

Go Behind The Nutrilite Label

Are you certain the ingredients in the supplements you consume will effectively safeguard your health? At Nutrilite, we trace every ingredient in our supplements to ensure they are pure, safe and effective. Read to find out.

**e**

Watch the video to better understand how Nutrilite ensures its supplements are pure, safe and effective.

Go behind the label and follow our outrageously detailed **9-step Traceability process** that brings you the purest, safest and most effective Nutrilite supplements.

CHOOSE THE BOTANICAL

1,300 plant nutrient-fingerprinted botanicals in our functional target library lead us to the best ingredients and ingredient combinations.

SEED SELECTION

MILLIONS of seeds planted each year, and not just any will do! We test our seeds for things like organic nature, purity and germination rate.

3

CHOOSE THE FARMS

Our nearly **6,000** acres of organic farmland is only the start. If we can't grow it ourselves, we find the best partner farms.

HARVEST

We move plants within as little as **20** minutes from field to on-site dryers to ensure the highest nutrient levels.

GROW

Every botanical has a **BIRTH CERTIFICATE**, and each is grown **99%** weed-free, with no chemical pesticides.

MANUFACTURING

We conduct **500,000** quality checks on our ingredients each year.

EXTRACTION

Skin, seeds, roots, leaves...we concentrate or dry the parts of the plant that give us the highest level of nutrients.

PACKAGING

Shake, squeeze, twist, x-ray. We test our packages more than **30,000** times each year.

YOU

Our traceability process begins and ends with you.
