Window & Patio Door Styles⁸

¹Based on comparing written limited warranties of leading national woodwindow and wood patio door brands. See Pella written Limited Warranty for details, including exceptions and limitations, at pellaatlowes.com/warranties or contact Pella Customer Service at 877-473-5527.

²Based on the force required to bend a window frame profile.

³To achieve a Grade 40 rating on ASTM F842, a test for forced entry excluding glass breakage, the optional footbolt must be installed and engaged.

⁴Pella's proprietary fiberglass material has displayed superior strength over wood, vinyl, aluminum, wood/plastic composites, and other fiberglass materials used by leading national brands in tensile and 3-point bend tests performed in accordance with ASTM D638 and D790 testing standards.

⁵Impact testing performance based on testing 10 samples of each material using ASTM D256, Method C.

⁶Performance solutions offering an unbeatable combination of energy efficiency, sound control and value, require upgrades to triple-pane, AdvancedComfort Low-E and mixed glass thickness. Based on comparing product quotes and published STC/OITC and U-Factor ratings of leading national wood window and patio door brands.

⁷Double-hung window only available with dual-pane glass.

⁸Additional special shapes also available.
