We continuously strive to do more for you.

You deserve more. We are driven to advance our products, technology and services to new heights. We will never settle and strive to make high-quality products to make your life easier.

INDOOR/OUTDOOR LIVING
A white six-panel sliding patio door maximizes natural light and entertaining space.

Why Choose CWS® WindPact?

Dedicated to bringing intentional protection to Florida and coastal impact markets, CWS WindPact products are our highest rated vinyl impact windows and patio doors. Protect your home from extreme coastal weather and everyday nuisances while enjoying exceptional energy efficiency.

Easy hurricane protection.

CWS WindPact impact-resistant windows and patio doors provide effortless protection for your home and everything inside. They are tested to withstand Florida hurricanes and the most stringent building codes and performance requirements. When the next storm threatens to strike, simply close and lock your windows and doors, no additional storm preparation is required.*

Effortless everyday performance.

CWS WindPact windows and patio doors protect your home from everyday threats and nuisances while offering exceptional energy performance. Our windows and doors with laminated glass reduce unwanted outside noises, block nearly 100% of UV rays and deter potential intruders with a strong polymer interlayer.

Quick, simple and accurate installation.

Installation is key to performance and that’s why CWS WindPact products feature pre-drilled fastener locations to fit virtually any opening in Florida. Our windows and patio doors are designed and built to make the installation process quick, simple and accurate.

Available in these window & patio door styles:

CERTIFICATIONS
Tested to meet or exceed the strictest requirements of the Florida Building Code, including Miami-Dade requirements.

- ASTM Impact Testing
- HVHZ Impact Testing
- AAMA Non-Impact Testing

* No additional preparation needed to comply with most local impact requirements.

Easy hurricane protection, effortless everyday performance

Intentionally strong design

With up to 18 insulating chambers and recessed sash design, our windows have been intentionally designed for structural strength, storm safety, comfort and energy efficiency.

Easy and accurate installation

Proper installation is critical to performance. That's why we have factory-drilled installation locations based on testing and requirements to create an easy and accurate installation experience.

Built for Florida

CWS WindPact offers options tested to meet or exceed the strictest requirements of the Florida Building Code. Available options are rated to be installed in all coastal areas, including the High Velocity Hurricane Zone. CWS WindPact is our highest-rated and most complete hurricane impact-resistant product line.

Automatic locking hardware

When you close your single-hung and sliding windows, they automatically lock to help keep your home more secure.

Impact laminated glass helps prevent damage

Laminated glass has a strong polymer interlayer to help reinforce the window and hold the glass together if shattered. This helps prevent damage and injury that can be caused by wind, water and debris entering your home. Impact laminated glass also:

- Reduces more outside noise
- Blocks nearly 100% of UV rays
- Keeps your home more comfortable
- Helps prevent forced entry

Backed by our dedicated team

CWS WindPact products are sold, made, designed and serviced by a team dedicated to serving you and protecting what matters most.

Finishes & Colors

Frame Colors

Create a signature look with solid-color and dual-color frames. Made with our performance-tested, exclusive vinyl formula, you won't have to paint, stain or refinish your windows or patio doors..

Window Hardware

Casement & Awning

A fold-away crank folds neatly out of the way so it won't interfere with roomside window treatments. Stainless steel hinges and a zinc die cast fold-away crank withstand harsh coastal spray.

Screens⁴

BetterVue® half screen

BetterVue offers 10% better insect protection, 20% better airflow and 10% clearer view.⁵ The BetterVue screen will not rust, corrode or stain. Roll form or extruded screen available.

¹ Exterior is an applied color, not an extruded color.
² Annealed and tempered glass strengths available. Tempered in bottom sash available on single-hung windows only.
³ Custom patterns only available with Decralite SDL.
⁴ Warning: Screen will not stop child or pet from falling out of window or door. Keep child or pet away from open window or door.
⁵ Improved airflow is based on calculated screen cloth openness. Screen cloth transmittance was measured using an integrated sphere spectrophotometer.
