

Move-In Walkthrough Checklist

Here is a quick look at the core items you need to inspect inside your new home:

- ☐ Test all light switches and outlets.
- ☐ Run water in every sink and shower.
- ☐ Flush all toilets to check for leaks.
- ☐ Inspect walls and baseboards for dents.
- ☐ Check floors and carpets for stains.
- ☐ Test appliances like the oven and fridge.
- ☐ Open and close all windows and doors.
- ☐ Verify that all door locks function smoothly.
- ☐ Turn on the heater and air conditioner.
- ☐ Look for water damage on ceilings.
- ☐ Test smoke and carbon monoxide detectors.
