

# MovingPlace Announces New Best Price Guarantee, Reinforcing Commitment to Affordable, Stress-Free Moves

---

**SEATTLE, WA, UNITED STATES, April 8, 2026** -- MovingPlace, the nation's largest marketplace of professional movers, announced the launch of the Best Price Guarantee, a new benefit designed to give customers unmatched confidence that they're getting the lowest possible price when booking movers through [MovingPlace.com](https://MovingPlace.com).

The Best Price Guarantee is a first-of-its-kind offering in the industry and aims to eliminate one of the biggest stressors of moving: comparing costs. Under the new guarantee, if a customer books movers through MovingPlace and later finds the same movers offering the same service on the same date for a lower price, MovingPlace will match the price by refunding the difference, [subject to specific limit criteria](#).

*"At MovingPlace, we're committed to making moving easier, financially and logistically," said Nicolas Graham, SVP and GM at MovingPlace. "The Best Price Guarantee underscores our mission to deliver transparent, fair, and dependable moving options at a time when people need them most. It's about giving every customer peace of mind."*

## How the Best Price Guarantee Works

MovingPlace is able to stand behind its Best Price Guarantee thanks to a dedicated team of moving experts who continuously review pricing across a nationwide network of professional movers. By monitoring rates, services, and availability, MovingPlace helps ensure customers receive competitive, fair pricing from the start.

If a customer does happen to find the same movers offering the same service for less, MovingPlace will match the price, reinforcing the company's commitment to transparency, trust, and customer-first pricing.

## A Customer-First Commitment

The Best Price Guarantee reflects MovingPlace's broader commitment to transparency and customer support. With moving specialists available seven days a week, customers can count on guidance throughout the moving process.

“Our goal is simple: provide the best movers at the best price, without the hassle,” added Graham. “This guarantee reinforces that promise.”
