## 2 APPOINTMENT AND LICENSE GRANTS

2.1 Appointment. Subject to the terms and conditions of this Agreement, and the payment by OEM of applicable Fees, Elastic hereby appoints OEM, for the term of this Agreement, as a non-exclusive distributor of the Commercial Software as part of the Bundled Products and Documentation in the Territory, and OEM hereby accepts such appointment. Elastic reserves the right to market and distribute the Commercial Software and Documentation directly, through other distributors and dealers, and through any other channel of distribution at any time without restriction as to location or application. OEM shall not be entitled to any commission, discount or other compensation hereunder with respect to sales of licenses arranged by Elastic or any other reseller or distributor of the Commercial Software.

2.2 Grant of Licenses. Subject to the terms and conditions of this Agreement, including the payment of any and all applicable Fees, Elastic hereby grants OEM during the applicable Subscription Term a non-exclusive, non-transferable, royalty-free, fully paid up, limited, right and license in the Territory to: (i) use the Commercial Software for Non-Production Purposes, (ii) distribute Commercial Software and associated Documentation to End Users, solely as part of the Bundled Products, (iii) grant to each End User, for the number of End User Billable Nodes purchased by OEM with respect to such End User, the right to use the Eligible Features and Functions of the Commercial Software applicable to the Subscription Level that OEM has purchased, on such End User's premises or in the End User's public cloud account, solely as part of the Bundled Products and subject to the applicable End User License Agreement (which OEM shall ensure is agreed to by each End User so as to make it a legally enforceable contract), and (iv) prepare derivative works from the Documentation provided by Elastic to OEM, for the purpose of creating documentation for the Bundled Products. OEM's use of any Open Source Software is subject to the applicable open source license, which may set forth terms and conditions that are in addition to or different from those set forth in this Agreement, but which will not restrict the license rights granted to OEM hereunder, and which may contain additional rights.

2.3 Right to Distribute Through Resellers. OEM may sublicense the right to distribute the Commercial Software as part of the Bundled Products to its third party distributors and resellers (each, a "**Reseller**") provided that: (i) any such Reseller may only distribute the Bundled Products directly to End Users, (ii) OEM must cause the Reseller to enter into a written executed agreement with OEM ("**Reseller Agreement**"), binding such Reseller to terms and conditions regarding the Elastic products and services substantially similar to, and no less protective of Elastic's interests than, those in this Agreement, and (iii) OEM shall defend, indemnify and hold Elastic and its Affiliates harmless from any and all costs, losses, damages, liabilities and expenses (including reasonable attorney's fees and costs of litigation) resulting from OEM's failure to comply with this Section 2.3 and/or from a Reseller's breach of a Reseller Agreement.

2.4 Reservation of Rights and Restrictions. OEM acknowledges that the Commercial Software is and shall remain the sole and exclusive property of Elastic. Elastic reserves all rights to the Commercial Software not expressly granted herein, and Elastic grants, and OEM receives, no rights in the Commercial Software by implication or otherwise, except those rights expressly granted herein. OEM agrees not to: (i) copy or use Commercial Software in any manner except as expressly permitted in this Agreement; (ii) except as expressly permitted herein, transfer, sell, rent, lease, distribute, sublicense, loan or otherwise transfer Commercial Software to any third party; (iii) except as expressly permitted herein, use Commercial Software for providing time-sharing services, service bureau services or as part of an application services provider or as a service offering; (iv) alter or remove any notices in the Commercial Software; or (v) make available to any third party any analysis of the results of operation of Commercial Software, including benchmarking results, without the prior, written consent of Elastic. In addition, OEM shall not reverse engineer, decompile, disassemble or otherwise derive source code from Commercial Software, except to the extent OEM may be expressly permitted to do so under applicable law, it is essential to do so in order to achieve operability of Commercial Software with another software program, and OEM has first requested

Elastic to provide the information necessary to achieve such operability with at least ninety (90) days advance written notice and Elastic has not made such information available.

2.5 Elastic Trademarks. During the term of this Agreement, OEM may use the Elastic Trademarks solely to identify the Commercial Software, identify itself as an authorized distributor of the Commercial Software and a distributor of the Community Software, and promote the distribution of the Commercial Software as part of Bundled Products. OEM shall ensure that its use of the Elastic Trademarks conforms to Elastic's then-current trademark use policies, as the same may be modified by Elastic from time to time, and which may be found at <https://www.elastic.co/legal/trademarks>. OEM shall not remove, delete or in any manner alter the Elastic Trademarks or other intellectual property rights notices of Elastic and Elastic's suppliers, if any, appearing on the Commercial Software as delivered to OEM. OEM shall cooperate fully with Elastic in the defense and protection of the Elastic Trademarks, and shall promptly advise Elastic if it becomes aware of the use of any mark infringing any of the Elastic Trademarks. All advertising, and all promotional and marketing materials where an Elastic Trademark is used shall be of at least the same quality as similar advertising, marketing or promotional materials provided or used by Elastic. Upon Elastic's request OEM's advertising, marketing or promotional materials in which an Elastic Trademark is used shall be submitted to Elastic for its prior written approval, which shall not be unreasonably withheld. All uses of the Elastic Trademarks will inure solely to the benefit of Elastic and OEM shall obtain no rights with respect to any of the Elastic Trademarks, other than the right set forth herein. OEM irrevocably assigns to Elastic all such right, title and interest, if any, in any of the Elastic Trademarks. At no time during or after the term of this Agreement shall OEM challenge or assist others to challenge the Elastic Trademarks or the registration thereof or attempt to register any trademarks, services marks, trade names or service names confusingly similar to the of Elastic Trademarks.

2.6 Branding. OEM may distribute the Commercial Software under OEM's brand, but solely as part of the Bundled Products. Notwithstanding the foregoing, OEM agrees to include in the Bundled Products the phrase "Powered by Elastic" or a similar, mutually agreed upon attribution that acknowledges the use of Commercial Software in the Bundled Products, and to state in all marketing, advertising, and packaging materials that Commercial Software contains the technology of Elastic.

2.7 Marketing Materials; OEM Identification. OEM may include Elastic technical and marketing information provided by Elastic to OEM in marketing materials regarding the Bundled Products and in its general marketing information, quotes, sales and technical materials provided to Resellers and End Users during the term of this Agreement.

2.8 Suggestions, Ideas and Feedback. OEM, OEM's Affiliates, End Users, and their respective agents, may volunteer feedback to Elastic, and/or its Affiliates, about the Software and/or Support Services ("**Feedback**"). Elastic and its Affiliates shall be irrevocably entitled to use that Feedback, for any purpose and without any duty to account, provided that, in doing so, they may not breach their obligations of confidentiality under Section 8 of this Agreement.

## 3 SUPPORT SERVICES

3.1 Development Support. In consideration of the payment by OEM to Elastic of the applicable Fees, Elastic will provide Support Services to OEM for OEM's development use of the Software in accordance with the Support Services Policy.

3.2 Production Support Services. OEM shall provide Level 1 Support and Level 2 Support directly to End Users, and Elastic will have no obligation to provide Support Services directly to End Users. During an applicable Subscription Term, Elastic will provide OEM with Level 3 Support in accordance with the Support Services Policy for the applicable Bundled Product, up to the applicable number of Total Billable Nodes included in the Subscription and at the applicable Subscription Level.

1.1. Support Services will be delivered to OEM remotely, electronically, through the Internet, and when applicable, depending on the Subscription Level purchased, via telephone. For the avoidance of

doubt, Support Services are not delivered in person at OEM's or End Users' facilities.

3.3 Restrictions. Support Services are provided to OEM solely for OEM's internal use in connection with developing and providing the Bundled Product (which includes use by OEM Affiliates) and/or for the benefit of End Users and solely for such End Users' internal use, and are subject to applicable quantitative limitations on (i) the number of Total Billable Nodes, and (ii) the number of support contacts in the Support Services Policy. In addition, OEM agrees to not:

1.2. (a) use the Support Services to supply any consulting, support or training services regarding the Software to any third party other than End Users;

1.3. (b) use the Support Services to obtain support for OEM's use of any Community Software that is being hosted by a third party providing such Community Software as a service; or

1.4. (c) use Support Services to obtain support (i) for its use of Community Software for which no Subscription has been purchased or (ii) under a higher Subscription Level for its use of Software for which OEM has purchased a lower Subscription Level.

1.5. OEM agrees that any knowing failure to comply with the terms of this Section 3.3 will be deemed a material breach of this Agreement. In the event of any failure to comply with this Section 3.3, Elastic may, without prejudice to any other remedies available hereunder, at law or in equity, suspend the provision of Support Services to OEM if OEM fails to cure such breach within fifteen (15) days after receipt of written notice thereof.

#### 4 REPORTS, PAYMENTS, TAXES AND RECORDS

4.1 Quarterly Reports. Within fifteen (15) days following the end of each calendar quarter, OEM shall provide to Elastic a written report ("**OEM Quarterly Report**") that sets forth (i) the number of Total Billable Nodes deployed under each applicable Subscription on the last day of such calendar quarter, (ii) the names and addresses of End Users that have licensed Bundled Products from OEM in the preceding calendar quarter, and the number of End User Billable Nodes associated with each End User, and (iii) the total Fees owing to Elastic thereon.

#### 4.2 Fee Invoices and Payments.

4.2.1 Invoicing. Elastic will invoice OEM for Fees for the initial order promptly after the Effective Date and on or about each anniversary thereafter for subsequent year commitments.

4.2.2 True Up: Additions. If an OEM Quarterly Report indicates that OEM owes Fees to Elastic for any End User Billable Nodes deployed under an applicable Subscription, OEM shall include with such OEM Quarterly Report, payment to Elastic of the applicable Fees. OEM may also add to Subscriptions by executing one or more additional Order Forms setting forth the details of such addition, and referencing the Order Form under which the Subscription was initially purchased. Upon execution of such an Order Form by the parties, the additions will be deemed added to the applicable Subscription for the remainder of the applicable Subscription Term, or, if so indicated on the Order Form, a new Subscription and Subscription Term may be initiated that includes the addition, and OEM will be provided with a credit for the unused portion of the existing Subscription.

4.2.3 General. All Fees will be paid in the currency set forth on the Order Form, are non-refundable, and payment will be made without right of set-off or chargeback. OEM will pay all invoices within thirty (30) days of receipt. OEM shall pay all amounts due under this Agreement to Elastic at the address set forth herein or such other location as Elastic designates in writing. Any amount not paid when due may be subject to an interest charge at the rate of one percent (1%) per month or, the maximum rate permitted by law, whichever is less, determined and compounded on a daily basis from the date due until the date paid.

4.3 Taxes. All Fees payable hereunder are exclusive of all applicable sales, use, value-added, and excise taxes, which shall be the responsibility of OEM; provided, however, that OEM shall have no liability for any net income, net worth or franchise taxes assessed on Elastic by the United States or any state thereof. If, as a result of any tax or levy, OEM is required to withhold any amount on any payment to Elastic, then the amount of the payment to Elastic shall be automatically

increased to totally offset such tax, so that the amount actually remitted to Elastic, net of all taxes, equals the amount invoiced or otherwise due. OEM will promptly furnish Elastic with the official receipt of payment of these taxes to the appropriate taxing authority. OEM may provide Elastic with a certificate of exemption acceptable to an applicable taxing authority.

4.4 Records and Audits. OEM shall maintain complete and accurate accounting records, in accordance with sound accounting practices, to support and document amounts payable to Elastic hereunder. Such records shall be retained for a period of at least two (2) years after the date payments that relate to such records have been paid. OEM shall, upon written request from Elastic, provide access to such records to an independent auditor chosen by Elastic for the purpose of conducting an audit to confirm amounts paid under this Section 4. If any such audit discloses a shortfall in payment to Elastic, OEM shall promptly pay any such shortfall, and if such shortfall is more than five percent (5%) of the amount paid during the period being audited, OEM agrees to promptly reimburse Elastic for the reasonable cost of the audit.

#### 5 OEM OBLIGATIONS

5.1 Marketing of Bundled Products: Non-Transferability of End User Billable Nodes. OEM agrees to use diligent, good faith efforts to market and sell the Bundled Products in the Territory and to maximize sales of the same. Without limiting the foregoing, OEM agrees that it shall sell, license and distribute OEM Products as Bundled Products (i.e., whenever Commercial Software is bundled with a sale, license or distribution of the OEM Products) only to End Users that have agreed to an applicable End User License Agreement. In addition, End User Billable Nodes allocated to a particular End User may not be transferred to another End User (e.g., if the initial End User terminates its relationship).

5.2 No Unauthorized Warranties. OEM shall make no representations or warranties with respect to the Commercial Software or the Support Services beyond those contained herein. OEM shall be solely responsible for, and Elastic shall have no legal obligation to honor, any warranties that OEM or any OEM distributor or reseller provides to End Users to the extent that such warranties are broader or greater in scope than those made by Elastic to OEM hereunder. OEM shall defend, indemnify and hold Elastic and its affiliated companies harmless from any and all costs, losses, damages, liabilities and expenses (including reasonable attorney's fees and costs of litigation) resulting from OEM's failure to comply with this Section 5.2.

5.3 End User Support By OEM. OEM will provide Level 1 Support and Level 2 Support directly to End Users of the Community Software and the Commercial Software in the Bundled Products. OEM's technical support personnel shall include two (2) persons trained and certified on the Community Software and, if applicable, the Commercial Software, in accordance with such reasonable requirements as Elastic may establish from time to time. Training and certification will be at OEM's expense and at Elastic's published rates.

#### 6 OBLIGATIONS OF ELASTIC

6.1 OEM Program Support. Elastic will assign a program lead to provide ongoing, cross-functional operational support for the OEM relationship. The program lead will provide a point of assistance and an escalation path for items not covered through the Support Services.

6.2 Bi-Annual Business Reviews. Elastic will organize bi-annual business reviews with the OEM to solicit feedback from OEM on overall satisfaction with the relationship, operational and technical support, mutual go-to-market efforts, solution sell-through success, and opportunities for improvement.

6.3 Bi-Annual Roadmap Reviews. Elastic will organize bi-annual roadmap review to provide visibility into upcoming releases (timing, content) and existing release end-of-life plans. OEM may also request on-demand roadmap reviews once per quarter if not already organized by Elastic. OEM understands and agrees that any features or functions of services or products discussed in a roadmap review or otherwise referenced on any Elastic website, or in any presentations, press releases or public statements, which are not currently available or not currently available as a generally available release, may not be delivered

on time or at all. The development, release, and timing of any features or functionality described for Elastic's products remains at Elastic's sole discretion. Accordingly, OEM agrees that it is not entering into this Agreement and will be purchasing products and services based solely upon features and functions that are currently available as of the time an Order Form is executed, and not in expectation of any future feature or function.

## 7 REPRESENTATIONS AND WARRANTIES; DISCLAIMER

7.1 OEM Warranties. OEM represents and warrants that: (i) OEM has the unrestricted right and authority to enter into and perform this Agreement, (ii) no consent of any other person or entity is needed to market and distribute the OEM Products, in combination with the Commercial Software, as contemplated hereunder, and (iii) its combination of the Commercial Software and the OEM Products in a Bundled Product does not and will not violate any applicable laws.

7.2 Elastic Support Warranty. Elastic warrants that it will perform the Support Services in a professional, workmanlike manner, consistent with generally accepted industry practice. In the event of a breach of the foregoing warranty, Elastic's sole obligation, and OEM's exclusive remedy, shall be for Elastic to re-perform the Support Services.

7.3 Limited Performance Warranty. Elastic warrants that during the term of this Agreement, the Commercial Software will perform in all material respects in accordance with the Documentation. In the event of a breach of the foregoing warranty, Elastic's sole obligation, and OEM's exclusive remedy shall be for Elastic to (i) correct any failure(s) of the Commercial Software to perform in all material respects in accordance with the Documentation or (ii) if Elastic is unable to provide such a correction within thirty (30) days of receipt of notice of the applicable non-conformity, then upon request from OEM, Elastic will promptly refund to OEM the unused portion (on a pro-rata basis based on the number of months remaining in the then current term of Agreement) any pre-paid Fees paid by OEM to Elastic for the applicable Commercial Software, provided that, upon payment of such refund, all licenses granted in Sections 2.1 and 2.2 and Elastic's obligation to provide Support Services with respect to such Commercial Software shall immediately terminate. The warranty set forth in this Section 7.3 does not apply if the applicable Commercial Software or any portion thereof: (a) has been altered, except by or on behalf of Elastic; (b) has not been used, installed, operated, repaired, or maintained in accordance with this Agreement and/or the Documentation; (c) has been subjected to abnormal physical or electrical stress, misuse, negligence, or accident; or (d) is used on equipment, products, or systems not meeting specifications identified by Elastic in the Documentation. Additionally, the warranties set forth herein do not apply to any bug, defect or error caused by or attributable to software or hardware not supplied by Elastic.

7.4 Malicious Code. Elastic warrants that at the time the Commercial Software is made available for download by OEM, it will be free of Malicious Code. In the event of a breach of the foregoing warranty, Elastic's sole obligation, and OEM's exclusive remedy shall be for Elastic to replace the Commercial Software with Commercial Software that does not contain any Malicious Code.

7.5 DISCLAIMER OF WARRANTIES. EXCEPT AS EXPRESSLY SET FORTH IN THIS SECTION 7, THE COMMERCIAL SOFTWARE AND SUPPORT SERVICES ARE PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND, AND ELASTIC AND ITS LICENSORS MAKE NO WARRANTIES WHETHER EXPRESSED, IMPLIED OR STATUTORY REGARDING OR RELATING TO THE COMMERCIAL SOFTWARE, THE DOCUMENTATION, THE SUPPORT SERVICES OR ANY OTHER MATERIALS OR SERVICES FURNISHED OR PROVIDED TO OEM UNDER THIS AGREEMENT. TO THE MAXIMUM EXTENT PERMITTED UNDER APPLICABLE LAW, ELASTIC AND ITS LICENSORS SPECIFICALLY DISCLAIM ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT WITH RESPECT TO THE COMMERCIAL SOFTWARE, THE DOCUMENTATION, THE SUPPORT SERVICES AND ANY OTHER SERVICES OR OTHER MATERIALS PROVIDED BY ELASTIC HEREUNDER, AND WITH RESPECT TO THE USE OF THE FOREGOING. FURTHER, ELASTIC DOES NOT WARRANT RESULTS OF USE OR THAT COMMERCIAL SOFTWARE WILL BE ERROR FREE, THAT ALL ERRORS WILL BE CORRECTED OR THAT THE USE OF COMMERCIAL SOFTWARE WILL BE

UNINTERRUPTED.

## 8 CONFIDENTIAL INFORMATION

8.1 Confidential Information. Both parties acknowledge that, in the course of performing this Agreement, they may obtain information relating to products (such as goods, services, and software) of the other party, or relating to the parties themselves, which is of a confidential and proprietary nature ("**Confidential Information**"). Confidential Information includes materials and all communications concerning Elastic's or OEM's business and marketing strategies, including but not limited to employee and customer lists, customer profiles, project plans, design documents, product strategies and pricing data, research, advertising plans, leads and sources of supply, development activities, design and coding, interfaces with the Software, anything provided by either party to the other in connection with the Support Services provided under this Agreement, including, without limitation, computer programs, technical drawings, algorithms, know-how, formulas, processes, ideas, inventions (whether patentable or not), schematics and other technical plans and other information of the parties which by its nature can be reasonably expected to be proprietary and confidential, whether it is presented in oral, printed, written, graphic or photographic or other tangible form (including information received, stored or transmitted electronically) even though specific designation as Confidential Information has not been made. Confidential Information also includes any notes, summaries, analyses of the foregoing that are prepared by the receiving party.

8.2 Non-use and Non-disclosure. The parties shall at all times, both during the Term and thereafter keep in trust and confidence all Confidential Information of the other party using commercially reasonable care (but in no event less than the same degree of care that the receiving party uses to protect its own Confidential Information) and shall not use such Confidential Information other than as necessary to carry out its duties under this Agreement, nor shall either party disclose any such Confidential Information to third parties other than Affiliates without the other party's prior written consent, provided that each party shall be allowed to disclose Confidential Information of the other party to the extent that such disclosure is approved in writing by such other party, or necessary to enforce its rights under this Agreement.

8.3 Non-Applicability. The obligations of confidentiality shall not apply to information which (i) has entered the public domain or is otherwise publicly available, except where such entry or availability is the result of a party's breach of this Agreement; (ii) prior to disclosure hereunder was already in the receiving party's possession without restriction as evidenced by appropriate documentation; (iii) subsequent to disclosure hereunder is obtained by the receiving party on a non-confidential basis from a third party who has the right to disclose such information; or (iv) was developed by the receiving party without any use of any of the Confidential Information as evidenced by appropriate documentation.

8.4 Terms of this Agreement. Except as required by law or governmental regulation, neither party shall disclose, advertise, or publish the terms and conditions of this Agreement without the prior written consent of the other party, except that either party may disclose the terms of this Agreement to potential investors, potential acquirers, accountants, attorneys and parent organizations pursuant to the terms of a non-disclosure or confidentiality agreement.

8.5 Disclosure Required by Law. Notwithstanding anything to the contrary herein, each party may disclose the other party's Confidential Information in order to comply with applicable law and/or an order from a court or other governmental body of competent jurisdiction and, in connection with compliance with such an order only, if such party: (i) unless prohibited by law, gives the other party prior written notice to such disclosure if the time between that order and such disclosure reasonably permits or, if time does not permit, gives the other party written notice of such disclosure promptly after complying with that order and (ii) fully cooperates with the other party, at the other party's cost and expense, in seeking a protective order or confidential treatment, or taking other measures to oppose or limit such disclosure. Each party must not release any more of the other party's Confidential Information than is, in the opinion of its counsel, reasonably necessary to comply with an applicable order.

## 9 INDEMNIFICATION

### 9.1 Elastic Indemnifications.

9.1.1 Infringement Claims. Elastic will, at its expense (i) defend, or at its option settle, a claim brought against OEM by an unaffiliated third party alleging that the distribution or use by OEM of the Commercial Software infringes such party's patent registered as of the Effective Date, or any copyright or trademark of such party enforceable in the Territory, or makes unlawful use of such party's trade secret (each an "Infringement Claim") and (ii) indemnify OEM against and pay (a) any settlement of such Infringement Claim consented to by Elastic or (b) any damages finally awarded by a court of competent jurisdiction to such third party as relief or remedy in such Infringement Claim.

9.1.2 Exclusions. Elastic will have no obligation to OEM to the extent any Infringement Claim or resulting award is based upon or results from: (i) OEM's distribution or use of the Commercial Software in a country that is not a contracting state to the Patent Cooperation Treaty; (ii) the failure of OEM to use and/or distribute an update of the Commercial Software made available by Elastic that would have avoided the Infringement Claim; (iii) a modification of the Commercial Software that is not performed by Elastic; (iv) the combination, operation, or use of the Commercial Software with any other products, services or equipment not provided by Elastic where there would be no Infringement Claims but for such combination; (v) specifications OEM provides to Elastic; (vi) use or distribution of the Commercial Software other than in accordance with the terms and conditions of this Agreement, (vii) damages attributable to the value of the use of a non-Elastic product or service or (viii) any third party Open Source Software.

9.1.3 Certain Remedies. If, during the term of this Agreement, the Commercial Software is, or in Elastic's reasonable opinion is likely to become, the subject of an Infringement Claim, and/or an injunction as the result of an Infringement Claim, Elastic may, at its expense and option: (i) obtain the right for OEM to continue to exercise the rights granted in Section 2.2 above; (ii) modify the Commercial Software so that it becomes non-infringing but substantially functionally equivalent; or (iii) in the event that neither (i) or (ii) are commercially reasonable options, terminate OEM's licenses with respect to the Commercial Software.

9.1.4 Conditions. The obligations of Elastic in this Section 9 are conditioned upon OEM (i) notifying Elastic promptly in writing of any threatened or pending Infringement Claim, provided that failure to provide such notice will only relieve Elastic of its obligations under this Section 9 to the extent its ability to defend or settle an applicable Infringement Claim is materially prejudiced by such failure to provide notice; (ii) giving Elastic, at Elastic's expense, reasonable assistance and information requested by Elastic in connection with the defense and/or settlement of the Infringement Claim and (iii) tendering to Elastic sole control over the defense and settlement of the Infringement Claim. OEM's counsel will have the right to participate in the defense of the Infringement Claim, at OEM's own expense. OEM will not, without the prior written consent of Elastic, make any prejudicial statement, settle, compromise or consent to the entry of any judgment with respect to any pending or threatened Infringement Claim.

9.1.5 Limitation. THE PROVISIONS OF THIS SECTION 9.1 STATE THE ENTIRE LIABILITY AND OBLIGATIONS OF ELASTIC AND THE EXCLUSIVE REMEDY OF OEM, WITH RESPECT TO ANY ACTUAL OR ALLEGED INFRINGEMENT OF ANY PATENT, COPYRIGHT, TRADEMARK OR OTHER INTELLECTUAL PROPERTY RIGHT, OR MISAPPROPRIATION OF ANY TRADE SECRET, BY THE SOFTWARE, THE SUPPORT SERVICES OR ANY OTHER SERVICES OR MATERIALS PROVIDED TO OEM HEREUNDER.

### 9.2 Indemnification by OEM.

9.2.1 Intellectual Property Indemnification. OEM agrees to defend and indemnify Elastic, at OEM's expense, against any legal action brought against Elastic by a third party to the extent that it is based on a claim that a Bundled Product in whole or in part, or any software, hardware, materials or technology therein (except for Software), or the combination of the Software with any other software, hardware, materials or technology used by OEM as part of the applicable Bundled Product, infringes a patent, copyright or trademark of such third party or

makes unlawful use of such party's trade secret, and OEM shall pay any settlement of such claim or final judgment against Elastic in any such action if attributable to any such claim. All communications and notices to be made or given pursuant to this Agreement shall be in the English language.

12.9 Non-waiver. Any failure of either party to insist upon or enforce performance by the other party of any of the provisions of this Agreement or to exercise any rights or remedies under this Agreement will not be interpreted or construed as a waiver or relinquishment of such party's right to assert or rely upon such provision, right or remedy in that or any other instance.

12.10 Notices. Any notice or other communication under this Agreement given by either party to the other will be deemed to be properly given if given in writing and delivered in person or by e-mail, if acknowledged received by return e-mail or followed within one day by a delivered or mailed copy of such notice, or if mailed, properly addressed and stamped with the required postage, to the intended recipient at its address specified below the signatures on this Agreement. This Agreement does not give either party the power to direct and control the day to day activities of the other, constitute the parties as partners, joint venturers, co-owners, principal-agent, or otherwise participants in a joint or common undertaking, or allow either party to create or assume any obligation on behalf of the other party for any purpose whatsoever.

12.13 Severability. If any provision of this Agreement is held to be invalid or unenforceable, the remaining portions will remain in full force and effect and such provision will be enforced to the maximum extent possible so as to give effect the intent of the parties and will be reformed to the extent necessary to make such provision valid and enforceable.

12.14 Entire Agreement. This Agreement, together with any Exhibits attached hereto and any Order Forms executed by the parties, each of which is hereby incorporated herein by this reference, along with any valid amendments hereto, constitutes the entire agreement between the parties concerning the subject matter hereof, and it supersedes, and its terms govern, all prior proposals, agreements, or other communications between the parties, oral or written, regarding such subject matter. In the event of any conflict between the terms and conditions of any of the foregoing documents, the conflict shall be resolved based on the following order of precedence: (i) an applicable Order Form (but only for transaction thereunder and if applicable), (ii) Attachment 1 (Country-Specific Provisions); and (iii) this Agreement, and (iv) the Support Services Policy. For the avoidance of doubt, the parties hereby expressly acknowledge and agree that if OEM issues any purchase orders or similar documents in connection with this Agreement, it shall do so only for its own internal, administrative purposes and not with the intent to provide any contractual terms. By entering into this Agreement, whether prior to or following receipt of OEM's purchase order or any

similar document, the parties are hereby expressly showing their intention not to be contractually bound by the contents of any such purchase order or similar document, which are hereby deemed rejected and extraneous to this Agreement, and Elastic's performance of this Agreement shall not amount to: (i) an acceptance by conduct of any terms set out or referred to in the purchase order or similar document; (ii) an amendment of this Agreement, nor (iii) an agreement to amend this Agreement. This Agreement shall not be modified except by a subsequently dated, written amendment that expressly amends this Agreement and which is signed on behalf of Elastic and OEM by their duly authorized representatives. The parties agree that the terms and conditions of this Agreement are a result of mutual negotiations. Therefore, the rule of construction that any ambiguity shall apply against the drafter is not applicable and will not apply to this Agreement. Any ambiguity shall be reasonably construed as to its fair meaning and not strictly for or against one party regardless of who authored the ambiguous language.
