without grilles-between-the-glass.

Why You Can Trust Pella

About Pella

At Pella, we don't just create windows and doors. We innovate with purpose, design with passion, build with integrity and deliver with pride.

Rated #1 for innovation by homeowners¹

We are continually striving to improve what we do and how we do it. That drive has earned us 150 patents and counting for amazing innovations. In 1925 we opened our doors with the patented Rolscreen® retractable screen, a time-tested innovation that is still one of our most desired features today.

Rated #1 for highest quality by homeowners¹

We make products specifically for your project with meticulous care and attention. Our wood craftsmen have been honing their skills, on average, for over 14 years – that's longer than it takes for most to earn their PhD. And it doesn't stop there. Our product designs are tested to extremes, so you can trust them to perform.

The Best Limited Lifetime Warranty for wood windows and patio doors²

Your customers can feel confident in their investment. We pride ourselves on providing exceptional quality, exceeding expectations and going beyond requirements. That's why we stand behind all of our windows and patio doors with a limited lifetime warranty.³

¹ Study of homeowner perceptions of leading national brands. Study commissioned by Pella, 2021.

² Based on comparing written limited warranties of leading national wood window and wood patio door brands. See written limited warranties for complete details, including exceptions and limitations, at pella.com/warranty, or contact Pella Customer Service at 866-319-0397.

³ See written limited warranties for complete details, including exceptions and limitations, at pella.com/warranty, or contact Pella Customer Service at 866-319-0397.

Pella® Lifestyle Series
Dual-pane casement windows with between-the-glass grilles and a custom stained interior.

Wood & Clad-Wood Windows & Patio Doors

Get the beauty and warmth of natural wood, our most customizable designs and exceptional energy efficiency. Personalize windows and patio doors to match your project with special sizes, grilles, premium interior and exterior colors and hardware finishes.

Our innovative EnduraGuard® wood protection provides advanced protection against the effects of moisture – helping to provide long-lasting performance. Pella’s wood products are backed by the best limited lifetime warranty in the industry for wood windows and patio doors.¹

Pella Architect Series®

Traditional

Expertly crafted wood windows and patio doors with nearly endless possibilities.

Contemporary

Smart styling and clean sightlines with sleek frames and expansive glass.

Pella Lifestyle Series

#1 performing wood window and patio door for the combination of energy, sound and value.²

The best limited lifetime warranty in the industry.

We know your reputation matters and you stake your reputation on quality, dependable products. That’s why we have the best limited lifetime warranty in the industry for wood windows and patio doors.¹

¹ Based on comparing written limited warranties of leading national wood window and wood patio door brands. See Pella written Limited Warranty for details, including exceptions and limitations, at pella.com/warranty, or contact Pella Customer Service at 866-319-0397.

² Performance solutions offering an unbeatable combination of energy efficiency, sound control and value, require upgrades to triple-pane, AdvancedComfort Low-E and mixed glass thickness. Based on comparing product quotes and published STC/OITC and U-Factor ratings of leading national wood window and patio door brands.

Pella® Architect Series® Traditional

Wood & Aluminum-Clad Wood

Distinguished craftsmanship

Crafted with classic aesthetics to make a design statement and add architectural interest to your project, inside and out.

Nearly endless possibilities

Extensive size offerings, grille patterns, finishes, wood types and glass options allow you to meet your project's design specifications.

The best limited lifetime warranty¹

Pella Architect Series products are backed by the best limited lifetime warranty in the industry for wood windows and patio doors.

Pella Architect Series Traditional

Enduring designs.

Custom-crafted. From unique sizes to one-of-a-kind grille patterns and custom glass options, we'll make your design vision a reality.

Low-maintenance exteriors. Our EnduraClad finish on aluminum-clad exteriors provides exceptional protection and long-lasting color retention.

Stunning hardware designs. Our portfolio includes the Antiek Fold-Away Crank and the Spoon-Style lock for windows and three Baldwin collections available for patio doors. Choose from our Classic, Modern, Rustic or Essential collections.

Achieve your design vision.

Fine-furniture details. Add drama and interest to a classic look with intricate details like matching sash and grille profiles. With an array of classic and on-trend colors, your traditional-style products will look beautiful.

Integrated security sensors. Optional built-in security sensors integrate technology into your windows and doors. The free Pella Insynctive App alerts homeowners when their windows and doors are opened or closed and locked or unlocked.

Tailor-made solutions. From preliminary drawings to installation, Pella's expert team of architects, engineers, drafters and consultants can work to deliver custom window and door solutions for your project.

The classic window styles you love with fine-furniture detailing and exceptional energy efficiency are backed by the best limited lifetime warranty for wood windows and patio doors in the industry.¹ Every window or door is one-of-a-kind, just like the wood it is crafted from.

Designed to last, Pella Architect Series - Traditional wood windows and patio doors offer optional Integral Light Technology® grilles to create the look of individual panes. Detailed hardware designs and finishes add personality to already beautiful wood windows and patio doors. Upgrade to impact-resistant glass to help protect against extreme weather, noise and intruders. For added peace of mind and convenience, use built-in security sensors with Pella Insynctive® technology.²

Available in these window and patio door styles:

Special shapes also available.

¹ Based on comparing written limited warranties of leading national wood window and wood patio door brands. See Pella written Limited Warranty for details, including exceptions and limitations, at pella.com/warranty or contact Pella Customer Service at 866-319-0397.

² Requires the Pella Insynctive App on a smart device, an Insynctive Bridge and a wireless home internet router with internet connection.

Pella®

Architect Series®

Contemporary

Aluminum-Clad Wood

Expansive glass

Featuring clean sightlines and expansive glass to draw in more light and open up your homeowner's space.

Long-lasting durability

Extruded aluminum-clad exteriors with EnduraClad® finish provide exceptional protection.

The best limited lifetime warranty¹

Pella Architect Series products are backed by the best limited lifetime warranty in the industry for wood windows and patio doors.

Pella Architect Series
Contemporary

Contemporary styles.

Expansive glass. Achieve the contemporary design you desire with a narrow frame to provide more glass with simple and clean lines.

Modern designs. Meet your unique project specifications with extensive size options, square grilles, finishes, wood types and glass options.

Long-lasting beauty. EnduraClad® exterior finish helps protect a window or door from the elements, providing a long-lasting, durable design.

The perfect finishing touch.

Minimalist design. Maintain clean sightlines with equal proportions and sleek silhouettes that provide style and create balance.

Exclusive styles. Our contemporary hardware was specifically designed – including a handle that intentionally blends into the frame.

Interior finish options. From light to dark, our wood windows and patio doors are available in an array of on-trend colors.

Create a sophisticated space with our beautiful contemporary designs. Add design interest with square Integral Light Technology® grilles to create the look of individual panes of glass without sacrificing energy efficiency. For added peace of mind and convenience, use built-in security sensors with Pella Insynctive® technology.²

Architect Series - Contemporary windows and patio doors have an extruded aluminum-clad exterior in several popular colors. The extruded cladding provides exceptional protection and resists chalking and fading.

Backed by the best limited lifetime warranty in the industry for wood windows and patio doors, Pella Architect Series - Contemporary products feature smart styling and clean sightlines.¹

Available in these window and patio door styles:

Pella® Lifestyle Series

Aluminum-Clad Wood

#1 performing wood window and patio door¹
For the combination of energy, sound and value.

37 time-tested innovations
Create unique, room-by-room solutions to meet real-life needs.

83% more energy efficient²
On average compared to single-pane windows – with performance solutions for improved comfort.

Pella Lifestyle Series

Exceptional performance and style.

Style flexibility. Whether your client's home is traditional, modern or somewhere in between, choose beautiful windows and patio doors that fit their style.

Redefining performance. Get both unrivaled energy efficiency and sound performance at an incredible value. With the Ultimate Performance package, windows are on average 79% more energy efficient and reduce 52% more outside noise than single-pane windows.^{2,5}

Enhanced durability. Our windows are designed to stand the test of time with exterior wood parts treated with exclusive EnduraGuard® wood protection and an aluminum-clad exterior with EnduraClad® finish.

Room-by-room solutions.

Most desired features, options and innovations. Complement your project with the most popular colors, finishes, grille patterns and more. Many innovative solutions also come standard.

Integrated blinds and shades. Intentionally designed to be accessible, blinds and shades are tucked between glass panes and are protected from dust, pets and little hands.

Added security and convenience. Add peace of mind with optional built-in window and door sensors and motorized between-the-glass blinds and shades that raise and lower with a touch of a button.

Create solutions that are perfect for real life. Covered by the best limited lifetime warranty in the industry for wood windows and patio doors, Pella Lifestyle Series offers everything you love about wood – including beauty, durability and style flexibility.³ Begin with dual- or triple-pane glass and then select from the most desired features and options.⁴

Pella Lifestyle Series is the #1 performing wood window and patio door for the combination of energy, sound and value.¹ Packed with purposeful innovations like integrated blinds, shades and security sensors, we designed windows and patio doors to work for your project, room by room.

¹ Performance solutions require upgrades to triple-pane, AdvancedComfort Low-E and mixed glass thickness. Based on comparing product quotes and published STC/OITC and U-Factor ratings of leading national wood window and patio door brands.

² Window energy efficiency calculated in a computer simulation using RESFEN 6.0 default parameters for a 2000 sq. foot new construction single-story home when comparing Pella Lifestyle Series windows with Advanced Comfort Low-E triple-pane glass with argon and mixed glass thickness to a single pane wood or vinyl window. Double-hung windows are not available with triple-pane glass. The energy efficiency and actual savings will vary by location. The average window energy efficiency is based on a national average of 94 modeled cities across the country and weighting based on population. For more details see pella.com/methodology.

³ Based on comparing written limited warranties of leading national wood window and wood patio door brands. See Pella written Limited Warranty for details, including exceptions and limitations, at pella.com/warranty, or contact Pella Customer Service at 866-319-0397.

⁴ Double-hung window only available with dual-pane glass.

⁵ Reduction in sound based on OITC ratings of Pella Lifestyle Series windows with triple-pane glass with mixed glass thickness to a single-pane wood or vinyl window with an OITC of 19. Calculated by using the sound transmission loss values in the 80 to 4000 Hz range as measured in accordance with ASTM E-90(09). Actual results may vary.

Available in these window and patio door styles:

exclusive, patent-pending Easy-Slide Operator.

Windows & Patio Doors
Fiberglass

Fiberglass Windows & Patio Doors

The natural strength and durability of fiberglass makes it an exceptional choice for windows and doors. As a leader in innovation since 1925, we created our proprietary fiberglass to give our customers more – more strength for long-lasting use and thinner profiles with more glass. Our fiberglass is the strongest material for windows and patio doors, engineered for lasting durability*. It delivers exceptional durability for the jobsite, easier installation, larger sizes and factory and field-mulling capabilities.

PROPRIETARY FIBERGLASS MATERIAL
Pella's fiberglass windows and patio doors are made from our proprietary fiberglass material through our one-of-a-kind manufacturing process.

The confidence of a strong warranty.
We know your reputation matters and you stake your reputation on quality, dependable products. That's why we have one of the strongest warranties in the business. See written limited warranty for details, including exceptions and limitations, at pella.com/warranty.

* Pella's proprietary fiberglass material has displayed superior strength over wood, vinyl, aluminum, wood/plastic composites, and other fiberglass materials used by leading national brands in tensile and 3-point bend tests performed in accordance with ASTM D638 and D790 testing standards.

Unmatched strength & lasting durability
Made from our proprietary fiberglass, the strongest material available for windows and patio doors.¹

Sleek, timeless style
Versatile design elements combined with sleek profiles and clean lines deliver a timeless style.

Proven performance
Get outstanding resistance to water, wind and outside noises while increasing energy efficiency, security and ease of operation.

Installation solutions & expertise
Save time and reduce costly callbacks with our exclusive installation methods. It's rare to come across an application that we haven't already solved for.

Tested beyond requirements
Tested to extremes from -40°F to 180°F, our proprietary fiberglass can handle the most extreme heat and sub-cold.² Our products are tested beyond industry standards to help ensure less maintenance with fewer callbacks.

Rigorously tested, optimized designs.

100x more impact resistant than Fibrex.⁴ Pella Impervia products are made from our proprietary fiberglass material and are on average 100x more impact-resistant than Andersen Fibrex, a wood/plastic composite product. You can trust our fiberglass products to stand up to a hammer misfire and other jobsite conditions.

Tested beyond requirements. Tested to extremes from -40°F to 180°F, our proprietary fiberglass can handle the most extreme heat and sub-cold.² Our products are tested beyond industry standards to help ensure less maintenance with fewer callbacks.

ENERGY STAR® certified.⁵ Pella Impervia products offer energy-efficient options that will meet or exceed ENERGY STAR guidelines in all 50 states.

Sleek, versatile elements.

Up-to-date color palette. Interior and exterior color options to achieve your customer's unique design style, including Black. Our colors are a durable, powder-coat finish which resists chalking and fading.

Revolutionary hardware. Our patent-pending Easy-Slide Operator allows your homeowner to simply slide to open casement and awning windows, without the effort of cranking. Select a complementary or contrasting hardware finish to add interest.

Unique factory mulling. Factory-mulled combinations help save you time on the jobsite. And the superior strength of Pella fiberglass allows you to create larger, unique combinations, made just for your remodel or new construction project.

Pella Impervia products are engineered to last. Our proprietary fiberglass material provides unmatched strength and lasting durability with sleek, timeless style.² And they balance thermal efficiency, scale and value when it matters most.

Don't leave water and structural performance to chance. Tested in extremes and designed for every day, Pella Impervia products are engineered for the rigorous performance requirements of a commercial building and are designed to resist water, wind and outside noises.³ With nearly 100 years in business, it's rare to come across an application that we haven't already designed a robust installation for. We've got you covered with both products and an installation designed for your exact situation. And whether new construction or window replacement, we have a dedicated team of experts to help with your project.

Available in these window and patio door styles:

Special shapes also available.

¹ Pella's proprietary fiberglass material has displayed superior strength over wood, vinyl, aluminum, wood/plastic composites, and other fiberglass materials used by leading national brands in tensile and 3-point bend tests performed in accordance with ASTM D638 and D790 testing standards.
² In testing performed in accordance with ASTM testing standards, Pella's fiberglass has displayed superior performance in strength, ability to withstand extreme heat and cold and resistance to dents and scratches. Special shape windows are made from a fiberglass resin material.
³ Pella Impervia windows and patio doors have a performance grade of LC or higher. For information on product ratings see pella.com/performance.
⁴ Impact testing performance based on testing 10 samples of each material using ASTM D256, Method C.
⁵ Pella products may not meet ENERGY STAR guidelines in Canada. For more information, contact your local Pella sales representative or go to energystar.gc.ca.

Flat
Screen

InView™ screens let in 14% more light and are 8% more open for improved airflow when compared to the conventional fiberglass screen.¹¹

InView™

¹ Dual-color frames are available with a block frame or non-integrated nailing fin.

² Optional high-altitude Low-E insulating glass available with or without argon on select products.

³ For best performance, the laminated glass may be in the interior or exterior pane of the insulating glass, depending on the product.

⁴ Available with Advanced Low-E insulating glass with argon with bronze, gray or green tint on selected products.

⁵ Sound control glass consists of dissimilar glass thickness (3mm/5mm or 5mm/3mm).

⁶ Available on direct set, awning, casement windows and sliding patio doors.

⁷ Appearance of exterior grille color may vary depending on the Low-E insulating glass selection.

⁸ Available on direct set windows only.

⁹ Grille patterns offered may vary per product. See specific product information for availability.

¹⁰ Warning: Screen will not stop child or pet from falling out of window or door. Keep child or pet away from open window or door.

¹¹ Improved airflow is based on calculated screen cloth openness. Screen cloth transmittance was measured using an integrated sphere spectrophotometer.

Window Hardware

Casement
& Awning

The patent-pending Easy-Slide Operator is a revolutionary way to operate casement and awning windows. Simply slide to open, without the effort of cranking. With precision venting technology, the window will open to an exact location. Or select the fold-away crank, which folds neatly away against the window frame. Both solutions allow roomside window treatments to hang neatly.

Pella® 250 Series
Sliding patio door
with a White interior.

Windows & Patio Doors
Vinyl

Vinyl Windows & Patio Doors

When your homeowners want low-maintenance, energy efficient and affordable windows and patio doors, vinyl is the right choice. Our unique vinyl formula is performance-tested for excellent weathering, durability and color retention.

Multi-chambered frames and metal-reinforced, interlocking sashes add strength and durability while helping to prevent warping, sagging and bowing. White, Almond and Fossil-colored frames, with optional upgrades to dual-color frames, are available on select product lines.

Pella 250 Series

Innovative and enhanced security and privacy features for more peace of mind.

Encompass by Pella

Competitively-priced, easy-care vinyl windows and patio doors backed by Pella.

The confidence of Pella's warranty.

Pella products are backed by some of the strongest warranties in the business. See written limited warranty for details, including exceptions and limitations, at pella.com/warranty.

Pella® 250 Series

Vinyl

Innovative security and privacy features
Optional security and privacy features on windows and patio doors give your customers more peace of mind.

52% stronger frames¹
Multi-chambered vinyl frames and reinforced sashes are stronger than ordinary vinyl for increased durability.

62% more energy efficient²
Windows with triple-pane glass create a more comfortable home than windows with single-pane glass.

Pella 250 Series

Strong and Secure Vinyl.

Improved security. The sliding patio door with integrated footbolt meets or exceeds the highest industry requirements for forced entry and is our most secure vinyl patio door.³

Unique tamper prevention system. Double- and single-hung windows are designed with an interlocking checkrail, steel hardware reinforcement and a unique anti-jar sill.

Strong vinyl material. With multi-chambered frames and optional steel reinforced sashes, these frames are 52% stronger than ordinary vinyl, resist warping and twisting and install easily.¹

More of Everything You Love.

Excellent energy efficiency. Multiple insulating air chambers deliver comfort for your customers. Upgraded triple-pane windows are on average 62% more energy efficient than single-pane windows.²

Exclusive vinyl formula. Using our exclusive fade-resistant formula, Pella's high-grade vinyl is performance-tested for excellent durability and weathering.

Quality that lasts. To help ensure our products exceed industry requirements and expectations, we test both the entire window and individual parts for strength and durability.

Pella 250 Series products offer innovative and enhanced security and privacy features for more peace of mind. Our exclusive vinyl formula is performance tested for excellent weathering, durability and color retention. Insulating frame chambers improve energy efficiency and multi-chambered frame designs are 52% stronger than ordinary vinyl.¹

With innovative and enhanced security and privacy features and our durable and low-maintenance, easy-care vinyl, Pella 250 Series windows and patio doors are a great complement to your project.

Available in these window and patio door styles:

Special shapes also available.

¹ Based on the force required to bend a window frame profile.

² Window energy efficiency calculated in a computer simulation using RESFEN 5.0 default parameters for a 2000 sq. foot existing single-story home when comparing a Pella 250 Series vinyl window with InsulShield Advanced Low-E triple pane glass with argon to a single paned wood or vinyl window. The range of energy efficiency will vary from 54% to 77% and will vary by location. Your actual savings will vary. The average window energy efficiency is based on a national average of 94 modeled cities across the country with an adjustment based on population. For more details see pella.com/methodology.

³ To achieve a Grade 40 rating on ASTM F842, a test for forced entry excluding glass breakage, the optional footbolt must be installed and engaged.

Competitively priced
Easy-care, low-maintenance vinyl at a price that is easy on the budget.

Energy-efficient options
Offering solutions to improve comfort and help save on heating and cooling costs.

Backed by Pella
A leader in the window and door industry and a brand that has been trusted for nearly 100 years.

Easy-care vinyl.

Low-maintenance. The solid color throughout keeps minor dings and scratches virtually invisible and doesn't require painting.

More comfortable. Pella's weather protection system helps protect a home from leaks and drafts.

Stand the test of time. Our precision welding process makes a strong and more durable product that resists warping and twisting.

Designed to make life easier.

Easy operation. Pella's true glide balance system allows single- and double-hung windows to open and close easily and quietly.

Dust-free grilles and blinds. Never worry about cleaning between-the glass grilles and blinds. Grilles-between-the-glass are sealed between glass on windows and patio doors and blinds-between-the-glass are sealed between glass on patio doors. This keeps the grilles and blinds safe from dust and damage.

Limited lifetime warranty. Backed by one of the best warranties in the business, you can be confident in your selection.²

With Encompass by Pella, you can get windows and patio doors backed by the brand you know and trust, at a price that is easy on the budget.

Featuring low-maintenance, high-grade vinyl frames, these windows are energy efficient and look great for years. Lower heating and cooling costs with energy-efficient options that will meet or exceed ENERGY STAR® guidelines in all 50 states:

Available in these window and patio door styles:³

Special shapes also available.

¹ Some Pella products may not meet ENERGY STAR® guidelines in Canada. For more information, contact your local Pella sales representative or go to energystar.gc.ca.

² The Pella Limited Lifetime Warranty is non-prorated, meaning the coverages within the defined warranty periods do not decrease over time. See written limited warranty for details, including exceptions and limitations, at installpella.com/warranties, or contact Pella Customer Service at 866-319-0397.

³ Double-hung window available in East Region only.

Window Limited Opening Devices

A vent stop can be engaged or disengaged manually and restricts how far the bottom sash of a double-hung window can open. A window opening control device (WOCD) complies with a safety standard and allows for ventilation, emergency escape and rescue when released. A WOCD automatically limits the sash opening to less than four inches, unless it is intentionally disengaged, enabling the sash to fully open.
