

**Hillsborough
County Florida**

Hurricane Housing Recovery Program (HHRP)

“RESTORE THE ROOF”

Hillsborough County currently has \$690,198 from the State Housing Initiatives Partnership (SHIP) for home roofs revitalization which can be used to fund roof repairs or replacements. The funding for the HHRP Program was allocated to the 26 FEMA Individual Assistance eligible counties impacted by Hurricanes Ian and/or Nicole.

HHRP SHIP dollars may be used only within unincorporated Hillsborough County, Temple Terrace, and Plant City, only affected directly by one of the declared disasters. Funding will be provided for roof repairs and/or roof replacement specifically to eligible low, very low, to moderate income owner-occupied households.

Applications for homeowners seeking roof replacement are available **NOW** and will remain available until all funds are depleted. For further details and eligibility requirements, contact one of the following agencies:
