### Part II - General Qualifications

See the "General Instructions" on page 1 for firms with branch offices. Prepare Part II for the specific branch office seeking work if the firm has branch offices.

- 1. Solicitation Number. If Part II is submitted for a specific contract, insert the agency's solicitation number and/or project number, if applicable, exactly as shown in the public announcement or agency request.
- 2a-2e. Firm (or Branch Office) Name and Address. Self-explanatory.
- 3. Year Established. Enter the year the firm (or branch office, if appropriate) was established under the current name.
- 4. DUNS Number. Insert the Data Universal Numbering System number issued by Dun and Bradstreet Information Services. Firms must have a DUNS number. See FAR Part 4.6.
  - 5. Ownership.
- a. Type. Enter the type of ownership or legal structure of the firm (sole proprietor, partnership, corporation, joint venture, etc.).
- b. Small Business Status. Refer to the North American Industry Classification System (NAICS) code in the public announcement, and indicate if the firm is a small business according to the current size standard for that NAICS code (for example, Engineering Services (part of NAICS 541330), Architectural Services (NAICS 541310), Surveying and Mapping Services (NAICS 541370)). The small business categories and the internet website for the NAICS codes appear in FAR Part 19. Contact the requesting agency for any questions. Contact your local U.S. Small Business Administration office for any questions regarding Business Status.
- 6a-6c. Point of Contact. Provide this information for a representative of the firm that the agency can contact for additional information. The representative must be empowered to speak on contractual and policy matters.
- 7. Name of Firm. Enter the name of the firm if Part II is prepared for a branch office.
- 8a-8c. Former Firm Names. Indicate any other previous names for the firm (or branch office) during the last six years. Insert the year that this corporate name change was

- effective and the associated DUNS Number. This information is used to review past performance on Federal contracts.
- 9. Employees by Discipline. Use the relevant disciplines and associated function codes shown at the end of these instructions and list in the same numerical order. After the listed disciplines, write in any additional disciplines and leave the function code blank. List no more than 20 disciplines. Group remaining employees under "Other Employees" in column b. Each person can be counted only once according to his/her primary function. If Part II is prepared for a firm (including all branch offices), enter the number of employees by disciplines in column c(1). If Part II is prepared for a branch office, enter the number of employees by discipline in column c(2) and for the firm in column c(1).
- 10. Profile of Firm's Experience and Annual Average Revenue for Last 5 Years. Complete this block for the firm or branch office for which this Part II is prepared. Enter the experience categories which most accurately reflect the firm's technical capabilities and project experience. Use the relevant experience categories and associated profile codes shown at the end of these instructions, and list in the same numerical order. After the listed experience categories, write in any unlisted relevant project experience categories and leave the profile codes blank. For each type of experience, enter the appropriate revenue index number to reflect the professional services revenues received annually (averaged over the last 5 years) by the firm or branch office for performing that type of work. A particular project may be identified with one experience category or it may be broken into components, as best reflects the capabilities and types of work performed by the firm. However, do not double count the revenues received on a particular project.
- 11. Annual Average Professional Services Revenues of Firm for Last 3 Years. Complete this block for the firm or branch office for which this Part II is prepared. Enter the appropriate revenue index numbers to reflect the professional services revenues received annually (averaged over the last 3 years) by the firm or branch office. Indicate Federal work (performed directly for the Government, either as the prime contractor subcontractor), non-Federal work (all other domestic and foreign work, including Federally-assisted projects), and the total. If the firm has been in existence for less than 3 years, see the definition for "Annual Receipts" under FAR 19.101.
- 12. Authorized Representative. An authorized representative of the firm or branch office must sign and date the completed form. Signing attests that the information provided is current and factual. Provide the name and title of the authorized representative who signed the form.

# List of Disciplines (Function Codes)

Code	Code Description		Description		
01	Acoustical Engineer	32	Hydraulic Engineer		
02	Administrative	33	Hydrographic Surveyor		
03	Aerial Photographer	34	Hydrologist		
04	Aeronautical Engineer	35	Industrial Engineer		
05	Archeologist	36	Industrial Hygienist		
06	Architect	37	Interior Designer		
07	Biologist	38	Land Surveyor		
80	CADD Technician	39	Landscape Architect		
09	Cartographer	40	Materials Engineer		
10	Chemical Engineer	41	Materials Handling Engineer		
11	Chemist	42	Mechanical Engineer		
12	Civil Engineer	43	Mining Engineer		
13	Communications Engineer	44	Oceanographer		
14	Computer Programmer	45	Photo Interpreter		
15	Construction Inspector	46	Photogrammetrist		
16	Construction Manager	47	Planner: Urban/Regional		
17	Corrosion Engineer	48	Project Manager		
18	Cost Engineer/Estimator	49	Remote Sensing Specialist		
19	Ecologist	50	Risk Assessor		
20	Economist	51	Safety/Occupational Health Engineer		
21	Electrical Engineer	52	Sanitary Engineer		
22	Electronics Engineer	53	Scheduler		
23	Environmental Engineer	54	Security Specialist		
24	Environmental Scientist	55	Soils Engineer		
25	Fire Protection Engineer	56	Specifications Writer		
26	Forensic Engineer	57	Structural Engineer		
27	Foundation/Geotechnical Engineer	58	Technician/Analyst		
28	Geodetic Surveyor	59	Toxicologist		
29	Geographic Information System Specialist	60	Transportation Engineer		
30	Geologist	61	Value Engineer		
31	Health Facility Planner	62	Water Resources Engineer
