

Hurricane Guard

Our highest rated vinyl impact product for Florida's stringent requirements with exceptional everyday performance.

- **Easy hurricane protection**

Give your customer peace of mind with CWS Hurricane Guard impact-resistant windows and patio doors, tested to withstand Florida hurricanes and the most stringent coastal requirements. CWS Hurricane Guard has options that will meet the requirements of nearly any project and will help protect your customer's home and everything inside. No additional storm preparation is required for our products, simply close and lock them.¹ It's that simple.

- **Built for Florida and the HVHZ**

CWS brings the right products to the right locations. CWS Hurricane Guard offers options tested to meet or exceed the strictest requirements of the Florida Building Code. Available options are rated to be installed in all coastal areas, including the High Velocity Hurricane Zone (HVHZ). CWS Hurricane Guard is our highest-rated and most complete hurricane impact-resistant product line.

- **Intentionally strong and energy efficient frame**

With up to 18 insulating chambers and recessed sash design, our windows have been intentionally designed for structural strength, storm safety, comfort and energy efficiency. Our windows with laminated glass block nearly 100% of UV rays.

- **Improved protection from intruders and noise**

Impact glass reduces more noise than standard glass, from the storm to everyday nuisances like traffic. Deter intruders with shatter-resistant, laminated glass and our recessed sash design on single-hung and sliding windows and anti-lift blocks on sliding patio doors.

- **Full product offering**

Our wide array of product styles, sizes, shapes and configurations offer the right product for virtually every project. Choose from numerous product styles, shapes and the smallest 8" window to the largest 40' doors to meet your project needs.

- **Easy and accurate installation**

Factory-drilled installation locations based on testing and requirements to create an easy and accurate installation experience.

- **Testing beyond requirements**

Choose CWS Hurricane Guard windows with confidence. At CWS, our products are tested to meet or exceed industry requirements, testing not only the entire window for strength and durability, but individual parts as well. Ensuring long-lasting performance to reduce call-backs for you.

- **Limited lifetime warranty**

CWS products are backed by some of the strongest warranties in the business. See written limited warranty for details, including exceptions and limitations, at cws.cc/downloads/.

Window sizes available in 1/8" increments

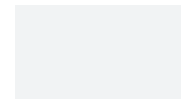

Special shapes available. For more information regarding performance, specific sizes, glazings tested and frame and installation types, visit cws.cc.

Colors & Finishes

Frame Color

Create a signature look with a solid-color frame. A solid color throughout the vinyl formula keeps minor dings and scratches virtually invisible. Or add design interest with dual-color frames, featuring a White interior frame and a Bronze exterior.

Solid-Colors:

White

Bronze

Dual-Colors:

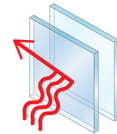

Bronze/White

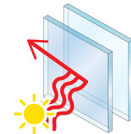

Glass Options

Low-E Glass

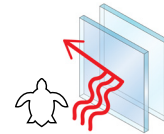

Our glass collection offers energy saving choices to keep your home comfortable year-round.

Low-E 270

Low-E 366

Low-E 340

Additional Glass Options

Additional glass options provide added benefits, such as more strength, improved energy efficiency or additional design options.

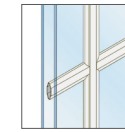

- Low-E 366 Neat® Glass
- Gray-Tinted
- Rain
- Frosted
- Obscure
- Tempered

Grilles

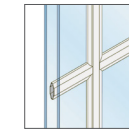

Grilles Types

Grilles are color-matched to your window or patio door interior and exterior frame color.

Screens³

BetterVue® Window Screen

Roll form or extruded screen available. BetterVue offers 10% better insect protection, 20% better airflow and 10% clearer view.⁴ The BetterVue screen will not rust, corrode or stain.

¹ No additional preparation needed to comply with most local impact requirements.

² Grille patterns offered may vary per product. See specific product information for availability.

³ Warning: Screens will not stop children or pets from falling out of window or door. Keep children or pets away from open window or door.

⁴ Improved airflow is based on calculated screen cloth openness. Screen cloth transmittance was measured using an integrated sphere spectrophotometer.

NOTE: Product specifications may change without notice.

Actual colors may vary from those shown and products may vary slightly from illustrations and photos
