20,000 square foot environmental laboratory in the Central portion of Hillsborough County. The project will require land acquisition, site development, building, parking, laboratory space and administrative space.

CAPITAL IMPROVEMENT PROGRAM OVERVIEW

One significant project in the program is the River Oaks Diversion Forcemain and Pump Station project that will divert wastewater flow from the River Oaks Wastewater Treatment Plant to the Northwest Regional Water Reclamation Facility, decommissions & demolishes the River Oaks Plant, and then repurposes the plant site to a greenfield condition. The project includes the design, permitting and construction of a forcemain and pumping station to transfer wastewater flow from the River Oaks site to the Northwest Regional Water Reclamation Facility. Improvements are essential to meeting long-term environmental needs and decommissioning of the River Oaks plant.

Eighteen projects were completed in FY 17 including the Dale Mabry Diversion Forcemain. This project consists of the construction of approximately 24,600 linear feet of 20-inch forcemain and 14,150 linear feet of 36-inch forcemain between the Dale Mabry and Northwest Regional Advanced Wastewater Treatment Plant.

Dale Mabry Wastewater Diversion Project

An ongoing project of significant note is the current construction of the South County Wastewater Treatment Plant Expansion at a cost of \$98.2 million. This project will expand the existing South County Regional Advanced Wastewater Treatment Plant from 4.5 million gallons per day (MGD) to 10 MGD. The design of the expansion should consider new technologies including membrane biological reactor (MBR) treatment processes to reduce the foot print of the expanded facility.

Other important projects of note are the future expansion of the Northwest Hillsborough Wastewater Reclamation

Facility and the decommissioning of the existing River Oaks and Dale Mabry Wastewater Treatment Plants. The proposed decommissioning of the two older facilities and further expansion of a more modern facility will significantly reduce the total operating costs associated with these facilities, while treating the same amount of Wastewater.

Operating Impact – There are two projects that will begin incurring operating costs in FY 18.

Water Enterprise Projects	New Positions	Operating Impact (In thousands)	
		FY 18	FY 19
Environmental Laboratory Replacement	0	\$66.5	\$114.0
Supervisory Control & Data Acquisition for Pump Stations Ph II	0	43.8	75.0

Major Repair, Replacement, Renovation, and Maintenance Program

During the FY 02 capital budget process, the Board of County Commissioners, concerned about maintaining the condition of County facilities, established the Major Repair, Replacement, Renovation and Maintenance Program (R3M). The program focuses on non-routine repairs, renovations, replacement or maintenance of existing facilities rather than construction of new facilities or infrastructure. Projects included in this program are typically under \$150,000, do not add square footage to an existing facility, and can be delivered within a twelve-month period. This program is more flexible than the CIP process, allowing the County to react in a more timely manner to facility related emergencies or non-routine repairs and maintenance needs. The projects can be identified, budgeted and completed within a twelve-month period.

To ensure that funding is available to maintain existing facilities, the Board of County Commissioners sets aside a minimum of 1% of anticipated annual revenues in the Countywide General Fund, the Unincorporated Area General Fund and the Library District Fund. The FY 18 Recommended Budget includes an increase of the set aside for the Unincorporated Area General Fund from 1% to 1½%. The recommended FY 18 allocations will generate approximately \$4.7 million for Countywide General Fund, \$3.3 million for the Unincorporated Area General Fund and \$441,000 for the Library District Fund. A list of proposed FY 18 R3M projects can be found in the appendix section of this document.

Monitoring

The Capital Budget Team conducts regular reviews of capital project status, allocations and expenditures along with related activities. The purposes of these reviews are:

- To ensure compliance with applicable statutes, ordinances, County policies and procedures, and sound accounting and budgeting practices.
- To identify projects with excess appropriations that might be subject to reallocation.

- To track impact fee revenues and expenditures to ensure that impact fees are being spent in a timely manner as required by ordinance.

Results of these analyses are communicated to appropriate management and staff for follow-up and corrective action. To assist in the reviews, the Capital Budget Team generates numerous variance and tracking reports from the County's financial system.

PROJECT TITLE: APOLLO BEACH FIRE STATION #29 ENHANCEMENTS/LAND ACQUISITION FOR FUTURE EXPANSION
 PROJECT NUMBER: C91182000
 CIE REQUIREMENTS: N
 LEVEL OF SERVICE IMPACT: N/A
 PROGRAM: FIRE SERVICES

PROJECT DESCRIPTION:
 The current Apollo Beach Fire Station Number 29 is in need of renovation. The Fire Rescue Department has recognized a need to renovate the station, specifically the kitchen and day room areas, and the restrooms and showers. This project also provides for the acquisition of land for a future station location near the target area of Apollo Beach Boulevard and Highway 41 which is projected to be funded in 2020 per the Fire Rescue Master Plan. This project will ultimately provide for increased services in this growing area of southwest Hillsborough County.

OPERATING COST IMPACT:
 Additional annual operating cost impact is estimated at \$15,000 for existing station and additional land. Operating costs for future station TBD.

PROJECT COMPLETION DATE: Dec 2017

PROJECT TITLE: CARROLLWOOD FIRE STATION # 19 EXPANSION / REPLACEMENT
 PROJECT NUMBER: C91183000
 CIE REQUIREMENTS: N
 LEVEL OF SERVICE IMPACT: N/A
 PROGRAM: FIRE SERVICES

PROJECT DESCRIPTION:
 Replace the existing Carrollwood Fire Station at 13210 N. Dale Mabry Highway with a new 2-bay facility at its current site for expanded services. The existing Fire Station requires replacement due to its age, condition and expanded service requirements.

OPERATING COST IMPACT:
 Additional annual operating cost impact is estimated at \$15,000. No new positions are anticipated.

PROJECT TITLE:
EAST LAKE FIRE STATION # 32 REPLACEMENT
 CIE REQUIREMENTS: N
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91179000
 PROGRAM: FIRE SERVICES

PROJECT DESCRIPTION:
 Design and construct a new 4-Bay Fire Station to replace the existing 2-bay East Lake Fire Station for better response in the East Lake/Orient Park area. Land costs for this fire station to be paid for under CIP No. C91153000 Land Acquisition New Fire Stations. The existing Fire Station requires upgrading and enlarging due to its age, condition and expanded service needs. However, due to land and location constraints, it will be more feasible and efficient to relocate the station to a larger site to the east.

OPERATING COST IMPACT:
 Additional annual operating cost impact is estimated at \$45,000. No new positions are anticipated.

PROJECT TITLE:
 FIRE STATIONS HARDENING
 CIE REQUIREMENTS: N
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91170000

PROGRAM: FIRE SERVICES

PROJECT DESCRIPTION:

The scope of this project is to provide upgrades to all Fire Rescue Facilities to the extent possible and as prioritized, for the survival and the continued operational ability of the facilities in the aftermath of a major storm. This is to include: access to the facility by staff and the public; the protection of operational functions; the protection of all openings; the structural integrity of the building(s); power, water, sewer and communications support; security of personnel; and the strengthening or removal of potential hazardous elements such as auxiliary buildings, trees and towers.

OPERATING COST IMPACT:

Additional annual operating cost impact is estimated at \$5,000 per station.

PROJECT TITLE:
 NEXT GENERATION 911 EQUIPMENT
 CIE REQUIREMENTS: N
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91190000
 PROGRAM: FIRE SERVICES

PROJECT DESCRIPTION:
 Next Generation 9-1-1 (abbreviated NG9-1-1) refers to an initiative aimed at updating the 9-1-1 service infrastructure to improve public emergency communications services in a wireless mobile society. In addition to calling 9-1-1 from a phone, it intends to enable the public to transmit text, images, video and data to the 9-1-1 center. This project will upgrade all legacy 9-1-1 call-taking equipment with a solution to provide improved functionality and NG9-1-1 capabilities. The new consolidated Airbus VESTA customer premises equipment (CPE) upgrade solution will be internet protocol (IP) based and capable of processing 9-1-1 calls and requests for emergency services from various communications devices and technologies.

OPERATING COST IMPACT:
 Operating costs will be determined based on the final design and configuration of the equipment and the IP network infrastructure deployed.

PROJECT COMPLETION DATE: Dec 2017

PROJECT TITLE:
RIVERVIEW FIRE STATION # 16 REPLACEMENT
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91185000
PROGRAM: FIRE SERVICES

PROJECT DESCRIPTION:
Replace the existing Riverview Fire Station at 9205 Kevin Drive, Riverview for expanded services. The existing Fire Station requires expanding and upgrading due to its age, condition and expanded service needs.

OPERATING COST IMPACT:
Additional annual operating cost impact is estimated at \$15,000. No new positions are anticipated.

PROJECT TITLE:
SUNDANCE FIRE STATION #8 EXPANSION AND RENOVATION
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91187000
PROGRAM: FIRE SERVICES

PROJECT DESCRIPTION:
Renovate and expand existing Sundance Fire Station No. 8 located at 602 Lightfoot Road, Wimauma, to meet occupancy standards for career staff. The existing fire station was re-assigned from volunteer service to career service and requires to be expanded and upgraded due to its age, condition and expanded service by career staff.

OPERATING COST IMPACT:
No significant change in operating cost is anticipated.

PROJECT TITLE:
 WIMAUMA FIRE STATION # 22 REPLACEMENT
 CIE REQUIREMENTS: N
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C91181000
 PROGRAM: FIRE SERVICES

PROJECT DESCRIPTION:

Design and construct a new 3-Bay Fire Station to replace the existing 2-bay Wimauma Fire Station for increased service to the Wimauma area. The project includes land acquisition and demolition of the old building if required. The existing Fire Station requires upgrading and enlarging due to its age, condition and expanded service needs. However, due to land and location constraints, it will be more feasible and efficient to relocate the station to a larger site.

OPERATING COST IMPACT:

Additional annual operating cost impact is estimated at \$15,000. No new positions are anticipated.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE:
COURT FACILITIES EXPANSION
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C70121000

PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:

Multi-year, multi-phase project of new construction and renovation to meet the needs of the courts through the year 2015 and future planning. It included construction of the new six story Family/Civil Court building on the Edgcomb building site, a new parking facility and a new park. The project also included renovation of the 700 Twigg Street building, Main Courthouse, and Courthouse Annex. The scope was expanded to include land acquisition for future expansion and development of the land for interim use as parking lot.

OPERATING COST IMPACT:

New construction is complete and costs built into operating budgets. No significant change in operating cost is anticipated for remaining work.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE:
CRIMINAL COURT FACILITIES IMPROVEMENT PROJECT
 CIE REQUIREMENTS: N
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C7770000

PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:

This project includes the renovation of existing court facilities which house the criminal courts to provide additional increased security related to inmate transport, secured judicial offices and staff relocated in the Courthouse Annex. The areas to be renovated are: 1) Second Floor Center Annex - convert former State Attorney Offices to nine secured judicial chambers and related support areas; 2) First Floor Center Annex - convert seven existing judge's chambers to holding cells and other court support uses.

OPERATING COST IMPACT:

No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE:
EAST COUNTY COURT REDEVELOPMENT / REGIONAL SERVICE CENTER
 CIE REQUIREMENTS: N
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C79136000

PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:

Acquire land adjacent to the existing Plant City Courthouse Complex at 210 Reynolds Street and construct a new 60,000 square foot Plant City Courthouse as a first phase (Phase IA). Phase IB involves demolishing the existing buildings and constructing a temporary parking lot. The second phase of the project includes a new, approximately 35,000 square foot Regional Resource Center and new parking lot.

OPERATING COST IMPACT:

Annual operating impact is \$785,000 for the Courthouse (already included in operating budgets) and \$121,000 for the Service Center.

PROJECT COMPLETION DATE: Oct 2017

PROJECT TITLE:
FALKENBURG ROAD JAIL EXPANSION PHASE VII A
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C79143000

PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:

The Project consists of the following major components: a new Central Cook-Chilled Food Processing Plant (Kitchen) and Food Pantry; renovations and expansion to the existing Service Building; a new internal site Water Loop Service; renovations to the existing Program/Video Court Building; new Prefabricated Emergency Generator Building with bi-fuel back-up emergency generators with all required electrical upgrades to fully power the entire Falkenburg Road Jail Complex; new security and surveillance system; a new Central Air Conditioning Chiller Plant to fully cool and heat entire Falkenburg Road Jail Complex, new air handlers, with associated mechanical upgrades; and all associated site work required for the project. Work also includes upgrades to the Orient Road Jail life safety systems.

OPERATING COST IMPACT:

No significant increase in operating costs associated with this project. Net annual savings anticipated with construction of central energy plant.

PROJECT COMPLETION DATE: Oct 2019

PROJECT TITLE:
HISTORIC PRESERVATION MATCHING FUND PROGRAM
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C77796000

PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:

This project was approved by the Board of County Commissioners as a "challenge fund" to support historic preservation at various locations throughout the county. There is a maximum amount of \$250,000 per grant and matching funds are required for any award. Program procedures have been established and adopted by the Board. A listing of funding awarded to organizations through September, 2016 is included in the appendix section of this document.

OPERATING COST IMPACT:

There will be no operating cost impact to the County.

PROJECT TITLE:
MOSI WEST WING REPAIRS/RESEAL/RECAULKING
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C79054000

PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:

Repair and reseal exterior building envelope walls and roof (including IMAX dome) of MOSI West Wing. MOSI staff has indicated that the MOSI West Wing building is experiencing water infiltration through its walls and roof, including the IMAX Dome. The building construction is complex and the repair work must be preceded with a structural investigation. It is anticipated that the work will occur in phases.

OPERATING COST IMPACT:

There will be no operating cost impact to the County. The Museum is operated by the MOSI Foundation, a private non profit organization.

PROJECT TITLE:
 PET RESOURCES MASTER PLAN
 CIE REQUIREMENTS: N
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C77810000

PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:

Project will consist of master planning the existing Animal Services facility at Falkenburg Road and constructing some improvements to the extent the budget allows.

OPERATING COST IMPACT:

No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Post Construction

Neighborhood Community Area:

Brandon

PROJECT TITLE:
 PUBLIC ART PROGRAM
 CIE REQUIREMENTS: N
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C70000000

PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:

The amended Public Art Ordinance, approved by the Board of County Commissioners on January 6, 2010, (effective date January 13, 2010), states that the Public Art Program will be included in the County's Capital Improvement Program (CIP) as a capital project. Funds for the program are to be allocated once annually and the assessments are subject to Board approval as part of the CIP. Use of the funds is subject to Board approval through the annual Public Art Plan. Prior years funding reflect total program funds allocated to specific projects since inception of the Program in 1988-89.

Due to ongoing capital funding limitations, the Public Art assessment for FY 18 and FY 19 is set at 0%. Work on the Public Art Plan can continue by using funds from previous assessments. The annual Public Art Plan, as recommended by the Public Art Committee, is included within the appendix section of this document.

OPERATING COST IMPACT:

No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE:
PUBLIC SAFETY OPERATIONS COMPLEX
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C77793000

PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:

The project includes the design and construction of a new public safety complex which will consolidate various functions such as Fire Rescue Headquarters (including warehouse, fleet unit and outside training), Emergency Operations, Emergency Dispatch, Information Technology Center and other compatible uses as the budget allows. The facility will include an approximately 50,000 square foot core building and a 16,000 square foot warehouse together with associated site development and would be constructed on County-owned land on Columbus Drive Extension.

OPERATING COST IMPACT:

Annual operating costs totaling \$938,000 are included in various departmental operating budgets starting in FY 17.

PROJECT COMPLETION DATE: Post Construction

Neighborhood Community Area:

PROJECT TITLE:
REDEVELOPMENT PROJECT
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C77816000

PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:

Consistent with directives from the BOCC, the Redevelopment Project provides a strategic approach to revitalizing distressed, commercial areas of the unincorporated county through the identification of transformative projects and the engagement with private sector property owners and developers looking to deploy private capital in the revitalization of land and/or buildings. This project will result in job creation, greater tax base in the affected area and greater community prosperity.

OPERATING COST IMPACT:

There will be no operating cost impact to the County.

PROJECT TITLE:
WEST TAMPA COMMUNITY RESOURCE CENTER
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C77806000

PROGRAM: GOVERNMENT FACILITIES

PROJECT DESCRIPTION:

This project is for the purpose of replacing the existing West Tampa Neighborhood Service Center located at 2103 N. Rome Avenue within the City of Tampa. The existing facility is under contract for sale to the Tampa Housing Authority. The building program will be evaluated in conjunction with the impact of the proposed West River Development.

OPERATING COST IMPACT:

No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: TBD

Neighborhood Community Area:

City of Tampa

* New Project TBD - To be Determined

Note: Some projects have "Post Construction" in the Project Completion Date column. These projects have finished their primary construction phases and may have been placed in use; nevertheless, these projects still have unspent balances that are earmarked for post-construction project costs.

PROJECT TITLE:
C. BLYTHE ANDREWS, JR. LIBRARY EXPANSION / REPLACEMENT
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C76017000

PROGRAM: LIBRARIES

PROJECT DESCRIPTION:

Design and construct a new approximately 25,000 square foot replacement library for the C. Blythe Andrews, Jr. Library on its former site located at 2607 East Dr. Martin Luther King, Jr. Boulevard. The programs and services offered by the library will be determined with citizen input.

OPERATING COST IMPACT:

Annual operating cost impact is estimated at \$704,000. A total of 15 new FTE positions are anticipated.

PROJECT COMPLETION DATE: Dec 2018

PROJECT TITLE: JOHN GERMANY (MAIN LIBRARY) VARIOUS IMPROVEMENTS AND PLANNING STUDY
 CIE REQUIREMENTS: N
 LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C76001000
 PROGRAM: LIBRARIES

PROJECT DESCRIPTION:
 Replace existing east and west building roof at the John Germany Library (Main Library). Re-seal and re-caulk the exterior pre-cast concrete walls and associated work including replacement of acoustical ceilings, light fixtures and the roof drain piping system. Reseal exterior deck and auditorium. Perform planning studies for building utilization / needs assessment. Upgrade HVAC equipment. Perform various renovations to the building and site to meet programmatic needs.

OPERATING COST IMPACT:
 No significant change in operating cost is anticipated.

PROJECT TITLE:
RFID SYSTEM REPLACEMENT
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C76019000

PROGRAM: LIBRARIES

PROJECT DESCRIPTION:

Replace existing proprietary Radio Frequency Identification Security (RFID) technology with non-proprietary equipment throughout the library system. RFID technology is currently installed in each library facility to provide anti-theft security for library books and materials as well as to provide self-checkout by library customers. Self-checkout currently accounts for approximately 95% of all circulation transactions throughout the library system. The vendor of the current RFID system has notified Library Services that support of the proprietary system will cease in FY2015. The new system will conform to non-proprietary ISO Standards. Replacement is necessary in order to maintain security for library books and materials and to maintain self-checkout service for library customers. Existing staffing levels will not support reverting back to staff-provided checkout of over 10,000,000 items annually.

OPERATING COST IMPACT:

No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Jun 2018

Neighborhood Community Area:

PROJECT TITLE:
RIVERVIEW LIBRARY EXPANSION / REPLACEMENT
CIE REQUIREMENTS: N
LEVEL OF SERVICE IMPACT: N/A

PROJECT NUMBER: C76016000

PROGRAM: LIBRARIES

PROJECT DESCRIPTION:

Design and construct an expansion or replacement library for the existing Riverview Library located at 10509 Riverview Drive. Options for the location and size of the library will be determined with citizen input. The project program and budget will be adjusted as necessary in the future.

OPERATING COST IMPACT:

Annual operating cost impact is estimated at \$620,000. A total of 13 new FTE positions are anticipated.

PROJECT COMPLETION DATE: TBD

Neighborhood Community Area:

Riverview

* - New Project TBD - To be Determined

^ - Project includes undetermined funding in the Future column. Future funding to be determined based on project prioritization and available options at BOCC discretion.

Note: Some projects have "Post Construction" in the Project Completion Date column. These projects have finished their primary construction phases and may have been placed in use; nevertheless, these projects still have unspent balances that are earmarked for post-construction project costs.

PROJECT TITLE:
ALAFIA RIVER BOAT RAMP
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C83271000
PROGRAM: PARKS

PROJECT DESCRIPTION:
Enhance and improve the existing boat ramp with associated amenities as necessary.

Neighborhood Community Area:
To Be Determined

OPERATING COST IMPACT:
There are no additional operating or maintenance costs associated with this project.

PROJECT COMPLETION DATE: Jun 2018

PROJECT TITLE:
 COUNTY FAIRGROUND EVENT CENTER
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C83264000
 PROGRAM: PARKS

PROJECT DESCRIPTION:

This project provides Phosphate Severance Tax (PST) funding for various capital improvements to the existing Hillsborough County Fairgrounds located at the northeast corner of State Road 60 and Sydney Washer Road as requested by the Greater Hillsborough Fair Association and as described in the agreement with the County dated August 5, 2015. The agreement provides a list of equipment and building enhancements deemed necessary to increase the number of visitors and improve visitor experience. The Fair Association will be responsible for the design, permitting, construction and procurement of the items.

Neighborhood Community Area:

East Rural

83264000

OPERATING COST IMPACT:

No significant change in operating cost to the County is anticipated.

PROJECT COMPLETION DATE: TBD

PROJECT TITLE:
 COUNTY MARINE SAFETY FACILITY & EQUIPMENT IMPROVEMENTS
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C83262000
 PROGRAM: PARKS

PROJECT DESCRIPTION:

Project to fund a joint Marine Facility w/ Fire Rescue in partnership w/ TECO, FWC, and the University of Florida. Design and construction of an expanded dock and vessel lift in vicinity of TECO Energy Plant in South County for joint use by Fire Rescue as well as County's Rapid Response Team Marine Safety Unit. Improvements will directly relate to County's efforts to maintain channel markers and aids to navigation in County waterways, as well as improve derelict vessel removal operations and enhance Public Safety thru improved response time for Fire Rescue for all maritime calls for service.

Neighborhood Community Area:

To Be Determined

OPERATING COST IMPACT:

Additional annual operating cost impact is estimated at \$5,000.

PROJECT COMPLETION DATE: TBD

PROJECT TITLE:
CYPRESS CREEK ELAPP SITE ACCESS IMPROVEMENT
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C83641000

PROGRAM: PARKS

PROJECT DESCRIPTION:

Design and construct a new entrance to the Cypress Creek ELAPP preserve to enable public parking and pedestrian access to portions of the preserve. Additional improvements may include the design and construction of an informational kiosk, additional signage, boardwalk, hiking trail and other improvements designed to allow the public to gain better access to the preserve. Lennar Homes, Inc. donated \$250,000 for this project and the improvements are mandated by the contract for purchase and sale between Lennar Land Partners and Hillsborough County.

Neighborhood Community Area:
City of Tampa

OPERATING COST IMPACT:

There are no additional operating or maintenance costs associated with this project.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE:
LUCY DELL COMMUNITY POND
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C83260000

PROGRAM: PARKS

PROJECT DESCRIPTION:

The project will develop County-owned surplus property (approximately 8.5 acres) located in the vicinity of the existing Nuccio Park into a new Community Park that will encourage prosperity and citizen interaction, deter crime and increase community safety and well-being. The Project scope includes potential land acquisition, design and construction of a new passive park which will provide features such as a pedestrian boardwalk, driveway/roadway and sidewalk extension, retention pond restoration, wetland landscaping, and lighting improvements. Project may also include improvements at the existing Nuccio Park, if necessary.

Neighborhood Community Area:

East Lake Orient Park

OPERATING COST IMPACT:

To be determined.

PROJECT COMPLETION DATE: Oct 2018

PROJECT TITLE:
NEW TAMPA CULTURAL ARTS CENTER
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C83259000
PROGRAM: PARKS

PROJECT DESCRIPTION:

Design and construct a new 20,000 Sq Ft civic building (expandable to 30,000 sq ft in the future) to serve as a cultural/community center as part of the New Tampa Community Park. The County-owned property is located at the intersection of Bruce B. Downs Boulevard and Hunter's Green Drive and is slated for a Public Private Partnership (P3) Development. Under the P3 Agreement, the developer will provide at least \$2,020,000 for the purchase of County property which amount will become available to partially fund this project. The remaining funds for the project will be financed through a bond. The developer will also provide a "pad ready" site with the requisite infrastructure for the Cultural/Civic Building.

NOTE: Completion of the project is dependent on the provision of a "pad ready" site by the developer.

OPERATING COST IMPACT:
To be determined.

PROJECT COMPLETION DATE: TBD

Neighborhood Community Area:
City of Tampa

PROJECT TITLE:
SEFFNER MANGO PARK
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C83261000

PROGRAM: PARKS

PROJECT DESCRIPTION:

Develop land designated for the Seffner Mango Park into a passive park to include community gardens, shade shelters, walking/jogging trails, landscaping, fencing and various site improvements.

Neighborhood Community Area:

Seffner Mango

OPERATING COST IMPACT:

Additional annual operating cost impact is estimated at \$20,000.

PROJECT COMPLETION DATE: Oct 2017

PROJECT TITLE:
 TEMPLE TERRACE MULTIPLE PARKS PROJECTS
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C80207000
 PROGRAM: PARKS

PROJECT DESCRIPTION:

As requested by the City of Temple Terrace, this project will provide funding only through an agreement with the City of Temple Terrace. This project will provide funding for a proposed list of projects that will include playground upgrades, athletic facility support and waterfront (Hillsborough River) access. The City of Temple Terrace will be responsible for the acquisition of land, design, construction, maintenance and operation of any project created or enhanced by these funds.

Neighborhood Community Area:

Temple Terrace

OPERATING COST IMPACT:

There are no additional operating or maintenance costs associated with this project.

PROJECT COMPLETION DATE: TBD

PROJECT TITLE:
UPPER TAMPA BAY TRAIL IV A&B
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C83246000
PROGRAM: PARKS

PROJECT DESCRIPTION:

This work for Sections A & B of the Upper Tampa Bay Trail Phase IV will include design and construction for the trail between the existing Upper Tampa Bay Trail that ends just north of Peterson Road to the trail terminus of Section C at Van Dyke Road just East of Gunn Highway. The route and length are undetermined at this time.

Neighborhood Community Area:

OPERATING COST IMPACT:

Operating cost is estimated to be an additional \$45,000 per year. One position will be required.

PROJECT COMPLETION DATE: TBD

PROJECT TITLE:
VETERANS MEMORIAL PARK EXPANSION PHASE I/II/III
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C80219000
PROGRAM: PARKS

PROJECT DESCRIPTION:

This project is for Phase I, Phase II and Phase III of the Veteran's Memorial Park Master Plan for the redesign and expansion of the existing Veteran's Memorial Park and Museum located on Highway 301 North. Phase I will include installation of an entry feature, signage and icon, site work, roads, parking and a caretaker area. Phase II will include construction of a "Freedom Trail". Phase III will include County funding for design and construction of individual memorials. Recommended memorial projects are as follow: Seminole Indian Wars, Mexican War, Civil War, Spanish American War, World War I, World War II, Korean War, Vietnam War, Gulf War, Iraq, Afghanistan, Field of Honor, Committed Forces, Purple Heart, Medal of Honor, and POW/MIA. Additional Grant Funding to fund the first phase of the Museum (Approximately 8,000 s.f.)

Neighborhood Community Area:

OPERATING COST IMPACT:

Operating cost is estimated to be an additional \$20,000 per year.

PROJECT COMPLETION DATE: Dec 2018

 PROGRAM: SOLID WASTE ENTERPRISE

PROJECT DESCRIPTION:
 Design, permitting, construction, construction quality assurance and inspections for the Solid Waste Northwest Transfer Facility Scale House Replacement project. Replacement of the existing Scale House building and associated facilities is necessary to improve safety, customer traffic flow, efficiency of the operation and expand queuing to improve the overall customer experience while using the facility.

OPERATING COST IMPACT:
 No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Dec 2020

PROJECT TITLE:
RESOURCE RECOVERY FACILITY WAREHOUSE
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C54064000
 PROGRAM: SOLID WASTE ENTERPRISE

PROJECT DESCRIPTION:
 Engineering, permitting, construction and construction CQA for a new warehouse at the Resource Recovery Facility. A new warehouse will allow for the covered storage of parts and equipment that are currently either stored outdoors or on the tipping floor, which reduces the ability to store additional municipal solid waste. Inside storage will result in improved safety, housekeeping, additional storage space for municipal solid waste on the tipping floor and better organization of spare parts and equipment.

OPERATING COST IMPACT:
 No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Dec 2020

PROJECT TITLE:
ROAD IMPROVEMENTS AT THE RESOURCE RECOVERY FACILITY
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C54075000
PROGRAM: SOLID WASTE ENTERPRISE

PROJECT DESCRIPTION:
Design, permitting, construction and construction quality assurance and inspection for road improvements at the Resource Recovery Facility. Major improvements are necessary to improve safety, customer traffic flow, efficiency of the operation and also provide a positive overall customer experience while using the facility.

OPERATING COST IMPACT:
No significant change in operating cost is anticipated.

PROJECT TITLE:
SOUTHEAST COUNTY LANDFILL LEACHATE LINE CONNECTION TO SEWER MAIN
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C54068000
PROGRAM: SOLID WASTE ENTERPRISE

PROJECT DESCRIPTION:
Engineering, permitting and installation of a six inch HDPE line, two new booster pumps and improvements to the existing leachate pump station to connect the leachate collection and treatment system to the sewer main line. Connection is necessary to eliminate the need to haul the leachate off site and improve operations.

OPERATING COST IMPACT:
No significant change in operating cost is anticipated.

*-New Project TBD - To be Determined

Note: Some projects have "Post Construction" in the Project Completion Date column. These projects have finished their primary construction phases and may have been placed in use; nevertheless, these projects still have unspent balances that are earmarked for post-construction project costs.

PROJECT TITLE:
CANAL DREDGING AND PREVENTATIVE MEASURES STUDY IMPLEMENTATION
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C41175000
PROGRAM: STORMWATER

PROJECT DESCRIPTION:
Implementation of recommendations by the Canal Advisory Committee to address County related pollutant loading to canals. This project will address identified needs to reduce pollutant loading to surface waters evaluated as part of the Comprehensive Canal Dredging and Preventive Measures Study.

OPERATING COST IMPACT:
There are no operating or maintenance costs associated with this project.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE:
COUNTYWIDE WATERSHED MASTERPLAN UPDATE PHASE II
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C41142000
PROGRAM: STORMWATER

PROJECT DESCRIPTION:
Update the Hillsborough County Watershed Management Plan that was completed in FY 2002 to reflect land use changes including, but not limited to, converting the datum from NGVD29 to NAVD88; updating basin delineation to reflect land use changes and to correct any existing errors; updating the hydrology / hydraulic model to reflect land use changes and new completed projects; updating the water quality models and updating the GIS database. This second phase will also provide LIDAR imaging which will benefit all County Departments.

OPERATING COST IMPACT:
There are no operating or maintenance costs associated with this project.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE:
WATERSHED MASTER PLAN UPDATES
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C46140000

PROGRAM: STORMWATER

PROJECT DESCRIPTION:

This ongoing Countywide master project consists of updating the Hillsborough County Watershed Management Plan with more current or accurate LIDAR and other information to reflect land use changes throughout the County resulting from continuously changing residential & commercial developments and new County infrastructure. The update includes data collection, basin re-delineation, input revision, model calibration, model verification, level of service, determination of deficit of conveyance system, alternate analysis, final recommendation, and GIS database and DFIRM revisions.

OPERATING COST IMPACT:

There are no operating or maintenance costs associated with this project.

TOTAL FY 18 - FY 23 = \$779,570

*-New Project TBD - To be Determined

*** - Project that was not in the Adopted FY 17 - FY 21 Capital Improvement Program but added during FY 17 by amending the CIP at two separate Board meetings. Some smaller projects have been consolidated into larger projects.

Note: Some projects have "Post Construction" in the Project Completion Date column. These projects have finished their primary construction phases and may have been placed in use; nevertheless, these projects still have unspent balances that are earmarked for post-construction project costs.

PROJECT TITLE:
19TH AVENUE NE WIDENING - US 41 TO US 301
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C69640000
PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:
Widening of 19th Avenue NE, a 2-lane undivided road, from US 41 to US 301 to 4-lanes including enhanced pedestrian, bicycle and bus facilities.

OPERATING COST IMPACT:
To be determined.

PROJECT COMPLETION DATE: Dec 2019

PROJECT TITLE:
ADVANCED TRAFFIC MANAGEMENT SYSTEM IMPROVEMENT PROGRAM
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C69602000
PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:

Project funding for the design and implementation of expansions and enhancements to the County's Intelligent Transportation System (ITS) program, which is comprised of computerized traffic signal control, arterial monitoring and management, and related functions. This includes the Countywide integration of technology upgrades, including realtime communications to signalized intersections and detection to determine travel demands, to be able to provide improved traffic flow, improvements in safety, increased transportation efficiency, enhanced mobility, and reductions in fuel consumption and pollutant emissions. This system uses real-time traffic data from vehicle detectors, intersection controllers, and monitoring video cameras, all routed to one central control system at the County's Traffic Management Center (TMC).

OPERATING COST IMPACT:

Hillsborough County-Wide annual operating and maintenance costs are estimated to be \$450,000 per year once all project corridors are completed. This cost includes the daily diagnostic management utilizing the Traffic Management Center software packages to monitor the traffic signals, and operations support for communication repairs, traffic signal optimization with signal timing adjustments, and field maintenance and operations activities.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE:
BIG BEND ROAD WIDENING (COVINGTON GARDEN TO SIMMONS LOOP) - PD&E
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C61149000
 PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:

This PD&E study will determine the need to provide two additional lanes of capacity to Big Bend Road (CR 672) by widening the road from 4-lane divided arterial to a 6-lane divided arterial. The project limits are from Covington Garden Drive to Simmons Loop for 1.25 miles. Project construction costs will be determined upon completion of PD&E. The developer is responsible for widening a portion of this corridor and FDOT/FHWA require a PD&E study to be completed. The cost will be split between the developer and Hillsborough County because a portion of the project is outside the limits of the developer's project.

OPERATING COST IMPACT:

No impact on annual operating and maintenance costs is anticipated.

PROJECT COMPLETION DATE: TBD

PROJECT TITLE:
 BRIDGE AND GUARDRAIL REHABILITATION AND REPAIR
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C62120000

PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:

Rehab and repair of several County bridges, and rehab and repair of guardrail within County ROW. Scope includes rehab/repair of substructure, pre-stressed concrete deck spans, pile jackets and scour mitigation efforts, in addition to repairing and replacing guardrail as required.

OPERATING COST IMPACT:

No change in annual operating and maintenance costs is anticipated.

PROJECT COMPLETION DATE: Ongoing

Neighborhood Community Area:

Countywide

PROJECT TITLE:
BRUCE B. DOWNS (BEARSS AVENUE TO PALM SPRINGS) ROAD WIDENING
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C61045000
PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:
 This project is one of three phases of the Bruce B Downs Road widening from Bearss Avenue to the Pasco County Line. The project involves the widening of Bruce B Downs from four to eight lanes as determined by the Project Development and Environmental (PD&E) study managed by FDOT. The widening includes a bridge, new storm sewer systems, ponds, flood plain and wetland mitigation.

OPERATING COST IMPACT:
 Annual operating and maintenance costs are estimated to be \$14,000 per year.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE:
COLUMBUS DRIVE OVER HILLSBOROUGH RIVER BRIDGE REHABILITATION
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C69225000
PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:
The project consists of repairs to the mechanical and electrical systems of a movable bridge. Also the corroded structural steel in the lower portions need to be cleaned of rust, lead paint and repaired or replaced. The existing bridge structure is in a deteriorated condition. Heavily corroded steel bottom lateral bracing members have fallen off the structure. The mechanical systems are showing signs of wear and misalignment.

OPERATING COST IMPACT:
No change in annual operating and maintenance costs is anticipated.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE: DANGEROUS INTERSECTION / PEDESTRIAN SAFETY PROGRAM
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: E,M

PROJECT NUMBER: C61153000
 PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:
 To improve safety for pedestrians and bicyclists as identified in the Pedestrian and Bicycle High Crash Areas Strategic Plan for Unincorporated Hillsborough County Roads completed in July 2012 by the Metropolitan Planning Commission (MPO) for the Top Ten High Crash Locations. Features can include, but are not limited to; lane restriping, enhanced pedestrian crossings such as mid-block refuge islands, sidewalk construction, bicycle lanes, raised concrete medians, and street lighting.

OPERATING COST IMPACT:
 No change in annual operating and maintenance costs is anticipated.

PROJECT TITLE:
 EAST 131ST AVENUE IMPROVEMENTS - NORTH 30TH STREET TO US 41
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C69642000
 PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:
 Enhancement of East 131st Avenue, a 2-lane undivided road, from North 30th Street to US 41 including turn lane improvements and enhanced pedestrian, bicycle and bus facilities. Intersection improvements to Fletcher Avenue at 15th Street, including but not limited to, eastbound, westbound and northbound right turn lanes.

OPERATING COST IMPACT:
 To be determined.

PROJECT COMPLETION DATE: Dec 2023

PROJECT TITLE:
MADISON AVENUE IMPROVEMENTS - US 41 TO 78TH STREET
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C61150000
PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:
Design and construct improvements for Madison Avenue between US 41 and 78th Street from an undivided 2-lane to a divided 4-lane roadway, including improvements to the CSX RR Crossing and existing box culvert extension to accommodate the ultimate typical section. Improvements along this corridor are proposed to reduce vehicle delay and improve safety. Project is divided into 4 segments as follows: Segment 1 - Madison Ave from 600 feet east of the CSX crossing to 500 feet west of the Canal Creek Crossing. Total length of 5,555 ft. Segment 2 - Madison Ave. from 500 feet west of Canal Creek Crossing to 500 feet east of Canal Creek Crossing. Total length of 2,803 feet. Segment 3 - Madison Ave. from 950 feet west of the CSX Railroad crossing to 600 feet east of the CSX crossing. Total length of 2,294 feet. Segment 4 - Madison Avenue from west of 74th Street to 200 feet west of 78th Street. Total length of 2,000 feet.

OPERATING COST IMPACT:
Annual operating and maintenance costs are estimated to be \$8,000 per year.

PROJECT COMPLETION DATE: TBD

PROJECT TITLE:
NEW & IMPROVED SIGNALIZATION PROGRAM
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C69601000
PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:

Funding for new and temporary traffic signals throughout Hillsborough County. Temporary signals will be upgraded to full functionality to improve traffic movement. The funding will also include right of way acquisition for most arms, signals and controller placements along with minor lane improvement for traffic movement.

OPERATING COST IMPACT:

Some projects are complete and operating costs are included in current budgets. Annual operating and maintenance costs for incremental projects are estimated to be \$100,000 starting in FY 17.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE: VAN DYKE ROAD WIDENING - WHIRLEY ROAD TO SUNCOAST PARKWAY
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C69646000
 PROGRAM: TRANSPORTATION

PROJECT DESCRIPTION:
 Widening of Van Dyke Road, a 2-lane undivided road, from Whirley Road to Suncoast Parkway to 4-lanes divided including enhanced pedestrian, bicycle and bus facilities. Multi-use trail extension to Upper Tampa Bay Trail.

OPERATING COST IMPACT:
 To be determined.

PROJECT COMPLETION DATE: Dec 2023

PROJECT TITLE:
19TH AVE. WATER TRANSMISSION MAIN (I-75 TO US 41)
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C31982000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
Design and construct approximately 16,000 linear feet of potable water transmission main along 19th Ave. from I-75 to US 41. This project is needed to maintain the County's potable water level of service when development in this area of the county resumes.

OPERATING COST IMPACT:
No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Jun 2019

PROJECT TITLE:
19TH AVENUE RECLAIMED WATER TRANSMISSION MAIN
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C10217000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
Design and construct approximately 17,150 LF of Reclaimed Water Transmission Main along 19th Avenue from the TECO easement to 12th Street N.E., then north along 12th Street to US HWY 41, then NE to the entrance of Harbor Isles. The development in the South County area offer opportunity and need to expand the County's reclaimed water transmission and distribution system. Expansion of this system is necessary to serve our customers and is part of the County's program to help reduce surface water discharge and reduce the demand for potable water.

OPERATING COST IMPACT:
No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Jun 2019

PROJECT TITLE:
19TH AVENUE WASTEWATER FORCEMAIN
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C10243000

PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:

This project involves replacing the 12-inch force main on 19th Avenue from US 41 to I-75 with a new 24-inch force main. This is followed by replacing the 16-inch force main from 19th Avenue to the South County headworks with a 36-inch force main. This project will reduce system pressures in the force main system going into the South County plant. This will improve the performance of existing and proposed future pump stations along this main trunk line.

OPERATING COST IMPACT:

No significant change in operating cost is anticipated.

PROJECT TITLE:
BELLAMY ROAD GRAVITY MAIN
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C10244000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 This project consist of the installation of approximately 1,100 linear feet of 8-inch gravity sewer along the right-of-way of Bellamy Road. The proposed work extends from the Hammock Woods neighborhood to the existing manhole on Bellamy Road, north of Rogers Vista Court. The work connects an existing dry line to the County's wastewater collection system. The project includes pavement restoration. Easement acquisition may be necessary. This project allows for the connection of 14 homes. The neighborhood was constructed in the 1980s with a local wastewater collection system that was not connected to the County's wastewater collection system due to capacity constraints. The dry line was installed with the understanding that the neighborhood would be connected to the County's collection system when capacity became available.

OPERATING COST IMPACT:
 No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Dec 2018

PROJECT TITLE:
 COUNTYWIDE FIRE HYDRANT REPLACEMENT (MASTER PROJECT)
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C31968000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Countywide Master Project to replace aging existing fire hydrants. The fire hydrant inspection project has indicated that certain models of fire hydrants installed in the water distribution system are more likely to fail. There are also aging hydrants in the system. Water Enterprise needs to develop a program to systematically replace this portion of the infrastructure.

OPERATING COST IMPACT:
 No significant change in annual operating costs is anticipated.

 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Replace the old potable water monitoring equipment with new monitoring and communication equipment. The old equipment has reached the end of its useful life and is not reliable.

OPERATING COST IMPACT:
 No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Jun 2019

PROJECT TITLE: COUNTYWIDE POTABLE WATER TRANSMISSION AND DISTRIBUTION SYSTEM R&R (MASTER PROJECT)
 PROJECT NUMBER: C31977000
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Design and construction of Countywide water transmission and distribution lines that require replacement or system upgrade. This project includes water distribution projects that improve level of service - pressure, quality, quantity and fire protection. This project will allow for limited line extensions to loop systems or provide fire protection. The County's existing water distribution system has small areas where improvements are required to meet our water quality and pressure goals.

OPERATING COST IMPACT:
 No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE: COUNTYWIDE PUMP STATION SCADA (MASTER PROJECT)
 PROJECT NUMBER: C10235000
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Design, fabricate and install wastewater pumping station combined control and SCADA panels at approximately 350 existing wastewater pumping stations. This follow-up project is required to monitor and control the county's approximately 702 wastewater pumping stations to help avoid wastewater spills and other maintenance issues by completing the installation of the new combined control and SCADA panels at the remaining stations that have not been retrofitted.

OPERATING COST IMPACT:
 Operating cost estimated to be \$120,000 per year. Two new positions required.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE: COUNTYWIDE REMOVAL & REPLACEMENT OF AC & SCH. 40 PVC PIPING MASTER PROJ.
 PROJECT NUMBER: C31981000
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Remove and replace existing Asbestos Cement and Schedule 40 PVC piping throughout the County's utility service area. Asbestos Cement pipe does not meet the current technical standards of the Department, is difficult to find repair pieces and is considered hazardous material when broken. Schedule 40 PVC piping does not meet the current standards of the Department, not have the required pressure rating, and is easily damaged by anyone digging in the right of way. Both materials are subject to greater failure rates than the current standard materials.

OPERATING COST IMPACT:
 No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE: COUNTYWIDE WASTEWATER COLLECTION AND TRANSMISSION SYSTEM R&R (MASTER PROJECT)
 PROJECT NUMBER: C10171000
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Design and construction of countywide wastewater force mains that require replacement or system upgrade. Portions of the existing wastewater collection and transmission system are reaching the end of their useful life. This aging infrastructure will take a significant investment to repair and replace.

OPERATING COST IMPACT:
 No significant change in annual operating costs is anticipated.

PROJECT TITLE:
 COUNTYWIDE WASTEWATER PUMP STATIONS R&R (MASTER PROJECT)
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C10138000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 This project provides for the annual major rehabilitation of 40-60 of the 699 pump stations owned, operated and maintained by the Water Enterprise. Failure to provide extensive maintenance will result in outages and increased O&M costs.

OPERATING COST IMPACT:
 No significant change in annual operating costs is anticipated.

PROJECT TITLE: FALKENBURG AWTP SLUDGE DEWATERING UPGRADE
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C10167000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Design and construct a new centrifuge sludge dewatering system, including new controls and electrical upgrades, that replace the two existing gravity belt presses and increase the processing capacity for the upgraded treatment plant capacity of 12 MGD. Existing dewatering equipment is at the end of its service life and additional dewatering equipment is required to process the additional biosolids generated at the recently expanded facility.

OPERATING COST IMPACT:
 Operating cost is estimated to be \$432,000 per year. Three new positions required.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE:
 FIRE FLOW DEFICIENCY (MASTER PROJECT)
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C31957000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Design and construct water lines for areas that cannot currently support fire flow and add hydrants to meet technical manual standards. Specific areas were identified in a study and will be implemented over a 20 year period.

Neighborhood Community Area:
 Countywide

OPERATING COST IMPACT:
 No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE:
 FORCEMAIN TRANSMISSION SYSTEM VALVE R&R (MASTER PROJECT)
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C10272000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Replace identified valves in the forcemain transmission system. Valves are identified in a report provided by PUD's Engineering Staff in January 2015, titled "Valve Inspection, Repair, and Exercising Program." The CIP is intended to address only the replacement and rehabilitation of valves.

Neighborhood Community Area:
 Countywide

OPERATING COST IMPACT:
 No significant change in annual operating costs is anticipated.

PROJECT TITLE:
 KINGS POINT POTABLE WATER VALVE INSTALLATION/REPLACEMENT
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C31989000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Install new valves and replace valves that are not currently working. The project will also involve replacing water mains, where needed. Portions of the Kings Point potable water distribution system cannot be isolated because of the lack of valves or because the valves are not working. This results in larger water outages in the event a repair is necessary.

OPERATING COST IMPACT:
 No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Mar 2019

PROJECT TITLE:
LARGE WATER METER REPLACEMENT (MASTER PROJECT)
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C31985000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Replacement of approximately 250 larger, typically commercial potable water meters throughout the Potable Water Distribution System. These existing large water meters have reached the end of their useful service life, are difficult to obtain replacement parts for and many are under recording measured flows. The replacement meters will allow the Water Enterprise to capture potentially lost revenue due to these failing water meters.

OPERATING COST IMPACT:
 No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Ongoing

PROJECT TITLE:
 NORTHWEST RWRP SYSTEM IMPROVEMENTS
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C10239000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Design, permit and construct improvements to the Northwest Regional Water Reclamation Facility. The current facility is permitted to treat 10.0 million gallons per day. The anticipated improvements will increase the permitted capacity to 30.0 million gallons per day. This permitted capacity allows for one full treatment train to be out of service for maintenance and operational flexibility. Improvements are essential to long-term environmental needs and the necessary decommissioning of the River Oaks and Dale Mabry Wastewater Treatment Plants.

OPERATING COST IMPACT:
 No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Dec 2020

PROJECT TITLE: PUBLIC UTILITIES SCADA NETWORK AND SUPPORT (MASTER PROJECT)
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C31978000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Design and construct a facility to centralize command and control of the Public Utilities Department water and wastewater facilities. This facility will include all necessary support structure, communications, interconnectivity, and uplinks to all water and wastewater SCADA systems to allow remote 24 hour operation during normal and emergency operations. This project is required to provide Public Utilities a facility to utilize for centralized command and control of our water and wastewater treatment plants and pumping stations on a 24-hour basis as well as provide a command and control facility for recovery operations following an emergency situation.

OPERATING COST IMPACT:
 Operating cost impact is estimated to be \$50,000 per year.

PROJECT TITLE:
RIVER OAKS DIVERSION FORCEMAIN (RO TO NWRWRF) AND PUMP STATION
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C10276000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
This project diverts wastewater flow from the River Oaks Wastewater Treatment Plant to the Northwest Regional Water Reclamation Facility, decommissions & demolishes the River Oaks Plant, and then repurposes the plant site to a greenfield condition. The project includes the design, permitting and construction of a forcemain and pumping station to transfer wastewater flow from the River Oaks site to the Northwest Regional Water Reclamation Facility. Improvements are essential to meeting long-term environmental needs and decommissioning of the River Oaks plant.

Neighborhood Community Area:
Northwest Hillsborough

OPERATING COST IMPACT:
No significant change in annual operating costs is anticipated.

PROJECT TITLE:
SOUTH COUNTY WATER REPUMP STATION WATER TRANSMISSION MAIN TO 19TH AVE
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C31969000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
Design and construct approximately 7,000 linear feet of 30-inch potable water transmission main connecting the South County Water Repump Station to the existing water distribution system at 19th Avenue and I-75. This project will improve level of service for both the Ruskin and Sun City Center communities. Additional demands in this area require additional supplies and pressures in order to maintain minimum service levels to County residents.

OPERATING COST IMPACT:
No significant change in annual operating costs is anticipated.

PROJECT COMPLETION DATE: Jun 2019

PROJECT TITLE: SOUTH COUNTY WWTP EXPANSION PROJECT
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: F

PROJECT NUMBER: C10143000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Expand the existing South County Regional Advanced Wastewater Treatment Plant from 4.5 million gallons per day (MGD) to 10 MGD. The design of the expansion should consider new technologies including membrane biological reactor (MBR) treatment processes to reduce the foot print of the expanded facility. This project will also include an interim rerate to 6 MGD.

OPERATING COST IMPACT:
 Operating cost is estimated to be \$703,000 per year. Five new positions required.

PROJECT COMPLETION DATE: Dec 2020

PROJECT TITLE: SOUTH HILLSBOROUGH AQUIFER RECHARGE EXPANSION (SHARE)
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C10259000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 This project is for the investigation, design, and construction of additional reclaimed water recharge wells, transmission mains, and interconnects in the South-Central service area. This is for expansion of the South Hillsborough Aquifer Recharge Project (SHARP).

OPERATING COST IMPACT:
 No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Sep 2020

PROJECT TITLE:
SOUTH HILLSBOROUGH AQUIFER RECHARGE PROGRAM (SHARP)
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C10198000

PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:

Design and construct a new reclaimed water deep recharge well, three new ground water monitoring wells, electrical controls, well head and piping, dissolved oxygen (DO) reduction system and other appurtenances. Project will also require computer modeling and extensive monitoring to include groundwater flow and solute transport modeling and metal mobilization monitoring and analysis. This pilot recharge project will allow for the feasibility testing of recharging the saline aquifer at the edges of Tampa Bay with excess reclaimed water to help retard salt water intrusion into the potable water supply while also allowing Hillsborough County to meet the new FDEP / USEPA rules for properly disposing of excess reclaimed water without discharging it to Tampa Bay or its tributaries.

OPERATING COST IMPACT:

Operating cost is estimated to be \$5,000 per year.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE:
TATE LANE RECLAIMED WATER MAIN RELOCATION
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C10260000

PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:

Replace approximately 2,500 feet of 36-inch reclaimed water transmission main along Tate Lane and surrounding easements. The transmission main along this route needs to be replaced. Townhomes were built too close to the existing transmission main, creating a potential dangerous situation in case the main breaks. Also, repairs would be difficult because of the limited easement space.

OPERATING COST IMPACT:

No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Sep 2020

PROJECT TITLE:
VALRICO AWTP CLARIFIER LAUNDER COVERS
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C10261000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:

This project adds covers to the existing clarifier weirs. This will reduce algae growth on the weirs reducing the need for maintenance, such as spraying hypochlorite. As a result, maintenance staff will not have to manually spray the weirs, improving safety. The proposed covers will shade the clarifier weirs, greatly reducing, or preventing, the growth of algae. This will reduce the need for maintenance on the weirs, which are no cleaned with automatic brushes. The brushes were installed after-market on the existing clarifiers and never worked as designed.

OPERATING COST IMPACT:

No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Dec 2017

PROJECT TITLE:
VALRICO AWTP LIGHTNING PROTECTION PROJECT
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C10262000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:

This project involves installing a grounding and lightning protection system on the older portion of the plant that currently has no lightning protection. It also includes rehabilitating the existing grounding and lightning protection system on the newer portion of the plant. The PUD procured the services of an electrical engineer to evaluate the existing systems. The evaluation identified several deficiencies. Over the last several years, the facility has experienced lightning strikes resulting in equipment failures. This project is necessary to protect plant electrical equipment, but more importantly, to address worker safety. The plant needs to be reliably grounded and have a sufficient lightning protection system.

OPERATING COST IMPACT:

No significant change in operating cost is anticipated.

PROJECT COMPLETION DATE: Post Construction

PROJECT TITLE:
WASTEWATER PLANT SLUDGE HOLDING/THICKENING (MOBILE DEWATERING)
CIE REQUIREMENTS: Y
LEVEL OF SERVICE IMPACT: E

PROJECT NUMBER: C10265000
PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
The project involves construction of a storage installation site for a trailer mounted centrifuge unit. The unit will be housed at the Van Dyke facility where it will see the majority of its use. However, it will also be available as a backup dewatering unit for the other PUD facilities. Based on recent experience at Falkenburg, Valrico, and Northwest, the PUD will benefit from having a backup dewatering unit. This unit can be used as a backup during routine maintenance of dewatering equipment or in the event of a failure. When not providing backup service, the unit will be housed at the Van Dyke facility, which currently has no dewatering equipment. It will draw and dewatering sludge from the sludge holding tank. This will reduce sludge hauling costs from Van Dyke.

OPERATING COST IMPACT:
No significant change in operating cost is anticipated.

PROJECT TITLE: WESTCHASE HIGH DENSITY POLYETHYLENE RWTM REPLACEMENT
 CIE REQUIREMENTS: Y
 LEVEL OF SERVICE IMPACT: M

PROJECT NUMBER: C10192000
 PROGRAM: WATER ENTERPRISE

PROJECT DESCRIPTION:
 Design and construct approximately 9,000 linear feet of 16 inch PVC pipe in the Westchase Subdivision along West Linebaugh Avenue between Radcliffe Drive and Westchase Elementary Driveway to replace an existing 16 inch HDPE line. The existing HDPE reclaimed water main currently must be operated at a lower pressure than is required for proper operation of the reclaimed water distribution system in the area due to its original design. The current HDPE transmisson main is also failing at several existing pipe fittings.

OPERATING COST IMPACT:
 No significant change in annual operating costs is anticipated.

*	South Shore Library Chiller Replacements	\$300,000
*	West Tampa Library HVAC Replacement	200,000
	Total Special Library Taxing District	\$500,000
Total R3M Proposed List		\$9,639,000

* CIP Projects

Note: To ensure that funding is available to maintain existing facilities, the Board of County Commissioners sets aside a minimum of 1% of anticipated annual revenues in the Countywide General Fund, the Unincorporated Area General Fund and the Library District Fund. The FY 18 1% - 1.5% allocations will generate approximately \$4.7 million for Countywide General Fund, \$3.3 million for the Unincorporated Area General Fund and \$441,000 for the Library District Fund in each fiscal year.

DEFINITIONS

ADA – Americans with Disabilities Act. There are projects in this document which specifically address ADA compliance. These projects enable handicapped access to County facilities.

AD VALOREM TAX - A tax levied in proportion (usually millage rates) to the assessed value of the property on which it is levied.

ALL YEARS BUDGET - Budgeting and reporting grant and capital project appropriations and expenditures from grant or project inception through the desired reporting period, as opposed to budgeting and reporting on a fiscal year basis. As a result, each year's budget only reflects that year's changes in funding, such as additional funds being added to a project budget or unneeded funds being subtracted from the budget.

APPROPRIATION - The legal authorization of funds granted by a legislative body, such as Hillsborough County's Board of County Commissioners, to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and time duration. It is the act of appropriation that funds a budget.

BEGINNING FUND BALANCE - The Ending Fund Balance of the previous period. (See Ending Fund Balance definition.)

BOCC - Hillsborough County Board of County Commissioners

BOND - Written evidence of the issuer's obligation to repay a specified principal amount on a certain date (maturity date), together with interest at a stated rate, or according to a formula for determining that rate.

BUDGET FY 18 - Funds authorized by the BOCC for fiscal year 2018.

CAPITAL BUDGET - The financial plan of capital project expenditures for the fiscal year beginning October 1. It incorporates anticipated revenues and appropriations included in the first year of

the five or six-year Capital Improvement Program (CIP). The Capital Budget is adopted by the BOCC as a part of the annual County Budget.

CAPITAL IMPROVEMENTS ELEMENT (CIE) - An element of the Comprehensive Plan which identifies the revenues, costs, and location of the six public facility types required by concurrency: Parks, Solid Waste, Stormwater, Transportation, Water, and Wastewater based on service level standards and the land use plan adopted by the BOCC.

CAPITAL IMPROVEMENT PROGRAM (CIP) - The financial plan of approved capital projects, their timing, and cost over a six-year period in the first year of a biennial budget, and over a five-year period in the second year of a biennial budget. The CIP is designed to meet County infrastructure needs in a responsive and efficient manner. It includes projects which are, or will become the property of Hillsborough County, as well as, projects that although are not owned by the County, will be part of a joint project agreement.

CAPITAL PROJECT - Funds budgeted/expended for the acquisition, construction, reconstruction, initial fixtures and equipment, renovation, rehabilitation, and replacement of a facility or a major component of a facility, with a life expectancy of at least five years, and any land, design, feasibility studies, engineering studies, and engineering costs related thereto. To be included in the CIP, a project must have a definite scope of work, timeframe, and cost estimate.

COMMUNITY INVESTMENT TAX (CIT) - A discretionary half cent sales surtax approved by the voters to finance general government, public safety, educational and other facilities in Hillsborough County and the cities of Tampa, Plant City and Temple Terrace.

DEBT SERVICE – Dollars required to re-pay funds borrowed by means of issuance of bonds or through a bank loan. The components of debt service typically include an amount to repay a portion of the

DEFINITIONS

principal amount borrowed as well as interest on the remaining outstanding (unpaid) principal balance.

DEFEASANCE - is a financing tool by which outstanding bonds may be retired without a bond redemption or implementing an open market buy-back. Cash is used to purchase government securities. The principal of and interest earned on the securities are sufficient to meet all payments of principal and interest on the outstanding bonds as they become due. If the defeasance is consistent with generally accepted accounting principles and complies with the outstanding bond document requirements, the bonds will no longer be treated as debt for accounting purposes nor for purposes of computing any statutory or constitutional debt limitation.

DEVELOPMENT OF REGIONAL IMPACT (DRI) - A property development of large size which, based on state mandated thresholds is likely to impact more than one county.

ELAPP – Environmental Lands Acquisition and Protection Program.

ENCUMBRANCE - Legal commitment of budgeted funds set aside for the payments of outstanding contractual obligations.

ENDING FUND BALANCE - Funds carried over at the end of the fiscal year. Within a fund, the revenue on hand at the beginning of the fiscal year plus revenues received during the year less expenses equals ending fund balance.

ENTERPRISE FEES – Enterprise fees are charges for services imposed on users of facilities of the two programs funded through enterprise funds - Solid Waste and Water/Wastewater/Reclaimed Water. Use of these revenues is restricted to operating, maintaining or building new infrastructure for the respective service for which the fee is being collected.

ENTERPRISE FUND - A fund used to account for operations that are financed and operated in a manner similar to private business enterprises wherein the stated intent is that the costs (including depreciation) of providing goods and services be financed from revenues recovered primarily through user fees.

FISCAL YEAR 2018 (FY 18) - The 12-month fiscal period beginning October 1, 2017 and ending September 30, 2018. It can also be referred to or shown as FY 18.

FUND - An accounting entity used to record cash and other financial resources as well as an offsetting amount of liabilities and other uses. The resources and uses are segregated from other resources and uses for the purpose of carrying on specific activities or attaining specific objectives in accordance with special regulations, restrictions, or limitations.

FUTURE - Capital funding requirement identified for a project beyond the CIP FY 18 – FY 23 planning horizon.

GENERAL REVENUES - This revenue category includes funding from ad valorem taxes, communication services tax, state revenue sharing and half-cent local government sales tax.

IMPACT FEES - A type of charge for services which is assessed on new construction in order to support specific new demands on a given type of infrastructure, e.g., transportation, schools, parks, and fire protection.

INFRASTRUCTURE - Infrastructure is a permanent installation such as a building, road, or water transmission system that provides public services.

LEVEL OF SERVICE - An indicator of the extent or degree of service provided by or proposed to be provided by a facility included in the Capital Improvements Element (CIE) of the Comprehensive Plan

DEFINITIONS

based on and related to the operational characteristics of the facility. The six public facility types in the Capital Improvements Element of the Comprehensive Plan are: Parks, Solid Waste, Stormwater, Transportation, Water, and Wastewater. The Level of service shall indicate the capacity per unit of demand for each public facility. (FL Administrative Code, Rule 9J-5.003 (47), Vol. 4, Page 973).

LEVEL OF SERVICE IMPACT - Impact on adopted levels of service of the six types of facilities in the Capital Improvements Element (CIE) are coded as follows: (M) the repair, remodeling, renovation or replacement of an existing County facility that will maintain levels of service in the Comprehensive Plan; (E) construction of a new facility or expansion of an existing facility that will reduce deficiencies in the levels of service in the Comprehensive Plan; (F) construction of a new facility or expansion of an existing facility is needed to meet levels of service from new development; (N/A) indicates the project or facility type is not covered by the CIE.

MASTER ACCOUNT - A Master Account is an account that is funded to repair and or replace equipment at various locations within the Water, Wastewater and Reclaimed Water Programs. The anticipated dollars associated with the repair and replacement of equipment at various facilities are grouped according to types and placed in a master account to allow for a more efficient method of handling repair and replacement needs as they arise. Needs are identified at the beginning of the year and are then prioritized throughout out the year to insure that the system is in good working condition.

MILL - A mill is .001 of one dollar, or 1/10th of one cent per dollar.

MILLAGE RATE - A rate per one thousand dollars of taxable property value which, when multiplied by the taxable value, yields the property tax billing for a given parcel.

MISCELLANEOUS (FUNDING SOURCE) - Revenues other than those received from standard sources such as taxes, licenses and permits, grants, and user fees.

MOBILITY FEES – Mobility Fees are a one-time charge on new development to pay for offsite transportation improvements that are necessitated by new development. On April 26, 2016 the Board of County Commissioners adopted the Mobility Fee Ordinance that would replace the current transportation impact fees and transportation concurrency. The Mobility Fee Program became effective January 1, 2017.

MUNICIPAL SERVICES TAXING UNIT (MSTU) - The taxing district which is comprised of all of the unincorporated area of the County. It provides services typically provided by a municipality (e.g., Sheriff's patrol, paramedic services, fire protection, parks and recreation, code enforcement, and road network maintenance) to the residents and businesses in the unincorporated area. The services are financed primarily by an ad valorem tax levied on all taxable property located in the unincorporated area.

NEW PROJECT - A capital project that has not been previously approved by the Board of County Commissioners.

OPERATING COST IMPACT – Unless otherwise stated the operating cost impact reflected on the project's detail page represents the estimated additional annual recurring cost of maintaining the new facility / infrastructure, including any additional personnel required to operate the new facility.

PD&E - The Preliminary Design and Engineering (PD&E) phase of a project consist of studies that provide a project scope and schedule together with its estimated costs, benefits and alternative analysis. The study includes safety considerations, cost benefit analysis and environmental studies consistent with the County's Strategic Plan and

DEFINITIONS

Capital Improvement Element. This project phase includes required public meetings to determine the impact to the community.

PRE-PD&E PROJECTS – Capital projects that have not completed Preliminary Design and Engineering. It is after PD&E that the general scope and land requirements have been identified in sufficient detail to develop sound cost and project duration estimates. As a result, the cost and date estimates associated with projects classified as pre-PD&E are still tentative and subject to change.

PRIOR REVENUES / PRIOR EXPENSES – As of the FY 16 – FY 21 CIP, all programs have been converted to annual budgeting vs. all-years budgeting that has been used in the past. Since all programs have converted to annual budgeting, this column contains an estimate of total revenues or total expenditures from project inception through September 30, 2017.

POST-PD&E PROJECTS – Capital projects that have completed Preliminary Design and Engineering (PD&E). It is after PD&E that the general scope and land requirements have been identified in sufficient detail to develop sound cost and project duration estimates. As a result, the cost and date estimates associated with projects classified as post-PD&E are more definitive and represent the information against which project progress is measured.

PROJECT COMPLETION DATE - This is the date the project will be available to the user for its intended purpose but there may be some outstanding financial issues pending such as outstanding invoices, contractual or legal disputes.

PROJECT DESCRIPTION - Brief explanation of each project's purpose and work scope.

RESERVES AND REFUNDS - Included in this category are funds required to meet both anticipated and unanticipated needs: the balance of anticipated earmarked revenues not required for operation in the budget year; estimated reimbursements to organizations, state, or federal governments for revenues received and not spent, and those required to be set aside by bond covenants.

SWFWMD - Southwest Florida Water Management District

TEA-21 - Transportation Equity Act for the 21st Century. Federal program which provides federal funds to assist local jurisdictions with their transportation improvements. Formerly known as ISTEA.

TRANSFERS - Due to legal or other restrictions, monies collected in one fund may need to be expended in other funds. A transfer is accomplished through Transfers-In (a source of funds) for the recipient fund and an equal Transfer-Out (a use of funds) for the donor fund. When a transfer occurs between different funds, it is known as an Interfund Transfer. When it occurs between the restricted and unrestricted portions of the same fund, it is known as an Intrafund Transfer.

USER FEES - Charges for a specific governmental service that cover the cost of providing that service to the user, such as building permits, animal license fees and park fees.
