# G&H

With a range of products in three complementary collections, featuring naturally inspired ingredients and eco-sensitive packaging, G&H body care is offered in three complementary collections: NOURISH+, REFRESH+, and PROTECT+.

Besides featuring an exclusive blend of botanical ingredients, each collection has been dermatologically and allergy tested, and contains a biodegradable formula that is both sulfate and triclosan-free making G&H suitable for use by the whole family.

The G&H Brand provides Eco-Sensitive solutions as per below:

G&H NOURISH+ products help nourish, comfort, and maintain healthy-looking skin with a rich, exclusive blend.

**Exclusive Botanical Blend:**  
Orange Blossom Honey, Shea Butter, and Pumpkin Seed Oil

## BODY WASH (400ml)

This creamy, pearlescent formula gently cleans your skin while helping improve its moisture level – leaving skin soft, clean, hydrated, and nourished. Its patented\* anti-irritation complex helps keep skin calm making it perfect for sensitive skin.

\* U.S. Patent 8057830

## COMPLEXION BAR (250g bar)

This classic translucent bar is mild and gentle to the face and body due to its non-drying, non-stripping formula. Its skin-softening moisturisers improve skin complexion, and leave skin feeling conditioned, supple and smooth while maintaining skin's natural moisture balance.

Its unique break-apart design is flexible to fit your family: everyone gets their own section—or break away one section for use on face, leave the remaining two sections together as a body bar suitable for all facial skin types.

## HAND CREAM (30ml x 3 tubes)

A restorative and nourishing hand cream with a unique lipid blend that leaves skin feeling moisturised for 24 hours – even after hand washing – due to its unique water-resistant formula. It helps rebuild skin's moisture barrier to improve skin's own hydration over time — even after 3 days without use. It is so effective that 98% of consumers' hands felt softer after just one use.

With a fresh, calming, exclusive blend, G&H Refresh+ products help refresh and hydrate while soothing the skin.

**Exclusive Botanical Blend:**

Aloe, Grapeseed Extract, and Green Tea Extract

## BODY MILK (400ml)

As it provides up to 24-hour moisturisation, Body Milk not only helps rebuild skin's moisture barrier\* and helps protect against skin-drying environmental damage but also keeps skin hydrated throughout the day. Due to its lightweight texture, it spreads and absorbs instantly into skin leaving a weightless, refreshed feeling.

\* Demonstrated by improved hydration and improved smoothness, softness and a moisturised feel.

## BODY WASH-GEL (400ml)

This light, airy soap-free cleanser refreshes and soothes skin, leaving it lightly hydrated due to its non-drying formula. It also contains a patented anti-irritation complex to help keep skin calm – protecting it from any dryness or irritation.

G&H PROTECT+ products feature an exclusive skin-defending blend plus targeted technologies to help protect against odour, impurities, and wetness while maintaining healthy-looking skin.

#### Exclusive Botanical Blend:

White Tea Extract, Natural Minerals, Bilberry Extract

#### CONCENTRATED HAND SOAP (250ml)

Concentrated formula that thoroughly cleans skin while protecting its natural moisture balance – hence, avoiding the dryness associated with frequent hand washing. As a result, hands feel hydrated, soft, and smooth. Its exclusive Odor-Neutralizing Technology leaves hands smelling fresh.

#### BAR SOAP (6 x 150g bars)

Clean-scented, mild bar soap that effectively yet gently cleanses and deodorises skin thanks to its exclusive Odor-Neutralizing Technology. Even consumers agreed it helped protect the skin against body odour. Containing Rainforest Alliance Certified Palm Oil, the bar soap works up a rich, creamy lather leaving skin healthy, soft, smooth, and conditioned.

#### DEODORANT & ANTI-PERSPIRANT ROLL-ON (100ml)

Clear, fast-drying deodorant and antiperspirant that gives up to 48 hours of odour and wetness protection, without irritation or skin discolouration. Its exclusive, proven Fragrance Encapsulation Technology releases a fresh burst of fragrance whenever you move, creating a long-lasting feeling of freshness.

Highly effective yet mild and gentle, it doesn't leave white marks on skin or clothes. It is also formulated to help reduce the irritation that can cause the appearance of dark underarm marks.
