

Fortify

Enduring strength and dependable quality.

- **Heavy-duty strength and durability**

Our high-quality aluminum delivers the strength and durability your project demands and will never rust, rot, warp, absorb moisture or corrode.

- **Excellent weather performance**

Made of strong, corrosion-resistant aluminum, CWS Fortify products are built to withstand the test of time. Our long-lasting powder-coat painted finish provides years of beauty and low maintenance.

- **Styles to complement every project**

Achieve the right look for every project with flexible sizes, styles and configurations of CWS Fortify windows and patio doors. Available in multiple styles and with clear, tinted or obscure monolithic or insulated glass.

- **Flexible sizes and slim sightlines**

Our strong, narrow frames maximize glass for more natural light and views. Available in standard commodity sizes, modular sizes and special-order sizes.

- **Enhanced security**

CWS Fortify products are tested to withstand forced entry, meeting AAMA 1303.5-76.

- **Built for Florida and the HVHZ**

CWS Fortify offers options to meet Miami-Dade County NOA and Florida Building Codes for up to a 5-story residential construction building. Available options are rated to be installed in all coastal areas, including the High Velocity Hurricane Zone.

- **Backed by our dedicated team**

CWS Fortify products are sold, made, designed and serviced by a team dedicated to serving you and protecting what matters most.

- **Testing beyond requirements**

Choose CWS Fortify windows with confidence. At CWS, our products are tested to meet or exceed industry requirements, testing not only the entire window for strength and durability, but individual parts as well. Ensuring long-lasting performance to reduce call-backs for you.

- **10-year warranty**

CWS products are backed by a strong warranty. See written limited warranty for details, including exceptions and limitations, at cws.cc/resources/warranties

Screens¹

Flat Screen

Standard conventional screen allows fresh air into a home while keeping bugs out.

Window Hardware

Sliding & Single-Hung

The sweep lock pulls the sashes together for a tighter seal. Latch lock hardware automatically locks the window when it is shut, simply close the sash and confirm it latches.
