

A group of six children, three girls and three boys, are smiling and posing together outdoors. They are sitting on a large pile of colorful balloons in shades of pink, purple, and white. The background shows a clear blue sky and some green trees in the distance. The children are dressed in casual summer clothing, including white shirts and blue jeans. The overall mood is joyful and carefree.

## BERLITZ SUMMER ADVENTURE CAMPS 2024

When life becomes an  
adventure.

**With us, it's the kids who have the last word – but only in English!**

### **English, entertainment and sports!**

The Berlitz programme is open for all children and youth aged between 7 and 14, including those with prior English knowledge and those without.

### **It'll be fun!**

Participants will improve their knowledge of a foreign language while having lots of fun during class, lunch and outdoor activities.

### **Guarantee!**

Berlitz teachers are exclusively native speakers who teach their mother tongue in accordance with the tested Berlitz method. All teachers of our kids' programmes are specially trained to work with children. Our teachers know how to motivate students and how to provide just the right amount of stimulation while always remaining professional and responsible.

### **Experience!**

Over the past 17 years, children and young people have been enthusiastic about our pleasant and effective methods of teaching, about our teachers and the various different types of fun activities that are included in our programmes. Parents have also noticed significant progress in their children's level of foreign language knowledge.

## Why Berlitz?

Berlitz Summer Camp participants learn a foreign language through play, using a fun and effective method! The children remain in contact with the foreign language all day – not just during class but also while taking part in all other activities. There's always a lot of fun to be had: during daily lessons, during different types of sports events and during interesting and educational social activities. Participants will enjoy diverse types of activities offered by Summer Camp locations in the company of new friends.

## Why Piran?

Piran is a town at the very end of the Piranesi peninsula where children will enjoy the sun, water and waves.

They will be accommodated in Youth dorms »Dom pod Obzidjem« in the heart of Piran that have a magnificent view of Tartini square. Piran is ideal for exploring sights and different adventures.

And what have we prepared for you?
